BY THE OLD TIMERS

From Olive Colson, Mankato Kansas: Well do I remember the little log school house built in the early 1870's near our home. It was 12x14 feet with a dirt floor and roof, fire place in the North two windows east and west.

There was a big latch string to open and close the door and 25 children trooped to school in September, October and November. If there was enough money taken in to pay the teacher at $13 to $20 per month.

From Mrs. W. C. Harrison, Cumberland, Maryland: I remember moving from Tazewell County, Virginia to Greenbier County, West Virginia in the year 1890, in a covered wagon drawn by four horses.

There were my father and 6 of us children, two of mother's brothers and a Mr. Tabor. We were 5 days and nights making the trip.

SUMMER SHOWER
By BARBARA DECKER

EIGHT-YEAR-OLD Bobby Wilson stood undecided, making circles in the dust with his bare toe. Lu Martin, a year older, and the cause of his indecision, moved idly to and fro in the swing suspended from a limb of the oak across the lawn from the Wilson farmhouse. His mother had told Bobby to be nice to Lu, but he had grown wary after several rebuffs. The thought of Lu spending the Summer here while her parents stayed in Chicago that her father might go to a hospital there for an operation, was far from cheering. Then with a resigned shrug, he decided he'd better ask her.

"Hey Lu, want to go fishing?" he yelled.

"No!"

"Why not?" he asked walking over to her.

"Who wants to go fishing in a little old brook and catch some little old fish? When we go fishing in Oregon, we go to the river and catch some big ones." Lu wrinkled her freckled nose.

"Oh yeah! I bet you never caught a fish in your life!"

Lu bounced off the swing and with a disdainful flick of her skirt, flounced across the lawn. "You burn me up!" she flung back over her shoulder.

Bobby's brown eyes danced mischievously. Dashing past her, he grabbed up the half-filled watering pot by the pump and chased her around the yard sprinkling water the while and howling, "If I burn you up I'd better put out the fire!"

Bobby's mother, attracted by the yells, arrived in time to meet her bedraggled niece and her dripping son.

"If you two can't play together, perhaps you can work separately. Lu, you clean the upstairs hall-closet, and Bobby, you clean the one in the area-way off the kitchen."

Lu stalked up the stairs and Bobby dragged off to his job.

"Girls," Bobby grumbled, "are a pain in the neck — especially Lu Martin."

The hated task was finished at last, but then it was time to hunt the eggs.

Just inside the barn door he stopped. It sounded like someone was crying behind those bales of straw. He edged around them. And there was Lu, stretched out, her face buried in her arms.

"What's the matter? You sick?" he asked anxiously, coming nearer.

"Go away!" Lu raised a tear stained face.

"Shall I get Mom?"

"No." Lu sat up, mopping tears with a soggy handkerchief.

"You crying because you had to clean that old closet?"

"You'd cry, too," Lu sniffled, "if your father was in a hospital and your mother stayed with him and you had to live on an old farm where nobody liked you." Tears threatened again.

"Aw, don't cry," Bobby said sitting down beside her.

"I guess it is tough," he agreed. "But you're wrong about one thing. Mom and Dad like you. I would too, if you'd stop bragging about Oregon."

"Well, you're always showing off your things," Lu retorted.

They looked at each other hostilely. And then Lu giggled.

"I guess we both like to brag," she said.

"I was only trying to share things with you, like Mom told me to."

"It seemed like bragging to me. Our things are so different, I guess I did brag." Lu admitted. They grinned at each companionably.

"Let's hunt the eggs and then go meet Dad. Maybe he'll let us ride home on the hay wagon. That's fun," Bobby invited.

"Oh yes, let's. I've never ridden on one," Lu accepted.

Screws exposed to the weather—in outdoor furniture and children's play equipment, for example—are likely to rust. To check rusting, dip the screws in a thick paste made by mixing powdered graphite with linseed oil. To give a screw that has worked loose a tight hold, remove it and pack the hole with Plastic Wood. Reset the screw after the Plastic Wood has hardened over night.

Your garden hose will have a longer life if you always drain it and wipe it clean before putting it away. If you don't have a reel, hook a wooden coat hanger over a nail and loop the coiled hose over the arms of the hanger. Never drag hose couplings on the ground. This will batter the threads and may make it impossible to screw the couplings together. (ANS)

Cake With a Cool, Lemonade Flavor

A PRETTY CAKE MAKES ANY OCCASION A FESTIVE ONE. And it's the frosting that first catches the eye—it has to be appealing. From the Minute Maid-Snow Crop Frozen Foods Test Kitchen comes a delightful recipe for a Lemonade Frosting, tart, refreshing, and beautifully smooth.

This is a 'no-cook' frosting that's easy enough for a teen-ager to fix—no chance of failure here. Have your cream cheese at room temperature for easier mixing. If you want to mix up this batch of frosting ahead of time, cover the bowl with a clean, damp cloth. Store in the refrigerator until ready to use since cream cheese, like other dairy products, is perishable. Then bring to room temperature before spreading on the cake.

For a smooth professional finish, have your cake completely cold, and remove any crumbs before frosting, with a small soft pastry brush.

LEMONADE FROSTING

- 1 3-oz. pkge. cream cheese
- 4 cups sifted confectioners' sugar
- *6 tablespoons Minute Maid Fresh-Frozen Lemonade (thawed and undiluted)
- 5-6 drops yellow food coloring

Cream the cheese until soft. Add sifted confectioners' sugar slowly, alternating with lemonade concentrate. Blend in yellow food coloring. Fills and frosts 8-inch layer cake.

*Remainder of concentrate can be used for flavoring iced tea in place of lemon wedge and sugar. Or blend it with two cans water to make two good glasses of refreshing lemonade. (ANS)

Folks and Things ABOUT TOWN

—By Ben

Had a long talk with Bill Lyerly, Director of the Department of Public Safety, the other day about our "drag racers." Bill says that not having enough men or cars, and the patrol cars being clearly marked, it is difficult for the highway patrol to work alone in stopping this dangerous game. He stated that many of the sheriffs were working with the patrol and because of their unmarked cars were having much success. We assured him that Sheriff Payton, who of course is the chief law enforcement officer in the County, would be talked to and asked for his cooperation in putting a stop to wild driving on our County roads.

By the way, Sheriff Payton is having some safety books printed with pictures of the results of careless driving. It isn't a pretty book, nor is it a pretty story it tells, but it is facts. He will have them ready for the schools in the County come another school term.

Seeing a lump in Pat's pocket his friend asked him what it was. "It's dynamite" said Pat; "I'm waiting for Mike. Every time he meets me, he slaps me on the chest and breaks my pipe. Next time he does it he's going to get his hand blowed off."

We bid goodby this week to the Rev. M. K. Vickers and his lovely family. We have enjoyed their stay in Clanton and know the church at Marion, Ala. where he is going, will enjoy the Vickers just as much as we did. The family is a credit to any community and one that will be missed. We wish for them good luck, and Godspeed in their work.

The new pastor at Clanton Methodist Church will be the Rev. Griffin Lloyd. The Lloyds are a family of five. The Mr., the Mrs. and three little Lloyds. We haven't met them yet as they haven't arrived on the scene yet, but we welcome them to our community and will try to make their stay with us a pleasant one.

Dock Smith is better now after having been down with a bad burn for several days. Dock was driving along the Maplesville Highway when he found the back of his car seat and shirt burning. He stopped as quickly as possible and rid himself of his burning shirt but not quick enough to prevent some bad burns. He cannot explain the freak accident unless someone flipped a cigarette butt into his seat without him observing it. We're sorry to hear Dock got burned but we bet a nickel he did the quickest strip in history and he wasn't teasing.

Northside Baptist Homecoming, 10th

Next Sunday, June 10th will be our Annual Homecoming Day at Northside Baptist Church. We will have our Sunday School and Preaching Services at our usual time with a full program throughout the day. There will be a guest speaker at the eleven o'clock hour and lunch will be spread at the noon hour. Different speakers and singers will be featurd throughout the afternoon. We invite everyone to be with us and join in this service for Christ. We will cut our big hundred pound cake that night and we want every one to have a slice of it.

Our Youth Revival also begins that night with the Rev. James Jones bringing the messages each evening at 7:30.

Big Improvement Evident This Year At Clanton Park

The City Park of Clanton, under the supervision of V. L. Bulger, has made vast improvements in its efforts to entertain and please the citizens of Chilton County. They have added so much to the parks facilities until you can hardly think of a game or pastime which you especially enjoy that is not waiting for you at your City Park.

Swimming Classes will start again this year on June 11 at 8:00 a.m. The instructor this year is Miss Pat Wooley, who has helped with the swimming class before. Her assistant will be Miss Priscilla Hubert. A swimming class for adults only will be held this year for the benefit of you who would like to learn the art of keeping your head above the water. . . in style. The course will start at 6:00 p.m. and will cost $2.50 per course.

The improved City Park has everything from swimming and badminton to quiet games and crafts. They are for your use and convenience. The tennis courts are now lighted and have a 25c meter for their use. (no other coin will work, so be sure and have a quarter if you plan to play tennis.) Of course they have plenty of ping-pong tables and equipment, croquet, horseshoes, shuffle board with nice courts and even an archery set or two. All these articles can be checked out any time the park is open except the archery set. Since it is dangerous, an instructor, has to be checked out right along with it.

Besides having lights on the tennis courts, there are also lighted badminton and volley ball courts.

The picnic area has many added tables and barbecue facilities. All lighter. You are asked by the park supervisor to please reserve tables when you want a party or picnic in the park, so that he can make arrangements accordingly and save you space.

Just look at the things you can do in your own City Park right here at home. And don't forget. . . all this and a swimming pool to boot.

Patronize your park. It will grow and you can watch it grow.

Marbury FFA Boys Toured Gulf Area

We are back from one of our trips. Last Monday at 6:30 a.m. 11 boys and 2 leaders left for Foley. The boys were: Buster Beasley Jimmy Ray Cope, Reuben Cope, Bobby McCord, Bobby Hogen, Danny Ray Warner, Leroy Richarson, Hudson and Millard Manning, Bryant Hollen, Eric Thorne and the two leaders were FFA Advisor, Mr. C. M. Manning and Mr. Dewey Evans. We spent four days of fishing, swimming, boating, water skiing and of course a little work.

If you don't think us boys can cook you should have seen us cook fish, steaks and many other things. We left Foley Thursday morning and went through Pensacola, there we went to the Gulf of Mexico. We really did have a good time.

All-Stars Will Meet Pinson Here Sunday

The Clanton Stars took full advantage of the breaks that came their way in the late innings of the Billingsley game and won their third game of the year by defeating their opponents 11 to 8 in a ten inning ball game.

The Stars trailed 4 to 0 after the 5th and 8 to 6 after 8 innings. In the top of the ninth Fulford doubled and McKee tied the game with a home run. The Stars combined hits and errors in the tenth to scone 3 runs. Harry Ellison, the Stars most aggressive player, pitched the entire 10 innings and appeared to grow stronger in the late innings.

The Stars were led in hitting by Wyatt and Fulford with 4 hits each.

Ringing base hits that rattled off the bats of the Clanton Stars made sweet music to the ears of manager Edwards as the Clanton Stars clobbered the Selma Rebels to the tune of 18 to 8.

All of the Stars were hitting, but the single, double and triple that Ellison chimed in with was especially encouraging as Ellison has been in a hitting slump all the year.

Bobby Carl Wyatt rang the victory bell for the second time this year as he pitched all the way for the Stars despite a pulled leg muscle. Once the Stars get in the pink of condition they are going to give their opponents plenty of trouble.

The Stars and Rebels will continue their series at Clanton City Park on Sunday, June 17th.

The Pinson baseball club up Birmingham way will invade City Park on Sunday, June 10th. They are reputed to have a very strong team and the locals will have their hands full and are going to need the support of all their boosters so every one come on out and show the boys that you appreciate the effort that they are making to give Clanton the best in baseball.

The Stars now have a record of 4 wins and 2 losses and 1 tie for the season.

Methodist To Hold Welcoming Service For New Pastor

All members of the First Methodist Church and the townspeople of Clanton are invited to attend a special service to be held at the church Friday night, June 8th, at 7:30. Everyone who attends is asked to meet in the auditorium for a short service welcoming the new Methodist pastor and his wife, the Rev. and Mrs. Griffin Lloyd.

Following the brief program an informal social hour will be held in the basement of the church.

All-Day Singing At Mt. Pleasant, 10th

The Annual All-Day Singing of the Mt. Pleasant Baptist Church will be held Sunday, June 10th.

A cordial invitation is extended to everyone. Come and enjoy the singing and fellowship with us.

Bowers Thanks Chilton Voters

I want to express my sincere thanks and appreciation to all of the voters of Chilton County. Whether you happened to vote for me or not in the recent Democratic Primary, I still want to say that all the people of the county were very kind, patient, and receptive to my efforts of campaigning. Everywhere I went in the county I was met with a friendly atmosphere and I am convinced that our county is full of some of the finest and friendliest people in the world. I must say that I enjoyed meeting and talking with all these good people. I hope that we can continue the friendships formed during this campaign.

To the people who were able to vote for me, I certainly appreciate your confidence in me.

And to my recent opponents, whom I hope are no longer opponents in any way, I want to wish the best of luck and the finest cooperation in the future. I hope that all the people will co-operate wholeheartedly with our judge, as well as our other county officia's, for I know that the people of this county deserve, and aught to have, the best government possible.

Yours Sincerely,
-s- BOB BOWERS

Chilton Unity To Hold S. S. Meet

Condition Of Chilton's ARC Blood Program Is Serious

An important meeting concerning the Red Cross Blood Program was held on May 29th at the Chilton County Hospital in Clanton. The meeting was for the purpose of discussing Chilton County's present status in the Blood Program.

Due to failure to collect the quota alloted this County in the 1956 Fund Drive, Chilton County is faced with the prospect of losing her membership in the Blood Program. As this program now operates, each participating Red Cross Chapter is alloted a pro rata share for the upkeep of the Blood Program. If any chapter fails to meet its quota and is unable to contribute this pro rata share, the Blood Program in said County may be discontinued.

Emergency action of some sort must be taken very shortly or Chilton County will no longer be allowed to participate in the Blood Program. Those who met to discuss ways and means of continuing the Blood Program were Mrs Maye P. Esco, Executive Secretary of the Red Cross Chapter in Chilton County; Judge Dave Tingle, chapter chairman; Mr. Leo Thompson, chairman of the Hospital Board; Mr. Carden Astin, Hospital Administrator; Mrs. Thelma Perkins, Birmingham Regional Blood Center Representative; Dr. Joe Hall Johnson, Dr. Joe Moore, Dr. W. W. Rennings, Mr. and Mrs. Dave Wall, Miss Helen Parrish, Mr. Melvin Headley, Mr. F. E. Wray, Mr. Campbell White, Mr. H. Daniel, Mrs. C. D. Wells and Miss Marie Moatts.

The public will be informed as to the action to be taken on continuing the Blood Program.

School Boy Quizzes State Senator On Filibuster Stand

A State Senator who filibustered in 1955 against the purchase of a nuclear reactor for training Alabama college students, was asked by a high school junior last week, why he did it.

Sen. A. C. Shelton of Calhoun County found himself being quizzed on the long-distance telephone by Tommy Fox of Alexander City, Boys' State Director of the State Planning and Industrial Development Board, whose official director is Gen. Lewis A. Pick (retired).

Young Fox located the Calhoun Senator in Atlanta, Ga., where the solon was visiting on a business trip. He asked Shelton whether he was in favor of Alabama having a nuclear reactor, and whether he realized that Alabama's failure to provide such equipment in its Colleges would mean that the State's future young scientists would be forced to leave Alabama for their studies. He also asked whether Shelton realized that failure to possess a reactor, and form a deposit of trained young men able to handle one in the State, could ffect industrial development in Alabama.

The Senator entered into the spirit of the inquiry with pleasure and cooperation. He assurd Fox that he was not against the purchase of a reactor in principle. However, he pointed out that there was a shortage of funds and could offer no suggestion as to how the money could be raised, at this time, for such a purchase.

Shelton said that his main reason for objecting to the 1955 bill was a fear that the money would be taken from funds which would otherwise go for teachers' salaries.

As soon as Fox had completed his call to Shelton, he moved quickly to have a bill put into the Boys' State Legislative hopper calling for the purchase of an atomic reactor for the State.

Tyler Smith, Boys State representative from Macon County, consented to draw up and introduce such a bill.

Young Smith then began action on getting "Legislative" approval for his "Reactor Bill" to be introduced immediately, and quickly gained wide support for his measure.

However, the short Boys' State Legislative session found itself without time to take up the matter before the Sine Die motion was offered and passed.

er the Act of Congress of March, 1897.

Strange, is it not, that tributes involving minorities ally come from a politician in regions where the mirity lives.

* * * *

The Russians apparently want to get what they need m Western Europe without selling anything in re-n and without putting up the cash.

IE MOST OUT OF LIFE—

Why is it that people can't put more trust in people? is strange to us that the same people who belittle the ier fellow and call him names are the same people who y that it is wrong to do so.

Why is it that people expect a preacher, for instance be as white as snow one time and then accuse him of glecting his duties as a modern minister? It seems that many instances it is much harder to be a preacher for people than it is to be a preacher for the Lord. We ve seen too often, people of a church make the life of minister miserable and practically unbearable, because loesn't matter what he does, they criticize, condemn otherwise mistreat him. It's downright sinful. What can't understand is how people who call themselves istians can be so narrow-minded. Surely they don't this fanaticism "religion".

Why will the fella who condemns, "John, who sells leg whiskey," turn around and "according" to John, ff the ballot box in order to win the election?" No, her one of them "knows" anything. They just heard l surmised. . . They trust each other about as far hey can throw one another.

Why is it, that we, as citizens and neighbors togeth-cannot learn to trust each other? Have we gone so off the beaten path of faith, and trust, that we can't m to trust anyone?

It's a bad habit, we folks have, of passing the buck ur neighbor; yes, and even our friends, if it's juicy ugh. Don't we realize the affect this kind of thing have on us, as a whole? Why can't we see that to e the world better, we've got to be better? We 't just stand around and talk about the good that ld and should be done, and then go right on being gers of malicious gossip.

It's apparent that we're hypocrits, and the only way e ourselves is to learn what (and who) a hypocrit nd then set out to exterminate the causes . . . a good t could be to watch your tongue, my friend.

ACK OF GROCERIES—

Just how good were the good old days of some 50 rs ago, when prices were much lower for practically ything than they are now?

The Sun, of Saratoga, Wyoming, has something in-sting to say in this regard. Back in the '90s, round k sold for 12 cents a pound, butter for a quarter, and f of bread went for a nickel. The cost of the grocery r which came to 85 cents then would be about $2.98 y.

So it looks as if we were taking a fearful beating, e-wise. However, as the sun points out, there is an-r side to the coin—earning power. Government fi-s show that a worker who averaged 16c an hour he '90s averaged $1.88 last year. So, to quote the directly, "The factory worker who bought the list ables in the 1890s would have worked about 5 hours 20 minutes for the money it took to pay the bill. To-he can earn enough for the same sack of groceries in t an hour and a half."

The situation would be generally the same in the of goods other than foods. Many causes have con-uted to this great increase in purchasing power. One he important ones has been the change within re-ing itself. Mass distribution—based on big turnover very small unit profit—was unknown in the '90s. percentage of profit on each transaction was far er then. Today the food chains commonly earn as eas one cent net on each dollar of sales; other stores earn very modest profits. That helps the family get enormously.

LIFE'S LITTLE SHADOWS

VERNON P. PAYNE

In the minds of thousand of Americans today lie wonderful inventive ideas that need baring to the public. Just this week I read of a man who licked the problem of hand-pollinating his apple trees by loading shotgun shells with pollen and "shooting" the trees.

Simple? Sure it was after someone else thought of it. It is hard to comprehend how such simple solutions to problems are overlooked by all of us. I am sure that if you will delve into the crevices of your gray matter, you will find an idea that would simplify some problem and make a job easier for someone.

During the past two wars the creativeness of Americans has become known the world over. Men in the armed forces licked a variety of problems with their ingenuity.

As Avid said: Nothing is new under the sun; but the varied ancestral lines of we Americans give us a channel from the knowledge of all past civilizations. When a problem comes up, usually someone in the crowd pulls out his mental file and runs through it until he finds a solution.

I've often thought of starting me an' Idea Exchange to sort peoples' ideas and get them started in the right direction. The only trouble with my proposed venture is—I can't get an idea as to how to start it.

Reader Praises Chilton Medical Facilities

The Chilton County News
Clanton, Alabama

Do we all know what all we have in Chilton County?

Have you inspected our new Chilton County Hospital?

If you have not you should. It is ours. It is for you and me and ours' Also the general public regardless of from whence they came. When you visit it your eyes shall be opened to just what Chilton County has made available to us.

I have just recently spent sixteen (16) days as a patient in this hospital.

I have spent days upon days in the highest rated hospitals of the nation. Including the renowned John Hopkins and the Walter Reid; not as a patient, but sitting beside the bed of loved ones or dear friends

Yet and all, when my doctor ordered me to go to the Chilton County Hospital, I obeyed his command reluctantly. I had not seen the Chilton County Hospital and no one had told me just what it was.

Approaching this hospital, I was flabbergasted by its beauty in architecture and really stunned by the wonderful interior arrangements. Every room air conditioned, every room on ground floor with three to four windows giving view to wide and well-kept lawns, truly fire proof, and a nursing service that is unbelievable. They just make you feel at home You readily know that their greatest efforts are to make you well. They never seem to tire; always a cheery smile and a pleasant word of cheer.

In my days as a patient there, I was never able to decide just which one of these angels of mercy that I liked the best. Each one was just a little better than the other one.

The manager of this hospital, really knows and carries out in every minute detail, a perfect working of Institution They have inter-communication from each room to nurses desk. Just press the button and lk.

The food is delicious. Just what our doctor orders.

I frankly say that the Chilton County Hospital is not excelled and seldom equalled.

Chilton County is also blessed with a number of doctors and surgeons that work co-operatively and they just can't be excelled.

I just would not swap my doctor for any other one in this nation.

Drive by and inspect Chilton County's own hospital and you'll be "flabbergasted" too.

Jemison White Citizens Council Urges Organization

Letter to the Editor:

One humane family can humanize a whole state; one courteous family can lift a whole state into courtesy; one grasping and perverse man can drive a nation into chaos. Such are the seeds of movement.

The grasping and perverse communist party are the same men and organizations that are driving day and night to put an end to segregation. . . and who are striving for the integration of races. For we here in the south are being conducted in a dance. . . in a dance for the death of the south. . . for our race. . . for the death of Christianity. . . for the death of freedom.

But this writer believes that though the hour is short. . . and the dance is very popular, there is still as there has been in the past, a few men of simple soul, no matter how small the number. . . simple men. Who care little for the propaganda line passed out by the social sops. . . the blinky eyed intellectuals. . . the round-bellied politicians.

Men, and yes, women, who look beyond the popular dance. . . the "easy" way; and are turning their faces toward a rocky road. . . to walk and fight. So that their son or daughter will never look up at them with dazed eyes and numbed brains and ask: "What has happened to the south. . . what has happened to the south?"

You improve the old homestead by material riches and irrigation; you enrich and irrigate the character by the process of looking straight into the heart and then acting on the results. Men and women. . . look straight into the heart of the problem that now faces us, and act at once. . .

Join the Jemison Citizens Council! Our territories extend far and wide or let us help you organize one in your town.

Good Fishing Awaits Anglers On Coosa River

Generally, water conditions are steadily improving on all Coosa-Tallapoosa Lakes. Scattered showers in the upper river valleys have done much to keep the main river channels in varying shades of stain, but the heads of creeks and tributaries are clear. Hatchet Creek from Barrett's Camp up to and above the steel bridge are clear. Albert Howell, boat landing operator at the steel bridge, reports bream and bass fishing has been very good during the past week in his area. Weogufka, Cargile and Walnut Creeks of Mitchell Lake, also are in excellent shape for week-end fishing. Other good spots are Paint and Spring Creeks on Lay Lake; Weoka, Shoals and Chestnut Creeks on Jordan Lake; and Kowaliga, Parker and Elkahatchee Creek on Lake Martin.

Willow flies are running right on schedule. Each year during the last week of May these herbivorous creatures swing into action and bring about some mighty fine fishing. As you know, the willow fly nymph or willow grubs are found in the mucky silt, and are much sought after for bait fishing, especially, below the dams. Several small hatches have been seen on the Coosa Lakes, and it is expected that many large hatches will be found within the next week or ten days.

Another morsel of good news for the anglers concerns stripes, white bass, white lakers or whatever you choose to call them. With the hatching of willow flies comes schooling stripes. They are not surfacing in large numbers yet, but they definitely are on the move in that direction. Many singles are popping up here and there, and if all goes well they will be tearing up the water in large schools before very long. In other words, it's time to break out the old chugger and popping bug trailer combination and get ready for action.

This week ushers in a new month for the Alabama Power Company Fishing Contest. Another cash award will be won by some lucky angler and it might as well be you. Be sure and weigh in your best catch on each trip. It doesn't matter what has been caught during April and May. A prize will be awarded to the fisherman catching the best contest fish, according to the whopper catcher base weight percentages, during the month of June. The April and May awards will be announced at the same time when all of the May entries have been passed on by the judges.

Last weeks contest entries are as follows:

LAKE LAY

Riverview Fishing Lodge, near Lay Dam, reports: Sam Williamson, Birmingham, creeled a nice string of largemouth bass with a Cisco Kid, and his best was five lbs. seven ozs.

Chubby's Bait and Tackle Shop, Columbiana, reports: Buck Falkner, Columbiana, fished near Smokey's Camp, on Beeswax Creek, with red worms and boated large shellcrackers weighing up to 22 ounces each.

LAKE JORDAN

Mrs. J. R. Gibson, Manager, Blackwell's Fishing Lodge, Shoals Creek, near Holtville, reports: Harold Byrd, Maxwell Air Force Base, did a bit of spinning with a Mirror Lure on Shoals Creek, and his string of smallmouth bass included a big one weighing four pounds two ounces.

LAKE MARTIN

B. J. Phillips Bait and Paint Shop, downtown Sylacauga, reports: T. R. Lane, Sylacauga, caught the creel limit of ten largemouth bass with a Mel's Lure, and his largest lunker weighed seven pounds twelve ounces.

Your prize winner may still be out there. Come on out early in the morning or late in the aftenoon, he may be ready to give you a tussle.

CHIEF ALAPOCO SAYS: Summer time means time for water sports. Swimming and boating are great sports, if you're careful. Don't show off in the water. You may think it's fun to duck a companion. . . but it can cost him his life. Don't dive unless you know how deep the water is and the condition of the bottom. Let's make this a wonderful summer season by making it the safest on record. You can do it if you're careful.

STRENGTH FOR THESE DAYS from The Bible

But why dost thou judge thy brother? Or why dost thou set at naught thy brother? For we shall all stand before the judgment seat of Christ.—(Romans 14,10.)

The people we work with, those who ride the bus with us—let us look upon them with eyes of love and understanding and brotherhood, remembering in our deepest heart the wondrous words of St. Paul.

things we See and Hear

By "TUCK"

We'd like to know who thought up the "marriage" gimmick between filter and flavor that they are using on television these days. In our opinion the advertising is in bad taste. in playing around with a subject such as marriage. We don't think it should be mocked in any fashion.

Like to personally say "so long" to Bro. Marvin Vickers and family. They are deeply loved by the people of the First Methodist Church, Clanton and though we never got too close to Mr. Marvin we'll miss him. He needn't worry about us ever forgetting him either. . . if he is worrying about it. He married us and he has christened both Ben and Terri so if we didn't have enough to remember him by, these things will always stick with us. We wish them Godspeed.

When wifey calls us on the phone,
And suddenly we are disconnected,
Because the bill we have neglected. .
Just laugh it off she says.

If the boy, our pride and joy,
Hits us with a great big toy,
Right upside our little head. . .
Just laugh it off she says.

When we cannot find the time,
To paint the house or mend the line.
And when they both deteriate. . .
Just laugh it off she says.

If a flat tire we should have,
Upon some lonely road,
And we don't have no jack or spare
And cannot tote the load. . .
Just laugh it off she says. .

When our dog, a handsome mutt,
Stands upon the seat,
We get a jar, for our new car,
Bears prints of his big feet. . .
Just laugh it off she says.

She goes shopping into town,
And says she's gonna look around,
The loot she brings back plainly
shows,
That what she bought is what we
owe . .
Just laugh it off she says.

Terri wakes up in the night,
And instead of sleeping
Wants to fight. . .
Just laugh it off she says.

Now, next time we come home late
And find her sore at us.
We're gonna expect an explanation,
Of all the great big fuss. . .
Just laugh it off. . . we says.

"Auto-Matic" Reaction

Sue, the waitress over at the local luncheonette, had a flat tire fixed the other day—simply because she tried to do it herself in public.

It all happened over by Davis Creek somewhere. Sue was driving all by herself when suddenly she heard the tire go ph-ttt. Nobody was around so she pushed up her sleeves and went to work. Minute later a truck driver was at her side, took the jack, changed the tire.

To top it off, when Sue offered to pay him he refused. "You know, I just hate to do a job like this when I'm asked," he said, "but when I get a chance to *volunteer*—I'm glad to help out."

From where I sit, this story is repeated in some way every day. Tavern owners prove it, for example. They co-operate *voluntarily* with the Self-Regulation Program sponsored by the Brewing Industry—keep their places clean, neat and orderly. And because it's voluntary they never "tire" of it.

youth, beauty, Chevrolet, action!

The new Bel Air Convertible—one of 20 sassy-styled new Chevrolets.

Want to take the wheel of one of America's few great road cars? Want to send pleasant little tingles up and down your spine? Then hustle on in and try out a new Chevrolet V8!

Now showing—the happiest "double feature" of the year! One part is bold, new Motoramic styling. The other is record-breaking V8 action.

Hollywood has a heap of words that describe it: colossal, stupendous, magnificent. We'll settle for just the name—Chevrolet.

Because once you've driven this sweet-handling showboat, the adjectives will take care of themselves. Horsepower that ranges up to 225 makes hills flatter and saves precious seconds for safer passing. And the way this Chevrolet wheels around tight turns would gladden the heart of a dyed-in-the-wool sports car fan.

Stop in sometime soon and highway-test this new Chevrolet.

How to Pack-and-Wear The New Arnel Jersey

NOW YOU CAN PACK AWAY YOUR CARES, leave work behind and enjoy that long-awaited vacation. Jersey dresses made of a new Celanese Arnel triacetate fiber are said to provide this easy way of life because they not only resist wrinkles, they resist crushing while tightly packed in a suitcase. After unpacking, no pressing is necessary. The trick is to roll the dress smoothly and tuck it into any small space; or, if it has sharp pleats, lay the pleats lengthwise—they'll come out fresh and wearable. Arnel jersey dresses are cool for hot-weather wearing and do not cling uncomfortably. After washing they need little or no pressing, and pleated skirts need no pressing at all. Helen Kingsley designed the two dresses worn above. The happy traveller wearing a violet printed Arnel jersey dress has just rolled up the striped jersey (seen at right) for packing. (ANS)

June—

During this month of June many beautiful brides will start married life with the partner of their choice; as well as many who will celebrate the anniversary of such, a date. To all, we wish much happiness and health as they travel this pathway of life together.

* * *

Father's Day—

Last month we celebrated the day set aside to honor Mother. This month we will pay our respects to the man of the house, whether he is called "Pop," "Pa" or "Dad."

These words concerning "Dad" by James J. Metcalf:

He is the one who shares every morn
and leads the breakfast prayer.
Then kisses all the family and dashes down the stair.
He works all day in some big place
upon a busy street,
At dusk he hurries home to bring
his little ones a treat.
He reads the paper, smokes a pipe
and talks so very wise;
He drives the car, he does the lawn
and walks for excercise.
He never seems to have enough to
pay the bills on hand
And yet he manages to meet each
family demand.
His kindness and goodness are his
every thought and deed
He's always where he's needed, he
always fills the need.

June 14th, Flag Day—

God bless our flag, the stars and stripes and see it safely through, God bless and keep our colors, the red, the white, the blue; its folds have rested on the graves of heroes near and far, a colony in every stripe, a state in every star. God bless our flag, the stars and stripes and see it safely through.

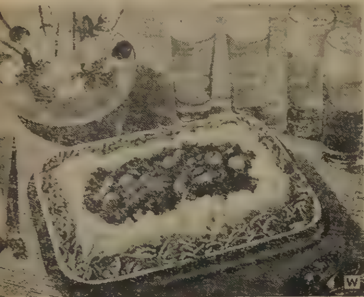
PLYMOUTH

SERVE AN ORIENTAL SUPPER



This special chow mein, so easy and quick to prepare, can be made with a combination of veal and beef or veal and chicken. It's chock-full of vegetables, both the American kind—onions, green pepper and celery, and the tender-crisp Chinese variety—canned bamboo shoots, water chestnuts and bean sprouts.

For extra festivity, serve with beer in tall, thin glasses and pass a bowl of pineapple chunks and kumquats on crushed ice.

SPECIAL CHOW MEIN

¾ pound veal cutlet
¾ pound beef round steak
2 tablespoons butter or margarine
4 large stalks celery, cut crosswise into ½-inch slices
2 small onions, chopped
1 small green pepper, seeded and cut into thin strips
2 tablespoons cornstarch
¼ cup soy sauce
¾ cup water
1 teaspoon sugar
½ teaspoon dry mustard
1 can (about 5 ounces) water chestnuts, sliced
1 can (about 16 ounces) bean sprouts
1 can (about 5 ounces) bamboo shoots
1 can (about 3 ounces) whole mushrooms

Cut meats into strips about 2 inches long and ½-inch wide. Melt butter or margarine in skillet; add meat and saute slowly until browned. Add celery, onion and green pepper. Cook over low heat about 5 minutes, stirring frequently. Blend cornstarch with soy sauce, water, sugar and mustard; stir into mixture. Add undrained water chestnuts, bean sprouts, bamboo shoots and mushrooms. Cook, covered, over low heat 30 minutes, or until meats are tender. Serve with rice and chow mein noodles. Makes 4 large servings.

For chicken and veal chow mein, omit the beef and add 2 cups of cooked chicken but do not brown the chicken with the veal.

Vaccinate Your Dog, Says State Health Officer

Montgomery—"Protect yourselves your children and your pet animals against rabies," Dr. D. G. Gill, State Health Officer, urged Alabamians today.

Such protection can be obtained by having dogs and other pets vaccinated against rabies at the annual clinics held in every county for that purpose. "The cost of vaccination is small, but the savings in treatment and mental anguish are often great," Dr. Gill explained.

Clinics for vaccinating dogs are conducted every year by county rabies inspectors, usually beginning in June. Clinic schedules are published in local papers and may also be advertised on radio and television.

Man and all other warm-blooded animals can become victims of rabies, Dr. Gill pointed out. But dogs are pets for more people than any other animal, and they are thus closer to men, women and children. Therefore, efforts to control rabies are usually centered around dogs.

Dogs and other pets are quite likely to become infected with rabies if they are not vaccinated. "The stray dog, in particular, often 'catches' rabies, and spreads it to people and other animals by his bite," Dr. Gill said. That is why strays should be reported as well as impounded, for everyone's protection.

The State Health Officer said that at least 70 per cent of the dogs in an area should be vaccinated before that community can be "on the safe side" where rabies is concerned. In city areas, there is no evidence that the disease persists once rabies among dogs has been eliminated.

"Individual citizens, by accepting their responsibility to have pets vaccinated and to obey the laws in force to combat this disease, can make it possible for rabies to be controlled in every county in Alabama," Dr. Gill concluded.

When Pain Is Essential To Human Well-Being

By William Crowe

"It is hard for thee to kick against the pricks." Acts 26:14.

Among the ancients a yoke of oxen was to the farmer what the tractor is today. For successful operation every farm had to be so equipped. But the ox was naturally slow and usually obstinate, and the plowman always carried sharpened staff, called a goad, to keep him moving. If the animal should resent the prodding, he would kick back, thereby simply incurring more pain from the goad. It was supposed that by experience he would finally discover the futility of kicking against the pricks.

Saul of Tarsus was a man of distinguished ability, but he had stubbornly refused to learn the most important lesson for fruitful living, a summary of which is given in the single sentence, "Let us hear the conclusion of the whole matter: fear God and keep his commandments; for this is the whole duty of man." Instead of obeying that perfectly plain rule Saul had been spending his utmost energy in persecuting the very people who were trying to live up to the Christian Standard. At last after much prodding by his own conscience, that gifted man fell down before God with full confession of his headstrong defiance of the divine will. From that humiliating admission a new day dawned, not only for Saul, but for the Christian movement, the effect of which is felt to this day.

An uneasy conscience is a goad that the Creator wields for our own good. It causes pain. . . real pain, that can be relieved only by the mercy that God exercises when sin is confessed and His forgiveness is sought.

Conscience is not a teacher, but simply a goad. It never applies a remedy, but it is a prosecuting attorney, as it were, warning the guilty to find a remedy. A thousand stories illustrating our text could be had, but lack of space forbids all but one. Here it is, taken from a magazine: "What burden of fears an uneasy conscience piles on its possessor" In St. Louis a policeman used nothing more deadly than a hard stare to stop an automobile thief. While directing traffic at a street intersection, Officer Eldred Hinch, "for no particular reason," he said, glared hard at the driver of an approching car. To his surprise the motorist pulled up alongside him and said, "Yep, I stole the car." At the station he said he came from Terre Haute. Seeing the keys in the ignition of a parked automobile there, he had suddenly decided to "take a ride," but he had a passenger with him on his ride that he had not reckoned on, his own uneasy conscience. If a policeman's eye can be so disconcerting, how will wrongdoers face the presence of the Lord when "every eye shall se him, and they also which pierced him"?

Toothache sends one to the dentist. Should not an aching heart send the sufferer to the physician of souls?

Snoddy Visited Chilton County On Recent Tour

Montgomery, Ala.—Commissioner J. S. Snoddy of the Pensions and Security Department has completed four more "get-acquainted" county meetings during the past two weeks, it was disclosed today.

These meetings bring the total held since last November to 22 and include Autauga, Barbour, Bullock, Butler, Chambers, Chilton, Clay, Coosa, Crenshaw, Dallas, Elmore, Lowndes, Shelby, Talladega, Tallapoosa and Wilcox.

"These meetings offer wonderful opportunity for me and other State staff members to meet the people out in the counties," Dr. Snoddy said. He explained that he hopes to get into all 67 counties within the year, adding that through the open discussions citizens can learn more about the pensions and security program and State staff members become more familiar with local problems.

Navy Offers High School Graduates Further Education

Education in the Navy is a never-ending process. From the day a Navyman enters boot camp or one of the officer programs he finds that this modern Navy provides some of the best programs and facilities for studying that a man could ask for. He is constantly acquiring new knowledge to work. As a navy man you have means to study for each advancement.

High School graduates will be guaranteed one of the Navy's technical schools before he ever enlists. There you may learn to be an electronics technician, opticalman, teletype maintenanceman, guided missileman, aviation machinist mate, radarman or any one of many other specialities.

Perhaps no other organization in the world has as many educational opportunities for the individual as the Navy, for in addition to the schools, there is a constant opportunity for self-study and improvement through correspondence courses of many varieties. And last but not least, there is every opportunity for advancing skills through on the job training aboard ships and stations.

The Navy attempts to supply maximum opportunities to every young person commensurate with his background, initiative and aptitude. Your Navy is willing to go all out to see that every day makes you a better sailor, a better citizen, and a more efficient man-o-warsman.

Commander L. C. Parrott, Officer in Charge, of Navy Recruiting in parts of Florida, Mississippi and Alabama, recommends that you contact your local Navy Recruiter and see how you can further your education, the Navy-way

Report from Washington

BY

ARMISTEAD SELDEN

Congressman, Sixth District

For more than eight weeks the House Foreign Affairs Committee, of which I am a member, carefully considered the request of the Executive branch of our government for authorization to carry forward the mutual security program.

During hearings on the legislation, we received testimony from representatives of every branch of the government connected with the administration of this program.

At the close of these hearings, the Foreign Affairs Committee voted to authorize an appropriation for the mutual security program of $3,563,-475,000 for the next fiscal year, a deacrease of $1,109,000,000 in the Executive request. Of this amount, $109 million was cut from the economic assistance program and the remaining billion from the military. These reductions, which I supported, were adopted by a bi-partisan committee vote.

$6.6 Billion Unexpended—

Protests against cuts in our foreign aid program have been made since the Committee's action, and the usual statements have been issued that the program will be wrecked unless funds are restored. It is interesting to note, however, that in the seven-year period between 1950 and 1956, inclusive, Congress has reduced the requests of the Executive branch of the government for the mutual security program anywhere from $600 million to $1.9 billion each year.

Each time that reductions have been made, objections have been almost immediately. These objections have been made not only by the Executive but by a number of writers and commentators who have often displayed a surprising lack of information. Yet, the program has continued to operate and, at the end of the present fiscal year, it is estimated that the program's unexpended balance will be approximately $6.6 billion. That amount is sufficient to continue the mutual security program without any further appropriation for nearly two years.

These indisputable facts have conveyed to many the impression that on occasion more funds are requested than are necessary or that can be spent. This impression was strengthened when the Comptroller General of the United States testified recently before the Senate Foreign Relations Committee. He accused the International Cooperation Administration, which handles non-military aid, of "overprogramming" and said it frequently has asked Congress for more money than it could spend in the subsequent fiscal year. He was equally critical of the Defense Department's handling of funds allocated for military aid.

Reductions Justified—

Although the Committee took this information into consideration, other important factors indicated a substantial reduction was justified. Almost $5.6 billion of unexpended military funds is now in the so-called pipeline. Of this amount, more than $3.6 billion is earmarked for European programs. Most of these programs were worked out when German rearmament was scheduled to follow a more acceperated pace, before France moved large part of her forces to North Africa, and before several NATO countries indicated contemplated reductions in their military budgets.

These facts, coupled with the knowledge that the equipment to be supplied by the European pipeline funds can be transferred to other areas, satisfied a substantial majority of the Committee members that the additional sum of $3,563,475,000 recommended by the Committee is ample, at least until we can determine more definitely the direction in which the mutual security program will move and the emphasis that will be given to the various components of it.

Although there may be an effort to restore all or a portion of the c: that was made by the Committee when the bill reaches the floor of the House of Representatives this week, I predict the House will uphold the Committee's action.

"Butch" Glasscock To Receive Calf Award

A Chilton County boy will come in for special recognition in Birmingham soon.

M. R. "Butch" Glasscock, III, 11, of Rt. 1, Thorsby, will be making the trip to receive the Birmingham News - Post-Herald calf award for his county.

Butch's calf, "T-Bones," won the Grand Champion award in the Chilton County Stock Show this year. By taking his prize winner on to the Birmingham Stock Show, Butch became eligible for the News award.

June 9th will be the big day; there will be a barbecue and a party with free Kiddieland rides for all the county winners, their parents, and advisors.

Representatives from the sponsoring organizations, The Birmingham News, Post-Herald, and Stations WAPI, WAFM and WABT, will serve as hosts.

McClelland Van der Veer, editor of the Birmingham News, will welcome the young cattle farmers and other guests. Bernard D. Field, Jr., Promotion and Research Manager of the papers will be Master of Ceremonies. Vincent Townsend, Managing Editor of the News, will present $100 calf awards to 23 4-H and FFA members who exhibited champion calves in their county stock shows.

Outstanding talent from 4-H Clubs and FFA chapters will provide entertainment.

A special feature of the day will be the presentation of the Birmingham Chamber of Commerce trophies, to the Grand Champion winner, Patricia Wilson of Oneonta; and the Reserve Champion winner, David Sims of Geiger. These presentations will be made by Carl B. Thomas, President of the Alabama Cattlemen's Association.

These activities will be tape-recorded and broadcast over WAPI at 3:30 p.m. Saturday, June 9th.

HOW THE SOUTHERN COMPANY HELPS TO PROVIDE A HUNDRED MILLION DOLLARS A YEAR FOR SOUTHERN GROWTH

The Expanding South Has A Big Appetite for Electric Power ... The Driving Force Behind Its New Industrial Might

DURING the past eight years demands for electricity in the four-state area served by The Southern Company System have more than doubled. It takes many things to satisfy these huge requirements: steel and concrete for power plants and dams, great turbo-generators, transmission lines to take the power where it's needed—and money. The system operating companies in Alabama, Georgia, Florida and Mississippi will spend more than a billion dollars in the decade 1952 through 1961 on new power facilities.

The Southern Company helps to finance the construction programs of its operating companies, and at the same time strengthens their capital structures. Southern does this by selling shares of its common stock to the public and investing the proceeds, together with retained earnings, in the operating companies, thus, as the security analyst puts it, "building up their equities."

During the past eight years, for example, when the system carried out a $607 million construction program, $178 million of this amount was made available by The Southern Company. Southern increased its investment in Alabama Power Company by $77 million, Georgia Power Company by $76 million, in Gulf Power Company by $12 million, and in Mississippi Power Company by $13 million. Southern's additional investment in these companies helped to build power plants and lines and substations—but it did more than that. By raising the equity portion of their capital structures it created a more favorable market for their bonds and preferred stocks.

Today the total capitalization of the Southern System is in excess of $800 million, more than double that at the beginning of operations in the fall of 1947. And while the capital structure has expanded, it has become stronger, for an important feature of its growth has been the rise in equity from 23% at the end of 1947 to 32% at the end of 1955.

The construction needs of the system operating companies are estimated at nearly three-quarters of a billion dollars for the 1956-1961 period. The Southern Company will continue its important part in financing electrical expansion so essential to the further growth of the South.

Dauphin Island Preparing For 1956 Fishing Rodeo

Top-flight sport at rock-bottom cost is expected to bring record crowds to the 1956 Alabama Deep Sea Fishing Rodeo on historic Dauphin Island, a fast-developing, multi million dollar resort area some thirty miles from Mobile.

Anglers from about twenty states are expected to compete for $10,000 in merchandise prizes and trophies in the "Original" Alabama Deep Sea Rodeo, an event that got underway in 1929 and has continued annually except for two or three years during World War II.

During the 1955 Rodeo, paritcipants and spectators ranged around 5,000 persons and 345 boats were registered. Fishermen got their share of tarpon, long, cavalla, and many other species of game fish. Sportsmen this year have already reported record runs of tarpon in waters around Dauphin Island, and this is an indication of excellent fishing at **Rodeo Time, August 3, 4, and 5.**

The three-day sports event can be enjoyed on a low budget and on-the-spot expenses need not exceed $100 per person as Rodeo officials figure it.

The break-down is as follows: $10 for a Rodeo ticket; $54 for a charter fishing boat for three days; $12 for food for three days; and $18 for housing for the three-day period. These expenses toatl $94, and with a $100 budget that leaves $6 for incidentals.

Sponsorship by the Mobile Chamber of Commerce gives the Rodeo even more zest; and Jaycee-arranged softball tournaments, boxing matches, a huge Saturday night fish fry for participants and other exciting events make it the greatest!

As the Jaycees put it: "For fish 'n' fun, it's the Alabama Deep Sea Fishing Rodeo."

Alabama State Docks Continue To Increase Earnings

Another sensational increase in the net earnings of the Alabama State Docks at Mobile has been officially recorded.

After depreciation, net earnings of the docks in April this year were $97,287.79. This compares with the net earnings reported for April 1955 of $57,646.80—or an increase of no less than 72.23 per cent over last year.

The fast-growing industrial development program of the State and good administration are attributed as the main muses for the increased earnings.

Folks and Things ABOUT TOWN

—By Ben

Watch for announcements of big doings at the Clanton Airport on the Fourth Day of July. Big celebration and all that sort of thing. Since the Fourth comes on a Wednesday we know where the News force will be—don't we?

Reports come that Mally White is better, but not out of danger. He is in serious condition at the Highland Avenue Baptist Hospital at Birmingham. We hope to be able to report him much improved next week.

There's the story of the Hollywood producer who paid $25,000 for an amazing mynah bird to give his mother on her birthday. He wanted to eclipse, one brother's gift of a Cadillac, another brother's gift of a mink. This bird spoke 11 languages and sang opera.

"What did you think of my present, Mother?" he asked her.

"Delicious!" she said.

See where Irvin M. Lande receives his Doctor of Philosophy degree at Northwestern University on June 18th. Irvin used to be quite a favorite at the News office when he was in high school and did features and news bits for our columns. We don't see much of him any more which goes for many of our youngsters who have gone on into the world to make good in their chosen professions. We never read of one that we don't feel a little pride in having known them in their formative years

What's the Clanton citizenry going to do about the terrible mail delivery to our city. Sit down and do nothing? We have two mails each day coming into and leaving Clanton. One mail going south in the afternoon and one going north in the morning. It really slows our service to a walk and if you have been wondering what took a certain letter or paper or magazine so long to get to your address, now you know. Don't just sit there, do something—write your congressman.

Chief of Police C. E. Tucker is back on his feet again. He has had a plaster cast on his right leg for the past several weeks since he fell at his home breaking his ankle. Charlie says you don't know how to appreciate your legs until you can't use them. We guess that goes for any other member of the body. We just don't appreciate any of the good things of life until they are gone.

Had our first visitors at the new air strip at Gregg Field Tuesday. A helicopter and a light plane from the Arkansas Air National Guard made a landing and complimented us on the fine runway and airport. Things are really taking shape out there and before long we will have one of the finest little airports in the state.

Homecoming At Indian Grave, 1st

Homecoming Day will be observed at the Indian Grave Baptist Church Sunday, July 1.

CD Teams Train For Peace-time Rescue Work

TRAINED CIVIL DEFENSE rescue workers can play just as important a life-saving role in peace as in war, as these men in tornado-devastated Standale, Mich., a suburb of Grand Rapids, recently demonstrated. Rescue volunteers are taught how to reach trapped victims safely and quickly through the Federal Civil Defense Administration's Olney, Md., rescue school. (FCDA Photo)

Clanton Merchants Honor Chilton HD Club Leaders Here

Chilton County Home Demonstration Council officers and the president, vice-president, and secretary of each of the 21 Clubs in the County were honored Wednesday, May 30 at an appreciation dinner sponsored by ten of the merchants of Clanton This banquet was held at 7:00 p.m at the Chilton County High School lunch room. Thorsby Teacher Gets Scholarship To Ala. College

Mrs. Anice K. Merchant, a teacher in the Thorsby Junior High School, is the recipient of one of the sixty-five $200 scholarships made available by the National Science Foundation for graduate study on the Alabama College Campus from June 11 through July 20.

While participating in the Institute, Mrs. Merchant will pursue two courses of study, Advanced General Biology and Problems of Science Teaching. The aims of the Institute are to improve the subject matter competence of teachers in science, to strengthen the capacity of these teachers to motivate students toward considering careers in science and to bring these teachers into personal contact with the highly productive scientists who make up the staff of the Institute.

New Map To Help You Catch Those Fish

The old pro is Don Cummins, popular outdoor editor of the Birmingham Post Herald; and the new citizen is Kurt Lang, a cartographer for the land department of TCI. Mr Lang is from Romania and became a citizen of the United States at Birmingham on March 29, 1956.

Working together with Don, as editor, and Kurt, as artist and map maker, they have come up with what may prove to be a boon for Alabama's fishing enthusiasts. The Fisherman's map of Alapama, which they have created is being released to the public this week by Vulcan Press of Birmingham.

The Fisherman's Map shows the locations of over 200 of the State's popular fishing camps with their accommodations, along with detailed maps of the State's major fishing waters. Also shown, are illustrations of all the popular fresh and salt water fish with their characteristics and the best baits and methods for catching them.

The map is printed in color and made up in popular book form.

Eastview Changes Meeting Time

Services will be held at Eastview Congregational Church Sunday, June 17 at 2:00 p.m. and 7:30 p.m. A most cordial invitation is extended to all in the area to worship with us in these services. Come with open minds, and with prayerful hearts that all may receive a blessing as we rely on God's promises that, "Wherever people meet to worship He will be there to sustain and bless.

Please note the change in time we have been meeting at 3:00 p.m. and 7:00 p.m., but a change to above mentioned hours seemed more suitable for the people. The Rev. N. A. Long, pastor of Thorsby Congregational Church will conduct the services.

Three Gospel Quartets Here Next Wednesday

On June 20th at the Clanton Airport there will be three Gospel Quartets who are sponsored by the Chilton County Youth Singers.

The Sunshine Boys, nationally known, are from Los Angeles, Calif.

Homeland Harmony Quartet and the Smith Brothers Quartet will combine to make it the biggest singing ever held in Chilton County.

Advance tickets will be 75c and 40c and tickets at the door will be $1.00 and 75c, and will be on sale at the Callen Alred Drug Store.

The date is June 20th and the time is 8 p.m.

Committee Formed To Rescue Blood Program

Campbell White and David Wall are co-chairmans of a committee set up to work out a way and means for Chilton County to retain its Red Cross Blood Program. This committee will work through the various civic organizations in the County.

The Red Cross blood program is an optional participating service. We do not have to maintain this program if the citizens of Chilton County do not want it. We can still maintain our County chapter and participate in the Red Cross services that are mandatory.

However, we can not stay in the blood program unless we meet the mandatory requirements. We are required to meet the mandatory requirements first.

Six of the Chilton County doctors have stated that the Red Cross Blood Program is needed in the County. Red Cross blood can be delivered to the hospital in any TYPE or quantities from the Birmingham center in less than three hours. The saving of the life of one of your loved ones can not be measured in terms of dollars and cents. Certainly, to save the life of one of ours would be worth much more than the $1600.00 we are short on our quota.

It is pointed out that the Bloodmobile, which has called at Clanton three times each year, has collected sufficient blood to meet the blood requirements. But, it requires about $4.12 per pint to collect, process, store and deliver to the hospital for your use. This cost must be borne by the Red Cross. The person receiving the blood pays nothing for it.

The Red Cross Blood Center is delivering to the Chilton County Hospital about 400 pints per year. Not all of this blood was used by the hospital. Some of it was returned to the Blood Center. However, the Chilton County doctors have stated that some operations cannot be safely performed unless a sufficient quantity of blood of the right type was on hand to meet an unforseen emergency. We can see by this that some of the blood would be returned without use. It is true that if some of our loved ones met with such an emergency we would expect the hospital to have a sufficient supply of the right type of blood to use.

Don't you agree that $4.12 a pint is a very cheap price to pay for such a life sustaining article?

Our county hospital uses the Pledge Card plan for obtaining blood for you. It works this way: If you or one of your family needs blood and you do not have a valid Doner's Card you may secure pledges from your family or friends to replace the amount of blood needed when the Bloodmobile makes its next trip to the county. With this method you eliminate much red tape and there is no delay in getting the necessary type and quantity of blood.

Some of the citizens of the county probably were missed at the annual fund drive. Others probably did not understand the advantages of the program and would contribute more to keep this vital program. You can help. You must help if you do not want to lose the program. Blood on a commercial basis costs $25.00 per pint.

We ask your support in saving this program and we ask you to send or deliver your contribution to the Red Cross, Clanton, or to any of the several organizations in the county.

Merchants Enable Little League Teams To Play Night Games

The third round of play in Clanton Little League was played last Thursday in the regular twi-night double-header. Thanks to Shelton Truck and Tractor Co. underwriting the light bill. The results were the Lions defeated the JC's by a score of 8-3. Tommy Shelton threw a no-hitter at the JC's and pounded out a pair of home runs to wrap that one up tight for the Lions. Shelton put the opposition down in order the last three innings with the exception of a walk to Second baseman Wray. He struck out eight in a row and 13 during the game. He has now struck out 29 men in 11 innings.

The line score:

Lions	2	1	1	4	0	8
JC's	2	1	0	0	0	3

The Kiwanis and Braves tangled in the second game with both teams trying for their first win of the season. The Kiwanis finally won the game 9-8 on Edwards second hit of the night. Jones, the Braves pitcher at the time, seemed to have lost control of the pitch because it looked as though his instructions were to walk Edwards; which seemed to be good strategy in as much as he had already homered to drive in three runs back in the third inning

Both the Kiwanis and Braves were using new pitchers in this one. Bobby Miller went five innings for the Braves giving up four hits while striking out 9 and walking three one of them intentional. Duck Robinson went all the way for the K's gave up 7 hits, struck out 8 and walked four.

The line score:

Braves	2	0	2	0	2	2	8
Kiwanis	2	0	3	0	3	1	9

and only 1 out when winning run scored.

The Clanton Laundry & Cleaning Co. is furnishing the lights for Friday night's game. Let's show our appreciation and be out there supporting the youngsters.

OLD GLORY IS 179!—

We observe June 14 as Flag Day because it was on that date in 1777 that the Stars and Stripes, by resolution of the Continental Congress, came into being, with "thirteen stripes of alternate red and white, with a union of thirteen stars of white in a blue field, representing the new constellation" in the Western skies.

Our flag was first carried by American troops in the Battle of the Brandywine the following September, and tradition says the first Old Glory was made by Betsy Ross, of Philadelphia, at General Washington's request.

DEAR DAD:—

I'm writing this to you Dad, with a feeling of guilt because Father's Day is Sunday, June 17th and I was about to forget it.

That's exactly what I wanted to write you about, Dad, this matter of ignoring and unappreciating you.

Never have been much of one to tell another what I feel for them, but there comes a time when a fella lays his cards on the table and feels that he owes it to his "old man" to let him know just how much he appreciates him.

Who was it I used to run to when I wanted a nickel for a bar of candy or a cold drink. Yeh, good ole Dad. give all and take nothing. And I used to claim you could lick just about anyone in the county. . . never did get a chance to prove my claim.

You grow up Dad, but you never grow out of the feeling that if you need someone to turn to, or someone to back you up, there's nobody quite like Dad for the assistance you need or the solution to your problem.

When you're young, you can't see the importance of Dad. He's just a provider, a companion (when you want one) and an ever present threat to your freedom of doing things. The family comes to feel about him as the little boy who said, "say Daddy, what do you do with all that money you make." They don't understand just how lucky they are. They take Dad for granted.

But I know. I know now Dad. I can see where those grey hairs and those few wrinkles on your forehead came from. I put 'em there. Yes, I put them there. and didn't realize I was doing it Of course you didn't mind, because it's your purpose in life, but that doesn't make it any better that I took you for granted. I put 'em there willingly and all the time didn't realize what a blessing it was to have a Dad like you, who'd stand for the things that put those grey hairs there.

Mom always appreciated you. Even she sometimes takes advantage of you, and you of her. But she showed her appreciation from the start. It took years for it to dawn on me what I really had.

Well Dad, I haven't said much, except that we all love and appreciate you more each day. The most unselfish, self-sacrificing guy in the world. What we are you have made us, Dad. My love, respect, admiration and ability are yours. You have sacrificed for us many times and I know of no better way to show my appreciation than to wish you well and a happy Father's Day. . . and Grandfather's Day, too.

Respectfully Yours,
Your Son

P. S. I know there are a million others Dad, but as far as I'm concerned you're one in a million. . . because you're my Dad.

Stripes Running And Ready To Be Caught

Fishing prospects are improving on all Coosa-Tallapoosa Lakes. The water is in great shape and, with large hatches of willow flies, the immediate future looks very promising. Bream, bass and stripes have been the featured attraction during the past week.

The stripe situation is just about ready to swing into high gear. Some small schooling has been reported to have occurred in the early mornings on Weoka Creek, Lake Jordan, and Hatchet Creek, Lake Mitchell. However, it is still a little early for the appearance of large widely scattered schools. Everyone seems to be poised and ready for the great day when the stripes start breaking, but while they wait, trolling a small spoon or casting large spoons are the methods being used to catch the stripes. This should be a good year for stripe. As past years have proven, a good year usually follows a poor year, and last year, the stripes didn't show too well.

Some of the new-comers to the Coosa-Tallapoosa Lakes fishing may wonder why all the chatter about stripes. They have a great thrill in store. When business picks up and the huge packs start their feeding on shad, the race is on. It's fish against fish and man against man. Stripes tear into the shad and start [illegible]ing the water about like mad. Fishing boats converge on these points as rapidly as possible and start casting a combination of hooks to creel two and three stripes per cast. One of the secrets to this game is to get there fast and get 'em while they are busy with the shad. The stripes are up and down. They only stay up for short intervals at a time then they are gone. Sometimes you will see a big school and before you can get to it, they go down, but very often another school will come up near enough for you to get in a few casts before they go. This type of action goes on all during the day. It's hard work but it's well worth the effort. Sometimes, late in the evening, you can spot a school back in a slough and, if you play them right, you can continue to pull 'em in two at a cast even after they have gone down. If it's action, fun and fish you want, this is it. Just you get ready, it won't be long now.

Several nice lunkers were entered in the Alabama Power Company Fishing Contest during the past week:

LAKE MARTIN

Lake Hill Inn, near the steel bridge six miles below Alexander City, reports: R. E. Pearson, R.F.D., Alexander City, fly fished Pineywood Creek with a bass bug and boated largemouth bass weighing up to six pounds eight ounces each.

LAKE LAY

J. O. Miller's Novelties and Fish Hooks, Clanton, reports: Bobo Jones Prattville, hooked five smallmouth bass from a slough near Riverview with an Evan's Popping Bug. His best individual catch was five pounds ten ounces.

G. O. Norred's General Store, Talladega Springs, reports: O. E. Duncan, Talladega, fished with Mr. Capps on Rock Springs Creek and together they took home 45 shellcrackers. Mr. Duncan boated the largest on the stringer, an 18 ounce whopper. Gardin Hackle was the type bait used.

LAKE JORDAN

Mrs. J. R. Gibson, Manager, Blackwell's Fishing Lodge, Shoals Creek near Holtville, reports: Robert L Norman, Montgomery, boated a three pound ten ounce smallmouth bass from Shoals Creek while fishing with live minnows as bait.

The Coosa-Tallapoosa Lakes range in size from 2,000 to 40,000 acres in size and offer some of the best fishing in Alabama. You are cordially invited to take your pick of these six beautiful lakes and enjoy the wholesome delights they so bountifully afford. Plan a family outing now. There are many conveniently located lodges and boat docks to make your trip both comfortable and delightful.

CHIEF ALAPOCO SAYS: It may be more comfortable to stack your equipment in the rear of the boat and leave the front of the craft free to move around in, but it certainly isn't safe. An over-balanced boat is extremely dangerous. Always balance your load. Dtsiubirte ? shrdlu ance your load. Distribute weight evenly in the boat, from side to side and from bow to stern. Why take unnecessary chances? It takes only a minute longer to arrange the load correctly, and it may prove to be a matter of life and death.

LIFE'S LITTLE SHADOWS

VERNON P. PAYNE

The age-old question as to whether coffee cools you off or heats you up in the summer, remains unsolved. At the local coffeeteria you can usually get into a debate on the subject; the veteran caffeine-fiends maintaining that it cools them off.

Whatever the verdict, the cafes continue to do a booming business in the sale of coffee during even the hottest months.

It is our contention that the whole argument can end in a theoretical conclusion at best. If coffee cools you off, it's largely a mental cooling while your bodily temperature remains unchanged.

My pet theory on the subject is probably the wildest yet. I maintain that the coffee makes you hotter inside, thus producing perspiration on the skin surface which is quickly cooled by the breeze of the fans. Now that's a Rube Goldberg idea if I ever heard one.

Anyway, this being a dry town coffee is the strongest drink you can buy publicly, so we'll continue to drink it summer and winter until something better comes along. Too we'll probably continue to argue the cooling or heating aspect of its consumption.

BETTER SCHOOLS BUILD BETTER COMMUNITIES

things we See and Hear

By "TUCK'

Ah, the life of a coin. Have you ever thought about just how much a little insignificant coin can go thru during its lifetime. Just the other day we had one of those old Liberty quarters that you don't see very often anymore. It was dated 1906. We couldn't help but wonder just how much that little piece of metal had been through.

For instance, that particular quarter bears the scars of two world wars. . . no tellin' where it has been; very likely it has been in nearly every state in the Union and probably outside the continental United States. Think of how many thousands of hands through which this little quarter passed; how many times it has been stolen; how many times and how many weeks it has stayed in some child's piggy bank It may have bought a much needed quart of milk for a hungry baby Likely it has been lost several times. Think of how many show tickets and hot dogs it has purchased, and bags of popcorn. Think how many times it has been made an offering or given to the poor.

Yes, this particular little quarter has brought happiness and sadness; it no doubt has bought good things and bad; and it has probably seen the inside of more pockets and pocket books than you can imagine.

It has purchased small things on its own and has helped out in the purchase of larger things. . . perhaps several automobiles or homes. It has owned more things than you and I will ever own and will no doubt last longer than you and I. . . in one form or another.

So, the life of a coin isn't so bad. It's seldom dull; this little coin has done much and seen plenty and like as not, done a lot of good. . and now it's gone again.

The Dixie Cafe has started a conspiracy against us. Yeh, we can tell it. Of course they try not to do anything we can put our finger on. They just do things like ignore us and serve everybody around us coffee and leave us out, little things like that. What's happened is that they've sold so much "java" down there that they can start choosing their customers now and we're just not one of their chosen. It's a cruel world. Just for that we're gonna start choosing our waitresses. (Boy, now that'll really make 'em mad.) Well, we like iced tea anyhow.

Here we were slaving over a hot linotype machine last Tuesday night when who should pass by the window, but our Isabella correspondent Did she speak to us? She didn't We can't understand it. Here we are working half the night setting her news and she wouldn't even speak to us. Guess we're just not popular anymore. Shucks!

You know what? People who own dogs are probably the most narrow-minded of citizens anywhere. We speak without fear of criticism and with authority. . . we're one of 'em. You believe it or not now, but dog catchers are human! Now as a dog lover we can't always see it that way either, but we have the proof Anyways, look at the other side of the fence, you canine fanciers; the dog catcher's just doing his job. Basically it is a job to protect the public from dog bites and rabies, etc. But do we appreciate this fact. Why of course not. That dog catcher is a regular nuisance you say, picking up my dog. Well, you know there's a city ordinance that says he is to pick up "any" that's capital "A" at large, no matter if it's yours or mine. Now, this we don't like either, but it's the law, so if you don't like the dog catcher and you don't want your dog picked up. The only thing to do is to lock Rover in his house or in your yard or anywhere you so please. But, if you aren't afraid of the dog catcher, let your dog run loose. Then when you have to go "bail" him out of the dog pound, don't blame the dog catcher, it's his job and when you get right down to it, his job is your fault. Ironic huh?

Remember how tough his job is. He not only has the dogs to contend with, he also has the owner at his heels. (Sometimes literally.) Let's at least be grown-up about it.

Walnut Creek News

We have been making great progress in our church program. We have come from fourth to half time during this year and are in hopes of doing greater things

We are thankful that the Rev. Norman Carr was returned to us for another year. He brought two very inspiring sermons last Sunday We are organizing a choir practice and prayer meeting to be held each Thursday night at 7 o'clock.

There will be Sunday School next Sunday at ten and preaching service at eleven. Our M.Y.F. and Adult Bible Class meets Sunday night at 7 o'clock with preaching at 7:30.

Everyone make a special effort to attend each service.

We will be happy to have our pianist, Miss Norma Lou Coggins back with us this Sunday. She has been away the past two weeks, attending a music camp at the University of Alabama to which she won a scholarship. Her sister, Miss Glenda Sue Coggins has very capably filled her place while she was away.

We extend a cordial invitation to each of you to come and worship with us.

Ebenezer Baptist Church News

Pastor, J. L. Adams
Sunday School at 10:00 a.m.
Preaching at 11:00 a.m.
B.T.U. at 6:30 p.m.
Preaching 7:30 p.m.
Prayer Meeting at 7:30 p.m.

We had a good attendance in Sunday School Sunday. We are very happy over this increase, but we still need to bring this number up even higher.

Our B.T.U. Sunday night was one of the biggest we've had in quite a while. We hope you will continue to come and worship each time the doors of the church are open.

We didn't have any preaching services Sunday night on account of our pastor being ill. We hope at this time he is much better and will soon be well again.

We have quite a number of people from our community on the sick list. We hope for each of you a speedy recovery.

Our Vacation Bible School is in progress this week each evening from 2:00 till 4:00 o'clock. Be sure your children attend each evening Our Supt. this year is Mrs. Franklin Parnell, and I'm sure she and her workers have the very best of programs and material for your children.

STRENGTH FOR THESE DAYS
from The Bible

I shall bless the Lord at all times; His praise shall continually be in my mouth.—(Psalm 34,1.)

How may we bless and praise the Lord? Surely through acts of love and kindness to our fellow men—in seeking only the good that is God in all of us, striving to be of service, in His name, to those who need our help.

Sunday, May 10th, Mr. and Mrs. Sam Woodley, Miss Velma Price, Lois Ann Woodley and Willie Lee Blackmon went to Kowaliga Beach, then to Alex City to visit friends, the Rev. and Mrs. Kirk Lucas.

All-Stars Top Favored Pinson Team; Take On Selma Next

The Pinson baseball team cam to City Park a big favorite to win over the Clanton Stars, but their ambitions were rudely jolted as the Stars put on a big 5 run 2nd inning rally and held on to win the game by a final score of 7 to 5. It was win number 5 for Clanton and number 3 for Wyatt, Clanton's winning pitcher.

The Stars scored 5 in the 2nd and 2 in the 7th. The visitors scored one in the 3rd and 7th and 3 runs in the 8th.

Manager Edwards led the Stars in hitting with 3 hits and a walk McKee belted out a single and a double.

Harry Ellison, Wayne Guin and James Paul Easterling were the defensive stand-outs for the home-town team.

A pleasant surprise for the Stars has been the play of Jerry Fulford who is improving each time out. He is now leading the Stars in hitting with an average of .466.

The Stars will entertain the Selma Rebels at City Park Sunday, June 17th. The July 1st game has been canceled. This is in due respects to the Blackwood Brothers Memorial Singing that is to be held in Clanton on that date.

Pinched Nerves

The art of Chiropractic, is the adjustment of the spine (setting it in proper alignment) so spinal nerves can be free to carry brain waves or mental impulses from the brain to all cells of the body.

Each type tissue, organ and function is designed to do specific jobs, to keep the body free of pain and disease. If however the brain wave can not get through or is over stimulated due to pinching of nerves caused by slipped or misplaced vertebrae (backbone) pain and disease are the end results.

Common signs of pinched nerves are: One shoulder lower than the other, one hip low or even an apparent short leg. These signs show up due to muscle pull, which cause sore stiff or tight muscles of the neck, back, arms and legs.

After the acute signs more chronic and severe ailments develop. The longer they exist the harder and longer the time it requires to get well.

Pain is always your signal for danger, so by correcting the CAUSE the pain leaves and body functions return to normal. Relaxation-Health.

THOMAS A. EDISON, who gave the world so much pleasure and made life so much more abundant by his many inventions left the following advice some thirty five years ago:

"The doctor of the future will give no medicines, but will interest his patient in the care of the HUMAN FRAME, and in the CAUSE and prevention of disease."

This Just Hits The Spot

Refreshing beverages combining fruits with nutritious instant nonfat dry milk are energy pick-ups as well as delightful refreshment breaks during warm weather.

Instant nonfat dry milk mixes immediately, even in ice water. It is a real ally of the homemaker. Instant nonfat dry milk is used just as you use milk—for drinking, cooking and baking. Instant Starlac nonfat dry milk is top-quality pasteurized milk with only the fat and water removed. It is a rich source of the important milk nutrients—protein, calcium and riboflavin. That is why it is known as Starlac, "the heart of milk".

Economy is another advantage of versatile instant nonfat dry milk. The family-size package makes three gallons of nonfat milk for as little as seven cents a quart. It comes in two other handy packages also: A one-pound package which makes five quarts of nonfat milk and a pre-measured package which contains three individual envelopes, each making one quart of nonfat milk.

Here is our tested recipe for Banana Shake:

Banana Shake

(*Makes four, 5-oz. servings*)

2 fully ripe medium-size bananas
2 teaspoons lemon juice
1 teaspoon vanilla
2 cups liquefied instant Starlac nonfat dry milk, chilled

Peel bananas; slice into a deep bowl. Beat with rotary beater until smooth and creamy. Blend in lemon juice and vanilla. Add chilled liquefied instant Starlac nonfat dry milk; beat only until blended. Serve immediately. Garnish with nutmeg or cinnamon.

Mr. and Mrs. Durwood Minor and family of Pensacola are visiting relatives in Clanton for a few days.

Mr. Jack Bean and Larry Minor left Sunday for Auburn where they were to register for the summer classes at A.P.I.

Billy Frank, Patricia Ann and Wanda Jean DuBose of Trussville spent last week with their grandmother, Mrs. Alice DuBose.

Mr. and Mrs. Ocie Mims and Mr. and Mrs. Ray Williams are visiting and Mrs. Earl Stringfellow in Enid, Okla.

Mrs. Willie Bean had her brother, Mr. Herbert Wright and Uncle Emmit Wright of Jacksonville, Fla. visiting her for several days last week. They all attended the funeral of Mr. Bill Veazey last Wednesday and then spent Thursday in Birmingham visiting other relatives.

MYF Of Clanton Makes Report

The Methodist Youth Fellowship would like to submit the following report concerning their activities during the past year:

We sponsored an Overseas Doll Contest for the girls of Chilton County. The dolls submitted were sent to needy children at Christmas time.

We had three delegates and 1 counselor to attend the Youth Assembly at Huntingdon College. These were Helen Parrish, Maryetta Propst, Carolyn Tucker and Holley Griffin.

As a result of the Assembly, we decided to publish a weekly MYF paper and this was done once each week during the school year.

In October we distributed United Nations posters to the stores in Clanton. We also had a special program by foreign students from Montevallo, and we presented a United Nations program at Evening Worship.

We had a booth at the Bazaar and raised $35.

We helped the W.S.C.S. distribute Thanksgiving Baskets.

We gave clothes to the Christmas Chest; made a cake for a shut-in at Verbena; and gave a box of clothes and a Bible to a needy girl.

We cooperated with the Pilot Club in the preparation of Christmas Seals. The Sub-District was invited to participate in this project and five churches responded. This was the second year we had helped in this effort to fight tuberculosis.

We visited the Children's Home in Selma, and as a result of the visit we decided to collect books for their library. We took approximately 60 books to the Home.

In January we collected $120 for March of Dimes.

For the second year, we were in complete charge of the mailing of the Easter Seals to 2,300 homes in Chilton County. This work involved addressing envelopes, making a card system, folding Easter Seals and letters, stuffing the envelopes and routing them. This was our contribution to the Alabama Society for Crippled Children.

We gave $60 to the Methodist Youth Fund.

We gave $10 to the Methodist Committee for Overseas Relief.

We sent a box of winter clothing to Church World Service.

We sent a delegate, Pat Traywick, to the recreation workshop at Blue Lake. Another member of our MYF, Maryetta Propst, also attended, but was sent by the Sub-District.

We have taken the Upper Room to the hospital each month.

We held four rummage sales last year and are planning another sale for this Saturday. Any rummage will be appreciated.

I would also like to say that members of our MYF are presenting two radio programs each week over the radio in an effort to teach safety habits to young children.

We are also planning to have a Music Listening period each Monday during the summer to study great musicians and their music. This will begin this afternoon at 5:30 and will be held here in the basement. It will last one hour and today we will study the music of George Gershwin.

This year we are also planning to establish correspondence with a Pen Pal overseas; we will cooperate with the Red Cross in publicizing their Blood Program; we will have a United Nations supper; we will sponsor a Youth Night once a week: and we will repeat our work for March of Dimes, Christmas Seals and Easter Seals. We will also send $60 to the MY Fund and $10 to the Methodist Committee for Overseas Relief.

We would like to take this opportunity to thank the members of the W.S.C.S. for serving us each Sunday night. We have enjoyed it.

How To Handle A Hamburger For Best-Ever Flavor

Handle with care and season with Ac'cent is the way to make fresh, ground beef into the heavenliest hamburgers you ever ate. It is not necessary to use costly cuts of beef as less expensive ground chuck is just as satisfactory. In fact, many people prefer it, as it makes a juicier hamburger. Adding ¾ teaspoon or several shakes of Ac'cent (pure monosodium glutamate) per pound of meat does wonders to bring out the robust beef flavor and hold it, down to the last succulent bite.

When shaping patties, handle the meat lightly, as kneading and pressing makes them heavy and dry. Pan-broil or grill your burgers and serve them piping hot with toasted buns. A novel trick is to assemble "go-withs"—mustard, relish, pickles, olives, catsup, and chopped onion in a small-size shiny aluminum muffin pan.

Heavenly Hamburgers

1 pound ground beef
¾ teaspoon Ac'cent (monosodium glutamate)
¾ teaspoon salt
¼ teaspoon pepper

Break up meat with fork in mixing bowl. Sprinkle Ac'cent, salt and pepper over entire surface of meat. Toss gently with fork to distribute seasonings. Shape into 4 patties. Cook in preheated ungreased skillet on top of range, or in electric skillet according to directions, to desired doneness. Serve with chopped onion, pickle relish, catsup, mustard, sour pickle slices and sweet gherkins.

Civil Defense Has Key Role in Peace

Natural disasters can strike anytime, anywhere.

From pioneer days to the present, neighbors have always helped each other in times of distress. But often, the power of a great hurricane, flood or tornado completely outmatched the valiant but disorganized efforts of untrained volunteers.

* * *

TODAY THE UNITED STATES has a form of disaster insurance —civil defense. Like any other insurance, it doesn't guarantee that disaster won't occur.

But by executive order, the Federal Civil Defense Administration does have the responsibility for coordinating all disaster relief efforts of the Federal Government under Public Law 875. This guarantees that the resources of the entire nation can be marshalled against nature on the rampage as required.

It's a job which requires the skills of many specialists, such as the Army Corps of Engineers, the National Guard and the American Red Cross. Trained civil defense workers in the general disaster area put their rescue, traffic control, first aid and other skills to practical use.

Personal Notes From Samaria

Our Bible School was concluded June 3rd and it is agreed that it was the best ever held in our church Much credit is due to the leadership of Mrs. Ed Goodgame who came over and led us. Everybody cooperated beautifully and the Flunky is grateful to all.

Services last Sunday were good and well attended. The pulpit had a little dynamite in it, but mixed with lots of love.

The Men's Bible Class, formerly taught by the late G. F. Harris, has changed its name to the Grady Harris Bible Class." At present it will be taught by the pastor. If you are between the ages of forty-five and one hundred and fifty we invite you to come and join us. We rarely ever except any that are over one hundred and fifty.

Some of the most beautiful building lots in Chilton County are around Samaria Church. Drive out sometime and look them over. You might be able to persuade some land owner to sell you one for that dream home

A preliminary survey has been made to pave the roads around Samaria. If we could get a little help we can get City Water and City Gas in that section. The church will go their limit to get these utilities to be used in their new church. The church is doing everything in its power to make your community a better community, a more beautiful community and to keep the Gospel near you to help you spiritually

That cemetery we are ashamed of is in a mess in more ways than briars and bushes. The pastor has been authoried to work out some plan whereby we can make it beautiful

We plan to set up a Cemetery Committee with a fund sufficient to keep it clean from year to year If you have loved ones buried there and are interested in a better appearance for this last resting place please see the pastor as early as possible.

Mrs. Stuckey, the pastor's wife, has undergone serious surgery at the University Hospital in Birmingham with not too much hope of self benefit, but with a great hope that through her sacrifice something might be learned that will be of help to you and others that may be attacked by the dreaded killer Cancer. She went under this treatment with the full knowledge that she might not receive too much benefit but that there was a chance that she might be of help to you somewhere out there in the future.

The pastor and his wife pray together that if she goes to her reward that something can be discovered by the treatment of her body that will help you out there that we both love so much. We are so grateful to the many individuals and churches that have contributed so much in kindness, services, flowers, letters and money to help lighten our load.

A new day is dawning for Samaria and we invite you to come and watch the glorious sunrise.

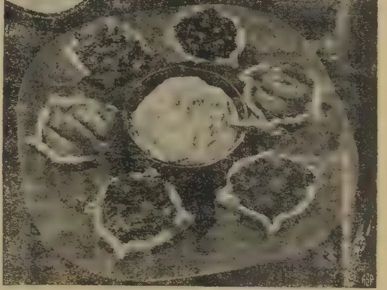
Fruit Tarts—Refreshing!

By Marie Gifford



Men like pie! They like choosing their favorite fruit, too, from a selection of summertime tarts.

Individual pie shells, filled at the last minute with instant vanilla pudding and topped with chilled fresh fruit and whipped cream, bring smiles of approval from everyone.

The fruits may be fresh or frozen strawberries, peaches, blueberries or blackberries, lightly sugared. Because the berries are not cooked, they keep all of their fresh flavor, yet will not soak the bottom crust!

Of course, the real success of your pie will depend on its crust. For the tenderest, flakiest pie crust ever, there's no substitute for pure lard. Today's lard will keep fresh and sweet right on the kitchen shelf. At room temperature, it mixes easily and quickly into the flour.

It's "easy as pie" to make tart shells. The secret is to cut the dough into 5-inch circles and shape it over the back of muffin pans or individual glass baking dishes.

Follow our 5-minute pie crust recipe for perfect results every time.

5-Minute Pie Crust

2 cups unsifted all-purpose flour
1 teaspoon salt
⅔ cup pure lard
¼ cup water

Sift together flour and salt. Cut lard into flour with pastry blender or two knives until mixture resembles coarse meal. Add water all at once, pressing dough together. Divide dough in half and roll out on a lightly floured board until dough is about ⅛ inch thick. Cut circles about 5 inches in diameter. Fit pastry loosely over the back of muffin pans or individual glass baking dishes. Pinch edges at 4 corners and prick dough liberally with a fork. Bake in a 425°F. oven for 10 to 15 minutes. Makes 6 tarts.

Report from Washington

BY

ARMISTEAD SELDEN

Congressman, Sixth District

Each year that I have been a member of Congress, I have supported the appropriation of federal funds for the construction of National Guard armories. This year was no exception. As a result of the appropriation of these funds, our Sixth District, as well as the entire State of Alabama, has benefitted.

Since January, 1953, federal funds have been provided for nine armory projects in the Sixth District. In 1954 armories were completed in Calera and Centreville, and the following year installations were opened in Marion, Northport, Eutaw and Clanton.

This year an armory has been completed in Livingston; the Holy project has been approved and an expansion project for the existing National Guard facility in Tuscaloosa received the Secretary of Defense's endorsement.

Today every county in the Sixth District has at least one National Guard armory, most of them built during the past three years.

Under this program, federal funds are provided for the construction of National Guard armories in amounts up to 75% of the cost of construction, provided the states furnish the matching 25% and a suitable building site. The utilization of these federal funds for an armory expansion program was begun while Gen Walter J. (Crack) Hanna was our State's Adjutant General. This program has been continued successfully under our present Adjutant General, Gen. William D. Partlow of our own Sixth District.

Tourists in Capital—

Washington is always filled with visitors, but especially is this true during the spring and summer months. Last year more than four and one-half million people visited the Capital City and the number is expected to be even greated during 1956. The increase in the number of tourists who visit the Capital each year, not only from the 48 states but from the entire world, is understandable as Washington is truly one of the world's finest cities.

Each year we have visitors at our office from every county in the Sixth District. The senior classes from a number of our schools make annual pilgrimages to Washington, and it is usually our privilege to take these students in the chamber of the House of the Representatives We always enjoy their visits and only wish it were possible for each and every person in the entire District to visit our nation's capital.

For those who do come, I extend an invitation to visit our office which is located in the Old House Office Building. I have available for you a pass for admittance to the galleries of the House of Representatives and the Senate. Arrangements can usually be made for special tours of the White House, the Federal Bureau of Investigation, the National Gallery of Art, and the Bureau of Engraving and Printing. It is best to write me before coming to Washington if you are interested in any of the special tours, as it is usually necessary to make advance arrangements for them. In any event, if you plan a trip to Washington before the adjournment of Congress, I shall certainly look forward to seeing you.

MT. PISGAH NEWS

We appreciate the good attendance for Sunday School this past Sunday, and it is our prayer that we will continue to grow in service.

An invitation is extended to everyone to come to our church Sunday June 17th. The Rev. Norman Carr will be preaching and a short program honoring the Fathers will be presented.

We are glad to report that Mr. R. V. and Billy Yeargan are now home after spending some time in the hospital. We hope they will soon be well again.

Mr. and Mrs. R. A. DeVaughn and family enjoyed the DeVaughn reunion at Poplar Springs Church Sunday.

Mr. and Mrs. Fred DeBardelaben of Langston and Mr. and Mrs. Leon DeBardelaben, Buddy, Fred and Jimmy of Wetumpka spent the day with Mr. and Mrs. Clyde DeBardelaben Sunday.

Miss Marilyn Smith is spending the week in Florida.

We were delighted to have Miss Peggy Carroll in our church services.

Miss Peggy Hammock is out of the hospital and is spending a few days with Mr. and Mrs. Richard Duren.

W.S.C.S. To Meet—

The W.S.C.S. of the Mt. Pisgah Church will meet Monday, June 18, at 1:30 p.m. at the Church. Each member is urged to be present.

CARD OF THANKS

May we take this means of expressing our gratitude to our friends and neighbors for their kindness to us in the death of our brother, Phillip Williams.

Special thanks to the Rev. L. D. Brookshire, Elbe Deason and Edwin Lovelady for their comforting words.

Also to the people of Liberty Hill Church, the telephone operators and Spigener Funeral Home.

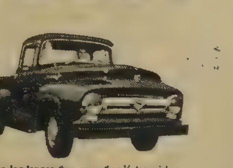
FORD TRUCKS COST LESS

New Ford F-900 Big Job offers a 200-h.p. Short Stroke V-8 or a 212-h.p. Short Stroke Special V-8 with functional hood air scoop, 4-barrel carburetor, dual exhausts! GCW 60,000 lbs.

Big-truck loads at light-duty costs! New Ford F-350 is rated for up to 1,000 lbs. more GVW than other "1-tonners." GVW 9,800 lbs. (with dual rear tires).

New 170-in. wheelbase now available on Ford C-600 Cab Forward "2-tonner," for 16- to 18-ft. bodies! Max. GVW 19,500 lbs. Choose from three Short Stroke V-8's.


More loadspace than any other ½-ton pickup—up to 19 cu. ft. more! New Ford F-100, GVW 5,000 lbs., now offers full 8-ft. box at slight extra cost. 6½-ft. box is standard.
ANY WAY YOU FIGURE IT . . . Ford Trucks cost less. Take initial cost—Ford, based on factory-suggested list prices, has more models priced under competition than any other line.
But low initial cost is only the beginning. Take resale value—it stays high, thanks to the demand for used Fords. Take operating costs—they stay low, with Ford's modern, economical Short Stroke engines. And Ford Trucks cost less to maintain because they last longer. This is a fact certified by independent insurance specialists.

Landmark of the Bible

MOUNT OF OLIVES: Arab Jerusalem is the religious capital of the Kingdom of Jordan, one of the Bible Lands, and is divided into two parts: The Old Walled City containing the Church of the Holy Sepulchre and many other Christian shrines, and the modern city sprawling just outside the walls amid the hills of Judea. The modern city embraces the Garden Tomb, regarded by many Protestants as the true burial Place of Jesus. (Math 27:59). Shown in this picture are the Mount of Olives in the background, whence the Master is believed to have ascended into Heaven, the Stately Church of All Nations in the right foreground flanked by the Garden of Gethsemane and the seven-domed Church of St. Mary Magdalena, just behind the former church. Springtime has splashed this sacred site with all the colors of the rainbow.

Civic Groups Meet Friday In Effort To Save Blood Program

The Committee to save the Blood Program will meet Friday, June 22nd at 6:00 p.m. in the dining room of the Dixie Cafe with representatives from each of the Civic Clubs of the County.

Plans will be made at that time to make a drive to get the necessary funds for retaining the program.

The response from the general public has not been as encouraging as was expected.

This program can not be retained unless the people get behind it with their support.

Mail or deliver your contributions to the American Red Cross, Clanton or to anyone of the several Civic organizations in the County.

Refuge Plans Homecoming 24th

The Annual Homecoming services will be held at the Refuge Baptist Church next Sunday, June 24th. Regular services will be held in the morning part of the day as usual, but the afternoon will be given to singing in the regular church hymnals.

All friends and former members are urged to spend at least part of the day with us. If you attend services in the morning at your home church just come on and have lunch with us if you are not too far away.

Sunday Schol promptly at 10:00 o'clock. Worship Services at 11:00 o'clock.

If you would like to bring a basket, just feel free to do so and make it one of the greatest days in the history of our church.

Draft Takes 3 Chiltonians

State Selective Service Director James W. Jones said today Alabama will be required to furnish 300 men for the July induction call to fill it's share of a nation-wide quota of 13,000 men. Jones stated that the Army will receive all 13,000 men to be inducted in the month of July The State Director pointed out that the July call will not include any registrants under 22 years of age, unless they have volunteered for service.

Chilton County will supply three inductees.

Pat Huddleston Will Open Fire Prevention Confab

Montgomery—The Alabama Forest Fire Prevention Conference here Wednesday will feature Alabama's Supreme Court Chief Justice, a Mississippi District Attorney, a Birmingham insurance executive and leaders in outstanding county fire control programs to emphasize damage wrought by wildfires and outline steps for relieving fire's toll.

The feature address portion of the program will follow welcome of the statewide essembly by Gov. James E. Folsom and introduction of notables to be seated on the State Coliseum's stage for the one-day conference.

Miss Patricia Huddleston of Clanton, Miss Alabama, will sing the National Anthem following the invocation to be delivered by Dr. G. Stanley Frazer, pastor of St. James Methodist Church, Montgomery, Miss Huddleston will also end the program with a rendition of "God Bless America."

Addresses will include delivery of a message, "Fire's Grim Toll of Alabama's Forest Land," by Dr. James L. Brakefield, director of Public Relations, Liberty National Life Insurance Company, Birmingham, followed by "The Function of Laws and the Courts in Forest Fire Prevention," by Boyce Holleman, District Attorney, Wiggins, Miss.

J. Ed. Livingston, Chief Justice of the Alabama Supreme Court, will speak on the subject, "Laws and Courts Must Have Public Opinion on Their Side," and Keep Green Programs of Monroe, Choctaw and Tallapoosa Counties will be discussed by H. G. Greer, County Superintendt of Education, Monroe County; Hunter Phillips, Probate Judge, Choctaw County, and C. J. Coley, Probate Judge, Tallapoosa County These counties have exhibited excellent forest fire prevention programs which reduced fire's damage within their forests.

The Conference will then end with a free barbecue luncheon for all delegates who attend from throughout the state.

Statewide and local efforts have been organized to bring representative leaders from every county, with a total goal of 2,000 people for the statewide conference. Some estimates have been that as many as 3,000 people will attend the one-day conference.

Polio Protection Pointers Listed

A few pointers on polio protection have been released by Dr. G. M Taylor, County Health Officer.

ELIGIBILITY: All persons between the ages of 6 months and 20 years (who have not attained their twentieth birthday) and all expectant mothers are now eligible to recieve polio protection.

INTERVAL OF INOCULATIONS: The second inoculation should follow the first after an interval of four to six weeks. A third or booster inoculation is recommended to follow after a minimum lapse of time of seven months after the second. Further booster inoculations are not recommended for the present.

SAFETY: Over three-quarters of a million inoculations with Salk vaccine have been recorded in Alabama without a single serious reaction A recent estimate states that at least 75 percent protection should be expected from this vaccine.

WHERE AND WHEN: You may get this protection from your doctor or at the Health Department on Thursday from 8 to 4:30 or Saturday morning from 8 to 12.

Wade Announces New Pass Club

Buddy Wade, Manager of the Wadesonian Theatres in Clanton and Maplesville, announced today a merchant's participation program whereby citizens of Chilton County will be given free tickets to the movies.

When you trade with a merchant taking part in the club he will give you a free trade card and punch out the amount of your purchase. Once the card is completely punched you may swap it for a free ticket. When the card is half punched it is redeemable for a child's ticket.

Look for the window card in the merchants' window and be sure and ask for your trade card when you make a purchase there.

Open Letter To Chilton 4-H Members

Dear 4-H Club Members:

At our last Council meeting it was decided to hold our first summer recreational meeting for our Council Officers and Older Youth 4-H Club members. The idea for this type of meeting is to recognize and honor our leaders for their leadership during their term of office. Funds to sponsor the entire day's activities, including lunch and recreation, will be sponsored by the 4-H County Council.

Plan now to make all necessary arrangements to attend this special Club meeting so that you might learn each other better and familiarize yourself with the County and 4-H Club activities now being carried out in the County.

It was decided to hold this meeting at Wyatt's Camp on the Coosa River. We will meet at the County Agent's office Monday, July 2nd at 8:30 a.m. Each member will be insured in case of accident. Swimming and recreation will be supervised and non-swimmers will be assisted in learning to swim if they so desire.

Feel free to invite your parents or any other out-of-town visitors in your home at this time.

Looking forward for a nice meeting.

Yours very truly

All-Stars Shellac Rebels 15-0 Here

The Clanton All-Stars combined 13 base hits, five walks and a number of Selma errors to give the Rebels a 15-0 thrashing in a Sunday afternoon game played here at City Park.

Bobby Carl Wyatt pitched the shut-out for the Stars and held the Rebels to 6 hits. For Wyatt it was his 4th win and 2nd shut out. He has lost one.

Wyatt also banged out 3 hits but the hitting honors belong to Royce Seales who batter in five runs with a pair of doubles and a sacrifice fly.

One of the fielding gems of the day occurred in the 5th inning with the Rebels at bat. Nichols was on Third and Ballard on first with only one out. Bernado slashed a line drive over third that seemed to be a sure extra base hit. Harry Ellison leaped high to get the drive and stepped on third for the double play. One of the finest defensive plays of the year was turned in by Seales in the 9th inning. Seales knocked down a sure base hit by R. Harris made a quick pick-up and with a lightening throw to first got his man.

Bobby Wyatt is now leading the club in batting with an average of .458 followed by Fulford at .400; Edwards has a .375 and Seales a .370.

Next Sunday afternoon the Stars will play hosts to a newcomer on their schedule. The Plantersville team will bring a strong line-up to City Park in an attempt to derail the Clanton Stars Express which is now beginning to roll smoothly.

The locals are expecting the largest turn-out of the season for this game so all of you fans come on out, early to the park.

Along With Air-Strip Dedication

1956 Peach Festival Set For July Fourth

The Annual Chilton County Peach Festival that was cancelled last year due to the freeze in March that destroyed the entire crop, is scheduled for July 4th. The program will begin at 10:30 a.m. at the Clanton Airport. Since the date of the Festival is on a National Holiday, the committee has decided to eliminate the parade, which would cause a conjestion of 7 miles on the highway. The Festival has been planned by the 1954 committee. Jemison's Vocational Agriculture teacher, L. C. Shields, is chairman, and Clanton Drive-In Theatre manager, Joe Jackson is co-chairman. Miss Martha Bell, the 1954 Queen will reign over the 1956 Festival, as she did not get to complete her mission in 1954. Miss Bell is a student at Auburn, and will serve as one of their cheerleaders for 1956. She is the daughter of Mr. and Mrs. J. D. Bell of Clanton, Ala.

With the exception of the parade and beauty pageant, the program will be similar to the Festival's morning program of the past.

There will be a grower's contest, and the peaches will be judged, and the queen will fly with the Blue Ribbon Bushel of peaches to some point to present them to some dignitary, which will be announced later.

Tom McCord of Montgomery will again auction off the peaches that will be on exhibit. The Lions Clubs of Chilton County are offering the winner of the prize basket of peaches a trip with the queen to present the peaches.

Miss Alabama Will Be Present

Our own Miss Pat Huddleston, now Miss Alabama, will be on hand for the event, and will serve on the program.

New Paved Air Strip at The Clanton Airport To Be Dedicated.

After lunch the Kiwanis Club of Clanton sponsor the dedication of the new paved runway at the Clanton airport. Asa Roundtree, State Director of Aeronautics, will be the speaker at the dedication.

About 200 planes will take part in the dedication. Most of them will arrive in time for the morning program.

Serving as Chairman of the dedication program for the Clanton Kiwanis Club, is Alex Hayes, and Probate Judge, M. D. Tingle, Co-chairman. The dedication program will start promptly at 2:00 p.m. The new 4000 ft. paved air strip will be used in the future to help Chilton County farmers market their peaches, berries, and other truck crops.

The Clanton Kiwanis Club has planned a program for the evening, which will be announced later. The Army and Navy, together with private licensed pilots will be on hand for the day's events.

There will be plenty of music, and a good time has been planned for all. Make your plans now to attend.

Local Minister Will Speak To Jemison WCC

There will be a meeting of the White Citizen Council of Jemison Monday night, June 25, 1956 at 7:30 p.m. At the Jemison School Auditorium. Our guest speakers will be the Rev. Earnest Jones of Clanton. He is a deeply loved and highly respected minister of the gospel, father of a large family and citizen of Clanton.

A citizen of Jemison who works in Thorsby, a superintendent of a Sunday School, Devout Christian World War Veteran and a wonderful gentleman who believes in the Southern way of life—and others Their topics will be of great interest to everyone. Chilton County is invited.

We are happy to announce that citizens of Thorsby and Clanton are joining our non-political organization. We are controlled solely by the people, a grass root movement

Our investigation, action and political committees are going to roll into the field of achievement. You will soon know the results. We are not going to sit still and do nothing. We love our wives and children and our determined stand is to give our children the same Southern way of life as our forefathers gave to us.

We have no secrets—our philosophy, even our books are open to you of Chilton or any White Citizen.

If faith in Christ dominates our council, it is already a foretaste of Heaven.

Your sacrifice of a few hours now may mean your happiness and security in the future. Come to our meetings and see for yourself.

Sou. Bell Plans Extended Service For West Chilton

Telephone service for the residents of Pletcher, Sardis, and Adams moved a step nearer to reality today according to Mr. O. W. Norton, local manager of Southern Bell Telephone Company

There are approximately 116 families in this area that will receive service. It is expected that this project will be completed before the end of August. Mr. Norton added this service is being provided at an expenditure in excess of $50,000.00

It is proposed to bury the cable along U. S. Highway 82 from the urban limits of Maplesville to the community of Pletcher. It was pointed out that construction of new lines in rural areas not only furnish service to the farm families but makes everybody's telephone service more valuable, because they can call more people, and be called by more subscribers

There is no telephone service in this immediate area at present.

Chiltonians Receive Awards For Soil Conserving Efforts

Alabama's winners in a national soil conservation awards program have been named here by Goodyear Tire & Rubber Co., sponsor of the competition.

North Central Soil Conservation District was selected as the outstanding district in the state for the year ending March 31.

Winners of individual honors are Charlie Patterson, of Clanton, outstanding conservation farmer, and R. O. Williams, of Rt. 1, Clanton, nominated by the winning district to receive the governing body member award.

The grand award is comprised of bronze plaques for the champion district and each of the individual winners. The two winners also will be guests of the sponsor on a vacation trip to Wigwam resort and Goodyear Farms, Litchfield Park, Arizona, late in 1956.

The bronze plaques usually are presented at annual meeting of the state's Soil Conservation District Association.

The awards are based upon district accomplishment in organization, eduction, planning, publicity and accomplishment connected with soil and water conservation.

Second place district honors for the contest year go to the Coosa River soil conservation district which nominated J. W. Bennett, of Heflin, the outstanding farmer-cooperator.

Judges who selected Alabama's winners were: J. M. Cain, president State Supervisors' Association, of Tuscaloosa, chairman; J. C. Cannon, state supervisor of agricultural education, Montgomery; S. P Doughty, extension soil conservationist and P. O. Davis, director of extension service, both of Auburn

Entered in the Post Office at Clanton, Alabama, as second-class matter under the Act of Congress of March, 1897.

Come's the First, Pop will have to pay for the Day he just had.

* * * *

Once we heard a wise man say: "A child talks to its parents in the same manner in which they talk to it."

A BETTER PLACE TO LIVE—

It makes us proud to hear folks say they hate to have to move away from Clanton. We hate to see them go but it does warm our hearts to know that they would prefer to stay here.

On numerous occasions we have had the opportunity to talk to folks living in other towns who formerly resided here Without fail, every one of them has stated how much he hated to leave Clanton and how he still longs to return. He may have lived here years ago but it is still warm in his memory.

We have been a residence for foreigners, total strangers and transients and they all seem to enjoy our way of life. They all say there is a magnetic force to the atmosphere of our fair community that never leaves the mind.

It pleases us no end to find that other folks feel the same way about our home that we do.

WHAT ABOUT THE PROBLEM?—

Several weeks ago we mentioned something about several blind corners in Clanton. Since that time two or three traffic lights have been put into use on some of these corners.

But there are still these blind corners that are going to cause an accident. We do not feel that a traffic light at these few intersections is necessary. But we had no reply on our suggestion that we made earlier.

If we can't have traffic signals on every corner, which is logical, then we should have a city ordinance to the affect that no car can park within a cerain distance of the corner. That would eliminate our blind spots and be very little expense and trouble. How about it City Fathers?

THE YELLOW LINE—

On all Alabama state highways you see the sign "Don't Cross Yellow Line Right of Center Line" many times. These yellow warning lines were painted there for the motorists' protection and the signs were erected to set as a constant reminder of this safety device.

The theory behind the yellow line is that where you find it right of the center line you are in a zone in which it would not be safe to pass a car. A tourist who has never driven in this state before is automatically warned of danger spots by this line and knows to keep to his side of the road. Basically, it is a sound safety precaution and should be observed by everyone at all times.

The only hitch to it is the fact that when the yellow lines were laid out, there was no distance included for the margin of human error. Strictly conforming with this line you would have some close scrapes. The lines begin too near the crest of hills and too near the blind spots on curves. If everyone on the highway was traveling at forty miles an hour they might be perfectly safe, but in the fast pace of today's traffic the lines are a hazard

Approaching a hill, if you passed a car just before the yellow line began, and met an oncoming car doing sixty you would not have time to act. There's just not enough leeway before the danger spot.

Naturally, we all know the hills and curves around our home towns, but what about the roads away from home. Too, we are endangering the lives of tourists who travel the length and breadth of our state trying to comply with our laws and putting their faith in the workings of our highway department.

The more we allow for human error on our highways, the less we'll be forced to allow for human tragedy there.

Letters to the Editor

TO THE AMERICAN CANCER SOCIETY WORKERS OF CHILTON COUNTY:

The following is a message from Judge J. C. McGough, State Representative of the American Cancer Society, sent to all Alabama County Chairmen, By Mrs. Lillian G. Meade, Executive Director of the American Cancer Society, Dept. of Alabama.

I am anxious to have all the campaign workers, and also the contributors, of Chilton County, to see the last message that the late Dr. Festus M. Cook, State Campaign Chairman for 1956, sent to us. Dr. Cook died of Cancer on June 4th.

Very Sincerely
E. R. Yeargan
Chilton County Chairman

My dear Co-workers:

On Thursday, May 31st, I made a special trip to Montgomery, to see our beloved State Campaign Chairman, Dr. Festus M. Cook.

As you have been advised previously, Dr. Cook has been seriously ill for some time, and he is now in the critical stage.

Dr. Cook was not conscious when I arrived at the hospital to see him, but after waiting for some time, he regained consciousness for a while and I was allowed to talk with him. His first question was, "How is the Campaign coming along?"

Dr. Cook was advised not to talk, but I gave him a resume of each county and what had taken place in the County.

He brightened up at the fine report that I was able to give him because of the splendid work done by the Campaign Chairmen. I assured him that the Campaign Chairmen of the Alabama Division would not let him down.

As I was leaving, Dr. Cook roused himself to give me this message, which he asked be relayed to the Campaign Chairmen:

"Please say thank you to all who have worked so hard for the 1956 Cancer Crusade. It is my earnest wish that the final results show the best Campaign in the history of the Alabama Division."

At that point I left Dr. Cook, with a prayer in my heart and tears in my eyes.

I know that there is not one of us who will fail this wonderful man.

Sincerely yours,
J. C. McGough
State Representative

Since dictating this report we have just been notified of Dr. Cook's death.

Fishermen Must Hunt Quarry On Hotter Days

The best fishing reports for the past week come from Lakes Martin and Yates over on the Tallapoosa River. Nice strings of largemouth bass, bluegills and stripes were taken with live minnows, flies and other artificial lures. Bream fishermen had best results on the Coosa Lakes with crickets, worms and popping bugs. During the hot days of summer, the fishermen having the best luck are those doing the most hunting. In the cool of early mornings and late afternoons are the best times of day to hunt.

Alabama Power Company fishing contest judges have decided on cash award winners for the months of April and May. Tallassee's bream specialist, Dr. J. R. Lett, won the April prize with his 22 ounce shell cracker taken from the waters of Lake Yates with a wiggler fly lure James Carlton, Alexander City, took the May prize with his 2[illegible] ounce bluegill. Jim picked up his super whopper with a spinning lure from Big Kowaliga Creek, Lake Martin These awards are based on Whopper Catcher weights, and in proportion were the largest fish entered during the two months. The prizes consist of a merchandise certificate good for $10.00 in trade at the favorite sporting goods store of the winners.

Reports and entries during the past week are as follows:

LAKE JORDAN

Log Cabin Beach, near the ferry below Mitchell Dam, reports: "The good Doc", Dr. Milton Rubin, Birmingha m oatedh cmfypow ETAOBP mingham, boated a nice string of stripes from the upper reaches of Lake Jordan while fishing a Barracuda Reflecto Spoon. "The good Doc's" best was two pounds four ounces.

LAKE YATES

H. & W Grocery Store, near Yates Dam, reports: Elmer Gresham, East Tallassee, boated an eight pound largemouth bass along with several smaller ones. Elmer used an artificial minnow to make his haul.

LAKE MARTIN

Wayne Floyd, reports from Kowaliga Beach Resort: C. C. Hammett, Anniston, fished under Kowaliga Creek Bridge with live minnows as bait with the following results: Wednesday, 15 stripes (the limit) weighing up to two pounds eight ounces each; Thursday, 12 stripes weighing up to two pounds each, Friday, the limit again, also a three pound two ounce largemouth bass.

Frank Jackson, Alexander City Western Auto Dealer and bass catcher, chalks up another lunker to his credit. It was a little one this time, six pounds four ounces. A top water injured minnow was the bait used.

Doff Worthy, Alexander City, and Sattil Ellis, Central, fished less than three hours under Kowaliga Creek Bridge with live minnows and brought in 13 stripes. The largest was two pounds six ounces.

Sam Dixon, Birmingham, used a popping bug to snag ten nice bluegills from Big Kowaliga Bay.

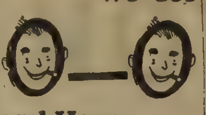
Be sure and enter your best catch in the contest. You may be the prize winer for June.

Lake Jordan's Sunday fishermen and cottage owners no longer have to miss church services while visiting the lake. Last Sunday over 85 recreationists attended lakeside worship service held at the boat racing point near Bonners Fishing Camp.

The Rev. Shaw, pastor of the Riverside Baptist Church, Holtville, conducted the services under the trees and overlooking the lake. Everyone is invited to "come dressed as you are—by boat or by car." Every Sunday for the rest of the summer services will be at 8:30 till 9:15 a.m.

CHIEF ALAPOCO SAYS: "Let's show you what this little beauty will do." This might well prove to be your last words if you're talking about your boat. It may be fun to frighten your friends, but fun can quickly turn into tragedy if it isn't tempered with common sense. Avoid sharp turns. Fast, sharp turns are hard on equipment and sometimes on people—so take it easy. Remember. . . you may scare your friends and yourself to **death**. . . and we mean that **literally**.

things we See and Hear



By "TUCK"

Had a little mix-up over at the grocery store the other day. Went in to get our groceries after the wife had purchased them and we couldn't find tomato juice nor catsup of 'em. Well, we stood around for a while, not asking any questions and making everybody nervous; that's when they all began to ask each other "wha' hoppen? We really had a wild goose chase. Between one reminding us that it wasn't their responsibility and another telling us they'd find them alright, we didn't know whether we were gonna have our groceries or have to spend twenty dollars for the ten dollars worth of groceries that we bought that were worth about five.

Anyhow, our groceries were found. It seems a Mrs. Knight, bless her heart, hauled them off to her home (some ten miles) and when she arrived found she had the wrong sacks of goodies. She then had to drive back to town from whence she came, and reclaim her groceries and at the same time get us out of our misery. S'funny too, you know; everybody was getting in an uproar and blaming everybody else and Mrs. Knight walked in and calmly asked, "are you all having any trouble." Naturally nobody wanted to let on that there was any trouble so they all grinned and pointed at each other and went back to work.

It seems that when you leave your groceries in the store for a later pick-up you stand a chance of losing them because, even though the "sack boys" write your name on the bags, someone is liable to come in and pick up the wrong bag. (meaning no offense, aha ha.) Sometimes it's intentional and sometimes it's unintentional. At any rate, you shouldn't leave your groceries lying around. We'll just have to start hauling ours out when we buy them.

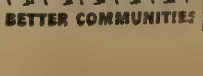
What they need is a lock basket system where you can get a key from the cashier, if you want to leave your groceries for a while, and lock them in a cage. The key and the locker could have a number on it and nobody'd have to worry the employees of the store. Then when you got your groceries out you could either return the key to the cashier or leave it in the lock. Simple, but I'll bet ole Cecil Ramsey wouldn't see it thataway. Oh well, we wuz just trying to help. Guess we'd lose the key then, huh Cecil

We received a Ceegar Monday morning from a friend of ours, one Thurl Patterson. It seems that over the week-end (Father's Day to be specific) Thurl's missus, Imogene saw fit to present him with a big, beautiful baby boy. Was he happy excited? Well, it's hard to say; but Monday is the first time since we've known him that Poppa Thurl wasn't clowning around. (Does have a sort of sobering affect on you doesn't it old pal.) Yep, he was dead serious. Just the opposite to most folks. But you know how it is. . . it does different things to different fathers In this case, he was just "numb." Well, Thurl says Momma and son are doing swell and we're mighty glad to hear it. It couldn't have happened to a nicer couple of folks. We wish the youngster a lot of luck. Say Thurl, we forgot to ask his name. It's not Imathurl is it. Yeh that's what it'll be. . .I'm uh, Thurl Patterson. (Jr. that is).

This fishing is for the birds. . say now, there's an idea, we haven't tried that for bait yet.

Just got word that our brother-in-law got a new Ford station wagon for Father's Day. (These fathers really rate.) He just made Chief (in the Navy) and all we can say is he really has it rough. We know he's having a tough time of it, because he's losing so much weight.

We're in desperate need of an outboard motor. If anybody has one to sell. . . we can't pay cash for it.



BETTER SCHOOLS BUILD BETTER COMMUNITIES

LIFE'S LITTLE SHADOWS

VERNON P. PAYNE

Rarely ever do we pass a hospital without feeling a sensation of compassion for the many soul's enclosed by the bleak walls who are undergoing pain and uncomfort. It is with thankfulness that I realize I am on the outside looking in.

Inside the walls are people of all ages, colors and creeds—humanity with a common factor. At this stage, everyone is equal; pain knows no distinction.

Humans are making their entrance into the world; others are making their departure; the majority are tying to hold on to the life that is dear to them. The events taking place in this quiet building are felt in homes far away. Kinspeople neighbors and loved ones feeling the pains of anxiety and sympathy; are knowing the elation of birth; are sorrowing over the worldly loss of death. The hospital is only the nerve center of a wide-spread throbbing human heart.

At any given moment in a large hospital the happenings would be almost beyond human kin. The body's endurance is phenomenal and the will of a soul to remain on this earth is a miraculous feat. A few have lost the will to remain and lay there waiting the time when they can shed the mortal pain.

It is with true pity that I pass on by and leave them in their agony.

Clantonians Attend Safety Conference

"SAFETY Is Everybody's Business," Montgomery and Clanton plant employees of Southern Bell were told June 14 in a company sponsored safety conference. Attending from the Clanton Exchange were Mr. H. C. Williams, Jr., Mr. J. L. Williams, Mr. Irvin Joiner, Mr. S. M. Cargile and Mr. H. R. Littlejohn.

D. T. Rosselle, Supervisor, from the utility's general office in Atlanta, said that in 1920 the telephone company reported and average of 85 lost time accidents per thousand employees. Last year the average was three, and so far this year, one per thousand employees.

The average can be made even lower bv safetv conscious employees he said. Courtesy in driving and an awareness of the hazards in working in and around improperly wired buildings are major factors in accident prevention.

Approximately 150 employees attended the workshop. Members of the Alabama Rural Electrification Association were guests.

Conservationists On The Move In County

by Olin G. Fields

District Cooperator S. L. Baker likes his Sericea for grazing. Talking with him last week he said "Old Sericea is mighty hard to beat on our hilly up-land." We think this is true because Sericea will stand lots of dry weather, grazing and haying Mr. Baker lives in the Concord Community about 3½ miles east of Clanton. He is making plans to increase his Sericea acreage according to his conservation plan next spring.

Clarence Baker and his son Curtis see the need of deepening the shoreline of their farm pond. Shallow water brings on problems such as mosquitoes, weeds and causes an ugly sight around ponds. Curits said they were planning to drain the pond down and let the area dry out this summer so they could do the work in the fall. The best time to do this is while you are constructing your pond. The shoreline should be cut down 18 to 24 inches. The local Soil Conservation Service will be glad to give assistance to all District Cooperators who wish to construct ponds to service standards.

Cultivation and side-dressing of Coastal Bermuda helps to get a good coverage of the land in a short period of time. A. Reedie Taylor was doing just this a few days ago on 12 acres of Bermuda set out this year. If you are down Poplar Springs way just after you pass the cemetery, you will see some good first year Bermuda grass.

E. B. Mizell, Esco Culp, E. E. Coppock and Curtis Baker had their ponds checked the first of the week for stocking and pond management by the State Department of Conservation.

James Veazey of Maplesville is constructing a fish pond for fish production and livestock watering.

Not Too Late To Build A Duck Pond

Auburn—There's still time to build duck ponds before the game birds arrive in Alabama on their migratory flights south next fall and winter.

The prerequisite, is an isolated spot in an area that's frequented by wild ducks and that has a plentiful supply of running water. If you have all this, here's what you do:

Dig the pond now. Most of it should be shallow—less than three feet deep, and banks should be clear of tall growth. Fill with water from a running stream. The dam must have a small pipe that can take off off at least half the water within two or three week's time.

Drain the pond in July and plant the moist bottom to wild millet by mid-August. It takes 20 pounds of millet per acre, and each acre should be treated with at least 200 pounds of a complete fertilizer.

After seedheads have matured (they'll be ready in about six weeks) reflood the pond.

Duck ponds can be kept in good condition year after year. If the water is lowered each July and the stand fertilized, the millet will reseed itself.

Pigs should be immunized against cholera soon after they are weaned

Even the best equipped gin can do a better job on cotton if it has been harvested properly.

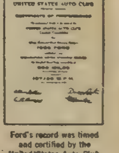
FORD sets 500-mile record at Indianapolis Speedway



UNITED STATES AUTO CLUB

Ford's record was timed and certified by the United States Auto Club

Again proves nobody outperforms Ford

... dramatic demonstration of the kind of performance and roadability that makes all your driving more fun in a Ford!

A Ford V-8 hurtled across the brick and asphalt surface of tough and testing Indianapolis Speedway . . . whirling through the tight turns and flashing over the straight stretches . . . to set a mark that *no* stock car ever reached before!

Previous to Ford's record run, no other stock car had gone even *one lap* at Indianapolis at 100 m.p.h., but one of Ford's laps was timed at the electrifying speed of 113.7 m.p.h.! And Ford *averaged* over 107 m.p.h. for the *full five hundred miles* . . . close to the average set by the extremely costly, specially-built racer which won the Memorial Day "500"!

Ford fully realizes that the welter of claims and counter claims about "racing victories" (many of them completely contradictory) must be confusing and disillusioning to the public. Ford ran this race against time, over the true "Classic" distance and at the most famous track in America, in order to dispel this cloud of doubt and disbelief and prove that no one outperforms Ford!

Peter de Paolo, leader of the team of drivers that piloted the winning Ford, states flatly: "No other stock car could have equalled this performance!" And Pete de Paolo should know, for he was the first driver to win the "500" Classic with a better than 100 m.p.h. average. And now he comes back with a group of drivers to establish a stock car record with the great '56 Ford!

Ford wrote this new mark large and bold in the record books. And the *whole* Ford did the trick. From the hood-full of throbbing horsepower to the road-hugging rear end, Ford demonstrated that it has what it takes to make your driving more enjoyable. Convince yourself that driving a Ford can be real fun. Test drive a '56 Ford. There's a set of keys waiting for you, so come in and see us soon.

Thorsby Institute News—

Rev. and Mrs. I. A. Hart have just returned from two-weeks vacation in Illinois where they visited friends and relatives and attend class reunions at Knox College, Galesburg Illinois. Both the Rev. and Mrs Hart are graduates of Knox College. They report a very pleasant trip and a wonderful reunion with college classmates, friends and relatives.

Mr. and Mrs. A R Folk spent last week in Berwick, Pensylvania, with Mr. Folk's mother and other members of his family, including a brother and sister-in-law, who are missionaries in Africa.

Miss Norma Jean Honeycutt (class of 1946) will be leaving in the very near future for Turkey where she will teach school during the 1956-57 term. She will teach children of American service men and government workers there. Since her graduation from college, Norma Jean has taught in many of the high schools in Alabama.

The library will be open during the summer of Tuesdays and Fridays from 10 a.m. to 12 noon, and from 2 to 5 p.m. Townspeople are welcome to use the library and select books from our plentiful supply. However we do ask that you be prompt in returning the books. Many valuable books have been lost recently because a few people have borrowed and failed to return them at all. If you have a library book you have forgotten to return, won't you please bring it in? The following is a list of books Mrs. Harding would especially like to have returned: Nicolay's LIFE OF LINCOLN; TRAITOR'S MOON; CHINA FLIGHT and PERSONAL MEMOIRS OF U. S. GRANT. If you have one of these books please bring it to the library as soon as possible.

The office is open daily from 8:30 a.m. to 12 noon, and will be kept open all during the summer. We would like to remind last year's pupils to call for their report cards if they have not already done so. We still have quite a few that have not yet been called for.

At least 10,000 broilers are needed to make up a profitable, full-time operation.

Seventy-eight percent of the lamb meat consumed in the U. S. is eaten east of the Mississippi River.

More Than She "Bargained" For

Dad Baker retired from active dairying — seven or eight years ago—but still keeps a half-dozen purebreds more or less as a hobby.

Dad goes all-out for these six. Temperature-controlled barn, expensive feed ... the works. As a result his milk has a low bacteria count, a high butterfat content. And as a favor to neighbors, he sells it just two cents above the ordinary price.

Recently, a neighbor complained—asked if she couldn't get the milk "at cost." Dad agreed, sent her a bill for exactly what the milk cost: 75¢ a quart.

From where I sit, it's easy to misunderstand if you don't get all the facts. That's why we ought to consider the other fellow's viewpoint *before* we talk out. For example, you have your reasons for liking particular beverages. I have mine. And whether we're talking about buttermilk or beer ...let's try to respect each other's point of view.

Beef Bull Program One Of FFA's Fine Farm Projects

2,168 Alabama high school boys had beef production projects this year compared with 788 boys 12 years ago. These beef projects were supervised by high school vocational agriculture teachers in coperation with Mom and Dad on the farm.

The 349 vocational agriculture teachers in Alabama high schools launched this program a few years ago to improve the livestock on the farms in the communities they served.

In 1948 the Alabama Future Farmer Association, with the co-operation of Sears Roebuck Foundation, began a program in which purebred beef bulls were given to 51 local vocational agriculture departments. Since then, 168 departments have received bulls. After these bulls have been in the program for two years or more under the supervision of the vocational agriculture teachers, they may be sold and replaced by a younger bull. In this way the program is self perpetuated.

B. P. Dilworth, assistant state vocational agriculture supervisor who looks after the program, says most of these 168 registered bulls are on the farms of the vocational agriculture students where they are used on grade cows and that more than 10,000 cows have been bred to these bulls since 1948. Many purebred heifers have ben bought by vocational agriculture students and bred to these bulls.

Vocational agriculture has given other phases of the livestock industry their due attention too. Last year 3,599 high school boys improved 30,007 acres of pasture as a result of the training and supervision given by vocational agriculture teachers.

1,673 farmers were taught to improve 35,302 acres of pasture. 12,718 acres of grazing crops were planted by these farmers.

Modern farmers now spend more time trying to grow grass and less time killing grass. Our expanding livestock industry creates the need for more pasture grass. Modern farm machinery enables farmers to kill the unneeded grass in the crops quicker.

Mr. J. C. Cannon of the State Department of Education supervises this program at the State level under the immediate direction of Dr R. E. Cammack, Director of the Division of Vocational Education.

Safety Director Advises: "Don't Vacation In This Manner"

(The following article is written by W. V. (Bill) Lyerly, State Director of Public Safety.)

Now that Summer is here, most of us are thinking of those wonderful days on the lakes, creeks and rivers. We look forward to weekends and a trip to the Gulf, or the beautiful Tennessee Valley area for a week-end of rest, relaxation and sport.

There are also some more serious things we should consider. The most important of these serious matters is safety. Your safety, my safety, and the other fellow's safety.

Most of us think that we are doing all we can to play safe. But are we? Let's see.

First, we have had a "rough" week. Friday comes and we are thinking about that fishing trip. We reach home tired, spend most of the evening getting ready. Early Saturday morning, or possibly late Friday night, we start out for the camp or seashore. We just have to hurry and arrive there so we can get an early start in the morning. There won't be too many police on the road, so we'll step on it!

A few minutes later while rounding a curve at the top of a hill, we meet a farm truck loaded with equipment. Some of it is hanging outside of the body. We just miss it by inches.

We finally arrive at our destination. It is rather late, or early (2 a. m.). We take a nap until 5:30, waken and hustle ~~some~~ breakfast, break out the fishing gear, load the boat and off we go to our favorite fishing spot.

During the day we consume some beverage, get a god sunburn, and as night falls, head for camp.

After supper we sit around and "chew the fat" with a few "long ones" until a late hour. We are determined that on the morrow we will get an early start and get in a real day of fishing.

Late in the afternoon we head for camp, dog tired—but tomorrow is Monday, and we must drive home tonight.

On reaching the main highway we run into heavy traffic, both directions. We are doing only 50. "Why in the Samhill don't these people move faster?" Finally, we pass all of this s-l-o-w moving traffic and are away out in front of it doing 70

As we race along toward home our mind is on one thing—hurry, and get there. Suddenly, out of a side road creeps an old jalopy loaded with people, going to church, another car is approaching from the opposite direction, fast—there is hardly time to stop—no room to turn right —to late. . . . . . . When we finally wake up two days later they tell us that the two surviving occupants of the other car will live, but will be crippled for life. The other three were buried the day before.

We realize now that although we made minute preparations for the trip—the car, the motor, the supplies, EVERYTHING else was perfect—but the man behind the wheel—was wholly unprepared. He was tired at the beginning. He was tired on the long trip back. His judgment was not up to par. He was in too big a hurry— for what?? Pleasure? Yes. But along with it death, destruction, pain, worry, and not the least—financial disaster.

Let's take a vacation—but take time to do it safely, sanely, and without having to pay such a price.

Rabies Control In State Of Alabama

Montgomery—Most people can read road signs, so they know when they cross state and county boundary lines. But animals with rabies cannot, and they not only can but frequently do move from one place to another.

This is part of the problem of rabies control, Dr. D. G. Gill, Alabama's State Health Officer said today. "One county in the state, for example, may feel that they do not have to worry about rabies anymore The area may not have had any human cases or any outbreaks in animals for several months or years."

In such cases, people often tend to become apathetic, Dr. Gill explained. "They think that it is impossible for their dogs and other pets to contract rabies. And they show their attitude by failing to have their dogs vaccinated once each year. Thus, they may be shocked and surprised when rabid animals from adjoining counties invade the area, spread the disease to highly susceptible unvaccinated dogs, and the community has a rabies outbreak on its hands."

Such situations are not imagined but ones that Alabama health officials have seen happen time and again. "And that is why effective rabies control is not a one-time job but a continuous one." Dr. Gill stressed. To eliminate canine rabies he estimated that at least 70 per cent of the dog population in a community should be vaccinated once each year.

"Thus the incidence of rabies in a particular county is not the only factor that should be considered for effective control," Dr. Gill pointed out.

During 1955, Chilton County reported 10 cases of rabies in animals.

A bed of coal 9 feet thick represents what eons ago was a deeply buried peat bog about 38 feet thick.

Salt water from the oceans, being heavier than fresh water, sometimes travels far enough upstream along river bottoms to contaminate city water drawn from the river.

Production Data Now Available

For many years, dairy cows with production records have out-sold those with no records. Jersey cows with records averaged bringing $438 in 1954. Those without records and from dams with no records brought an agevare of $194. That's a difference of $234—more than enough to pay for a year's testing service.

A Drink For Health

Sen. Alexander Wiley (R., Wis.), left, and Rep. W. Sterling Cole (R., N.Y.), right, help two youngsters drink from a mammoth glass at a milk shake party in the U. S. Capitol. The two Members of Congress gave the party for more than 30 children in the Senate dining room to call attention to the need for increasing milk consumption.

A group of Washington (D.C.) children joined Senator Alexander Wiley (R.-Wis.) and Representative W. Sterling Cole (R.-N. Y.) at a milk shake mix party in the U. S. Capitol this month in an effort to induce more American youngsters to drink milk.

The more than 30 children, ranging in age from a toddler of three to early teens, seemed certain to become good milk drinkers. They came back for seconds and thirds of the milk shakes served by the two Members of Congress in the main Senate dining room.

Senator Wiley and Representative Cole, who come from the country's two top dairy States, said they both felt that the new powdered milk shake mix proved that it will be particularly effective in getting children to enjoy their daily milk.

Although the party was for fun, the youngsters knew that there was a serious side, too. The Congressmen explained that one purpose was to call attention of the country to the alarmingly high percentage of children and teen agers who fail to drink enough milk to meet minimum health requirements.

The Members of Congress pointed out that a shocking number of our children suffer from malnutrition because they fail to drink enough milk. On the other hand, they said, this country faces a serious dairy surplus problem. Government purchase of dairy products to support prices, they added, has cost the taxpayers hundreds of millions of dollars.

They commended the dairy industry for the promotional campaign it has undertaken to boost milk consumption, explaining that new products which offer promise of increasing milk consumption are appearing on the market every day.

One such product is the powdered milk shake mix which Senator Wiley and Representative Cole served the children in the Senate.

Gelatin Salad Molds Go On A Picnic

BLUEBERRY CHEESE SALAD MOLDS, a cool and welcomed change from the usual picnic salad, can be easily and safely transported to woods or shore in a 9-inch layer cake pan that slips in the top of a picnic cooler. This soufflé salad combines lemon-flavored gelatin and mayonnaise with blueberries, cottage cheese and crushed pineapple to make a deliciously different taste treat for outdoor eating.

BLUEBERRY CHEESE SOUFFLE SALAD

1 package lemon-flavored gelatin
¼ teaspoon salt
1 cup hot water
¾ cup cold water
¼ cup pineapple juice
2 tablespoons lemon juice
¼ cup mayonnaise
1 cup blueberries
½ cup cottage cheese
½ cup drained canned crushed pineapple

Dissolve lemon-flavored gelatin and salt in hot water. Add cold water, pineapple juice, lemon juice, and mayonnaise. Blend well with egg beater. Pour into refrigerator freezing tray.

Quick-chill in freezing unit (without changing control) 15 to 20 minutes, or until firm about 1 inch from edge but soft in center. Pour mixture into bowl and whip with egg beater until fluffy.

Fold in blueberries, cottage cheese and drained pineapple. Pour into 1-quart mold or individual molds. Chill until firm in refrigerator (not freezing unit) 30 to 60 minutes. Unmold and garnish with salad greens. Makes 4 to 6 servings. (ANS)

Eighteen fathers and children made this a very enjoyable outing.

What Fun! Supper Italiano

ITALY, land of warm gaiety and music, will lure many tourists this summer. But you may enjoy being a contented "stay-at-home" and bring the best of Italy right to your table in the form of a spaghetti supper party.

You're all set when you buy cans of rich, spicy spaghetti with meatballs. This is a newer "sister" food item to the long famed spaghetti in tomato sauce with cheese. And it smacks of mouth-tingling flavor. Lavishly-sauced spaghetti and tender tempting meatballs marry most delightfully in this dish. So simply heat — and heap the platters high.

If you can't resist "fancying" it up, slip in a bit of cooked celery or mushrooms. Better yet, pour in a can of spaghetti sauce with mushrooms for every two cans of spaghetti with meatballs. And that's sheer Italian bliss.

Spaghetti Americano

2 cans (3½ cups) spaghetti with meatballs
1 cup diced celery or ½ cup sliced mushrooms
2 tablespoons butter or margarine

Gently frizzle the celery or mushrooms until tender in butter. Stir in the spaghetti with meatballs. Heat to good and hot. Season with soy sauce if desired. Makes 4 servings.

Spaghetti Sicilian

2 cans (3½ cups) spaghetti with meatballs
1 can (1¼ cups) spaghetti sauce with mushrooms
Grated cheese

Layer spaghetti and sauce in a lightly greased shallow baking dish. Sprinkle cheese on top. Bake in a 400° F. oven about 20 minutes. Pass additional grated cheese. 4 generous servings.

PORK AND BEANS FOR TEENS: For those never-fail appetites of active teen-agers, here's a bountiful bean casserole. It can be readied for the table in jigtime. Empty 2 cans (3½ cups) pork and beans with tomato sauce into a shallow casserole. Thinly slice a medium onion and dip in melted butter or margarine. Place on top of beans. Sprinkle approximately ½ cup shredded sharp process cheese over top of rings. Bake in a 425° F. oven about 20 minutes or until the cheese is lightly browned. Makes 6 generous servings.

Nedford (Buddy) Williams

Daniel N. (Buddy) Williams enlisted in the U. S. Army on January 25, 1955 and was sent to Ft. Jackson, S. C. for processing and later to Camp Gordon, Ga. where he received his basic training.

After completing basic, Buddy spent three weeks at Ft. Dewens Mass. where he attended high speed Radio School. In Oct. he was shipped to Japan and arrived in Korea on November 8. 1955 where he has been with the 301st Comm. Recon. Battalion since. On April 12, 1956 he was promoted to Sp|3.

Buddy will return to the states in February of 1957.

Helpful Hints For Housewives

Get extra milk into children's diets by cooking their cereals in milk instead of water.

Wide bodies, plump, round breasts and short, well-fleshed legs are signs of quality in fryers and broilers.

Used as a garnish, ice cream can help stretch a nine-inch pie into 8 servings or make a sliver of cake seem generous and satisfying.

Fumigation is the only cure for moth-infested furniture stuffing.

Many belts should not be sent to the dry cleaners because the solvents used in cleaning will dissolve their backing and leave the belts limp.

Baking powder must be kept dry or it will lose its leavening power.

Cake pans usually should be filled not more than half way with batter. Most cake doughs will double or triple their bulk. Follow recipes in filling the pans.

Putting freshly laundered bed linens at the bottom of the drawer and using those at the top is one way to preserve the life of your linens. They need the rest between uses.

Spanish conquistadors under Hernando Cortes explored most of Mexico and much of the Southwest United States nearly a century before the Pilgrims landed in New England.

There were 30,000 more persons injured in U.S. motor vehicle accidents last year than in 1952.

Can-Opener Is Very Essential Equipment In This "Modern" Age

What would we do without the can opener? The can opener is a mighty important piece of kitchen equipment.

When you take cans of fruits, baby food, meat, milk, and other products off store shelves, you're joining millions of other consumers who buy over half a billion cases of canned foods each year. Nine cents of every dollar spent in food stores go for canned gods.

It is pointed out that unopened cans should be stored in a moderately cool, dry place. Unused contents of a can that's been opened may be left in the can or put into another container, but it ought to be stored in the refrigerator until used.

AC Enrollment Reaches Record Number For '56-'57

Montevallo—Enrollment in Alabama College's 1956 Summer Session is the largest in the school's history.

The first term of the College's Summer School, which began Monday of this week, showed a 63% increse in number of students over last summer's enrollment.

According to registration figures released by Miss Virginia Hendrick, College Registrar, 510 students are enrolled for the first term of the 1956 Summer School. Last summer's term enrollment was 312.

One-hundred fifteen men are enrolled, which represents 22% of the total enrollment.

Alabama College, since 1896 the State College for Women, officially became a co-educational state college of liberal arts at the opening of the summer session.

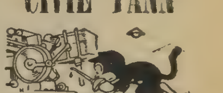
CIVIE TANN



Sez:

On making his acceptance speech last week Paul Williamson, treasurer-elect of our club, noted that he "was not going to make a speech and he was not going to tell a joke." He just wanted to say that he "hoped he handled our money better'n he did his own." Ha, ha, you're a card, Paul. (Well you guys, guess we'd better appoint a club detective. Gotta watch out for our interests you know.)

President-elect Brokshire made a rare gem of a speech thanking the club for their confidence. There's a talker now. Bro. W. H. made his acceptance speech and stayed on the serious side and made a very nice speech. (he's vice-president-elect). Our future secretary, Marvin Scott chose not to talk. Guess he figured he'd get to do enough of that when he started trying to call the roll and read the minutes. Troy Maddox, (another v.p.-elect, that's vice-president) chose not to even show up that night so he'll make his acceptance speech tonight fellas. As a matter of fact, he can make an extra long one, since there'll be no one else on the program with him. Let 'em have it Troy boy.

The "Korn Dawg Kings", as we affectionately call ourselves have been talking of presenting to the public another week of good eatin'. Lok for the anouncement in this column.

Fellas, alas, we don't eat tonight, but try to make it will you? We'll have some important discussion and we'll need your vote and opinion.

7:30 p.m. at the City Grill.

You've heard the old saying. . . what we want to know is, them that's got what, get's what?

Macaroni Makes a Meal Try It With Instant Cream

FOR A SUMMER LUNCHEON, on a really hungry day, remember macaroni and cheese makes a very hearty dish. Served with a few greens it also makes a delicious and well-balanced meal.

The new recipe we are giving for macaroni has a particularly good flavor. It calls for the instant cream that is so easy to use and gives such satisfactory results. Try it plain or with variations.

INSTANT CREAM MACARONI AND CHEESE

4 cups water
1 teaspoon salt
1½ cups elbow macaroni
½ cup instant cream
4 tablespoons flour
1 cup cubed sharp cheddar cheese

Bring water and salt to a boil in a 2 quart pan. Stir in macaroni and cover. Reduce heat and cook about 15 minutes stirring once or twice. Do Not Drain.

Mix instant cream with flour and stir into macaroni and water. Add cheese and cook and stir until mixture comes to a boil and cheese melts. Makes 4 servings.

We had two wonderful services Sunday morning and Sunday night The Rev. Norman Carr brought two very inspiring messages. We were thankful for the good attendance at our Sunday night service and hope each member will make a regular habit of attending church on Sunday night.

There was a good attendance at prayer meeting and choir practice this past Thursday night, but we are praying that even more will attend. Prayer meeting begins at 7 o'clock with choir practice afterwards.

If you don't go to church anywhere, we extend to you a cordial invitation to come and worship with us.

PROFIT-SHARING SALE OF PIANOS AND Musical Instruments at E. E. FORBES & SONS PIANO CO.

403 N. 20th St. as our landlord wants to destroy this building and turn the lot into a parking space for the benefit of the public. So it is necessary for us to move. We have a very large stock of pianos worth more than $200,000 and we have decided to sell them without any net profit, which will be a benefit to the public, because we must reduce the stock so we can move to the building we own at 1914 4th Ave. N., now occupied by the Forbes Furniture Co., and they will have to sell their stock in the same manner we are offering ours, to make room for us.

Our merchandise consists of a large stock of New and Used Piano Used pianos at prices you are willing to pay, terms to suit your convenience. You can save from $50 to $250 on New Spinet Pianos; $200 to $400 on Grand Pianos. All Pianos are marked in plain figures, and it doesn't cost you anything to come in and see for yourself that you can save money buying now.

If not convenient to come to the store, write for price list and we will send a piano out on our van to the country for you to examine without obligation to buy, if you will ask for it.

Our music department is already moved to the new store: 1914 4th Ave. N., Birmingham, Ala.

Now if you need a musical instrument in your home, which every home should have here's an opportunity to buy one at a saving that you are not likely to have again First come, first served. Terms to suit your convenience.

Cattle Grubs Get Hard Lick From Scientists

A potentially heavy blow against cattle grubs has been struck by U. S. Department of Agriculture scientists, who have conducted successful experiments in preventing development of the parasites within cattle.

This feat was accomplished by feeding grub-infested cattle an organic phosphate chemical called ET-57, which proved to destroy grubs wherever they occurred in an animal's flesh.

It is said these test results show much promise for future development of a systematic grub-control method that can be used by livestockmen. Cattle grubs cost the livestock industry an estimated $100 million a year in loss of meat, milk, and hides.

Veterans Club To Sponsor 4th Of July Bar-B-Q

There will be an "Old Fashioned" barbecue with all the trimmings at the Veterans' Club beginning at 12 noon and lasting through 6:30 p.m. on July 4th. The plates will be only $1.00 each and there will be plenty of tables and chairs for those who want to be served at the club and "take-home" service for those who want to carry their food with them Everyone is invited. The Club is located just across the bridge on the Enterprise Highway about one quarter of a mile from the Willingham Hotel South. Meet your friends there and see the Monument that the veterans have erected in the form of a beautiful new building.

Marbury Lions Plan Independence Day Program

The Marbury Lions Club will sponsor a Fish Fry on Wednesday July 4th, from 11 a.m. until late afternoon. Other entertainment on the program will include a softball game at 2 p.m. to be played at Marbury High School.

Tennis facilities will be available if visitors wish to play.

The Fish Fry will be held at Warren's Woodcraft on Highway 31, south of Verbena. 24-3t

Caged Layers Gain Popularity In Alabama

Caged layer operations, which first became important in this state's poultry industry only a couple of years ago, now account for 15 percent of Alabama's commercial egg production. And they are getting more numerous all the time.

A report comes this week that more than 400,000 layers are now in cages in our state.

Of the advantages that cause so many producers to turn to cage operations, ease of culling stands foremost. By keeping cages filled with high producing birds, a grower can send a steady flow of eggs to market, thus keeping a ready market for his product. Cages also lower feed consumption and lessen the danger of disease and parasite infestations

Time To Prepare Soil For Your Fall Garden

Auburn—Thorough soil preparation is essential to success with fall garden crops.

A firm, well-prepared seedbed that has been broken several weeks ahead of planting time will hold more moisture from summer rains than will unbroken ground. And garden crops need this extra water to withstand dry weather that usually comes in the fall.

Molded Pineapple Rice Cream Has An Elegant Air

Pineapple and Strawberry Sauce Provides a Delightful Flavor

Pineapple Rice Cream is a rich, creamy dessert that is fast to make and will surprise you with its light fluffiness. The pineapple juice lends such good flavor to the rice, and whipping cream folded into the mixture makes the light, airy texture.

It is thriftier than most desserts, yet gives elaborate results and is sure to win compliments. A delicious Pineapple-Strawberry Sauce adds interesting color and flavor.

Pineapple Rice Cream

½ cup regular rice (raw)
1½ cups milk
1 cup pineapple juice or syrup
1 envelope unflavored gelatin
½ cup sugar
1 teaspoon vanilla
½ cup whipping cream

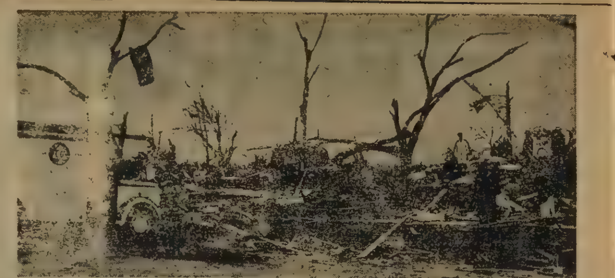
Pineapple-Strawberry Sauce

1 No. 2 can pineapple tidbits
Few slivers orange rind
2 teaspoons cornstarch
½ cup sugar
1 cup halved strawberries
1 tablespoon lemon juice, fresh or frozen

Combine rice and milk, dash of salt. Cover and simmer without stirring till tender and milk absorbed, about 25 minutes. Heat pineapple juice. Soften gelatin in 2 tablespoons cold water, stir into hot juice along with sugar, vanilla. Blend in rice. Chill till thickened. Whip cream stiff, fold into rice. Chill firm in greased 4 to 5-cup fluted mold or mixing bowl.

Sauce: Drain juice from pineapple. Add orange rind and heat to boiling. Blend sugar and cornstarch. Stir into boiling liquid, cook and stir till clear and thickened. Add pineapple, strawberries and lemon juice. Chill. Unmold rice. Decorate with whole strawberries and pineapple tidbits. Serve with Pineapple-Strawberry Sauce. Serves 6.

Variations: One tablespoon of Cointreau or Brandy may be substituted for the lemon juice called for in the sauce.



CONCENTRATED FURY of a tornado is unmatched among all natural disasters. Here civil defense rescue workers search among the debris of Udall, Kan., for some of the 74 dead and hundreds injured by the twister on the night of May 25, 1955. Pink Lemonade Makes Happy Fellas

Summer's a circus all the time when you are young—and school's out! Of course, when you're a grown-up, it should be too, on occasion!

So, mix a pitcher of this Pink Lemonade any time on a summer day . . . for the neighbors' youngsters, for yours and, yes, for yourself. Because this particular Pink Lemonade is as refreshing as it is pretty, and as easy to make as it is inexpensive.

Pink Lemonade

1 package Lemon Kool-Aid
1 cup sugar
¼ cup grenadine
2 quarts water

Combine all ingredients. Stir until soft drink powder and sugar are dissolved. Chill. Makes 2 quarts, or about 10 six-ounce servings.

NOTE: 1 large bottle (28 or 29 ounces) carbonated water may be substituted for 1 quart of the water.

Plans Laid for Big July 4th Celebration at Gragg Field

Folks and Things ABOUT TOWN

—By Ben

John Hosey, who is opening the furniture store across the street has installed bright yellow awnings in front of his store. When the question was asked why? John saw he checked all over town and didn't find another store with bright yellow awnings so he ordered them. Now when anyone asks where his store is, all they need to know is "the store with the bright yellow awnings." Incidentally John has bought the N. E. West Home in West End.

Speaking of furniture you'll miss a bet if you don't turn to Gabby Tiffin's ad in this issue and see the bargains. Gabby is letting his hair down on this sale and offers some real savings savings.

After a lively argument, says wife: "Bill, you're a terrible man to live with; why can't you be like So-and-So?" She went on. "They have been married 20 years and his wife tells me he's gentlemanly, and loving and tender."

"So, he aught to be tender," replied hubby. "He's been in hot water for 20 years."

Saw Mrs. W. F. Haywood at the Dixie Cafe last Sunday morning Just after Sunday School giving orders as to how Mr. Haywood was to be fed, and what, during her absence. She leaves this week for New York where she will visit her sister. After a week there she and her sister will go to Canada for an extended tour. Mrs. Haywood will return home the latter part of July in time to attend the wedding of Buddy Roberts.

The first cotton bloom arrived this year from W. L. Henderson who lives on Route 2, Clanton. He has 19 acres of Cokers that he says look might good, but he is awful busy fighting boll weevils.

Big doings around this week-end and next Wednesday on the Fourth of July. Sunday night the Blackwood Memorial Singing sponsored by the Chilton County Lions Clubs will be held at the airport. The Lions are pushing this big, and a huge crowd is expected. On the Fourth will be the dedication of the new airport and the Peach Festival. The Wednesday affair will start early and end late making a full day of celebrating with something doing every minute. Notables are expected for the occasion and will fly in during the day.

Marbury Lions Plan Independence Day Program

The Marbury Lions Club will sponsor a Fish Fry on Wednesday, July 4th, from 11 a.m. until late afternoon. Other entertainment on the program will include a softball game at 2 p.m. to be played at Marbury High School.

Tennis facilities will be available if visitors wish to play.

The Fish Fry will be held at Warren's Woodcraft on Highway 31, south of Verbena. 24-3t

Homecoming At Indian Grave, 1st

The public has a cordial invitation to attend the Annual Homecoming at Indian Grave Baptist Church Sunday, July 1st. Bro. L. M. Gray will bring the morning message at 11 o'clock. Lunch will be served and the afternoon devoted to singing.

Nearly New Store Open Every Day

In response to demand, the Nearly New Store next to Pig's Grocery in West End will be open every day from now on.

There are bargains galore at this store.

Proceeds will go to the Woman's Auxiliary of the Trinity Episcopal Church.

Nichols Come Here With FHA

Mr. L. G. Nichols has recently been transferred to the Chilton County Farmers Home Administration office.

Mr. Nichols was born and reared on a farm in Perry County. He has been with the Farmers Home Administration or its predecessor agencies since 1941 except for the time he was in Military Service during World War II. He has been County Supervisor for the FHA in Marengo County for the past eight years.

Mr. Nichols has already moved his family to Clanton and they are living at 1303-4th Avenue. They have moved their church membership to the First Baptist Church, Clanton, Alabama.

Public Invited To Barbecue At Vet Club

The public is invited to enjoy July 4th menu of barbecued chicken, pork or beef along with Western Type Camp Stew and all the trimmings at the Veterans' Club located on the Enterprise Highway about one-fourth mile South from the Willingham Road. There will be plenty of tables and chairs or you may take it out by the plate or pound. The public will be served from 12 noon to 6:30 p.m. For only $1.00 per plate.

Medical Society Answers Hospital Tax Question

The Chilton County Medical Society was misled and misinformed. We were told and we honestly believed the tax would be reduced when the Hospital was built and paid for. We have no control over this situation now and would refer readers to the Chilton County Hospital Board and the Board of Revenue for explanation.

The Chilton County Medical Society has not been consulted about the construction of a nursing home.

Chilton-Unity To Hold Meet

The Chilton-Unity W.M.U. Quarterly will be held at Maple Springs Church on Thursday, July 5th at 10 o'clock a.m. A program of special interest to young people has been arranged.

There will also be a special speaker for the day.

All leaders in W.M.U. work are urged to attend.

Pastors and wives are invited.

Visitors are welcome. Please bring a covered dish.

Legion Brings Dog Races To Clanton

Of course you have seen dogs run and perhaps you have seen Greyhound races such as they have down in Florida way, but unless you have seen this particular show, you have never seen Monkeys mount Greyhounds and hang on for dear life when the dog breaks out of the box making a speed of 40 miles per hour and making up to around 60 miles per hour on the straight-away of the 3/16 track. The electric rabbit which weighs around 90 pounds, reaches a speed of around 70 miles per hour in order to stay ahead of the dogs.

You'll see Bruce Whitney, Canadian-Daredevil, on the hood of an automobile driven by Mutt Jackson, ride through a burning wall. The little mule who bucks his rider off; the clever clown with the camera.

On Saturday night, the last night of the show, there will be a hometown talent show provided enough boys and girls bring their mutts to the Football Field Friday afternoon or Saturday afternoon and qualify them for a special attraction known as the "Mutt Show". You boys and girls bring your dogs out for some luck boy or girl will receive a $25.00 Saving Bond for the best performance.

This show is sponsored by The American Legion, Post No. 6 and the proceeds will go for rehabilitation purposes. You are assured more than the worth of your admission which is only 40c for children and 75c for adults.

PORTRAIT OF A DISASTER which could happen anywhere is this truck-train collision at West Newton, Pa, Almost immediately after the crash, which killed five and seriously injured two, Westmoreland County's civil defense rescue truck went into action with its power winches, cutting torches and other special disaster gear. Complicating the job was an upended boxcar of explosives only two cars away from the one which the truck hit. While CD rescue teams dug into the wreckage, CD auxiliary police helped local officers evacuate a two-block business area until the explosives could be removed.

Reknown Singers To Appear

THE HARMONEERS

The Chilton County Peach Festival Committee headed by Mr. L. C. Shields, Vocational Agriculture Teacher of Jemison, and Co-Chairman, Joe Jackson, of the Clanton Drive-In Theatre, will present a program beginning at 10:30 a.m. honoring Chilton County's multi-million dollar peach crop. The program was cancelled last year due to the freeze in March.

Peach Queen; Miss Alabama Will Be Present—

Our own Miss Pat Huddleston, Miss Alabama, and Miss Martha Bell, Chilton County's Peach Queen will be present for the day's activities.

Growers' Contest—

As in the past all peach growers are invited to enter the contest with peaches either in bushel or half bushel, which will be placed on exhibit and will be judged by three men well qualified to do the job.

Peach Queen, Miss Martha Bell, and the grower of the prize basket of peaches will be flown to deliver the peaches to some dignitary, which will be announced later. The Lions Clubs of Chilton County will defray the expenses of the prize peach grower's trip.

Mr. Tom McCord of Montgomery will auction off the peaches on exhibit as he has so graciously done in the past.

There will be no parade this year, due to the fact that this is a national holiday and the traffic being so heavy it would be impossible to give the parade the necessary time on the highway.

The 1954 Peach Queen, Miss Martha Bell, is serving this year, as she did not get to complete her mission in 1954.

Airstrip Dedication, 2 p.m.—

The Clanton Kiwanis Club is sponsoring the dedication of the new 4,000 ft. airstrip at the Clanton Airport.

Over 200 planes will visit Clanton and Chilton County during the day.

Honorable Asa Roundtree, head of the State Dept. of Aeronautics will be the guest speaker of the dedication program at the Clanton Airport, Wednesday afternoon at 2:00 The new paved airstrip will be used in the future to help Chilton County farmers market their produce by air to Northern and Eastern cities. Vegetables picked otday can be on sale tomorrow morning and will enable Chilton County farmers to get top prices for their produce.

The Kiwanis Club will be in charge of all concessions throughout the day. Drinks and sandwiches will be served by the ladies of the Kiwanis Club members. Mrs. Johnnie Lane, Home Demonstration Agent, and her assistant, Miss Jean Porter, will assist the ladies with the refreshments.

Fireworks and Singing—

There will be a display of fire works, beginning at 7:30 p.m., after which three nationally known quartets, the Harmoneers, Deep South, and the Southerners, will present a concert of gospel music, beginning at 8:15 p.m.

The public is cordially invited to all of these programs, and we assure you that you will enjoy every minute.

TIMBER BURNING IS CRIMINAL—

A large, representative gathering at Montgomery a few days ago, faced one of Alabama's major problems—great financial loss to all its citizens through forest fires. A high percentage of these fires, it was pointed out, are being deliberately set. Though arson is a criminal offense.

Last year, 85 out of every 100 forest fires in the U. S. occurred in Dixie. The financial loss to Alabama's 3 million citizens last year amounted to an estimated 14 million dollars—or more than $3 to every man, woman and child, white and non-white. But worse, it takes many years to replace trees destroyed by fire, so that the loss is a continuing one.

About half the State legislature, county officials, businessmen, foresters and others, from all 67 Alabama counties were present and heard speakers urge better fire protection programs, and a stronger attitude of all men of good will towards keeping the laws guarding the rights of property as represented by Alabama's trees—a major State asset in its overall economy. Protection under the law is particularly needed for the small farmer, it was pointed out, since large forest owners have developed much of their own fire protection. Nevertheless, equal protection under the law is due to all citizens in our way of life.

Boyce Holleman, District Attorney, Wiggins, Miss. said many who criminally set fire to timber for one cause or another, argue that they have an inherant right to do so since their grandfathers, and fathers set fire to the woods before them-regardless of the laws protecting property.

Holleman said we regard sternly the man who sets fire to his neighbor's home, and should regard with equal severity the arsonist who sets fire to the woods which support his neighbor's home.

HOW TO DRIVE ON A SUPERHIGHWAY—

If a motor trip is included in your vacation plans for this summer, chances are that you will spend some part of your travel time on a superhighway. Here, from the editors of Changing Times, The Kiplinger Magazine, are some superhighway driving rules to help you avoid an accident.

Keep your speedometer at a familiar speed, one you are used to and can handle. Remember, you don't have to travel at the top limit. Slow down for bad weather or bad road conditions. Observe signs reducing speed limits.

Don' do anything but drive while you're at the wheel. Don't look at maps, toll tickets or the scenery. Even a little error at 70 may be fatal.

Drive conservatively in all respects. Nearly 22% of turnpike accidents are caused by failure to observe ordinary driving rules. Stay at least 20 feet, or a car's length, behind the car ahead for every 10 mph you are traveling. At 70 mph that's nearly half the length of a football field.

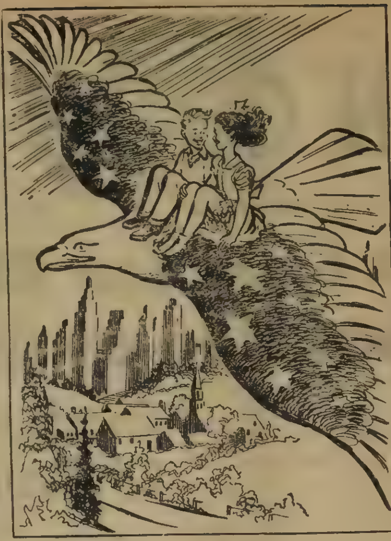
Avoid the kind of reckless driving that comes from short-fused tempers. It's bad on any road, but it's dynamite on a superhighway. Beware of impatience, bursts of speed, excessive use of brakes, bumper riding, cutting in and out.

Never stop on the highway. Pull onto the side strip, making sure all the wheels are off the paving. If you need help on a turnpike, hang a white handkerchief from the window. Don't cross or walk on the highway or attempt to flag down cars.

Slow down as you approach tollgates and before turning off at exits and restaurant and service station entrances. Remember that the usual exit ramp is designed for a speed of 25 mph: 50 is too fast.

Stay awake, really awake. Stop for coffee frequently or pull off the road for a cat nap if you are sleepy. Avoid highway hypnosis by watching everthing that is happening on the road ahead of you.

THE EAGLE FLIES HIGH!



What a thrill for America's youth
Joyous, free, on the Fourth of July
What a heritage, theirs, in all truth,
As the star-spangled Eagle flies high!

things we See and Hear

By "TUCK'

A few weeks back we "jokingly" referred to the City limit sign around Clanton. Well, it's not a joke anymore. What's happened City fathers and officials; did we run out of paint? Why haven't the signs been renewed? They were covered over with paint and now they look a mess. We'd like to know how come, because we kinda liked that there slogan. Visitors who are told that this is a "better place to live" surely won't be able to tell it by looking at our "Welcome T Clanton" signs. We know you're busy fellas, but that's importan too. If anything, a larger sign should have been put up.

There's nothing quite so hard to find as a last year's calendar. (Unless it's the year before's.)

Margaret Diefenderfer (Dief for [illegible]) claims we have an Annie (pronouncing that is) Oakley in our [illegible]. It seems that Mrs. Bertie Miller is shooting up every [illegible] bag in the community with an air rifle. The dogs, it seems, are molestin' her shrubbery and she doesn' otton to it. So she's target practicing on their rumps. We don't know if she's very good at it or not, but just don't bend over in the Glen[illegible] area or you might get stung. (Just hope she continues to use B B's and don't go in for buchshot.) Ouch. Pity them pore canine's

Ole Cuthbert Connell (Paul to some folks) has just this past week returned from his two-week encampment with the Alabama National Guard and in his own words, "the service ain't for me." Good thing he waited until he got home to express his sentiments or he might have landed in ye old guard house. He says he don't like that gettin' up at three and four o'clock. Guess he didn't stop to think that [illegible] to work "until" that time sometim[illegible] around here and he doesn't seem to gripe too much. To make a long excuse short, there's just more interesting things around these parts ain't she Paul. (Better watch it boy, she'll make that top sergeant lok like a first grade school boy.)

And speaking of bliss (matrimonial that is) our good friend Ronald Yeargan finally tied the noose. . . uh, that is knot and is now living happily ever after. S'funny thing here we are one of his better known acquaintances and we had to learn the girl's name from someone else. Must be proud of her, won't even tell anybody her name. Don't guess it matters now, huh Ronald her name's Yeargan. And Betty, too.

Anyhow congratulations to the old married couple and though the sentiment is getting old and stale, we hope all there troubles are "little ones."

Like the fella said, if you must lose your head, be sure that someone with the wrong ideas doesn't find it.

LIFE'S LITTLE SHADOWS

VERNON P. PAYNE

No one in the world knows you! While this may be a startling statement—basically it's true. The people you see every day, the folks you live with and work with, the person who's closest to you, none of these knows you.

No matter how open your character and life may be, you still possess an inner-self known only to you. Your brain and heart carry on mental and spiritual conversations that you would not dare to repeat aloud. Your innermost feelings, which are quite natural and commonplace to you, if voiced might shock your closest friend.

Folks hide behind every type of human shell but inside each is a different person, unknown to others. Your mind holds thoughts you've never spoken; your heart witnesses feelings that you've never expressed. All these secret things compose the real you; a secret personality to which there is no key.

Turn it around and discover how little you actually know about your friends and loved ones. Can you delve under the surface and come up with their true personality? Usually we are prone to take others at their surface value rather than to give any real thought to the underlying human being. The more familiar we are the less study we put to trying to know a person. In a stranger we come closer to seeking his true personality when we are trying to decide whether to accept or deny him.

Humans should be thankful for this inner refuge from worldly affairs. Actually it amounts to a personal study into which we can step for meditation and soul-searching.

Scott Forecasts Good Fishing This Week

A dock-to-dock check reveals good to only fair fishing the past week on the Coosa-Tallapoosa Lakes Blackwell's Fishing Lodge, Shoals Creek, Ferris Gantt's Landing, Weoka Creek and Sears' Landing, Swayback Bridge, all of Jordan Lake, report good bluegill and stripe activity the past week. From Lake Mitchell, Barrett's Fishing Camp, Hatchett Creek, reports that the bass are not too active in their area, but nice strings of bluegills are being taken on flies. Little Joe's on Fixico, Elmer Hughes, on Pennymotley, and Inman's Camp on Cargile, all report about the same, that nice catches of bass, stripes and bluegills were coming spasmodically. G. O. Norred, Rock Springs Creek, Sanford's, Waxahatchee and Riverview Lodge, Lay Lake, report fair catches of bass and shellcrackers. Lake Martin's E. V. Estes' Store, near the lake, Castaway Islands Beach and Kowaliga Beach Resort say that good stripe and bluegill action is taking place under Kowaliga Creek Bridge and along the shores of Little Kowaliga Creek.

The outlook for the coming week is expected to be very good in all departments. Cooling summer rains are widespread on all Coosa-Tallapoosa Lakes, and should serve to perk up bass activity. Huge hatches of willow flies usually follow summer showers, and that means better bream fishing. To top off the good forecast—the stripes are beginning to surface in large schools over wide areas on the Coosa Lakes. Yesterday there were three areas on Mitchell Lake where boats were dashing about from school to school. One hot spot was the large bay just above the dam. Another spot was across from the mouth of Cargile Creek. Above the mouth of Hatchett Creek was the third hot spot. The schools were not staying up very long at a time. However, several fishermen had good luck.

Last week's Whoppers entered in the Alabama Power Company Fishing Contest are as follows:

LAKE LAY

G. O. Norred's General Store, Talladega Springs reports: John Paul Tate, Sylacauga, fly-fished a popping bug in Cedar Creek to string up several largemouth bass weighing up to five pounds eight ounces each.

LAKE JORDAN

Mrs. J. R. Gibson, Manager, Blackwell's Fishing Lodge, Shoals Creek, near Holtville, reports: George Burridge, Montgomery, fished Shoals Creek with crickets and hooked a string of bluegills going up to 10 and 12 ounces each. R. S. Sims, Montgomery, also used crickets and Shoals Creek to catch his string of bluegills weighing up to 13 ounces each.

LAKE MARTIN

E. V. Estes' Store, between Eclectic and Kowaliga Creek Bridge reports: Mr. and Mrs. George Green Hanceville, spent two weks vacationing on Little Kowaliga Creek and caught many fish of various species. Several largemouth bass caught weighed from three to five pounds 13 ounces each. Leonard Lanier, Eclectic, is a consistent Kowaliga Creek Bridge fisherman, and has taken nice strings of stripes and bass during the past few weeks. Mr. Lanier weighed in a five pound three ounce largemouth bass last week and stated the largmouth bass are moving in and the stripes seem to be moving on out to the flats. Roy Dawson, Montgomery, found fishing a bit slow on Little Kowaliga until he tied into a four pound 13 ounce largemouth bass.

If you are having trouble finding your way about the beautiful Coosa-Tallaposa Lakes, why not address a postal card to: Fishing Map, Alabama Power Company, Birmingham 2 Alabama, requesting one of the handy map folders? They are free of charge and will be mailed to you upon request. By the way, Vulcan Press, Inc., Birmingham 4, Alabama, has just produced a complete state wide map of the larger fishing areas. You can order one of these for a dollar-bill.

CHIEF ALAPOCO SAYS: It may be a lot of fun to ride the waves. . . . but it is also very dangerous, especially if the waves are very high. If the waves are high, head your boat at an angle towards the waves at slow speed. Remember. . . . always watch the weather. Head for shore before a storm breaks, but if you are caught out, seat any passengers you might have on the floor. Boating is the safest of outdoor sports if you'll use common sense and courtesy.

Four Little League Teams Vie For Top Spot

By OTT MILLER

After the first six rounds of play in Clanton Little League, the four teams are jammed tight around the top. The Lions and Kiwanis teams are tied for first place with 3 wins, two losses and 1 tie. The Methodist Braves are coming on with a rush now and have won three in a row after getting off to a slow start that saw them lose the same amount. The Junior Chamber of Commerce is holding up the rest of the league with one win, three loss and two ties. It must be remembered that the JC's co-manager, Bing Leeroy is off on his vacation and has their slugging first baseman with him; and that Wayne McCullars has missed the last couple of games, too. With those two men back in uniform, somebody will be forced to give ground when they come to playing off a tie game with each the Kiwanis and Lions Club teams.

Attendance has perked up considerably for the last week or so—and so has the donations to the support of the Little League. Their indebtedness is now near $150.00. They earnestly solicit—and warrant—**your** support.

The Babe Ruth League players are the suffering guys right now. They have no sponsor—and are almost completely lacking in fans to the full size diamond and do a real good job of it.

The Clanton Whites, managed by Bra ton Bates, are undefeated in three starts—as is the Montevallo entry. The Clanton Blue team under the management of L. D. Easterling has lost twice to the Whites. Both games going to the Whites by a single run. These boys play at 3:00 p.m. on Wednesdays and Fridays, and City Park will have either one or both of the Clanton teams on every Wednesday and Friday throughout the schedule which runs thru July 25th. They are your boys and mine. Let's make them know that we're glad to have them spend their time in wholesome play. And, any organization that wants to accomplish a deed they can be really proud of, can do so by volunteering their sponsorship. There is no price set. All offers are welcome. See you at the ball game.

Double-header on July 4th—

Plantersville Licks 'Stars' In 10-Inning Battle Here

By B. B. BATES

Clanton baseball fans were treated to the best played game of the year at City Park Sunday afternoon although their Stars lost a ten inning heart breaker to a very strong Plantersville team. For the visiting Ezell coached team it was a well earned victory.

The visitors broke a 3 all deadlock in the 10th by pushing over 3 runs and the Stars could counter only with one run in their half of the 10th. Lockhart, Clanton's losing pitcher did a fine job until he tired and was relieved by Wyatt in the 10th. John Moore got the win after taking over from Smitherman in the 5th. Moore, once the pride of Selma, left Pro ball this year because of a sore arm, but he really looked great for the visitors.

Easterling and Ellison led the Stars in hitting with 2 each and Easterling added to his laurels by making a sensational running backhand catch of a labeled triple by Huffman in the 3rd inning. It was the finest outfield play seen at City Park this year. Ellison and Seales were magnificent on the infield and you baseball fans should come on out and watch these two perform.

Manager Edwards will attempt to play Saturday afternoon games the remainder of the season. So far he has not been able to field a team on Saturday due to the players having to work.

Th Randolph team will play at City Park Saturday, June 30th. The Stars will host the Billingsley team Sunday, July 1st. Manager Edwards states that this game has not been called off as previously announced.

Wednesday, July 4th the West Blocton team will play at City Park in a morning and afternoon double header. The morning game to begin at 9:45 a.m. and the afternoon game at 3:00 p.m. The Stars go to Randolph Saturday, July 7th and to Plantersville Sunday, July 8th.

The Stars leading hitters are Wyatt, .423; Edwards, .370; Seales, .354; and Easterling, .341. Ellison leads in R.B.I's with 10.

Dead Sea Draws Visitors As World's Lowest Spot

The mysterious Dead Sea, lowest body of water in the world, is slowly coming to life again under the impact of travel.

Located in Southern Jordan, one of the Bible Lands the Dead Sea has shrunk from pre-historic times to its present size of 47 miles by 10 miles. Its surface is 1,300 feet below the Mediterranean and its waters are fed from a single source, the River Jordan. The water flowing in has no outlet so evaporation carries it off in eerie, blue-white clouds that linger over the landscape.

Before tourists sampled the briny sea, there was no life about except for gulls plucking dead fish lying on the surface. Even fish, entering from the River Jordan, could not live in the high salt content of the sea. This content, between 23 and 25 per cent, is four times as high as other seas.

The only signs of life are dead fossils from a pre-historic age when the sea was much larger in area and actually topped the Mediterranean in height. But, in the memory of man, no life has stirred there. Greek writers started calling it, "The Dead Sea," but the Arabs were more graphic, calling the eerie place the "Stinking Sea" or "Sea of Overwhelming."

But now there are searches underway probing the thousand-foot-depth minerals. And each year brings larger flocks of tourists to picnic on its shores and to wade into the water, the salt content of which buoys up swimmers so their shoulders are constantly above water. When they leave the Dead Sea stays with them as considerable effort is necessary to scrub off the brine.

Home-Ec Leaders Attended Machine Demonstration Class

The Verbena Home Economics Department was opened June 19th for work with; "Women on Machines."

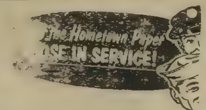
A demonstration of the different types of machines, their care and operation. Adjustments and regulations were given by Mr. Burton Mullins, local machine dealer and Mrs. Penton demonstrator for the Necchi-Elna Companies.

A beautiful display of clothing, table linens, accessories and gifts for all ages were examined and admired by those present.

The enormous savings, the personalized attractiveness, the use of home resources in sewing and the pleasure and satisfaction of home sewing was discussed.

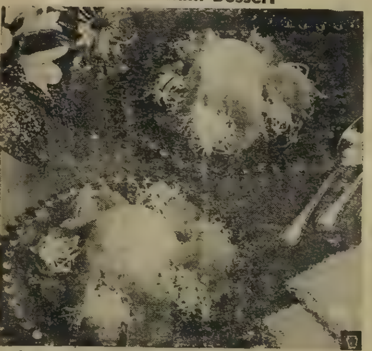
Home Economics teachers, Nan Heida, Edna Williams, Martha Cowan and Sarah Cox in addition to women from these respective schools, Isabella, Clanton, Maplesville and Verbena were present.

An assortment of cookies and fruit punch was served.



A new dusting mitt has a built-in supply of medicated powder said to rid dogs and cats of fleas, ticks and parasites.

Coconut Mint Dessert



Cool, pretty, simplicity itself to make—and oh, so good to eat! What more can a busy homemaker ask for a hot summer's day dessert or party salad idea! Time-saving trick: Prepare melon balls in advance, even to the rolling in flaked coconut. Prepare orange slices, too. Then, at serving time, assembling this attractive dessert will be easy.

COCONUT MINT DESSERT

1 cup sugar	1 can tender-thin flaked coconut
½ cup water	2 oranges, cut in thin slices
1 tablespoon fresh mint leaves	1 pint pineapple sherbet

36 chilled melon balls
(watermelon, honeydew, and cantaloupe)

Simmer sugar, water, and mint leaves for 2 minutes. Strain and cool. Dip melon balls in the minted syrup and roll in coconut. Cut orange slices in half. Place a small scoop of sherbet in center of each serving dish. Arrange 6 melon balls around sherbet. Place half slice of orange between each melon ball. Garnish with sprigs of mint, if desired. Serve at once. Makes 6 servings.

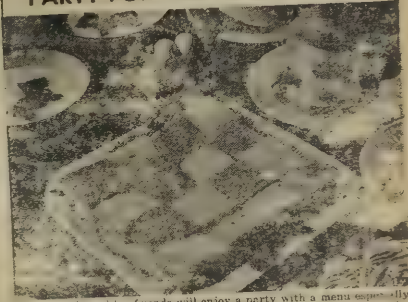
PARTY FOR THE YOUNGER SET



Your child and his friends will enjoy a party with a menu especially planned for young appetites. What youngster wouldn't be enticed by the gaiety of Checkerboard Sandwiches made with whole wheat and white enriched yeast-raised bread — cut in squares that are easy to eat, soup with floating croutons of favorite animals, and Gum Drop Ice Cream Trees that are right out of fairyland? Paper plates and napkins and plastic spoons make cleaning up a breeze and please the youngsters' eye for bright color.

MENU
Cream of Chicken Soup with Animal Croutons
Checkerboard Sandwiches
Ice Cream Gum Drop Trees
Milk

Animal Croutons: Use an animal cookie cutter and cut designs from slices of enriched yeast-raised bread. (They should be large enough so that the animal is recognizable.) Saute in butter until lightly browned on both sides. Float on top of soup just before serving.

Checkerboard Sandwiches: Make sandwiches using any desired fillings. Use one slice of whole wheat and one slice of white bread for each. Trim crusts. Cut each sandwich in quarters. Arrange on serving plate checkerboard fashion.

Ice Cream Gum Drop Trees: Spoon softened ice cream into cone-shaped paper cups. Freeze in freezer compartment of refrigerator or freezer until very hard. Remove paper and invert on small plates. Press gum drops on inverted ice cream cone. If desired, surround base with chopped nuts or coconut.

Cemetery Working—

Don't forget the cemetery cleaning on Saturday, June 29th at Cox Chapel. All who are interested in the church and cemetery are asked to come and bring tools to work with.

SARDIS NEWS

Let's find our way to God's House every Sunday morning. You miss a blessing when you are absent. Our attendance was off some during the week-end and we hope each one will be back in his place of worship next Sunday.

We extend heartfelt sympathy to the Samson family in the loss of their father and husband, Mr. Geo. Samson.

Next Sunday and Sunday night is our regular preaching day. Bro. Jones, our pastor, will be with us and if you have no other place to worship, then come on out and worship with us. Visitors are always welcome.

Remember our revival will begin the first Sunday in August. Let's pray that lost souls might find Jesus.

Come to Sunday School every Sunday and preaching next Sunday. We are expecting to see a large crowd present.

CARD OF THANKS

We wish to take this means of expressing our many thanks and appreciations to our friends and neighbors for all you did for us during the illness and death of our husband and father, Geo. W. Samsom.

Our prayer is that the Lord's richest of blessings rest and abide with you.

Training Union at 6:30 p.m.

We are indeed happy over our good report in Sunday School. Although some of our members were absent due to sickness, our attendance was still above that of last week.

The devotional was by Mr. H. J. Taylor, with Mr. Charlie Moore, Mr. Micky Davis and Mr. Arnie Davis assisting.

We wish to express our gratitude to our song leader, Mr. Lee J. Grant for the beautiful hymns which were so inspiring. Mrs. Elbert Glenn accompanied on the piano.

We feel sure that everyone received a blessing from the wonderful sermon brought by our pastor, the Rev. Glidewell.

We also wish to thank everyone who helped in the Vacation Bible School this past week, and for making the study course a great success. Our enrollment was seventy with a daily average attendance of sixty-seven.

Remember Wednesday night is the regular Prayer Meeting Service. We urge all our members to come and bring someone with them Thursday night is Brotherhood Night. We want all our men and young men to attend this fellowship service.

On Sunday, July 1st, at 2:30 p. m. we will have our Sunday School Meeting. All of the church members are urged to attend this meeting.

We were glad to have Mrs. Walker Allen and daughter of Birmingham back with us Sunday.

All our visitors are welcome and we invite them back anytime.

We also want to thank the ladies of our church for the beautiful flowers.

Little Bennie Davis is ill in the hospital. Let's remember to pray for him, that he will have a speedy recovery.

Most modern truck V8's ...and the pounds prove it!

Pound for pound, the most powerful truck V8's today are Chevrolets. That's one way you can tell they're the most modern V8's going!

They carry around fewer pounds for power they develop. That means you not only can haul bigger loads—you have more *usable* power to move them!

Stop by and let us give you the facts on Chevrolet's compact, super-efficient truck V8's.

Weigh the facts...
and you'll choose today's most modern trucks

Wasted weight is engineered out of Chevrolet truck V8's! Chevrolet's truck V8's have a rugged yet remarkably compact cylinder block. Modern design cuts down engine weight.

More power per pound means more power for your payload! Less power is used up in moving engine weight, more is available for moving your payloads. You get hour-saving performance!

There's a modern V8 for every Chevrolet Task-Force truck! There's a V8—either standard, or optional at extra cost—in every Chevrolet truck model. Horsepower ranges as high as 195!

(MRS. GEORGE NAISH)

Mrs. Cost and Daughter Tell of Vacation—

Mrs. [illegible] Cost and daughter, [illegible] left Saturday morning, June 2nd for Bruce, Miss. They were joined there by Mrs. Cost, Mrs. Z. E. [illegible], Sr., Mrs. G. L. Bramlett, [illegible] Shelton and Mrs. [illegible]. From Bruce, Miss. they went to Texas to visit a brother, [illegible] Beckett and family at Denver City. At Purvis, Miss., another sister, Mrs. J. P. Shelton joined them. Pictures were made of all the relatives who had gathered for a wedding.

The group stopped to visit a cemetery near Independence, La., and in this cemetery, all the graves are turned north and south. Their next stop was the Louisiana State Capitol which is supposed to be the most beautiful in the nation. Later, the "Father of Waters" was crossed. Entering Texas Monday morning they stopped at a roadside park and prepared dinner. They visited the State Park near Houston. Saw the Battleship USS Texas and the [illegible] Monument, San Jacinto and went up to a height of 570 feet [illegible] over the Park.

A tour of San Antonio was made by them on Tuesday, visiting the Alamo, [illegible] Museums, Fort San [illegible] and saw the home where President Eisenhower lived as a General just a few years ago, also where McArthur went to school, Breckenridge Park, the Chinese Sunken Tea Gardens, Riverside Theatre, City Zoo and ate lunch in the Buckhorn Museum.

San Jose, queen of the Missions, Mission of Immaculate Conception, and many many other places of interest including Sam Houston, Jim Bowie and Davy Crockett's burial places. Arriving in Denver City, Texas on Friday morning they were met by relatives from Santa Anna, California. In New Mexico, they saw rodeo cattle and cowboys. The children visited the Methodist Bible School and Prairie Dog Town in McKenzie Park. They ate lunch in Carlsbad Caverns where they were 754 feet below the earth's surface. They visited Pecan Valley, Fox Cave, etc. They were caught in a hail storm 9,869 feet up the side of a mountain. They even saw the White Sands proving grounds for guided missiles.

They spent Wednesday night in Sulphur Springs and arrived back in Bruce Friday evening. They left for Jemison and the trip home.

In their own words, "we saw so many interesting things we just can not mention them all." They traveled a total of 3,932 miles going thru 201 towns and cities.

Intermediate GA's Met—

The Alabama Day of Prayer of the W.M.U. for the Intermediate GA's was held Tuesday afternoon at the church. Their theme was, "The Trees of Alabama Speak." The W.M.U. represented the trunk of the tree and the Mission activities represented the branches of the tree.

The missions are: Camps, Howard College Nursery, Indians Field Workers. Those taking part on the program were: Peggy and Willie Lee Blackmon, Faye Sorrell and Rosa Emma Cofer. Mrs. Brasher, counselor for the group, gave a summary of the general ideas and also gave the closing prayer.

Cokes and cookies were served as refreshments.

Mr. and Mrs. C. N. Shaw have returned from a visit with their daughter and son-in-law, the H. P. Copers of Knoxville, Tenn. While there, they went through Davy Crockett's home in Greenville, Tenn. and on to the Rona Mts. Rhodendron Gardens consisting of 10,000 acres in North Carolina.

On their return they went by the Pressman's Home at Pressman, Tenn. the home of retired and disabled men of the press.

Mrs. A. M. Attoway is spending some time in Birmingham with her daughter and family, Mr. and Mrs. Raymond Hubbard.

Mr. and Mrs. Fred Smith spent Sunday in Tuscaloosa with their son, Richard Mack and family.

Mr. and Mrs. L. D. Duffee of Birmingham were recent guests of the N. L. Duffee's and G. S. Naish's.

Carl and Joe Brasher spent the week-end in Birmingham with their aunt, Mrs. Pate.

Church Notes From Samaria

The Revival at Samaria will begin next Sunday, July 1st, with the Rev. L. D. Brookshire as speaker. Two services daily at 11:00 a.m. and 7:30 p.m. Brother Brookshire is a good man and a splendid preacher but we want you to meet God who is far greater than any man.

We invite you to attend our church and we will do all in our power to help you know God.

We have staked out the location for our new Church and we will have a ground breaking Service at the conclusion of the Eleven o'clock Service next Sunday. We invite our friends to attend this service.

The Cemetery Committee has been appointed and it consists of Mr. Hance Alred, Joe D. Holly and Jeff Waits. An account has been opened at the bank and the committee is ready to receive your money. When we have sufficient funds we will begin work. You that have been howling for something to be done, get busy and bring a contribution to this committee and you will soon see a beautiful Cemetery. The amount of work done will be in keeping with the interest of the people who desire to use the Cemetery. W are sure that some graves have been lost for the want of permanent markers. If you have a loved one buried there in an unmarked grave will you please relocate that grave and mark it, otherwise it may remain lost forever

MT. PISGAH NEWS

Our Sunday School attendance this past Sunday was 85 for which we are thankful.

We were glad to have Mrs. Pauline Askins and Mr. and Mrs. Lilly Billingsley attend our church Sunday.

Those from our church who attended the Homecoming at Lime Springs Methodist Church Sunday were: Mr. and Mrs. R. A. Devaughn and family, Herbert Foshee, Mrs. Pauline Duren and daughter, Jeannette, Jo Doris Brown, Peggy Carroll and Helen Edwards.

Miss Helen Edwards and Miss Jeanette Duren enjoyed lunch together Sunday.

Mr. and Mrs. Leon Chandler of Georgia visited Mrs. Eula Brown Saturday afternoon.

Mr. and Mrs. P. D. Strickland, Jr., of Prattville were the guests of Mr. and Mrs. Lee Ray on Sunday.

Mr. Clyde DeBardelaben led Prayer Meeting Wednesday night, with readings from the Book of John.

A group of our M.Y.F. members went to the First Methodist Church Sunday night. Others had a Bible Study at the church.

All of the 4-H girls from Mt. Pisgah are asked to meet Thursday night at 7: p.m. at the home of Mrs. S. P. Rollan's.

Cooking will be demonstrated by Mrs. R. A. DeVaughn.

CHIROPRACTIC CARE For POLIO

By DR. MARSHALL L. WARE

Polio is defined as inflammation of the gray substance of the spinal cord. In past years it was most common to children, but today it strikes all ages, from early summer to fall.

Symptoms History of fatigue, chill, sore throat, diarrhea or constipation headache, stiff neck and back, aggravated by pain and slight fever.

Cause—has long been sought, with research directed toward virus infection. Today the virus and common cold bacteria are important factors, but like the combination to a lock, other causes are being recognized as equal or more important by doctors of all branches of healing. Low blood sugar (hypoglycemia) and low blod calcium level has been found to be very important factors. FATIGUE has long been recognized but more so today due to our change in diet. We are eating too much refined and processed foods, bleached flour and synthetic substitutes. Polio is unknown in natives of primitive lands where sanitation is unknown and they live in filth. But—here is the key, they live on raw fruits and vegetables, no processed foods. This diet keeps their nervous system in perfect state of resistance.

Cause Summary—Change of diet to lower quality foods resulting in lowered resistance, lowered blood sugar, and calcium level, fatigue, and injury to spine causing lack of oxygen, capillary stasis which makes perfect condition for growth of various virus and bacteria (today more than one stran is known to cause polio which makes it more difficult to confer immunity with serum alone.)

All of these factors, IF in the right combination are proving to cause this dreaded disease.

PREVENTION—Treatment of all summer colds and symptoms the first day, change of diet to more wholesome foods, avoiding all sugar products, avoid fatigue and chill, correction of all spinal falls.

Remember—Better health begins with you!

Requiremets Set For Joining In Federal "Land Bank" Program

Requirements for participation in the 1956 Acreage Reserve Program under the "Soil Bank Act", Public Law 540, were announced recently by Secretary of Agriculture Ezra Taft Benson. County Agricultural Stabilization and Conservation Committees, which will administer the program, will announce locally when the program agreements are available for signature by farmers in the County office. At that time they will have full information on the terms and conditions.

In announcing participation requirements for the 1956 Acreage Reserve Program, Secretary Benson stated.

"We have proceeded with all possible haste since enactment of the Soil Bank legislation to present a sound 1956 program to farmers It is true, however, that the program for this year is in a sense a special program designed to meet the time limitations and the requirements of the legislation for 1956.

"For that reason, 1956 will not present a fair trial of what the program can accomplish. The rates set are for the 1956 program only. Before next year's crops are planted, however including fall seeding of wheat this year, we will have an opportunity to plan and develop a more comprehensive program.

"The Soil Bank makes available beginning especially in 1957 a way to reduce our farm surpluses, to safeguard our soil and water resources, to give a lift to farm prices."

Under the 1956 Acreage Reserve, farmers who are eligible to take part in the program may earn payments in connection with one or more of the commodities specified in the law corn, wheat, upland or extra long staple cotton, peanuts (Except Virginias and Valencias for which there is no surplus), rice, and most types of tobacco—by reducing their acreage of the crop below the farm's established allotment (or base acreage in the case of corn).

Under the basic rules of eligibility established in keeping with the law acreage designated for the Acreage Reserve must: (1) Be representative of the land used for the crop (2) result in the harvesting of an acreage of the basic crop less than the farm allotment or corn base acreage and (3) not be grazed, cut for hay or cropped for the entire 1956 calendar year. Noxious weeds must also be controlled on the "reserved" acreage.

In order to participate in the Acreage Reserve, a farmer must comply with all acreage allotments or corn base established for the farm.

The 1956 program, as provided by the law, contains special provisions and payments which enable farmers to participate this year. Any farmer who otherwise complies with the provisions of the Acreage Reserve will be eligible for payment if:

1. He has underplanted his Soil Bank corn base or his allotment for cotton, rice, tobacco, peanuts, or wheat (when planted to spring wheat) and he certifies that he underplanted (a) in anticipation of complying with the 1956 Acreage Reserve or (b) because of adverse weather conditions; or

2. He has underplanted his 1956 allotment for winter wheat and certifies that this was done because of adverse weather conditions, or

3. He has complied with his Soil Bank corn base or his farm allotment for a particular crop, but an acreage of the crop was not harvested because of destruction by natural causes; or

4. The farmer is in an area where an established final date set for the basic commodity for his area is subsequent to May 28 and he plows or otherwise physically incorporates the crop into the soil, or clips, mows, or cuts the crop after May 28 and prior to June 30 or the established final date, whichever is later. (The "established final date" will be the same as the last date on which the acreage of a basic crop may be adjusted in order to bring it into compliance with the acreage allotment of the regular production adjustment program).

Maximum and minimum acreages of the basic crops which may be placed in the Acreage Reserve have been established as follows (except that where the allotment is less than the specified acreage minimum or maximum, the total allotment shall be considered as the minimum or the maximum).

For corn, the maximum is the larger of half the corn base acreage or 50 acres. The minimum is the larger of 10 percent of the base acreage or 5 acres.

For wheat, the maximum is the larger of half the wheat allotment or 50 acres. The minimum is the larger of 10 percent of the allotment or 5 acres.

For rice, the maximum is the larger of half the rice allotment or 50 acres. The minimum is the larger of 10 percent of the allotment or 5 acres.

For cotton, the maximum is the larger of half the allotment or 10 acres. The minimum is the larger of 10 percent of the allotment or 2 acres.

For peanuts, the maximum is the larger of half the allotment or 10 acres. The minimum is the larger of 10 percent of the allotment or 1 acre.

For tobacco, the maximum is the larger of half the allotment or 5 acres. The minimum is the larger of 10 percent of the allotment or 1 acre.

The payment which a farmer may earn for participating in the Acreage Reserve will be determined by multiplying a base unit rate by yield factor. The national average rates for 1956 crops are: Corn 90 cents per bushel; cotton 15 cents per pound; wheat, $1.20 per bushel rice, $2.25 per hundredweight, peanuts, 3 cents per pound; and tobacco, varying rates per pound for different types (details in USDA press release 1661-56 issued today, June 8 1956).

The payments will be determined as follows:

For underplanting the corn base or the allotment for cotton, rice, tobacco, peanuts, or wheat (when planted to spring wheat), the payment rate will be based on the normal yield for the designated acreage.

For underplanting 1956 winter wheat, because of adverse weather, the payment will be $4 per acre.

For destruction due to natural causes or for plowing or otherwise physically incorporating the crop into the soil, or for clipping, mowing, or cutting the crop, the payment will be based on the smaller of an appraised yield for the field or the normal yield for the farm, but will not be less than $6 per acre.

Provisions of the Conservation Reserve part of the Soil Bank will be announced as soon as practical. Under this part of the program, a farmer will be able to earn two types of payment—an annual payment to help compensate for income which he would have received if the "reserved" land had been in crop, and a payment representing a percentage of the cost of establishing conservation practices on such land.

The same acreage on a farm may not be included under both the Acreage and the Conservation Reserve parts of the Soil Bank.

Chestnut Creek—

Sunday School at 10:00 a.m.
Worship Services at 11 a.m. and 7:30 p.m.
Training Union at 6:30 p.m.

We are indeed happy over our good report in Sunday School. Although some of our members were absent due to sickness, our attendance was still above that of last week.

The devotional was by Mr. H. Taylor, with Mr. Charlie Moore, Mr Micky Davis and Mr. Arnie Davis assisting.

We wish to express our gratitude to our song leader, Mr. Lee J. Grant for the beautiful hymns which were so inspiring. Mrs. Elbert Glenn accompanied at the piano.

We feel sure that everyone received a blessing from the wonderful sermon brought by our pastor, the [illegible] Gladwell.

We also wish to thank everyone who helped in the Vacation Bible School this past week, and for making the study course a great success. Our enrollment was seventy with a daily average attendance of sixty-seven.

Remember Wednesday night is the regular Prayer Meeting Service. We urge all our members to come and bring someone with them. Thursday night is Brotherhood Night. We want all our men and young men to attend this fellowship service.

On Sunday, July 1st, at 2:30 p.m. we will have our Sunday School Meeting. All of the church members are urged to attend this meeting.

We were glad to have Mrs. Walker Allen and daughter of Birmingham back with us Sunday.

All our visitors are welcome and we invite them back anytime.

We also want to thank the ladies of our church for the beautiful flowers.

Little Bennie Davis is ill in the hospital. Let's remember to pray for him, that he will have a speedy recovery.

Folks and Things ABOUT TOWN

—By Ben

SIDELIGHTS:

When the young wife of Bobbie Hamrick was taken to the hospital after the early Sunday morning wreck her knee was so badly crushed by the impact of the watermelon truck that watermelon seeds were found under her kneecap. . . Dr. J. P. Hayes, who died Saturday, was the first man in Clanton to own an automobile. He wasn't too sure that the thing was practical so he and a neighbor who lived across the street by the name of Pinkard went in together to buy one of the new fangled contraptions. The thing worked so the Doctor bought one of his own. The year was around 1914. . . . We run into Jim Parrish occasionally down town and looks better than he did ten years ago. He stays in the Magic City now but every now and then the urge to get back to God's Country is too strong so he comes around to see his old friends. . . . J. D. Wesson, local barber, who died suddenly Sunday had many friends. He was a kindly, homeloving father and husband. We remember when he was at the Service Barber Shop and could get an unsuspecting customer how he used to love to put the scalp vibrator to their head unsuspectingly. He knew it always "gave us the willies" and he invariably "slipped it to us."

Miss Ada Bennett visited friends here last week. Ada managed the Johnson Fashion Shop here for years and has scores of friends here and in Chilton County. She's at Haleyville now and says she'e doing fine. We were glad to hear from her and hope she makes her visits a little closer together.

And as the sweet young thing said: "I'm really just a babe in the woods." And the boy answered, "Well baby, meet an old Forest Ranger."

Wotta you do to get rid of fleas? They have taken over the camp at the river and won't let us in the house. What really hurt our feelings was when we found they preferred us to the dog and cat. They ain't the usual variety of flea, these are something special—nothing but the best. We had the laugh on one big feller the other day though. He thought he was taking a big hunk out of our skinny leg and bit slap into a bone. Broke his front teeth out. But we talked to a man who had some experience with fleas and he told us to get some sort of new fangled mixture. It works too, they're getting fatter and fatter, they like it.

The class was discussing the North American Indians when the teacher asked if anyone could tell what the leaders of the tribes were called.

"Chiefs," said the little girl.

"Correct," said the teacher. "And what were the women called?"

A sharp little lad answered promptly, "Mischiefs."

Chilton Legion Posts Receive State Honors

By Bob Fullen

According to word received by Thorsby Post No. 206 and Chilton County Post No. 6, Clanton, from John S. Foster, State Commander The American Legion Posts in this County have done an outstanding job in membership during this year Both have received letters of appreciation congratulating them for the fine year.

Commander Foster stated that Districts 1 through 9 have exceeded their 1955 membership and in these 9 districts there are 193 Posts. Out of the 193 Posts there are 110, which included Thorsby and Clanton, have 4,254 members more than their combined 1955 membership.

Thorsby, according to the latest reports, peak year was 131, 1955 121; ten year average was 91 and the 1956 membership is now 139 giving them a percentage score of 152.7.

Clanton's peak year in membership was 281; 1955 membership 106; the 10 year average was 120 and the 1956 membership is now 187 giving them a percentage score of 158.3.

The Citizens of these communities, both veterans and non-veterans, should well be proud of these fine records made by our war-time veterans. If you are a war-time veteran having had honorable service, you are invited to join the Post of your choice by the Commanders and members of these posts.

Membership especially important at this time because of the efforts of the Bradley Commission, and others, to destroy Veterans' benefits which the Legion has secured. A strong membership is your best protection of these benefits.

R. L. Culp Flies To Washington With Top Peaches

Winners in the peach auction at the Fourth of July celebration at the airport Wednesday were:
First pltce; R. L. Culp
Second Place: Bentley Farms
Third place: James Thornhill
Fourth place: R. L. Culp

Mr. Culp will go with his peaches to Washington with the reigning Peach Queen Miss Martha Bell where the peaches will be presented to Congressman Armistead I. Selden. The top bushel of peaches brought $125.00.

Johnson Named VFW "Commander Of The Year'

Lewis Johnson, Commander of VFW Post 3193 in Clanton, has recently been chosen as "Commander of the Year" by the State Veterans of Foreign Wars. Johnson was chosen for his outstanding leadership and ability which he proved by taking the small Post here and making it one of Alabama's best.

Johnson, who was recently re-elected Post Commander here, was also named as Commander of the Month twice within the past year.

Along with his newest honor Commander Johnson was awarded a life-time membership in the Veterans of Foreign Wars and a plaque commemorating the event.

All-Stars Split Double-Header Here Saturday

Clanton 5, Randolph 3—

The Clanton Stars took the measure of the Randolph team by a final score of 5 to 3 in a well played game at City Park Saturday afternoon Bobby Wyatt pitching all the way for the Stars recorded his 5th win of the year. He has one loss. The Stars came through with 10 hits Three of these belonged to Royce Seales. He had two doubles and one single. McKee had two singles and two R.B.I's Jimmy Fulford also had two singles. The Randolph team was held to 5 hits. These two teams are to play again at Randolph Saturday, July 7th.

Clanton 6, Billingsley 7—

The hardest fought game of the year at City Park resulted in a win for the Billingsley team over the Clanton Stars. Manager Edwards used 3 pitchers in an effort to stave off defeat but the visitors would not be denied and their south paw Lefty Jones went all the way to gain the verdict. Jones gave up 11 hits to the Stars with 4 of these going to Easterling. Wayne Guin hit safely 3 times. For the visitors Brigance Speigner, Turner and Gillespie had 2 hits each. The final score was Billingsley 7 and Clanton 6.

These teams are now even for the season and the 3rd game of their series will be played at City Park Sunday, July 22. All of the fans who watched last Sundays thriller will certainly be on hand for tihs game that will probably be played to an overflowing crowd.

Robert Popwell Buried At Shiloh

Robert Martin Popwell, age 18 of Rt. 2, Clanton died at his home June 27, at 11:15 p.m.

He was a native of Chilton County, born November 9, 1937, and the son of Fonza Popwell and Mary Cagle Popwell.

Services were conducted from the First Baptist Church of Clanton Sunday July 1, at 3 p.m. Officiating ministers were Dr. J. O. Hester and Dr. J. Gilbert Hutchinson.

He is survived by his mother who resides in Clanton, three sisters Mrs. Gaynes Glenn and Mrs. Morris Patterson both of Clanton and Mrs. Maryetta Henley of Birmingham: five brothers, Baxter, Paul, Daulton and Freddie all of Birmingham and Joe Popwell, now with the U. S. Navy in France; two step-brothers Charles Gilliland of Georgia and David Gilliland of Clanton. Also surviving is his grandmother, Mrs Nancy Traywick of Clanton

The pallbearers were the classmates.

Interment was in the Shiloh Cemetery. Spigener Funeral Home directing.

Awarded Service Citation

Mrs. Gertrude Uselton, Service Assistant for the Southern Bell Telephone and Telegraph Company, is shown receiving her 30-year service pin. Shown with Mrs. Uselton are, left to right: Mrs. Gertrude Jones, chief operator, Mrs. Uselton, and Mr. H. R. Evans, District Traffic Manager.

Mr. H. R. Evans, District Traffic Manager of the Southern Bell Telephone Company, from Montgomery, pinned Mrs. Gertrude Uselton with her 30-year service pin, June 26th, 1956. The occasion was commemorated by a luncheon at the Dixie Cafe friends and fellow employees attending were: Mrs. Jones, Miss Willie Merle Littlejohn, Mrs. J. N. Calloway, Mr. H. R. Evans, and the Rev. L. D. Brookshire, pastor of the Liberty Hill Baptist Church.

Clanton has grown from a small village to a thriving city and a part of the new South as pointed out by Mrs. Uselton. There were only 200 telephones in Clanton when Mrs Uselton began work compared to 2500 today.

Man, Woman Die In Flaming Truck Here

A minor highway accident ended in tragedy here early Sunday morning when two people were burned to death in the cab of a truck.

According to Highway Patrolman Fred Steen a pick-up truck driven by N. J. Wodham of Dothan overturned one mile south of Clanton on U. S. 31 at 1:30 a.m. A tire on the truck blew out and the wreck scattered tomatoes over the entire section of highway. The driver and a passenger were [illegible] to the hospital and the truck was towed to town by a local wrecker.

At 2 35 a.m. a truck laden with watermelons skidded in the debris and crashed into a car which was stopping at the scene of the previous accident. The truck immediately burst into flames as its gas tank exploded. The driver, Mancie Jose [illegible] Kent of Bonifay, Fla., and a woman passenger, Velma Aleta W[illegible] of Geneva, Ala., were burned to death

Bobbie Hamrick, driver of the auto, and his wife Marilyn Jo, were admitted at the local hospital. The couple were from South Bend, Indiana

Dr. J. P. Hayes Passes After Long Illness

One of Alabama's oldest physicians, Dr. J. P. Hayes, died in a Selma hospital last Saturday. He was 86 years old, and had been practicing medicine for 58 years.

Dr. Hayes married Miss Celeste Jones in 1900 and the young couple moved to the family home which stands at the corner of 7th Street and 1st Avenue where they resided until now. Dr. Hayes was a lifetime member of the Shrine and the members of the Masons served as his honorary pallebarers, as did members of the Chilton County Medical Association. Active pallbearers were Louie and Loren Smith. Dr. I. E. Edgar, M. D. Foshee, Jr., M. C. Codwin and Red Wagner.

Surviving besides the widow are five children: J. W. (Dick) Hayes M. C. (Jack) Hayes, Alex Hayes Mrs. James Wade, all of Clanton and Mrs. Grady Broadhead of Montgomery.

Funeral services were held from the First Baptist Church Sunday afternoon at 2 o'clock with Mar [illegible] Funeral Home in charge. The Rev. J. Gilbert Hutchinson officiating. Burial was in the Clanton Cemetery.

Veterans Club Makes Call For Foreign Trophies

The Board of Directors of the Veterans Club in Clanton today made a special call to all veterans in the County who might have souvenirs or war relics brought back from overseas. Plans are being made to obtain souvenirs from around the world to be used in decorating the new Veterans Club.

If you have articles of this type and are willing to donate them to the Club please contact Bob Fullen or Vernon Payne. Articles displayed will have a plate bearing the donors name.

Tourneys Begin 24th At Park

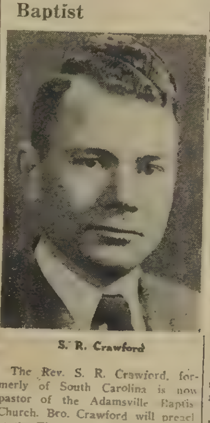
Tournaments in swimming, tennis ping-pong, shuffleboard and croquet will begin July 24th at City Park. Awards will be given to the winners.

Tournaments are for both boys and girls.

Come to the park and sign up for the tournament you wish [illegible]

The pool will be open every Friday night for the remainder of the summer.

Preaches Sunday At Thorsby Baptist



S. R. Crawford

The Rev. S. R. Crawford, formerly of South Carolina is now pastor of the Adamsville Baptist Church. Bro. Crawford will preach at the First Baptist Church, Thorsby, Sunday, July 8, at the morning and evening services

He has had wide experience in the Lord's work as a pastor and also in promoting different phases of church activity.

While in Germany, he promoted Youth Work in Frankfurt

A cordial invitation is extended to all to hear him next Lord's day

Verbena Baptist Revival, 15th-20th

The Revival at the Verbena Baptist Church will begin the Third Sunday in July and will continue through Friday night of the following week.

The Rev. J. E. Franks of Newville Alabama will be the evangelist. He is well known throughout the state and we trust to have visitors from other churches to come to our services each time possible and hear this much loved preacher. Morning services at 10:30 and evening services at 7:30. Everyone is welcome

Korean Vets Can Still Take Farm Training

In a special joint announcement by Mr. Howard Boockholdt, County School Supt., and R. L. "Bob" Fullen, County Veterans' Service Officer, on-farm-training is now available for eligible veterans. If you have been out of service less than three years and have a release or discharge other than dishonorable, you can most likely qualify for this training.

The education and training allowance is computed at the rate of $95 per month (no dependents, $110 per month (one deepndent), or $130 monthly (two or more dependents) The allowance under the new setup as provided by law, will not be reduced until after the first 12 months of training, as was provided under the old law.

Those Korean veterans who might be interested should lose no time in contacting R. L. "Bob" Fullen Wade Building, Clanton and making application in order to get your Certificate of eligibility and having your farm placed in line for inspection and approval.

Fullen stated that the new rates of allowance would not be reduced below $39.29 per month during the last four months for a veteran with no dependents taking the full course of 36 months.

HE SERVED LONG AND WELL—

Death came to Dr. J. P. Hayes last Friday night ending one of the longest careers in medicine in Alabama.

Dr. Hayes was a practicing physician for well over half a century and the good he accomplished during his lifetime in aiding the sick and suffering, is impossible to estimate

Countless thousands will mourn with his family and friends his passing. He served long and he served well. No higher tribute can be paid.

LAW ABIDING CITIZENS?—

There is a recent trend for some of our law abiding citizens to thumb their respective noses at the ordinance against shooting fireworks within the City of Clanton. Recently, it seems, we hear more and more fireworks being discharged. This ordinance forbids such a practice and should be enforced.

If it is not to be enforced then the City Council should take the proper steps to have it removed from the books.

Fireworks as we all know, are dangerous and many children have been maimed for life by playing with them carelessly.

BE CAREFUL OF WILD TALES!—

There were half dozen different tales going the rounds here last Sunday after the tragic accident in South Clanton, as to the cause, etc., of the wreck. It would be more thoughtful if we all got our stories straight before we repeated them even though, in so doing, the story loses some of its zest.

CLANTON IS GROWING—

We never meet an old-timer returned to our County for a visit that they don't remark on the growth of our community.

To us who live here the growth isn't noticed so much, but after a few years away, the growth is striking to the visitor. To be sure, our growth is slow, but it is sure and solid. No boom town Clanton—she's here to stay.

Report from Washington

BY

ARMISTEAD SELDEN

Congressman, Sixth District

Before leaving Walter Reed Hospital last week-end, President Eisenhower signed the multi-billion dollar road construction masure as well as four major appropriation bills This week he is scheduled to affix his signature to two additional appropriation measures that have already received both House and Senate approval. The first of these, the public works appropriation bill, contains the sum of $856,727,000. Included in this measure are funds for a number of important projects located in our state and district. The second, the defense department appropriation bill, contains a total of $34.7 billion for the operation of the Department of Defense during fiscal year 1957. This amount represents nearly $1 billion more than originally voted by the House of Representatives, all of which is earmarked for the Air Force.

The House and Senate last week also agreed on a compromise water pollution bill. The Senate accepted the House proposal for a ten-year $500 million program of grants to the states for construction of sewage disposal facilities. Federal participation in any project cannot exceed $250,000 or 30% of the cost of the project, whichever is less

In addition to these several conference reports, two measures of major importance also received House consideration—the school construction bill and the veterans pension bill. A final vote was reached on the veterans pension bill, but it was necessary to postpone the school construction vote until this week.

Veteran's Pensions—

The veterans pension bill, as reported from the Committee on Veterans Affairs, was an omnibus bill carrying pension and compensation increases for veterans of all wars and their dependents. The bill, as it was finally adopted by the House of Representatives, applies only to the pensions of World War I veterans All other provisions of this measure were ruled out on points of order The House approved the revised measure by a 361 to 51 vote after an effort to return the bill to the Committee had failed.

Under present law a World War veteran who is rated permanently and totally disabled receives $66.15 a month provided his other income is not more than $1400 a year if he is single or $2700 if he has dependents. If he is 65, or if he has been receiving a pension for 10 years continuously, he is currently entitled to $78.75 monthly. The bill, as approved by the House, will raise these rates to $75 and $90 a month respectively.

If the House bill becomes law, all World War I veterans will be deemed permanently and totally disabled at age 65 for pension purposes and thus eligible for the $90 monthly if they come within the prescribed income limitations. For veterans who are helpless or blind, the monthly increase will be from $135.45 to $150.00

STRENGTH FOR THESE DAYS

from The Bible

Thou hypocrite, first cast the beam out of thine own eye; and then shalt thou see clearly to cast the mote out of thy brother's eye.—(St. Matthew 7,5.)

It is said that to understand is to forgive. To understand that we ourselves are not without faults, and then to try—with God's help—to correct them, will lead us to understand, be sympathetic to the weakness of others and to be, in kindness and charity, a help to them. ..

LIFE'S LITTLE SHADOWS

VERNON P. PAYNE

I am writing this column on Monday prior to the Fourth of July; two days before an estimated 130 people will die on American highways in traffic accidents. Today these folks are going about their business as always. Tomorrow they will do the same with the exception of an added excitement of having a holiday Wednesday. Big plans have been made for the gala occasion of celebrating the Anniversary of our Nation's Independence. No plans have been made for the morbid events that have been predicted for them

Everyone thinks it can't happen to them. When we read of the estimated traffic toll we think of the unfortunate people who must leave this world but we never think of the possibility of going with them.

By the time you read this column the happy vacationers mentioned above will have become vital statistics. Some will have made front-page headlines for the first (and last) time in their lives, martyrs to the hungry devil of careless driving. It's now too late to warn them of the increased traffic flow of the holiday; too late to ask them to heed the safety slogan they so proudly displayed on their bumper; too late to remind them that traffic accident statistics are actually human lives to late to make them realize that it can happen to them.

How many folks will "tut-tut" over the gory headlines today, only to take their place on the next holiday? After all, it can happen to anyone.

Swarming Willow Flies Bring On Better Fishing Conditions

Willow flies are swarming about on all Coosa Lakes, and last evening bream fishermen never had it so good. Wonderful reports of outstanding catches come from Jordan Dam to the upper reaches of Lake Lay. Bonner's Fishing Camp on Lake Jordan reports that never before have so many bream been seen in the lake. Inman's Camp on Lake Mitchell reports large bass and bream catches. Eddie Henley, Game Warden, tells of large bream catches from Lake Lay.

Last Monday, the willow flies started, slowly at first, with a few scattered hatches, by Wednesday the banks were literally covered with willow flies. Bream and bass became easy pickings for those who happened to be on hand. It was reported that even the catfish were out on the banks taking in the willow flies.

Up until this wide-spread hatch, fishing was only spotty but now the prospects are good on all lakes. Good fishing should continue throughout the coming week.

Barney Parsons, Marbury, reports on conditions below dams as being good for bass fishing early in the mornings. Jeff Miller, Clanton, got so excited last Wednesday that he lost his rod and reel. Jeff was bass fishing out from Traywick's Camp on Mitchell Lake and during the excitement of some wild casting flipped his rod and reel into the drink The fish and Jeff's rod and reel are still in the lake.

The elusive stripes are making war on the pin shad but during the pastweek this action has taken place, for most part, beneath the surface. The best time for surface action is on overcast days when the water is calm. So far this week only a relatively few schools have been sighted

We sent Birthday Greetings to Airman Don Eiland who is stationed in the Marshal Islands.

Word has been received that 1st Lt. Ivan Smith, stationed in Germany is on the Boy Scout Council to help promote the work and to help arrange tours, etc for the Scouts of Army Personnel in Germany.

Ivan was active in Boy Scout work prior to his entering the service.

I received a letter from my sister in Nebraska saying she liked the southerners; when they walked they didn't run and when they sat down they didn't sit on the edge of the chair as if they'd jump right up again. She said westerners were prone to hurry.

We sent Birthday Greetings to Mr. Jonah Mims who celebrated his 84th birthday on Sunday.

Mr. and Mrs. T. S. Eiland and boys visited relatives in Sylacauga Sunday.

We are happy to report that Harold Wilson, son of the Rev. and Mrs. Lawton Wilson has returned from overseas duty and has his discharge. Welcome home, Harold.

Mr. and Mrs. Tommy Bales and children of Montgomery and Mr. and Mrs. L. T. Wilson visited their parents, the Lawton Wilson's over the week-end.

Mrs. Pearl Scott of Birmingham visited Mr. and Mrs. Monroe Foshee and Mr. and Mrs. James Harris, Benny and Bobby Ray

Mr. and Mrs. Dan Daniel have moved to Thorsby from Texas. Mrs. Daniel is the former Francis Kendrick. We welcome them home.

Mrs. E. Gilbert visited the Alton Wilder family in Clanton this past Sunday.

Mr. and Mrs. Hubert Dukes and children of Birmingham visited the T. S. Eiland family on Friday.

We sent Birthday Greetings to Mrs. Dolly Melton who celebrated her 82nd birthday, Sunday, July 1st.

We congratulate the newlyweds Mr. and Mrs. Billy Wade Payton. We wish for the new couple a lifetime of happiness together. Mrs. Payton is the former Janice Henley.

Mrs. Albert Snider, Mr. Jonah Mims are on the sick list. Let's be much in prayer for the sick in our community and other communities.

Remember our Revival will be the latter part of July.

Miss Clements Hostess to Quest Club—

The June Meeting of the Quest Club was held at the home of Miss Mary Clements.

When assembled, the group went to the Library where Miss Sybil Langston gave a sketch of the City Library, then introduced Mr. and Mrs. L. E. Roberts of the State Department Library. Mr. Roberts showed a picture, "Books and People," and "The Wealth Within." This picture is said to have cost $25,000 and has been used by the State Department in Japan. Being in color added to the interest and beauty of the film. Mrs. Roberts gave a talk on Library work, stressing how it can be enlarged to reach more people.

Mrs. Stanley W Cost (Elena) [illegible], appointed these chairmen: Miss Sybil Langston, American Home; Mrs. A. A. Beaman, Communications; Mrs. Dora Gentry, Education; Mrs. Verta Mae Langston, Fine Arts; Mrs. [illegible], International Relations; Mrs. Marvin Dawson, Public Affairs; Mrs. Louie Brasher, Welfare; Mrs. J. J Reeves, Americanism; Mrs. Nell [illegible], Legislation.

Those to serve with Mrs. J. J Reeves at the July luncheon will be Mrs. Verta Mae Langston and Miss Mary Clements

The hostess served a lime drink and home baked cake to the group

Birthday Party for Donna—

It was a very happy birthday for Donna McNeil on Saturday, June 30th when her mother, Mrs. I. H McNeil, Jr entertained at a children's party in the late afternoon

The little guests gathered on the lawn and enjoyed a period of games.

The pretty birthday cake was pink with five candles. As Donna blew out the candles, the group sang, "Happy Birthday."

Donna received many lovely gift wrapped packages containing toys and other nice articles. Tiny umbrellas, flags and balloons were given the little guests as favors.

Those helping Donna celebrate were: Joan and Judy Northcutt Darlene Collins, Sarah Johnson, Veronica Lee Harrell, Janelle Lenoir Julian Cobb, Butch Horton, Ben and Steve Pope, Mike Woodley Rita and Dale Littleton, Sandra Lee Rogers, Della Cost, Mrs. Paul Northcutt, Mrs. Betty Horton, Mrs. Flora Northcutt, Mrs. Annie Lee Harrell, Mrs. N. V. Woodley, Mrs. J. C. Cobb, Miss Elizabeth Richards, Miss Pat Newbourne and Mr. and Mrs. Henry Jefferies.

Delicious refreshments were served.

Darlene Collins Celebrates—

Little Darlene Collins will long remember her seventh birthday which she celebrated in an unusual way.

After several weeks, plans were completed for Darlene to appear on TV with her little friends.

Friday afternoon at 1 p.m. the honoree with her mother, Mrs. Sam Collins and guests left for Birmingham. They first went to Vulcan Park. After sightseeing and enjoying the many attractions the guests settled down for refreshments. Mrs Collins served ice cream, Cokes and cake.

The birthday cake was pink, decorated in white and green and holding seven white candles. As she blew out the candles, the group sang, "Happy Birthday."

The opening of the many gifts was a thrill for Darlene and for those looking on. She received many lovely gifts and toys which included a large clown doll and a tiny walking doll.

They were welcomed to the TV Station at 3:15 p.m. where they watched a show for a few minutes and then went inside. There were nineteen guests on the Benny Carl program who saw a show and had ice cream and drinks. The honoree had her picture made with Benny Carl.

The cake presented her was white decorated with pink rosebuds and green leaves and seven white candles. Her guests included: Velera Nell Pate, Sandra Lee Rogers, Linda Seale Clements, Sarah Johnson, Jane Ellison, Joan and Judy Northcutt, Evelyn and Loretta Burnette Donna McNeil, Jane Glover, Vicky Matthews, Johnny Minery, Judy Porter, Sandy Watts, Jackie Martin, Gail Campbell, Jimmy Martin, Mrs Lester Pate, Mrs. Paul Northcutt Mrs. Perry Burnette, Mrs. Ruth Matthews, Mrs. Sam Minery, Mrs Sam Collins and your reporter.

Everyone enjoyed the lovely setting for the party which included beautiful shrubbery, flowers, lily pools and the fish.

Surprise Birthday Party—

Mrs. Milton Crowson was honored on her birthday with a surprise party planned by her husband. Assisting Mr. Crowson with the party plans was Mrs. Marvin Dawson, the party being at the Dawson home. A large arrangement of gladioli was used for decoration.

Several contests were enjoyed with prizes going to Mrs. A. O. Lenoir and Mrs. Hubert Ellison.

Ice cream and cake were served as refreshments.

Twenty-five friends were on hand to help celebrate the occasion.

Meeting of Intermediate GA's—

Members of the Intermediate GA met with their counselor, Mrs. Louis Brasher on Thursday afternoon at 6 o'clock.

Willie Lee Blackmon, program chairman, called the meeting to order. Scripture reading from Romans 10-15, and prayer by [illegible] Porter. You CAN take it with you. There's no reason to ration your luggage when you go in a Ford Station Wagon. You arrive fully equipped.

There's no "go" like FORD go

Ford goes first with performance that made it
– the world's largest-selling V-8 . . . now up to 225 h.p.

You can have your pick of *three* power plants in any of the six Ford wagons you choose. If you're a bear for "go," you can even have the terrific 225-h.p. Thunderbird Special V-8 teamed with Fordomatic Drive.

A Ford Station Wagon *rides* and *handles* like the most expensive sedan. This means you can negotiate any back-country "vacation" road slick as a whistle.

Safety rides with you, too. For *every* Ford has Lifeguard Design. And this year, Ford's safety program was unanimously voted the Motor Trend Award for the "outstanding achievement" in motor cars. You'll surely want the safety of Lifeguard Design for your family.

And, of course, the savings you get in Ford are famous the world over. This year, Ford was again first in its class (beating all competition, including Sixes) in the rugged Mobilgas Economy Run. And the extra quality that is built into Ford cars helps them hold on to their worth and keep their resale value up.

So, if *you* want to get the "go" . . . the comfort . . . the safety . . . and the savings of the world's best-selling "8," stop in today. See why Ford goes first in station wagons!

In Performance . . . Safety . . . Economy FORD *goes first!*

Bedouins Discovered Scrolls Near Jericho

The Dead Sea Scrolls were found over a nine-year period, starting in 1947, by Bedouin shepherds exploring in the Wadi Qumran area south of Jericho in Jordan, one of the Bible Lands. Searching for treasure, they uncovered the parchment manuscripts telling of life in Biblical times and giving a new insight into the origins of Christianity.

Since then scientific investigation has centered on the ruins of the Khirbet Qumran, located between the cliffs and the shores of the Dead Sea. Archaeologists soon became convinced that this was once the "city in the wilderness" of the Essene community of Hebrews.

In Christ's time, the Essenes were an ascetic group that vied with two other groups, the Sadducees and the Pharisees, for the loyalty of the devout. It is believed that the sect was finally dispersed in the 1st century A.D. when the Roman conquerors destroyed their community. They apparently left their library buried in nearby caves as a legacy to humanity.

Airman Foshee is a maintenance clerk and is responsible for handling all squadron records, corerspondence squadron supervisor said in a letter and filing pertaining thereto. His recommending him for the award that "he performs all his tasks with the ease and skill of a man of many more years experience." In addition to his normal duties, following a recent fire in his organization in which all charts and most of the files were destroyed, airman Foshee undertook the tremendous task of replacing them himself.

The young airman was also cited for his cheerful attitude. Numerous times he can be found working during his lunch hour and after duty hours to complete his work properly.

Airman Foshee attended the Chilton County High School, (after which he worked at the Textile Mills in his home town.) Shortly thereafter on 6 April 1953, he enlisted in the Air Force and now plans to make it his career,

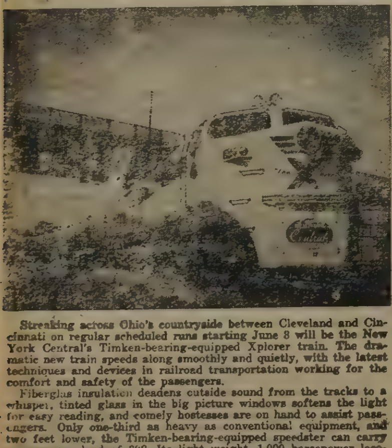
NYC Xplorer Train Speeds Service



Streaking across Ohio's countryside between Cleveland and Cincinnati on regular scheduled runs starting June 8 will be the New York Central's Timken-bearing-equipped Xplorer train. The dramatic new train speeds along smoothly and quietly, with the latest techniques and devices in railroad transportation working for the comfort and safety of the passengers.

Fiberglas insulation deadens outside sound from the tracks to a whisper, tinted glass in the big picture windows softens the light for easy reading, and comely hostesses are on hand to assist passengers. Only one-third as heavy as conventional equipment, and two feet lower, the Timken-bearing-equipped speedster can carry a passenger load of 392. Its light weight, 1,000 horsepower locomotive is capable of a top speed of 120 miles per hour. A unique self-banking air suspension system allows the train and its passengers to "lean" into curves, permitting The Xplorer to maintain higher speeds with more comfort to the rider.

A Biblical Town

SITE OF TREASURE HOARD: Nablus, once believed to be the ancient Shechem of Genesis, was founded by the Roman conqueror Vespasian after his destruction of Jerusalem in what is now Jordan, one of the Bible Lands. Its chief claim to fame is that it is the home of the last remaining member of the Samaritan sect of Jews and it is still visited by tourists for that reason. It is shown here nestling at the foot of Mt. Gerezim, the holy mountain of the Samaritans, where they congregate three times a year for religious ceremonies. A Mosque with minaret [illegible]

Visitors May See Scraps of Scrolls In Jordan Museum

While internationally known scholars work unheralded in deciphering some of the more than 2,000 year-old scrolls found in caves northwest of the Dead Sea, tourists who visit Arab Jerusalem may see fragments of parchments whose words refer either directly to ancient religions or to Biblical times.

The Palestine Archaeological Museum in the new part of Jerusalem, only a five minutes' walk from Damascus Gate in the walled-in city, houses both the studious researchers who work with monastic-security unknown to the public and the hallowed objects upon which the public can gaze with awe.

The scraps of parchment, browned by the centuries, are displayed in air-tight glass cases with their bits mounted cement-like on several glass plates, each plate about a foot square. These bits of handwritten and document-like passages from the Old Testament inspire a religious reverence among most tourists.

The Palestine Archaeological Museum, a gift of the Rockefeller family about a quarter of a century ago, houses thousands of antiquities, each specimen a link in Palestine's own history. The objects are so displayed that a visitor, in following a well designed circuit-route around the museum, sees history as it was lived in Palestine from paleontological times to and through the Islamic era.

As impressive as are these steps of ancient history, perhaps none catches the eye of the modern visitor as do the relics discovered in 1947 in the Qumran caves about 25 miles southeast of Jerusalem. The task of deciphering the scrolls is so prodigious and so time-consuming that a staff of six experts have from time to time labored in a scholarly pursuit whose end-result may shed more light on the religions and mores of the Bible Lands.

In the same case with the coins that date back to the First Century B.C. are two other similar hoards, as well as four oil burning clay lamps in varying shapes; also, two small jugs with narrow necks—something like American cider jugs. There is also a partly decayed metal urn with about 100 coins around it.

On the top shelf in the same case are samples of brown clay pots, taken from among 1,[illegible] such vessels found in the pantry in the Qumran cave. There are also three small bowls, a large bowl, three big jugs with large open mouths and handles on the sides. All these, too, belong to the First Century B.C.

In another case in an adjacent room are fragments of scrolls found in Fashka or the first Qumran cave. Flat on glass plates are fifty parchment scraps with texts [illegible] on Deuteronomy, scraps on Isaiah, 20 on the Apocrypha, 17 on the Hebrew original of the "Book of Jubilees" 10 on the Book of Noah, all these in Hebrew script; and [illegible] scraps on the Apocalypse of Lamech, the latter in Aramaic. The same case contains [illegible] Hellenistic oil lamps, found in the same cave. Also displayed are three big earthen jars which the ancient scrolls were originally stored.

BIBLICAL TREASURE TROVE

Dead Sea Scrolls Produce Clues to Hoard in Jordan

The recent discovery of clues to a fabulous treasure trove reputedly buried on the West Bank of the Kingdom of Jordan, one of the Bible Lands, as deciphered from the celebrated Dead Sea Scrolls has intensified interest in travel to the Middle East.

The clues were taken from two copper scrolls found in caves on the western shore of the Dead Sea in 1952, among many uncovered by Bedouins since 1947. The scrolls were engraved by members of the Essenes, an ascetic Hebrew sect, nearly 2,000 years ago and shed considerable light on life in the Holy Land about the time of Christ.

As revealed by American, British and Jordanian authorities, the copper scrolls refer to 60 hoards of gold, silver and other valuables once buried in the Jerusalem-Hebron-Nablus area. If the treasure were unearthed, it would include 200 tons of precious metals valued at more than $200,000,000 at current prices.

Dr. G. Lankester Harding, Jordan Director of Antiquities, announced in the capital at Amman that the clues, written in ancient Hebrew, were translated as follows:

"In the cistern which is below the rampart, on the east side, in a place hollowed out of rock, six hundred bars of silver."

"Close by, below the southern corner of the portico at Zadok's Tomb, and underneath the pilaster in the exedras, a vessel of incense in pine wood and a vessel of incense in cassia wood."

"In the pit nearby, towards the north, near the grove in a hole opening to the north, there is a copy of this book with explanations, measurements and all details."

"This Book" Sought

While archaeologists are sceptical that the treasure will ever be found due to changes in the topography of the soil since the first century A.D., they are speculating as to the existence of "this book" and wondering if its discovery would lead to the treasure hoard.

Treasure hunters fascinated by these clues as well as the Holy places of Christianity may journey to Arab Jerusalem from New York via Egypt or Lebanon. Pan American Airways, Trans World Airlines and several foreign air lines provide daily service to Cairo or Beirut in 30-odd hours.

We are very proud of our good attendance for both Sunday and Sunday night services. Let's continue to make our church grow by attending regularly.

To the visitors who were with us Sunday, we were happy to have you and welcome you back at any time.

We had one of the largest and best prayer meetings last Wednesday night that we have had in a long time. Twenty members were present. Let's try to make this number even higher. I am sure you will get a blessing by attending each time.

Our Revival will begin the third week in this month. The date will be July 16th. Let's keep this in mind and attend all the services possible.

We are sorry to lose one of our very best church members, Billy Gregg. He has entered the Army and will leave the last of this month. Billy is president of the Young Adult B.T.U. Class and his duties will be taken over by Mr. Jimmie Green. I'm sure Billy will be missed by all. Our prayers are that he will have a happy and safe return.

We still have a number of people in our community who are on the sick list. We trust they will soon be well again.

API Testing Hybrid Grain Sorghum For Yield Increases

Auburn—Hybrid grain sorghums some of which are now under test at the API Experiment Station, hold hope of future yield increases comparable to those brought about by the development of hybrid corn.

Hybrid grain sorghum seed will be available commercially from other states next year. However, these new varieties are being tried for the first time in Alabama this year and no recommendations on growing them in this state will be made until they have been tested for at least three years.

The controlled-pollinated grain sorghums were developed mainly in Texas and Nebraska, where they have been found to up yields 20 percent. These varieties are comparable in production efficiency to the corn hybrids of 25 years ago.

Alabama farmers who want to try the new grain sorghums as soon as they become available next summer limit their first plantings to small test plots. This crop is used pretty widely in Alabama as a supplement to corn for feeding livestock.

MT. PISGAH NEWS

Sunday School was well attended Sunday. Following the services, a group of M.Y.F. members went to Lake Forrest. They enjoyed a wonderful picnic lunch and swimming.

Two girls from our church, Helen Tucker and Inez Holley are at Blue Lake for the Intermediate Camp.

Miss Joyce DeVaughn of Montgomery spent the week-end with her parents, Mr. and Mrs. R. A. DeVaughn.

Mrs. Jim Cleckler and daughter spent part of the week here visiting relatives.

We were glad to have Mr. Donald Mims with us on Sunday.

Melvin Weil, Jr. Visits From Iceland

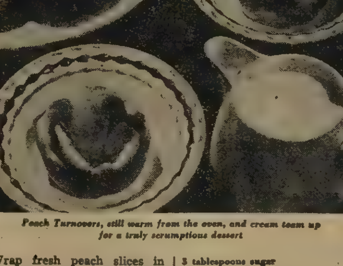
Melvin Weil, Jr. who has been stationed in Iceland for the past six months has returned for a thirteen day visit with his family and parents, Mr. and Mrs. Melvin Weil Sr. of Birmingham.

Relatives and friends gathered at the home of his grandmother, Mrs. Calista Williams on Fourth Avenue on Sunday for dinner.

Those who enjoyed this get-together were: Mr. and Mrs. M. R Lancaster of Tuskegee, Mr. and Mrs. L. M. Williams and family of Troy, Mr. and Mrs. Lonnie Anderson of Denver, Colorado, Mr. and Mrs. Melvin Weil, Sr., of Birmingham, Mrs. Elizabeth Norris and family, Mr. and Mrs. Grady William and family, Mrs. H. D. Roper and son, Burt and Mrs. Lonnie Martin all of Clanton, Mr. and Mrs. Melvin Weil, Jr. and three children. Mrs Weil and children have been with her parents in Dora, while Mr. W. has been in Iceland. He will return to Iceland following his leave.

Mrs. Williams' son, Lewis also celebrated a birthday Sunday, making this a double celebration.

Peach Turnovers



Peach Turnovers, still warm from the oven, and cream team up for a truly scrumptious dessert

Wrap fresh peach slices in tender biscuit dough to make these attractive Peach Turnovers. It's a wonderful way to feature this popular fresh fruit.

Make the biscuit dough with self-rising flour for extra-good results. Self-rising flour already contains baking powder and salt in correct amounts. Since these two ingredients are already present, you save time in measuring and sifting too.

Cinnamon and a dash of mace flavor the peaches to perfection. Serve Peach Turnovers warm, with whipped cream or plain cream.

PEACH TURNOVERS

1 cup sifted enriched self-rising flour
3 tablespoons shortening
1/3 to ½ cup milk
Melted butter or margarine
3 tablespoons sugar
¼ teaspoon cinnamon
Dash mace
1 cup sliced, fresh peaches

Cut or rub shortening into flour until mixture is crumbly. Add milk to make a soft dough. Turn out on lightly floured board or pastry cloth and knead gently 30 seconds. Roll out to circle about 10 inches in diameter. Brush with melted butter or margarine. Mix sugar, cinnamon and mace and sprinkle over dough. Cut into 6 equal pie-shaped wedges. Place 3 or 4 peach slices on each wedge. Roll up, beginning at wide end. Seal point and edges. Place in greased 3-inch muffin pans with point of roll underneath, and curl roll to fit muffin cup. Bake in hot oven (425°F.) about 15 minutes.

Makes 6 turnovers.

From France—With Love

Joan of Arc statue in Orleans.

Imagine! Just two months ago we were attending Julie Harris' remarkable performance of Joan of Arc in the Broadway hit play, "The Lark," and here I am writing to you from Paris, not many miles from where some of the scenes took place.

Of course, when you get here this June we'll see a lot of the colorful festivities centering about the 500th Anniversary of Joan of Arc's rehabilitation into the church. So, familiarize yourself with these names because you and I will be in Domremy, Orleans, and Rouen, where many of the high spots in St. Joan's life occurred. Domremy is the old, old countryside town where she was born. When we're in Lorraine we'll not only watch the processions, but have fun with the public singing and dancing. And in Rouen there'll be an exhibition called "Joan of Arc and Her Times."

Now, what do you think about my renting a car in Paris? We could wander through Normandy (it's really beautiful in apple-blossom time) until the celebrations for Joan of Arc take place there in June.

We could also drive up to the smart seaside resort of Deauville for sun bathing, swimming and yachting—and delicious fish dinners. For that matter, wherever we go in France, we're sure to find excellent regional dishes—from the celebrated Bouillabaisse, a Mediterranean fish chowder, to truffles in the valley of the Dordogne. C'est si bon! They cost a lot less than you'd expect too!

One of the nicest things about motoring in France (besides the fine roads), is the fact that no place is more than a day away from Paris, so the trip never becomes monotonous or too long. And anywhere we want to stop, there is a charming little wayside inn or country hotel just waiting to show us generous hospitality, clean rooms and excellent food — well, *practically* anywhere—and the rates are less expensive, too; we're bound to come up with another "find" to pass on to our friends.

Perhaps we'll just go on wandering through France in the little car after we see the celebrations — there couldn't be a more delightful way to spend the summer. So, see you soon!

A bientôt,
Yvette

Pink and Gold Deviled Mold

BRING SPRING TO YOUR TABLE with this colorful new recipe for a family lunch or party perk-up. Garnished with crisp salad greens and golden peach slices, the deviled ham mold rests in its own pink splendor. The bland sweetness of the fruit and the subtle spices of Underwood Deviled Ham blend into a new delicious taste sensation, denying the fact that only minutes were spent in preparation.

PEACH AND HAM SALAD

1 envelope gelatin
2 tablespoons water
2 tablespoons lemon juice
1 8-oz. container cottage cheese (½ pound)
1 tablespoon minced parsley
1 family size can Underwood Deviled Ham
4-5 black olives chopped
1 cup chopped drained cling peach slices
½ cup mayonnaise

Soften gelatin in combined water and lemon juice. Mix cottage cheese, deviled ham, parsley, olives and chopped peaches. Stir in dissolved gelatin and fold in mayonnaise. Turn mixture into 1 large (4 cup) oiled mold, or into individual molds. Chill until set. Unmold onto bed of lettuce and garnish with flowerlets of cling peach slices and sour cream dressing. Makes 5-6 servings.

Breakfast News

"Wake up, breakfast is almost ready". It's a familiar phrase and, too often, what we will be served for breakfast has become far too routine and familiar. Every morning is new, so why not a new twist to breakfast—like French Shredded Wheat? You can make it in a jiffy and it's so good. Just start with the long-time favorite cold cereal, Nabisco Shredded Wheat, and dip it in eggs and milk. Fry it until golden and serve hot and crispy. Served with slices of crisp bacon, it is an unbeatably delicious combination. Ripe, juicy strawberries will be a refreshing start for this breakfast.

French Shredded Wheat

¼ cup butter or margarine
2 eggs
1 cup milk
½ teaspoon salt
1 teaspoon sugar
8 Shredded Wheat biscuits

Melt butter or margarine in skillet. Beat eggs until bubbly. Mix with milk, salt, and sugar in a bowl. Dip Shredded Wheat biscuits in milk; do not soak. Fry at once in butter, turning to brown both sides. Serve hot with confectioner's sugar, jelly, or honey. Makes 4 servings.

Tasty Maine Sardine Sandwiches

SUMMER IS THE SANDWICH SEASON. Sometimes the busy housewife believes that the theme song "In the Good Old Summertime" has been replaced by a singing commercial. "Mommy, what can I have to eat?" It's a wise mother who keeps sandwich makings on hand at all times and avoids constant interruption. Try these different sandwich combinations with nourishing high protein sardines from Maine:

1. To make two sandwiches, drain and break up 1 can Maine sardines: combine with ⅓ cup ground process cheese, salt and pepper to taste, and a tablespoon of mayonnaise to bind; or,
2. Combine with 2 chopped, hard-cooked eggs, 2 tablespoons drained pickle relish, salt and pepper to taste, and little mayonnaise to bind; or,
3. Combine with ¼ cup each finely chopped cabbage and celery, 1 tablespoon sweet chopped pickle, salt and pepper to taste, mayonnaise to moisten.

Any of these fillings may be used in the preparation of little party or fancy sandwiches, roll-ups, and so forth. It will be necessary, however, to mash the ingredients to a smoother consistency for easier spreading. (ANS)

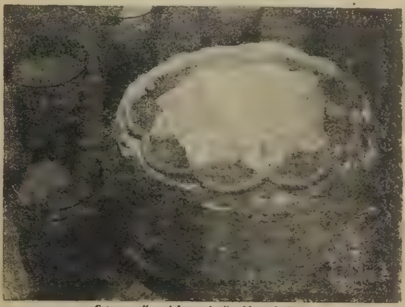
De Luxe Yellow Cake



Set a gay "special occasion" table with this attractive De Luxe Yellow Cake.

Time was when cake-making was a long, slow, practiced art. Not so today, with the development of the quick-mix method.

This recipe for De Luxe Yellow Cake becomes even simpler since it uses self-rising flour. You need not worry about the leavening and salt, they have already been added to the flour in proper proportions to insure perfect baking.

Follow the simple directions exactly and you can't help but turn out a cake that's high, wide and handsome. Once you've proved to yourself how easy it is, you will make this moist, flavorful cake again and again.

For a simple but delectable decoration, trim the cake just before serving with fresh orange slices, as shown.

DE LUXE YELLOW CAKE
(Quick-Mix Method)

3 cups sifted enriched self-rising flour
1¾ cups sugar
2/3 cup hydrogenated shortening
1⅓ cups milk
3 eggs
1½ teaspoons vanilla extract
¼ teaspoon almond extract
White Fluffy Frosting
3 tablespoons orange marmalade

Sift together flour and sugar. Add shortening and 1 cup milk. Mix to blend. Beat 2 minutes at medium speed on electric mixer or 300 strokes by hand. Add remaining milk, eggs, vanilla extract and almond extract. Mix to blend. Beat 2 minutes or 300 strokes longer. Turn into 2 greased, paper-lined 9-inch round pans. Bake in moderate oven (375°F.) about 30 minutes. When cool, prepare White Fluffy Frosting. Measure about ½ cup frosting into a bowl and beat in marmalade. Spread between layers. Frost sides and top with remaining frosting.

Yield: one 9-inch layer cake.

White Fluffy Frosting

1/3 cup white corn sirup
1/3 cup sugar
1/3 cup water
2 egg whites
¼ teaspoon salt
1 teaspoon vanilla extract

Combine corn sirup, sugar and water. Bring to boiling and cook until sirup spins a thread. Meanwhile, beat egg whites and salt until soft peaks are formed. When sirup has reached proper consistency, pour slowly into the beaten egg whites beating constantly until frosting is fluffy and forms peaks.

Makes enough to frost 2 9-inch layers.

happy vacations begin in a Chevy

You'll love to travel in it, because it loves to travel! When you get this Chevrolet out on the road, you'll want to keep going—and so will the whole family.

America's largest selling car—
2 million more owners than any other make.

Of course, even in a Chevrolet the happiest vacations may involve one or two minor problems. Like fidgety small fry who want gallons of water and keep asking if you're almost there. The big things, though, are beautifully taken care of by this roomy Chevrolet's smooth and easy way of going. That's for sure.

The fact is, few cars at any price hold the road with Chevy's grace, with its solid feeling of stability. And with horsepower up to 225, Chevrolet moves out like a whiplash, for safer passing. It's no wonder that so many people who used to buy higher priced cars are changing to Chevrolet! Stop by soon for a ride.

Folks and Things ABOUT TOWN

—By Ben

Somebody's off their rocker and it ain't Whistler's Mother. A fellow came by the cafe the other morning and complimented one of the waitresses on our nice little city, but complained about there not being any signs to tell our visitors which town it is. He stated that you was into town before you knew there was a town, and then when you arrived you didn't know where you were. Well, we drove up highway 31 a few miles and down highway 31 a few miles and as you probably know, we counted scads of signs. Within a mile north of town we counted a dozen signs that contained the word "Clanton". We can only say one thing for that fella—he sure had his eye glued to the road.

We went to the beach last week end. It was the wettest, blowingest, week-end we ever spent on a beach or anywhere else. All you could do was duck your head and take-off when you wanted to go from the cabin to the picnic area. We must have looked like a sand crab 'cause we got swatted three times on our unexpected. We just go down a few days each 365 and the three days we picked this year were lemons.

Our neighbor didn't say a thing the other day when a big roller run over his cat. He just stood there with a long puss.

Statements of candidates in the City election in September have to be filed bfore August 18th, Dave Wall stated Tuesday. The statement has to be filed with the Mayor and a copy of the form to be used can be obtained from the City Clerk. Alright boys, the line forms on the right.

B. N. Studdard and wife Hazel are vacationing this week in the Smoky Mountains. We didn't ask if Ben took his pup tent or not, but we do hope that the bears don't get our Gulf Distributor before he returns. We note that many vacationers are going to the mountains this year instead of their old haunts on the Gulf. Trying to beat the heat we suppose.

Local Insurance Agent At Seminar

Mr. Joe Ed Bearden, who has been an Agent for Liberty National Life Insurance Company for 12 years, is attending a Seminar during this week (July 9) at the Home Office of the Company in Birmingham.

The purpose of the Seminar is to acquaint the Company's Representatives with the latest developments techniques, and practices of their profession.

All-Stars Meet Autaugaville On Friday

The Clanton Stars will journey to Autaguaville Friday night and the two teams will meet again Sunday July 15th at Clanton's City Park Game time is 3:00 p.m.

Clanton 2-West Blocton 5—

The Stars fell victims to a fast West Blocton team last Wednesday by a score of 5 to 2. The game was highlighted by Royce Seales home run over the right field fence and 3 hits by Pete McKee. West was the visitors winning pitcher while Lockhart of the Stars caught the loss. The second game was canceled because of rain.

Clanton 3-Randolph 5—

Saturday afternoon the Stars losing streak ran to 3 in a row when they were nosed out by aRndolph 4 to 3. Lockhart, Clantons hard luck pitcher again was charged with the defeat. He pitched well enough but his team mates could not hit with men on. Better luck next time, Lockhart.

Clanton 22-Plantersville 4—

Sunday afternoon the Stars backed up Bobby Wyatts well pitched game with 22 hits and engulfed the Plantersville team 22 to 4.

Wyatt and Ellison led the hit barrage with 4 each while Edwards Seales and McKee claimed 3 hits apiece. Seales batted in 6 runs and Easterling drew 5 walks, a new club record. Wyatt has now won 6 games while losing only 1.

The Stars leading hitters are Wyatt .460, Seales .392, Fulford .371 Easterling and McKee .350. The R.B.I. leaders are Seales 18, McKee 14 and Ellison and Wyatt 13 each.

Game time Sunday, 3:00 p.m.

Only one-fourth of one percent of the meat animals inspected by the federal government in recent years were found unfit for food.

VFW Post 3193 Meets Tonight

G. H. Fulmer, Sr. Vice-Commander of VFW Post 3193 of Clanton, today made a special appeal to all members of the Post to be present at the regular meeting tonight. Very important business will be brought up at this meeting, scheduled to begin at 7:00.

The meeting will be held at the new Veterans Club on the Enterprise Road.

Little League On Last Half Of Schedule

By Ott Miller

Last week was make-up week in Clanton Little League's schedule and the JC's and Lions won over the Kiwanis and Braves in the games originally set for June 15. Then on Friday the Kiwanis Club whipped the JC's twice in playing off their two tie games of June 5 and 26. The League standings for the first half show:

Lions—5 wins, 3 losses, 1 tie
Kiwanis—5 wins and 4 losses
Braves—4 wins, 5 losses
JC's—3 wins, 5 losses, 1 tie

Should the JC's win their tie game play-off from the Lions, we would then have the Lions and Kiwanis tied with 5 and 4, and the Braves and JC's tied with 4 and 5; and you just can't hardly get 'em no closer than that.

Unofficial figures through the playing date of June 29 showed Tommy Shelton of the Lions leading the League in hitting with an average of .737. Tommy also leads the pitchers in strike-outs with an average of nearly fifteen per game Warren Edwards is second in hitting with an even .700, followed by Gilliland of the K's and Ray Cox of the JC's with .600. Others at the top in hitting are: Lowery of the Lions .583; Littlejohn, .474; Miller of the Braves, .523; Williams of the Braves. .364; Wright, .331; Jones of the Braves, .313; Miller of the Kiwanis, .277; and Traywick, .273.

Wtih the last nine playing dates remaining, the League is still heavily indebted. The support has been real good for the last few days, but officers ask your continued cooperation. We give you this word—You may wish you had seen these boys play AFTER you hear how many they won in the State Tournament Remember every Tuesday afternoon at 3:00 p.m. and very Friday at 5:00 take off for the ball game.

In tomorrows games the JC's tangle with the Kiwanis team and the Braves meet the Lions. It looks like there might be a reversal of the standings.

Scott Reports Conditions For Local Fishermen

This is the time of year when some get 'em and some don't. Usually those who catch the most fish are the fishermen who go the most and hunt the hardest. These are the boys who do the least talking about the good fishing spots. You can always find a talkative fishermen who didn't have any luck. He will tell you quickly there are no fish in the lake However, if you are on hand at the boat docks when the boats are coming in, you will see plenty of good catches.

During the past week fishing was spotty, but considered god. Reports from most camps told of outstanding catches of largemouth bass and stripes from Jordan, Lay and Yates Lakes.

Those crazy willow flies come and go so fast that you just about have to be on the lakes at the hatching time in order to get the advantage of a swarm. Sometimes they are here today and gone tomorrow, then there are times when they continue to hatch for several days in succession. Last week they were out thick and heavy for two or three days, then before this newsletter hit the printer's ink, they were gone This morning about 4:30 a.m., on Lake Mitchell, willow flies were starting to hatch again. This may turn out to be another whopper of a hatch and then it may fizzle out Yes sir, it's hard to tell what the willow flies will do, but a good guess would be that another large hatch is underway and a good week-end of fishing is in store for those who try the Coosa Lakes.

Bloodmobile Returns To Clanton, 16th

Chilton County is preparing for another visit from our Red Cross bloodmobile unit from Birmingham July 16th, First Methodist Church in Clanton from 12 noon until 6:00 p.m. You are assisting in saving lives by continuing to give this vital fluid, through your local Red Cross Blood Program.

We would like to urge that every blood donor whose card will expire soon or has already expired—come to the center this time and renew thir cards to keep them valid for another 8 months. This is blood insurance to you and your immediate family.

Also we have about thirty persons who have signed a pledge card promising to replace blood which has been used by patients at our Chilton County Hospital in the past few months. These persons are expcted to report at our blood center and offer a pint of blood; at which time they will be given a blood donor card to cover their families for the next 8 months.

For your information, you may eat normally until four hours before donating blood, then you should avoid eating fatty foods during that four hours prior to giving blood. Fatty whole blood cannot be transfused because the patient receiving blood may be sensitive to fat—as many people are. Fat solids also interfere with transfusion flow. Also plasma made from fatty blood cannot be dried and preserved successfully. It is much better that you give blood when you have eaten, but beware of fatty foods.

Any person 21 years old through 59, who are in good physical condition are eligible to donate blood. Those boys and girls 18 to 21 years of age must have consent of their parents; except boys who are in the service.

We are now in a drive to try and raise the necessary funds to retain the blood program another year. We have been given a deadline of July 15th to raise this money: and if same is not raised by that time we will only have one more bloodmobile visit from Birmingham after July 16th. We will then be forced to withdraw from the blood program in this County.

Last year we did not collect sufficient funds to carry on our blood program, but the Birmingham Regional Blood Center was good enough to carry us one year without our paying any funds in toward the support of the blood program.

Birmingham has informed us we will definitely withdraw unless we have sufficient funds to take care of our blood program in this County this year, which began July 1st, 1956. Those who think the program is important and would like to see it continue in this County—send your contribution to:

Mr. Campbell White, of the local Red Cross office.

Phone Service Is Delayed In West Chilton

The telephone service for Pletcher, Sardis and Adams originally scheduled for late summer will be delayed because of material shortages.

Mr. O. W. Norton, local manager of the Southern Bell Telephone and Telegraph Company, said shipments of cable and wire needed for the project have been delayed due to prior commitments.

No definite date for starting the project can be given until the material is received, Mr. Norton said.

Wrecks Injure Two On U. S. 31

Two wrecks, one at Jemison and the other at Lomax, injured two people the past week-end.

Th wreck that occured at Jemison just under the traffic light, injured Martis L. Lawley of Rt. 1, Randolph. The driver of the other automobile was Joseph Alvin Parrish of Clanton, Rt. 5. Parrish was uninjured. However, Shirley Price, 18, of Thorsby, Rt. 1, was slightly injured about the face and head. Marjorie Bolton of Jemison, Rt. 1, also received a sprained ankle according to officer Fred Steen who investigated. The accident happened Saturday night about 11:30.

Sunday morning at 9:15 Thomas J. Hunter of Clanton was driving a car that was in an accident with a car driven by Mrs. Louise Shelby of Anniston. No one was injured in this wreck and the accident was due to wet pavement it was stated.

Leading Revival At Temple

Temple Revival Begins Sunday

On Sunday, July 15, the summer Revival will begin at the Temple Church, located about 2½ miles east of Clanton, with the Rev. and Mrs. Hollis Peterson as the Evangelists. Services will begin each evening at 7:30 o'clock.

The Rev. and Mrs. Peterson are very talented, and will be playing eighteen different musical instruments. They have conducted revivals in 25 states and parts of Canada, and have appeared on 54 different radio and TV stations.

The pastor, the Rev. Troy B. Helms, extends to each and everyone a cordial invitation to attend this series of meetings, beginning on July 15, and continuing for two weeks.

On Monday, July 16, Vacation Bible School will begin at 9:00 a.m. All children are invited to attend, each day from 9:00 a.m. until 11:00 a.m. There will be well qualified teachers for every department and every age.

Bogus Check Artist Working Clanton

Power Co. Urges Local Merchants To Watch Checks

The local office of Alabama Power Company urges merchants and others to be cautious about cashing Alabama Power Company checks. Two bogus checks have been cashed at different points within a couple of weeks. The bogus checks cashed purport to be Company payroll checks issued out of its Montgomery office and are drawn on The First National Bank of Montgomery. They show a payee's badge number, which in itself identifies the check as bogus, inasmuch as Alabama Power Company's payroll checks do not carry badge numbers. The checks were peach colored with a black ornamental border, and bear a pen signature purported to be that of Franklin L. Simpson. It is possible, however, that other similar checks presented could be on different colored paper and with a different signature. The local office of the Company cautions merchants and others not to cash Power Company checks unless proper identification is given.

Apparently the same individual passed both of the checks reported thus far. He is described as being a clean-cut, sandy blond, twenty eight to thirty years old, apparently an outside worker with ruddy complexion, about six feet or better in height, and weighing about 180 pounds.

Chilton-Unity Meets Tonight

The Chilton-Unity General Young Peoples Rally will be held at Corinth Thursday (tonight) at 7:30 o'clock. Everyone is asked to come and bring a picnic lunch.

Soil Bank Plan Gets Underway

Soil Bank Acreage Reserve agreements are now available for signature in the county ASC Office, Eddie Owen, Chairman of the County Agricultural Stabilization and Conservation Committee, announced today. Farmers may obtain full information there on how they may participate in the Acreage Reserve part of the Soil Bank this year.

"The Acreage Reserve is the first part of the program to get into operation for 1956," the Chairman explained. "While farmers may sign an agreement any time before July 20 those who want to participate in the program should call at the office soon. July 31, 1956 is the last date for plowing or disking a cotton crop in order to reduce the acreage below the farm allotment."

Besides permitting farmers to incorporate into the soil, by plowing or disking an acreage of cotton within the allotment, the 1956 Acreage Reserve contains several other special provisions, which enable farmers to take part in the program this year.

Thus, a farmer may earn a payment for underplanting cotton if he can certify that he underplanted either in anticipation of complying with the program or because of adverse weather conditions and if he designates an equivalent acreage in the Acreage Reserve; or the farmer may comply with his farm allotment for cotton and earn a payment if he does not harvest an acreage of the crop because of destruction by natural causes. Land placed in the Acreage Reserve must not be cropped cut for hay, or grazed during 1956 Noxious weeds must also be controlled.

Payments on cotton acreage designated for participation in the Acreage Reserve will be based on 15 cents per pound on either the normal or appraised yield—depending on how the land qualifies under the program, but not less than $6 per acre for destruction due to natural causes or for plowing or cutting the cotton crop.

In order to participate in the Acreage Reserve of the Soil Bank, a farmer must generally comply with all allotments (and the corn base) established for his farm.

FHA Names New County Committeeman

Mr. Tomas A. Davis of Route 2 Jemison, Alabama, is the new member of the Farmers Home Administration, Isaac C. Byrd, County Supervisor, announced this week

Mr. Davis' appointment became effective July 1, 1956. The committee on which he will serve determines the eligibility of local farmers who apply for Farmers Home Administration loans.

The new committeeman is a farmer in the Union Grove Community and succeeds Mr. R. L. Culp of the same community whose term expired this year.

The other two members are Mr L. E. Edwards, Chairman, Rt. 3, Clanton, Alabama, and Mr. R. M. Foshee, Rt. 4, Clanton, Alabama.

Each agricultural county in the country has a similar committee of three members who are responsible for determining loan applicants' eligibility, certifying the value of farms being purchased or improved through Farmers Home Administration loans, and making recommendations on loan approvals and loan servicing actions.

Each member is named for a 3-year term and one appointment expires each year. A member completing his 3-year term cannot succeed himself. At least two of the members must be farmers.

The committee works with the county supervisor in connection with all types of loans. These include farm operating loans and loans to buy, improve, or enlarge efficient family-type farms in this area. They also include loans to farmers or their non-profit associations to establish and carry on approved soil and water conservation practices including improving permanent pastures, terracing, soil erosion measures, farm stead water systems, irrigation, drainage, and many other conservation practices.

Most of the soil and water conservation loans to buy or improve farms are made from funds advanced by private lenders and insured by the agency. Some of these loans, however, and all loans for operating farms, are from annually appropriated funds.

No loan of any type can be approved for an applicant whose credit needs can be handled adequately by other credit sources.

FHA Backs Farm Ownership On Eligible Land

Farm Ownership Loans are made to assist farm families in becoming owners of efficient family-type farms.

Farm Ownership Loans are made from direct funds and insured funds advanced by private lenders and insured by the Farmers Home Administration and from annual appropriations by Congress. The same standards for farms and farmers' eligibility are followed for both kind of loans, but insured loans are made to families who can make a ten percent down payment, or have a ten percent equity in their farms.

Your application will be considered if you are a Veteran, or a Farm Tenant, Farm Laborer, Sharecropper or if you own an inadequate or unimproved unit, or if you own a farm with adequate acreage that needs only building improvements.

Loans are made only to those eligible applicants who cannot obtain suitable credit from other sources The Farmers Home Administration County Committee also must decide on the basis of your character, experience, managerial ability, industry, and financial resources, whether you are likely to be successful in the farming business. The Committee is made up of three local persons including at least two farmers.

Applications may be made at the Farmers' Home Administration Office, Clanton, which is located in the Higgins Building.

SAFE AND SANE FOURTH—

Alabama's near perfect holiday traffic accident record proves the point that folks can live safely, even on a holiday.

According to the Highway Patrol, the determining factor in the light accident toll on the Fourth of July was the fact that it was in the middle of the week. If a holiday hits next to a week-end, then blood really flows on the American highways.

It would seem from this point, which has just been proven beyond a shadow of a doubt, that national holidays could be celebrated in the middle of the week. Sure it would foul up a lot of tradition; but what is a tradition worth when weighed against saving human lives.

A PEACHY FESTIVAL—

In spite of the lack of cooperation by the weather man, Chilton County held a highly successful Peach Festival on the Fourth of July. While it was lacking in its usual revelry the added dignity made the event more outstanding.

The state, as a whole, showed its usual interest in this small show of gratitude towards our largest industry.

The committee which planned and executed this affair is due a vote of thanks from everyone. Their time limit was very short and their available help was even shorter, but they made the most of what they had and came up with a commendable and memorable program.

DON'T DO IT YOURSELF—

Gaining space on the front page of newspapers over the country is news about "do-it-yourself" fans who have been injured or killed while doing a job they are not suited for. These folks were saving money, doing repairs or re-modeling themselves, but ended up paying much more after the accident.

"Doing-it-yourself" is fine—if you know what you are doing and are capable of completing the job. The point is these fans should never take on a job that is too large for them or one that entails danger. Leave these things to a professional who gets paid to take the chances and who knows exactly what he is doing. You'll save money in the long-run.

Fatal Fallacies

Report from Washington

BY

ARMISTEAD SELDEN

Congressman, Sixth District

Climaxing five days of debate, the House of Representatives last Thursday defeated by a vote of 224-194 a measure that would have authorized federal funds for the construction of badly needed classrooms. Earlier it had approved an amendment to the bill by Negro Representative Adam Clayton Powell of New York denying federal funds to school districts, or states, "that did not comply with the United States Supreme Court's decision against racial segregation in the public schools." All members of the House from Alabama voted against the Powell amendment and, after its passage, also voted against the bill.

Southern Opposition—

Although the adoption of the Powell amendment solidified Southern opposition to the school construction bill, many Southern members were convinced during the debate on the measure that, with or without the Powell amendment funds authorized under the bill would ultimately be denied to those states that continue segregated public schools.

Representative Graham Barden of North Carolina, Chairman of the House Committee on Education and Labor, emphasized on several occasions that funds could and, in his opinion, would be denied all states that refused to integrate their schools. Representative Lee Metcalf of Montana, a member of the Committee, a former justice of the Supreme Court of his state, and a strong advocate of the bill, frankly, stated. ". . . . I believe that under the implementation decision of the Supreme Court, the Attorney General of the United States or the Commissioner of Education has the power to deny funds to the schools, for construction or for any other purpose. Although some members said they did not believe that funds would be denied to states with segregated school systems, most admitted such action was possbile.

In any event, the Southern members of Congress made it crystal clear that despite the urgent need for school construction funds, they would not vote for a measure that could not be used to implement the Supreme Court's unprecedented and unwise decision of May 17, 1954.

Postal Rate Bill—

The House passed a measure last Friday which, if approved by the Senate, will increase postal rates an estimated $430 million annually. Of this amount, $312 million will be obtained by increasing the rate on first class mail from 3 to 4 cents and the rate on airmail from 6 to 7 cents. An increase on second and third class mail would produce an additional $112 million.

Those who opposed the bill correctly pointed out that while first class mail and airmail have consistently shown a profit, there is a tremendous loss each year in second and third class m ail. Yet, under the terms of the House bill, the users of first class mail will make up the largest part of the deficit that has been brought about as a result of the present rates on second and third class mail.

Despite these convincing arguments, the Administration-backed bill was passed by a 217-165 vote.

Peach Queen Visit—

We enjoyed a fine visit last Thursday from Chilton County's beautiful and attractive peach queen, Miss Martha Bell of Clanton. Accompanying her to Washington was Mr. R. L. Culp of Jemison, grower of Chilton County's prize winning basket of peaches.

Miss Bell and Mr. Culp were my guests at a luncheon attended by all the members of the Alabama Congressional Delegation and held in the Speaker's Private Dining Room. Following the luncheon, Miss Bell and Mr. Culp accompanied me to the office of House Speaker Sam Rayburn where they presented him with the prize winning basket of peaches.

Chilton County and Alabama were well represented by Miss Bell and Mr. Culp who made a most favorable impression on all who met them.

Fall Irish potatoes should be planted this month in North Alabama.

JOB PRINTING

Sez:

You may call this a testimonial if you like, because there are some of the other fellas in our Club who are faced with similar if not the same circumstances I'm sure.

Last Thursday night we had exactly ten members present to hear the speaker of the evening, Dr LeFave.

Believe it or not fellas, Thursday night is the first time that I have really clearly understood what our Club means and what my obligations are, to my family, my neighbor and last, but not least, my Country.

Couldn't say whether or not the good Dr. is "Mr. America" personified, but I can say that it took his talk last week to make me see what a blessing it is to be able to worship, speak, meet, etc. in complete freedom. Surley, I have heard it many times, but it never impressed me as it did then. He made me want to know more about my Country and my Flag. He made me see the importance of our freedoms and see the sacrifices that have been made for those freedoms. You can't appreciate something sometimes until you haven't got it. Well, he made it clear to me, that we have something to appreciate here in America and he proved to me that it was worth fighting for and needed fighting for.

For one thing or another, mainly due to the fact that I don't have enough time with my family, I was strongly considering dropping out of Civitan. Not because I so much wanted to, but I felt two duties: one to my family and one to my Club and friends. I felt then, that my duty to my family was foremost.

So, I was going to talk to Joe or one of the members and confide in them and tell them the situation

But now, I'm mighty proud to say, I don't have to drop out. After that talk, I realized that my duty to our Club was a duty to my family; that by attending the Club and doing my utmost to promote it's meaning and ideals that I'd be securing my family's future and be making for them a better community in which to live.

To some people, this lesson I learned may come natural and it may seem foolish to them that I. an American citizen couldn't see my blessings to appreciate them. I'm just mighty glad and I'm indebted to the Dr's. ability for showing me just how important my birthright is and how proud I should be of it. I can say America is mine, without anyone contradicting me.

Why? Because they can say the same thing, if they mean it.

I'll continue to do what I can for our Club, only I'll try to expand my usefulness. The greatest thing is, that when I go to a meeting now, I won't feel guilty about leaving my family rather I'll feel proud that I'm able to promise them better things in the future and security in these days of indecision. Now, after being away the first of the week, I'll feel it my duty to them to go to the Club and keep abreast with what's going on so that when the time comes to do something, I'll know what it is that needs doing and won't have to fear following someone who is leading in the wrong direction those who have been passive and non-existent, so to speak.

Now, I'm really prouder than ever that I'm an American and a Civitan. Two of the greatest honors in the world.

We only hope, sincerely, that we can have this fine speaker, Dr. LeFave back when we have a better showing of membership. He's too good for all you gentlemen (and I use the term loosely) to miss. Next time we have him, and I hope it's soon, let's have a more impressive group present.

Meeting time gentlemen (that loose term again) is 7:30 p.m. and (get this now) bring your knife and fork 'cause the vittles are to be vittled. In other words: we eat!

We leave you with this thought: If you bring your wife you'll have to buy her dinner, 'cause this ain't family night and we didn't prepare for her. How's that for a subtle hint.

Lights should be used on this year's crop of pullets until fall. The layers should then be started out with just morning lights.

things we See and Hear

By "TUCK'

Know what the Pall Mall said to the Camel? "No need to make an ash of yourself."

So you want to be a tourist? Well, this week we heard of a poor fella just passing through town who had his little hands full of big troubles and in his own words "why didn't I just stay at home." There was a reason for this pessimistic attitude on this particular tourists part. . . he was a pessimist. No, he had stopped to get his battery charged, (car battery, that is) which took up considerable time and off his driving at that. Then, when his battery was beginning to see the light again he was sparking with new life and he was started to drive away and what do you know. He had a flat tire. So you want to be a tourist, huh? (confidentially, we do to, but we have a dead battery and slick tires before we leave, so why leave. Yeh, he's a pessimist all right.)

Last week, seeing a small kitten playing around in front of the office here, we felt humane and went over and picked up the little scoundrel. Well, we thought he might get run over or something and we didn't want that to happen. We've never been "cat-lovers" but we're for the underdog in such a case. Don't think we minded saving him anyway, but we do resent having to clean up after him. (Benji, likes him, guess that's what's saving him now. He's leading a charmed life.)

Well readers, as of Friday yours truly is batching it for about a week or more. Don't know as we like it. Don't know as we don't. As a matter of fact, we've never tried it. One thing is certain though, we probably won't make it to work a day on time without Benji and Terri there acting as official alarms. Boy, if you want to get there early, just set them for daylight and you'll be up; by daylight you've usually changed your mind, but by daylight you have no choice. They're like a bank vault clock, once you set it, you go by it. Anyhow, you can feel for us next week, as we slowly waste away into nothing (that shouldn't take long) not having a cook around the house. She informed us this morning that she even expects to take the grocery money with her. Well, we said we'd waste away.

Service with a grin. Street light's been on the blink for over a month now, and we called about it and nothing happened. Then, yesterday about quarter to five we called and reported it again and when we got home about five fifteen the street light was in working order. Don't know which call did the trick but we will tell you this, we had gotten used to the dark corner and now it looks like a Christmas tree. It's amazing how people get used to conveniences and don't think about them.

Our apologies to the City or John Ponder or somebody. The other day we mentioned something about the welcome sings not being finished and practically before the paper hit the streets the signs were being painted. Now, we realize that our influence does not wield such a mighty hand as all that, so we don't know who gets the credit. Explain this to us though, how come we had to wait weeks and weeks to have the signs finished. That's pretty particular paint, ain't it?

Latest bulletin on the cat mentioned above is that the crittur has been nearly eaten alive by the dogs of Glendale. Like we said we're for the underdog in this instance, but we're gonna have to use another term; them dogs we can't stomach. We said that cat was living a charmed life. Well, we were forgetting about their nine lives. However, if this little feline doesn't watch out, it's gonna use up its quota before it's big enough to take care of its ninth life. Strange thing, you can't make friends with a cat and a dog. They jest don't mix, that's all. Socially that is. When it comes to fisticuffs they mix it up quite well.

LIFE'S LITTLE SHADOWS

VERNON P. PAYNE

Precisely what constitutes success?

One man looks upon a comfortable retirement in the future as the aegis of success, while another considers himself successful if he never has to go to work in the first place.

Between these two you can find a multitude of levels at which different folks aim their ultimate success. Of these myriad points in life who is to define one as true success?

Striving for a goal is an inherent quality of man. He has to work towards something, even if that something is to not work at all. All of us are lost without a definite point to shoot at.

Often we are unaware of our goal in life, but inevitably we are unconsciously working toward it. Often the task we face is far above us and life slips away without the consummation of our life-long ambition.

No matter what level you set for a goal in life that point will constitute success as far as you are concerned. At this spot you should be able to look back over the past and feel satisfied at a job well done. The future should hold no qualms and the present should be secure and peaceful. After all, success is a personal thing. Each man's goal is meant to suit only him, therefore we never really know wheter another man is a success or not—the answer lies within him.

SARDIS NEWS

Next Sunday and Sunday night are our regular preaching hours. We invite all who can to come and worship with us. Sunday night, Mr. Lewis (Pig) Headley will be with us to show the pictures of his trip to Mexico. If you have no other place to worship, we welcome you to come and be with us. Also remember our Revival begins the first week in August.

Remember the ones who are ill and pray that God's will may be done in their lives.

Our attendance was off some this past week. We hope that each one will make a special effort to be back in his place this week.

Lime should not be spread in a strong wind.

ANNOUNCING
THE PHYSICIANS NATIONAL
Annual Enrollment Drive
to the people of Chilton County
July 12th thru July 28th

Ask Your Doctor About The Physicians Plan

THE PLAN:

Now You Can Take Advantage of a Health Plan That Offers You A Tailor-Made Program to Fit Your Particular Needs

Physician's National Insurance Company, an Alabama corporation, formed for the benefit of Alabamians, presents this new and sound approach to hospital insurance. . . The result of interviewing numerous doctors throughout Alabama, each one of whom was asked:

"What do you consider essential for a sound, broad coverage Health Plan for the people of Alabama?"

This new plan being offered to you is the result of information gained from these interviews.

READ WHAT OUR MEDICAL DIRECTOR HAS TO SAY!

This message to the citizens of Chilton County is for the express purpose of setting forth the following facts:

1. The agents of the Physicians National Life Insurance Company are expressly instructed to write clean business, not to misrepresent a single phase about the policies.

2. Agents are instructed to secure complete history of past and present medical conditions so as to avoid misunderstanding at a later date.

3. All correct and legitimate claims are paid promptly.

4. The policies of the Physicians National Life Insurance Company can be of great benefit as they have been written to offer many advantages.

5. The cost of hospitalization and medical care is expensive. We believe adequate coverage is best accomplished by securing multiple policies.

6. Make every effort to understand the salesman when applying for insurance and make sure the agent has gotten from you all necessary medical data—then, READ the policies after they have been issued and mailed to you.

7. It is the desire of the Physicians National Life Insurance Company to cooperate with doctors and hospitals and to this end, our operations will be so conducted as to enjoy their support and confidence.

JAMES R. GARBER, M. D.
Chairman, Board of Directors
Medical Director

THE PROVISIONS:

Physician's National Life Insurance Company's Health Plan provides well-rounded medical protection to you as an individual or to your family group. It covers treatment in your home, your doctor's office, or in any hospital of your choosing. Physician's Health Plan pays in addition to Workmen's Compensation or any other plan you might have. Benefits are paid directly to you, your doctor, or the hospital. Rates can never be raised, nor can benefits be reduced. *There is no age limit, and no medical examination is required.*

115 days hospitalization for 1st year. Increase 15 days a year until 365 days have been reached.

HOSPITALIZATION:

Room and board in ward, semi-private, or private room.

MEDICAL CARE:

Doctor's visits at your home, office or hospital. Nursing service at home.

SURGERY:

Two schedules from which to choose according to your particular needs. Comprehensive plan covers up to $350.00 surgeons fees.

ORDER FOR PUBLICATION

CHILTON COUNTY, A Municipal Corporation,
Petitioner,
VS.
CARRIE C. TEEL, Et., Al.,
Respondents

IN THE PROBATE COURT OF CHILTON COUNTY, ALABAMA.

TO: Luther J. Teel, Jr., a person over the age of 21 years, of sound mind, a resident of Chilton County Alabama, but temporarily out of the State of Alabama and temporarily in the armed services of the United States Government, and whose last known post office address being 3 A|C Luther J. SHILOH NEWS

(Too late for last week)

Included in our good attendance Sunday and Sunday night were several visitors. We invite them to worship with us anytime.

Mrs. Cox, our pastor's wife has been ill. We wish for her a speedy recovery.

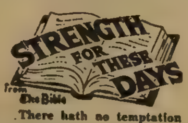
We were happy to see Mrs. Dora (Rice) Huett and her family back in church again. Mrs. Huett suffered a severe burn some three months ago and has been unable to attend church for some time.

Mr. and Mrs. Hershel Giles and children, Mrs. Ottis Glenn and children and Tommy Littlefield visited the Rev. and Mrs. O. L. Deavers and family on Thursday night for an ice-cream supper.

Our deepest sympathy goes out to the family of Mrs. Leather Jacks and Mr. Robert Popwell in the loss of their loved ones.

Each Wednesday night following the first and third Sundays is our family night. Everyone keep this in mind and make a special effort to attend.

Remember also, Sunday School and Training Union each Sunday.



STRENGTH FOR THESE DAYS
from The Bible

There hath no temptation taken you but such as is common to man; but God is faithful...—(I Corinthians 10, 13.)

We are all human beings, mortal flesh and blood, and there is no temptation to evil that equally has not visited every one of us at some time or another But the weakest as well as the strongest of us equally may draw strength to resist, from God's everlasting mercy and His love.

Church Notes From Samaria

In spite of the rain last Sunday the attendance at Samaria was good. If it had not been for some unexpected illness the attendance would have been larger than usual.

Th pastor's message was "Shields of Brass for Shields of Gold." The Scripture used was I Kings 14:21-28

Next Sunday Morning the pastor plans to use as a subject for his message—"An Empty Hand"— He will use the Scripture: Judges 14:5-6 You are invited to hear this message

Brother Brookshire did some great preaching alst week in our Church and we can see good results from the Spirit-filled messages. God bless him.

Among our visitors last week were Brother E. C. Hand and his good wife, a former pastor. We were so glad to see them. Also Rev. R. E. Wilkins and the Rev. Herman Lowery paid us a visit. It always gives us pleasure to have the brethren of the Ministry visit us. We were happy to have Our Associational Missionary, the Rev. F. H. Day to visit us on the first day of our Revival He rendered a very valuable part in our Ground Breaking Service on that day.

The Samaria Church Building has been sold, a down payment has been received and placed in the Building Fund to build for the Lord a new house. We will have the use of the building for some months, hoping to have the new building ready before the old building is torn away

In cash and pledges we are pushing the $11,000.00 mark. We still hope that we can build with very little or no debt.

The cemetery Fund is growing We hope, when we get the ground cleaned, to sod it. After that we can keep it beautiful by mowing. We also dream of a nice fence and the securing of more ground.

The pastor plans to retire after this job at Samaria is finished. We want to retire with a good building a Spiritual Church well organized and a beautiful cemetery. Then they can let God lead them to a younger Minister to stand on what I leave and lead the Church to greater growth.

Please pray that the illness in the pastor's home will not hinder the work of the Lord at Samaria.

Pastor, R. W. Stuckey.

Verbena Baptist Revival, 15th-20th

The Revival at the Verbena Baptist Church will begin the Third Sunday in July and will continue through Friday night of the following week.

The Rev. J. E. Franks of Newville, Alabama will be the evangelist. He is well-known throughout the State and we trust to have visitors from other churches to come to our services each time possible and hear this much loved preacher. Morning services at 10:30 and evening services at 7:30. Everyone is welcome.

Wed At First Baptist

Miss Gearldine Melton became the bride of Bobby Easterling at a 5 o'clock ceremony at the Clanton Baptist Church on Thursday, June 28, 1956.

The marriage vows, for this double ring ceremony, were read by Dr. J. Gilbert Hutchinson in a setting of smilax and large baskets of white gladiolas, flanked on either side of the alter by potted palms and tall candelabra with burning white tapers.

The nuptial music, "Oh Promise Me" and "I'll Love You Dear", was sung by Mrs. J. Reed Thompson accompanied at the piano by Miss Betty Kemp, who also played the wedding marches.

The candles were lighted by the ushers, Billy Hayes and Billy Joe Driver. Miss Faye Bates served as bridesmaid and her dress was of blue embroidered organdy and she carried a bouquet of white carnations

The bride's sister, Patricia, was Junior bridesmaid and her dress was pink organdy, she carried a nosegay of white carnations.

The bride was escorted to the alter and given in marriage by her father who was dressed in a white linen suit.

The bride was lovely to behold in her waltz length wedding gown of white embossed lace and organdy over taffeta. The moulded bodice featured a sweetheart neckline and tiny cap sleeves. The bouffant skirt was in tiers of lace and organdy and her fingertip veil of white silk net was held in place by a miniature crown of sequins and seed pearls She carried a white Holy bible held with a bouquet of white carnations centered with a pink throated orchid tied with white satin ribbon.

The brides mother wore a sheer hand-tucked dress of pink voille with navy blue accessories. her corsage was pink carnations.

Mrs. Easterling ,the groom's mother, wore a navy and white sheer voil'e with white accessories and her corsage was of white carnations. The groom's brother, Jimmy served as best man.

A reception was held immediately following the ceremony, in the church annex. The bride and groom and their parents received the guests

Miss Mary Lou Green presided at the guest book, Miss Amelia Ann Chism cut and served the beautiful white tiered wedding cake which was embossed with wedding bells and pink rose buds, topped with a miniature bride and groom, and Miss Janice Wood served punch from a crystal bowl.

The bride is the daughter of Mr and Mrs. Homer D. Melton and the groom is the son of Mr. and Mrs Clarence Easterling, both families reside in Clanton.

The bride and groom are both graduates of Chilton County High School and since graduating, the bride has worked in Birmingham and the groom attended the University of Alabama for one year and was also associated with the Coca Cola Bottling Company for a period of five months. He is now employed at the American Cast Iron Pipe Company in Birmingham.

For traveling the bride wore a pink linen dress with navy blue accessories with the pink throated orchid from her wedding bouquet. After a wedding trip to Florida the couple will make their home in Birmingham.

Thorsby Institute—
Through the influence from Alabama Congregational Leaders and Thorsby people, Thorsby Institute was started in 1906. No other town in the United States has the name of "Thorsby."

The Institute has cultured and christian teachers. They have chapel every day. Talks given by different teachers at chapel time are both interesting and educational and cover a variety of different subjects.

Stephens-Moody Vows Exchanged—
The First Baptist Church of Decatur was the setting Friday evening of July 6, at eight o'clock for the marriage of Miss Peggy Ann Stephens to Leonard Allan Moody.

The bride is the daughter of Mr. and Mrs. George Edward Stephens, and the bridegroom's parents are Mr. and Mrs. Leonard Everard Moody. Mrs. Moody will be remembered by her friends here as Iola Gerald.

Miss Betty Ann Moody, sister of the bridegroom, served as maid of honor. Miss Anne Katherine Nolen of Montgomery and Miss Betty Faye Halbrooks served as bridesmaids.

Leonard Moody served his son as best man. Groomsmen were Tommy Phillips and Eddie Self. Ushers were Bill Lovin, Ben Lee, Dan Nebrig, Jimmy Gerald of Birmingham, and Vinson Sutlive, Jr. of Belleview, Tennessee.

Mr. and Mrs. Stephens entertained at a reception at their home immediately after the ceremony.

Allan Moody was graduated from Alabama Polytechnic Institute last June, receiving a degree in engineering. He also received his commission as a Second Lieutenant in the United States Army and was recognized as an outstanding military student. He was tapped for membership in the Phi Kappa Phi, national scholastic honoracy, and was a member of Omicron Delta Kappa. He was listed in Who's Who in American Colleges and Universities. He was a member of Kappa Alpha, social fraternity, of which he was president for two years.

Thorsby Congregational News—
9:45 a.m. Sunday School
11:00 a.m. Church Service
6:45 p.m. Y.P. Program
7:30 p.m. Evening Service
Wednesday Prayer Service at 7:30 p.m.

Sunday morning at the 11:00 o'clock hour the Sacrament of Holy Communion was observed very impressively. We are truly thankful that our Saviour, in His love to all, instituted this most sacred of all church Sacraments. Our souls are built up and strength imparted as we thus commune with Christ and each other. Our next observance will be on Worldwide Communion Sunday, first Sunday in October. We cordially invite all who do not have a regular church home in town or nearby to worship with us regularly.

Mrs. Herbert Long, wife of the Rev. Herbert Long, E. Tallassee, is visiting Rev. and Mrs. N. A. Long this week with her two daughters, Wanda and Vickie. We are delighted to have them visit us while Herbert is teaching at the Y.P. Camp, Wadley, Ala.

Mr. John L. Long. of Venezuela, S. A. visiting the Long's last week surprised his mother by installing an air conditioning unit in the parsonage as a birthday gift for her. We are truly thankful for this generosity, and evidence of his love. We wish for him a truly happy future as he will wed Miss Mary Lou Martin in Fort Worth, Texas Thursday and go direct to Venezuela where he is employed by Standard Oil. Miss Martin taught for three years in Venezuela.

We regret very much losing Mr. Lewis Johnson from the work of our church, but rejoice in his much deserved promotion. He will be in an official position in Atmore Prison. We shall miss them. The family will go there at a later date.

Poplar Springs HD Club Met

The Home Demonstration Club of Poplar Springs met in their Club House Friday, July 6th at 1:30 p.m. with Mrs. Bell Moore as hostess.

The meeting was called to order by Mrs. Pearl Dennis, the president.

Mrs. Allie Mae Thornton read the devotional and the story of the hymn. "Have Thine Own Way Lord," was read by Mrs. Esther Cox who also led in the singing of the song. The pledge was read in unison and the minutes read and roll called with each member answering with their favorite drink.

Plans were completed for the booth at the County fair this year. Also some articles were donated to be used at the Council booth this year.

Instead of an August meeting we plan to meet at the Club house on the night of our Regular meeting date for a family night and will make ice-cream. All members are urged to bring their family and ice cream to make or cake.

The demonstration was given by Mrs. Myrtle Smith and Mrs. Pearl Dennis, on seasonal refreshments The hostess joined in serving the fruit punch, date nut bread, banana bread, egg salad sandwiches and pimiento cheese sandwiches. These were enjoyed by the following ladies: Mesdames: Pearl Dennis, Louise Messer, Velma Traywick, Esther Cox, Flora Wilson, Bell Moore, Viola DeVaughn, Bertha Stewart, Decie Wells, Gladys Glen, Francis Patterson, Myrtle Smith, Miss Lena Downs and one new member. Jessie Parrish, also two visitors, Mrs. Allie Mae Thornton and Miss Reba Griffin.

MT. PISGAH NEWS

We were glad to have our pastor, the Rev. Cletice Ingram in Sunday School with us. We were glad to have Mrs. Frances Davis from Talladega.

Several from our church attended the First Quarterly Conference at Walnut Creek.

Mr. and Mrs. Heltin Hamby and children of Tyler, Texas, and Mrs. W. A. Ray visited Mr. and Mrs. Lee Ray on Monday.

Mr. Stanley Davis led prayer meeting Wednesday night with readings taken from St. John, 12.

Our collection for the Mental Health Fund was very good. We appreciate the willingness of our people to donate to this cause.

Miss Stanley Ruth Davis will be in charge of the M.Y.F. program Sunday night. The program is entitled, "The Nature and Use of Alcohol."

Our attendance for Sunday School and Church Services were off considerably due to the bad weather. We hope that each one will make a special effort to attend this Sunday.

So comforting in time of trouble

The need for surgery often comes suddenly. Too late then to think about hospitalization protection . . . or to save up the cost. It's mighty comforting at such a time to have the strong, dependable protection of Blue Cross-Blue Shield . . . "Always There When Needed."

Getting care is easy. Just show your identification card to the Blue Cross Member Hospital or your doctor (M.D.) No claims to file, no waiting for reimbursement. The Plan pays hospital and doctor direct for the contract benefits you receive.

Realistic protection, at lowest cost: That's the only aim of this Plan, sponsored by your own hospitals and doctors of medicine as a nonprofit service. This means every cent received, outside of low operating expense, is set aside to help pay for subscribers' care.

HOW TO ENROLL
GROUP: Ask your employer to start a group if you (or your wife or husband) work where there are 5 or more people, including the boss.
NON-GROUP: If not yet 65, in good health, and you (and your wife or husband) work where there are less than 5 people, send coupon for a NON-GROUP application.
FARM BUREAU MEMBERS: See your Farm Bureau Agent.
BLUE CROSS For hospital care
BLUE SHIELD For doctor care

ORDER FOR PUBLICATION

CHILTON COUNTY, A Municipal Corporation,
Petitioner
VS.
CARRIE C. TEEL, Et, Al.,
Respondents.

IN THE PROBATE COURT OF CHILTON COUNTY, ALABAMA.

TO: W. M. COLLINS, a person over the age of 21 years, of sound mind, a non-resident of the State of Alabama, and a resident of the State of Michigan, whose last known post office address is 477 LaFayette, Lincoln Park, Michigan; and

ALL PERSONS who own, or claim to own, any right, title, interest, or claim in and to the lands hereinafter described.

You will take notice that on the 27th day of June, 1956, an application or petition was filed in the Probate Court of Chilton County, Alabama, by Chilton County, A Municipal Corporation, setting forth its desire to condemn an easement in and to the hereinafter described lands for the purpose of a right-of-way on which to build, construct, use, widen, extend or maintain a highway or road for the use of the public, said lands being situated in Chilton County Alabama, and being described, as follows:

A right-of-way hereinafter described over and across the following described land in Chilton County, Alabama for a public road, which rightof-way shall be 40 feet in width on each side of the center line of said road, as it is now located and staked out by the State Highway Department, or as much of said land as is required to make an 80-foot right-of-way across said land, said right-of-way being more particularly described, as follows, towit: As shown on Right-Of-Way Map for State Aid County Road Project Number S-781 (1) and S-781 (2) which said map is recorded in the office of the Judge of Probate of Chilton County, Alabama, in Map Book Number 3, at Page Number 74. A strip of land 40 feet in width on the left side of survey center line beginning at Station 86 -|- 04 of Project S-781 (1), West prong, and ending at Station 93 -|- 33 of Project S-781 (1), West prong. Also a strip of land 40 feet in width on the right side of survey center line, beginning at Station 86 -|- 04 of Project S-781 (1), West prong, and extending to Station 88 -|- 18 of Project S-781 (1), West prong. Said above described land lying and being a part of the Northeast quarter (NE ¼) of the Southwest quarter (SW¼) of Section 32, Township 23, Range 14, Chilton County, Alabama, and containing 0.88 acres, more or less including that portion now occupied by the old road. It being the intent hereby to describe all land owned by W. M. Collins, which is embraced within the boundary lines of the right-of-way shown by said map. All of said real estate being situated in Chilton County, Alabama.

You will take notice that the Court has entered an order appointing the 26th day of July, 1956 at 10:00 o'clock, A. M., as the day and time for the hearing of said petition, at which time you may appear and contest the same if you so desire to do.

Witness my hand, this the 28 day of June, 1956.

M. D. TINGLE

You can put an ELECTRIC WATER HEATER *anywhere you wish!*

Close to the sink . . .

Save on long pipe runs—put your electric water heater right beneath the kitchen sink. Or, if it's more convenient you can have it next to, or back to back with the sink . . . where the most hot water is used every day. You'll save money now (and later) by eliminating expensive pipe runs . . . water won't be left standing to cool in long pipes.

In a utility room . . .

An electric water heater is so well insulated you won't have any worries if it's in the utility room which doubles as a children's play room. Electric water heaters are as clean as a light bulb.

In a closet . . .

An electric water heater doesn't have to have a supply of air to operate. It works just as well in a closet as in a basement. Wherever it's most convenient . . . you can place your electric water heater.

Electric water heaters are good long term investments . . . you'll save money for years to come, thanks to their extra long life and extra efficiency.

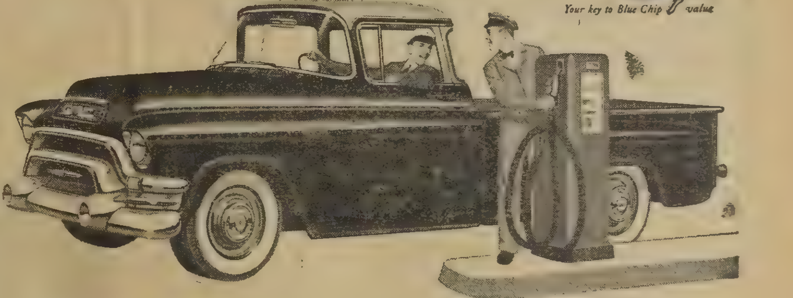
BLUE CHIP GMC TRUCKS

Your key to Blue Chip value



Now–GMC gives you

a bonus of up to 3 gallons in every tankful!

Talk about low-cost GMC ownership! With its new high-ratio cruising axle, a Blue Chip GMC pickup now gives you up to 17.8% better gas mileage. That's 3 gallons' worth of bonus miles in every filling!

And you get far better road speeds, too, from an easy-stroking, unstrained engine. In short, from a mere $10.50 axle option, GMC now gives you the advantages of a $125 overdrive.

Add this new gas-stretching ability to the super-efficiency of a GMC 180 hp V8 engine—to the moneysaving advantages of Hydra-Matic Drive*—and an important fact is clear:

The operation and maintenance savings of Blue Chip features can bring the over-all cost of a half-ton GMC down to the level of—*or below*—the cheapest stripped-model truck on the market.

Of course, you'd always have preferred a Blue Chip GMC to any other truck. But now—with *cost* so strongly in its favor—there's no need to step down. Come in and tell us what colors you want on *your* GMC.

MACEDONIA

Mrs. E. H. Crane

We had a fair crowd for both worship services Sunday. Truly all of you who were absent were greatly missed and needed. Your part went undone because there was not one person present who could take your place.

We are sorry to hear that some are still sick in our community.

Both morning and evening messages were on the "Judgement Time of Christ." Surely on that day we can't say we were not told. The pastor, the Rev. Richards, made it very plain to his listeners that only things of spiritual value will endure. "Every work will be tried by fire." We were urged to put first things first, day by day. We were told that our family is our greatest foe, because we put them before our Lord. We must crucify self and lay all our all upon the alter or we might be sadly disappointed to hear our Lord say. "Not Worthy."

Among the visitors Sunday morning were: Mr. and Mrs. Wilbur Davenport and son, Sue Ayers, Mary Oats and Donald Jones.

Truly we welcome you and all visitors at all times.

The men of our community are pressing forward faithfully with the many tasks and a goal in view, a nice building in which to worship. More logs have been cut, hauled and sawed, a well almost completed and the site for the building staked off. Truly, the good Lord will reward your every effort.

Saturday morning, July 14th, as early as possible, we will have a working and cemetery cleaning. Everyone is urgently needed, so please come. Various jobs such as, cleaning the cemetery and stacking lumber are to be done. Bring your own tools and you can pick most any job you wish.

The regular W.M.S. and Sunbeam meeting at the Church will be this afternoon, (Thursday) at 2 p.m. All ladies are asked to make a special effort to attend with sincere prayers and cooperation. Remember our Lord has said, "If ye love Me ye will do whatsoever I have commanded ye." "Pray ye, go ye, send ye, and give ye." This is what we should accomplish. Will you please help?

Mrs. M. R. Oats would like to thank one and all for every prayer, card, letter and visit or anything you have done for Joyce since she was in an automobile accident some weeks ago. She says the Dr. will probably put a cast on her back this week. We hope that Joyce will soon be able to leave the hospital. Let's continue to write her and send her cards. The address is: Miss Joyce Culp, Community Hospital, East Tallassee, Alabama.

Parents, keep in mind the Vacation Bible School beginning July 23rd. Mrs. Doyle Thacker needs our cooperation and prayers to make a successful week for our wonderful boys and girls. Day by day, year by year we are helping mold their lives for the future. Only eternity will reveal what this Vacation Bible School might mean to the youth of our community.

Your reporter requests that all who can, please listen to a broadcast at 8:15 a.m. Saturday, July 14th on WKLF. Dr. Baker James Cauthen, Foreign Mission Board Executive Secretary will give a message. This should be of special interest to our various Missionary organizations.

Every item on this young miss can be washed automatically—and beautifully—in the new Maytag. It does the same three things you do when *you* hand-wash delicate things.

1. Gentle action. Maytag's "Modern Fabrics" cycle automatically slows agitation and spinning speed. Set wash time for as little as one minute, if you like.

2. Controlled water level. Maytag's exclusive Automatic Water Level Control matches water to the load. Set on Low for small loads, save up to 11½ gallons!

3. Cold water wash and rinse. Push Maytag's "Cold" water button—wash even cashmere automatically! *Perfect* for all heat sensitive synthetics. (Choice of hot or warm water, too.) Maytag's Gyrafoam washing action is so thorough, regular fabrics get *Maytag* clean.

Folks and Things ABOUT TOWN

—By Ben

Reports from the Marbury Lions Club Fourth of July fish fry are that it was a big success, and that's no fish story. In a report from the Club reporter due credit is given the ladies for their part in the success of the affair. Their claim that no better fish can be fried anywhere that are fried by Roy and Easly Adams and to keep the first going tops in that category are Clifton Stephens and G. C. Kicker. This pair it reported also kept the drinks cold on the side. H. M. Warren is chief fish get-readier—we suppose that means undressing the little rascals, and Gordon Hosselton keeps things selling. Clifford Manning, John Folsom and B. A. Williams are jack-of-all trades and seemed to have worked in any capacity needed. Lion Bert Wilson was the money collector and would make a tax collector ashamed of himself. Mack Carter kept busy keeping his wife on the job all evening with the serving. There was a lot of fun and fellowship served that evening besides fried fish and all had a big time.

With thousands we mourn the death of Dr. H. M. Nix of Maplesville. He was a man of high moral character and was admired by all who knew him. His influence for good will be felt in Chilton County for a long time.

Another man who was an inspiration, Uncle Riley Robinson died this week at 105 years of age. Our deepest sympathy to his relatives in their great loss. Although we were not too well known to Uncle Riley we count among his family our best friends.

SIDELIGHTS: Welcome to a new Sherwin Williams Paint and Wallpaper Company that will open in Clanton in the near future. . . . and what's this about a Kwik-Chek Store coming to our town?. . . . bet you don't know the longest ball that was ever hit in a baseball game in Chilton County. It was a long time ago. Clanton was playing Thorsby at Thorsby and George Wyatt the barber, was at bat. He hit a ball that landed in a passing freight car The exact distance—we'll never know.

Bethany Cemetery Cleaning, 25th

There will be a cemetery cleaning at Bethany Church Wednesday afternoon, July 25th.

All who are interested, please come and bring tools to work with.

Nationwide Test To Be July 20-26

For seven days in July. Operation Alert 1956 will confront civil defense planning with the type of problems that would arise out of a mass nuclear attack on the U. S.

• • •

THE THIRD ANNUAL training exercise, scheduled for July 20-26, will enact on a nationwide stage some of the civil defense measures which would be taken if this nation were suddenly attacked by bombers and submarines capable of wiping out millions of persons and dozens of cities in a day

Plans call for 76 cities, air bases and Atomic Energy Commission installations to be hit by the mythical nuclear bombs. These would include 39 hydrogen bombs rated as high as 5 million tons of TNT equivalent each.

More than 30 Federal agencies will cooperate by evacuating key employees and operating from emergency sites. Coordinated by the Federal Civil Defense Administration. State and local CD organizations will carry out training exercises as if the attack were real.

JUNIOR SPACEMAN and Davy Crockett were among the two-thirds of the population of Bangor, Maine, which took part in a test evacuation during Operation Alert 1955. The test was typical of the ways local communities are expected by the Federal Civil Defense Administration to tie in their local civil defense training with Operation Alert 1956. COMMAND CENTER where the Federal government's leaders will make the decisions charting the nation's defense against "attackers" during "Operation Alert, 1956" will be located somewhere outside Washington, D. C. This is a section of the emergency center, known as "Highpoint," showing how the national picture of damage sustained and civil defense remedial actions is received via facsimile (left, foreground) from the Federal Civil Defense Administration's national communications center, and then relayed by telephone to the girl at the status board in background. "Uncle Riley"

Native Chiltonian Passes At 105

He was five years old on his second time around.

On Sunday, July 15th at 10:00 p.m. "Uncle Riley" Robinson, Chilton County's pioneer of pioneers died at the home of his daughter, Mrs. Beanie Bates.

"Uncle Riley", born in 1851 was 105 years old on February 11 of this year. He was, to most folks knowledge, the oldest person in this vicinity and very probably was one of the very few, if not the only old-timer in Alabama who had a great-great-great granddaughter. She is Janice Ruth Johnson of Clanton

This grand old gentleman is survived by four of his nine children The Rev. W. W. (Willie) Robinson, John E. Robinson, Mrs. Beanie Bates (with whom he lived) and Mrs. Filey Wyatt. 22 grandchildren survive; numbers of great and great great grandchildren and of course the great-great-great granddaughter 135 direct descendents in all.

Riley Robinson married Rebecca Ann Savilla Mims on November 24, 1869. From this union came five sons and four daughters.

Mr. Robinson was born and lived his entire lifetime within the boundaries of Chilton County (although when he was born, this was part of Autauga County). With very few exceptions, he never traveled more than a few miles from his home County.

The devout old gentleman attributed his longeevity to moderate living and common sense.

Funeral services were held Tuesday, July 16 at 3:00 p.m. with Spigener Funeral Home in charge of the burial arrangements.

He was laid to rest in the Providence cemetery, beat 16. He did get to go to church one last itme.

All-Stars Meet Billingsley In Top Game Of The Year

The game of the year will be played at City Park Sunday afternoon, July 22nd. This is the game that the Clanton fans have been waiting for since July 1st. It was at that time the Billingsley team came to town and upset the Stars 7 to 6. The Stars had won the first game of the series 11 to 8. This is a game in which the players of both teams go all out and hustle without any prodding from their manager. To the players this game is as important as the World Series. Bobby Wyatt who is 7 and 1 for the Stars will toe the mound. His mound foe will probably be Lefty Jones who beat the Stars in the upset victory

* * *

Clanton 9-Autaugaville 10—

The Stars lost their first night game of the year when they blew a 4 run lead in the ninth and lost a ten inning game to Autaugaville last Friday night. The Stars had 9 runs off 10 hits. Seales and Easterling getting 2 each. Their opponents collected 14 hits good for 10 runs. Ellison was the losing pitcher with Ferguson the winner.

* * *

Clanton 7-Autaugaville 3—

It seems as if Bobby Wyatt is the only Star pitcher who can win a game. Last Sunday he stopped the Autaugaville Club with 5 hits. Bobby had only one bad inning. He gave up a single to Langford and then successive home runs to McCollum and T. Harris. This happened in the third innings. The Stars collected 7 runs off 5 hits and 7 walks. Kent Lowery was the only player to get 2 hits for the day.

Leading the Stars in hitting are Seales with .400; Wyatt with .395; Fulford with .341; Guin with .333 and Easterling .328. The R.B.I. leaders are Seales 21, Wyatt 15, McKee 14 and Ellison 13.

Chilton-Unity Exec. Comm. Meets

The Chilton Unity Executive Committee will meet at the First Baptist Church of Clanton on Sunday, July 22nd at 2:15 p.m.

Revival In Progress At Temple

The Revival which began last Sunday, July 15 at the Temple Church continues for the remainder of this week and next week. Services nightly at 7:30 o'clock except Saturday nite no services.

If you haven't attended the services you are missing a wonderful blessing. The special songs and musical numbers will bless you abundantly as well as a great message each night. The Evangelists, the Rev. and Mrs. Hollis Peterson, sing duets, render musical numbers from most every known musical instrument, they play eighteen different instruments. Rev. Peterson is a fine violinist.

The pastor, Troy B. Helms cordially invites one and all to these services. Next Monday night will be Jubilee night, devoted entirely to music. You are especially invited for there you will possibly see and hear musical instruments you never saw before.

Temple Church, located 2½ miles east of Clanton just off the Higgins Ferry Road. Services at 7:30 each evening.

Clanton Will Host Little League Tourney

By OTT MILLER

Clanton's Little League will be host club for one-half of this districts tournament playoff on July 31 and August 1. Teams representing Demopolis, Alex City and Tallassee will be playing a "one and out" series here; that is, one loss will eliminate a team. For sure, President Charlie Patterson has gone out and done a jam-up good job for the league in this but he has done more. If this isn't the kind of publicity the Chamber of Commerce needs, then I'm badly wrong.

And, there is more good news. This Friday (tomorrow) the Little Leaguers will be giving the radio away. If you haven't gotten your ticket yet why not call one of the players or managers right now.

You've already made that call? Well, there's still more. We will have one of our very own citizens in a very special part of the program. And, hear this now, you don't want to miss it. Make your arrangements now to be at City Park Friday, July 20 at 5:00 p.m.

Man, there sure is a lotta stuff to write about this week. The hitters in our league that have averages of .300 or better through games played July 13th are:

Warren Edwards—.657; Tommy Shelton—.548; Bobby Gilliland—.540; Bobby T. Miller—.516; Ronnie Barze—.437; Robert Traywick—.425; Norton Leeroy—.421; Ray Cox—.413; Harold Wright—.385; Jerry Tippett—.370; Rossie Williams—.364; M. Littlejohn—.354; Harry Lowery—.345.

Pitchers records for the same time are:

Harold Wright won 4 and lost 1.
"Duck" Robinson Won 3 and lost 1.
Tommy Shelton won 4 and lost 2.
Warren Edwards won 3 and lost 2.
Bobby T. Miller won 2 and lost 2.
Ray Cox won 2 and lost 3.

And, for the benefit of any that might not know, Ray Cox is only ten years old; too young for tournament play, but he still has two years more to play.

The Methodist Braves have the most hits with 83; the Kiwanis team has scored the most runs with 94.

Let me see you at the game tomorrow; Friday, July 20; remember the drawing for the radio.

Prove Their Worth---

Rescue Squad Recovers Body Of Drowning Victim

At 4:40 a.m. Sunday morning, the Chilton County Rescue Squad along with other volunteers located the body of Lindey Willingim, 26, of Montgomery, who drowned while swimming near the ferry at Log Cabin Beach. The man, Willingim, drowned at 7:06 Saturday night and wasn't located until the next morning due to the fact, according to reports, that rescuers did not know where to look. When informed of the right location Sunday morning they found the body without any trouble.

The rescue Squad was on the scene of the accident exactly 54 minutes after it occurred. They arrived at 8:00 p.m. Saturday and some of them stayed on the job more than ten hours. . . all night long.

Coroner Leroy Martin had high praise for members of the Rescue Squad after viewing their actions. He said they handled themselves skillfully and calmly in the crisis and that the people should know what an "on the ball" organization they have in their rescue squad.

"Those boys", he said "worked hard, and deserve our thanks. That's all they ask."

At least 20 or 30 of the Squad's members worked on this job using their own equipment, with the exception of the floodlights and power plant which was furnished by the City of Clanton.

A much needed organization, this Rescue Squad. They certainly prove their worth when the need arises The citizenry should accept this fact and not let this organization slip through their fingers.

If you would like to help your Rescue Squad in some way, ask around for a member or see Alvin Ellison, president of the Squad. They will appreciate your interest and as they say, "all we want to do, is help."

Sherwin-Williams Seeks Branch, Staff Here

A representative of the Sherwin-Williams Co., world's largest manufacturer and marketer of paints and allied products, will be in Clanton next week to establish and staff a new branch in Clanton.

He is R. Y. Preston, branch installation supervisor, of the Area Sales Office, Birmingham. While here he will make his headquarters at Willingham Hotel.

Preston reports lease negotiations on a site for the proposed branch are already underway. Announcement of the location will be made as soon as negotiations are completed.

In the meantime, he is interviewing local men for the positions of branch manager and credit manager Appointments to discuss the positions may be made by calling Mr Preston at Willingham Hotel.

Commenting on the establishment of a branch here, Preston said, "Our air is to set up a complete paint and color service center in Clanton.

"The new outlet will serve the paint needs of the consumer and the professional painter, and the maintenance and specialized product finishes requirements of industry. In addition, the branch will also serve as a convenient warehouse for Sherwin-Williams dealers in this area."

OES To Hold Installation, 19th

The Clanton Chapter, 271 Order of the Eastern Star will have their Installation program Thursday night, July 19th at 8 p.m. at the Masonic Lodge.

This will be an open meeting with the public invited

Lay Dam Road-Wilsonville-Shelby County

The County has employed an engineering firm to make plans for the new state road to Wilsonville The State of Alabama agreed to finance this project at no expense to the County other than the engineering and R/W. This will be an important road to Wilsonville, Childersburg, Pell City and Gadsden. A number of Chilton County people are working in these areas, and this road will shorten the distance considerably. The roads being planned should be under contract within the next eight months.

Public Health Building

The Board of Revenue and Control has renewed Chilton County Application for a Public Health Building and have been notified by Mr. Clay H. Dean State Health Department, that Chilton County has been placed in first position for a new Health Building after the first of July this year.

The approximate cost of this building will be $75,000.00 with federal aid maximum of $50,000.00. The cost to Chilton County will be contingent upon a Constitutional Amendment to be voted on August 28, 1956, as to whether the State of Alabama will participate in approximately one fourth of the cost.

Chilton County needs and deserves a new health clinic.

The year 1956 is the largest road building year in our history and with your continued cooperation we will be known throughout the state for our fine roads.

We know that it is impossible to pave all the roads needed to be paved in one year. But with a little time Chilton County will have paved roads throughout the County In 1953 Chilton County had a little over 63 miles paved roads and after this paving season we will have over 135 miles of paved roads. We will continue to get more paved roads each year.

The Board of Revenue and Control meets the second and fourth Mondays in each month, in an open meeting. The public is welcome to visit with us at any time.

Small Child Struck By Car Here Saturday

Little 18 month old Jimmie Nell Cleckler is doing favorably after her brush with death last Saturday

An automobile, driven by Robert Julius Headley of Clanton, struck little Jimmie Nell down causing head injuries and other minor injuries.

The accident took place on Third Avenue South near the Coca-Cola Company's warehouse. The Cleckler family, it seems, were visiting some friends and the little girl, playing near the street, ran into the path of the oncoming car

No charges were made against Headley, who was shaken up quite a bit. The City Police, officer Williams said the accident was unavoidable.

Latest reports from the Chilton County hospital were that little Jimbo is fairing nicely without any complications as yet

Mulberry Revival Begins 22nd

The summer revival at the Mulberry Baptist Church starts Sunday July 22, and will continue through Friday night, July 27. The visiting preacher will be the Rev. J. O. Hogan of Birmingham. The Rev. Hogan will be present for both services on Sunday. The time of the services on Monday through Friday will be 10:00 a.m. and 7:30 p.m. The public has a cordial invitation to attend.

Cottage Prayer Meetings for the Revival will be held tonight in the homes of Mr. Casey Cummings and Mr. E. S. Calfee, and tomorrow night in the homes of Mr. J. W McCraw and Mr. R. D Nabors.

Cleveland Team Signs Ed Hicks

Ed Hicks, 19 year old Montevallo youth, recently reported to North Platte, Nebraska, to play Class D baseball under contract with the Cleveland Indians.

Hicks was one of the winners in the East-West ball game which the Lions Clubs of Chilton County sponsor. After winning here he played in the big All-Star game in Birmingham and was named a winner there, also.

Get Your Free Show Passes

Free passes to the Wadesonian Theatres are being given to customers by many of Clanton's merchants. These merchats are members of the Wadesonian Ticket Club and display signs in their windows so that you will recognize those who are participating in the plan.

Pig's Grocery and DeVaughn's Food Center are two grocery stores where you can get further information and also obtain your free pass

BEAT THE HEAT—

More and more Chilton Countians are beating the heat these days by going to the river. With this practice brings a need for caution and good sense.

Each week we read in the press of those who "took a chance" and drowned because of their carelessness or thoughtlessness. Don't you be a river casualty. Take the necessary precautions to return home safely and enjoy the cool breezes of the river without bringing tragedy into your home.

RESCUE SQUAD—

Chilon County's Rescue Squad again went into action Saturday night when a man was drowned at Log Cabin Beach. These men who give their time and money to help others deserve more credti than they are given. And too, they deserve your active support—in cash and in effort.

No county boasts a finer crew than we have in Chilton and the residents should make it their duty to give these men a pat on the back for the fine work they do when they are needed.

CLANTON'S VOTING LIST—

The qualified voters list of Clanton published in this issue is, according to those who compiled it, far from being correct. Their aim is to get a complete and correct list of qualified voters in Clanton and they will need your help to accomplish this.

If you are a qualified voter and your name is on the list published this week all well and good, if you are a qualified voter and your name was left off, then call Hon. G. C. Walker, the Chilton County News or the Union Banner and we will see that your name is entered on the list and the list containing your name will be published at a later date.

The correctness of the prepared list will depend on you. Let one of the above named know if you live within the city limits and are eligible to vote in the coming election of City Officers.

FIVE SCORE AND FIVE—

"Uncle Riley" Robinson has left his earthly home after 105 years of residence here. His wife, his childhood friends and part of his family had preceeded him on the trip. He had outlived his allotted time by thirty-five years, but they were years of production when his good health enabled to continue living the good life that had been his.

A highly respected citizen, "Uncle Riley" was noted for his deeply religious philosophy of life His was a full life, devoted to the God he worshipped

Another of the land-marks of Chilton County has gone to rest.

STILL TOPS—

Chilton County will soon close its 1956 peach season—a season begun in despair and closing with renewed optimism. A few short months ago adverse weather conditions were tempting local farmers to find a new cash market. For the second straight year our luscious peaches had been nipped in the bud by an unexpected return engagement of winter weather.

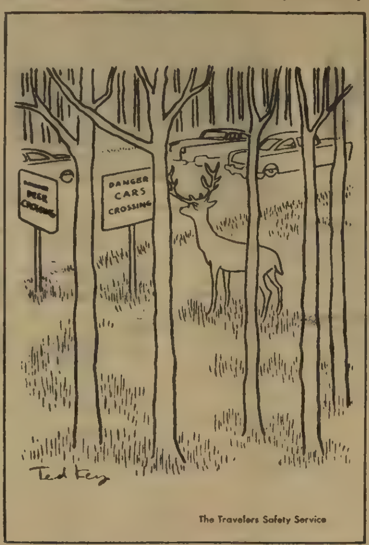
An early estimate on total receipts earned by peaches raised here runs around the $3 million mark. It is true that better years have been seen, but we are to be thankful that our crop made a come-back such as this.

Over the County new trees are in evidence—showing that even if our farmers' faith in peaches was badly bent, it didn't break.

Next year, who knows? Our horn of plenty may pour forth enough luscious Chilco Peaches to give everyone in the United States a chance to sink their choppers into one.

Fatal Fallacies

by Ted Key



The Travelers Safety Service

Report from Washington

BY

ARMISTEAD SELDEN

Congressman, Sixth District

Early in June the House of Representatives approved by a substantial margin a measure authorizing $3.6 billion in new funds for the mutual security program, a cut of $1.1 billion in the Executive request The Senate increased this figure to more than $4.3 billion and last week both the House and Senate agreed on a compromise ceiling of approximately 4 billion.

The measure authorizing funds for the mutual security program is always followed by an appropriation bill which can contain an amount smaller but not larger than the sum authorized. Such a measure was considered last week almost immediately after the authorization compromise had been adopted. After considerable debate, th House approvd an appropriation of approximately $3.4 billion, a sum considerably less than had been requested by the President

The Senate is expected this week to again increase the House figure If so, the final amount appropriated for the mutual security program will probably be very close to the sum originally recommended by the Foreign Affairs Committee and authorized by the House of Representatives.

Veterans' Pensions—

Each year Congress considers a number of important bills during the closing weeks that receive very little publicity. This year is no exception. Among such bills considered by House of Representatives last week was a measure providing an increase of ten percent in the pensions of service-connected disabled veterans.

It is hoped that this bill, adopted by a vote of 391-0, will receive Senate consideration before adjournment.

Trip Leasing—

Trip leasing came into being a number of years ago as an economical and feasible method of transportation for agricultural products This transportation practice enables small or "exempt" truckers to pick up a return load after they have delivered their own farm load to a certain destination.

An exempt hauler is a person (usually a farmer) whose truck operations, with only a few exceptions are not regulated by the Interstate Commerce Commission. Under the trip leasing arrangement, exempt haulers can lease their trucks to common or contract carriers after they have delivered their own load Such a practice permits a farmer or other small independent truckers to return home with a loaded rather than an empty truck.

In 1951 the Interstate Commerce Commission issued an order providing that common and contract carriers could not lease exempt trucks for less than 30 days. Since most small truck owners cannot afford to turn their equipment over to an ICC-regulated carrier for such a short period of time, the practice of trip leasing was seriously threatened

Although the Supreme Court upheld the interstate Commerce Commission's action, the Commission in response to repeated requests of the committees of Congress amended its order so that the 30-day minimum leasing rule does not apply to motor vehicles used in the transportation of agricultural commodities. Passed by the House of Representatives last week, S-898 places this exemption in the law and thereby eliminates any possible ICC cancellation of it at a later date. Already approved by the Senate, this measure will soon go to the President for his approval or disapproval.

Letters to the Editor

Culp Expresses Thanks For Trip To Washington

Dear Editor:

I want to express my thanks to the Lions Club for my trip to Washington, D. C. May I say thanks to each one who had a part in making the trip possible. I can truthfully say I enjoyed every minute of it. I met many nice people, several from Alabama.

We arrived on the day of the weekly delegation lunch and had lunch with all the Congressional Delegates that I never dreamed of doing.

We were met by Cong. Selden's secretary when we arrived and he carried us to have breakfast and on to Mr. Selden's office. Then another Secretary carried us sightseeing. We visited the White House, the Capitol the Arlington Cemetery The Building where mony is made, the most beautiful library I have ever seen and the Departmnt of Agriculture building. We sat in on the Segregation bill and heard part of it.

I am sure I am not the top peach grower in Alabama but I am going to try to grow as good as anyone else. If anyone ever wins a trip such as I have enjoyed just take it and I don't think you will ever be sorry.

Let's all cooperate with the Peach Festival and try to make each one a little better.

I can say it is a wonderful easy trip when traveling by air. We flew on three different planes the Super C Constellation, the Golden Falcon and the Silver Falcon.

I think we should all be very proud for a nice little girl like miss Martha Bell to wear the title of Peach Queen. It was a real pleasure to watch her present the winning peaches to Mr. Selden.

May I say again, thanks for the wonderful trip.

Yours Truly,
R. L. CULP

LIFE'S LITTLE SHADOWS

VERNON P. PAYNE

Why must grown-ups spoil the purity of a child?

We do it unwittingly, but never-the-less it is our fault.

A child never tells a story until the first time its parents tell "a little white lie" to get them out of an unpleasant situation. And how is the youngster to know the distinction between this and him fibbing his way out of wrong-doing. Fact is, there is no honest distinction.

Neither can he distinguish between the wrongness of his throwing tantrums and the "rightness" of Dad's tantrum when someone beats him to a parking place. And why shouldn't he take things from his friends when his parents brag about something they've acquired through devious methods.

A child is born into this world as a completely pure human being—incapable of any scheming or foul play—and he remains so until he's large enough to associate with adults. This association seems to bring about a complete change in his way of thinking: his childhood innocence is replaced by a worldly crust of adult cynicism that remains through life.

It is truly a pity that grown-ups can't learn from children instead of vice versa.

things we See and Hear

By "TUCK'

Most folks will tolerate your mistakes, providing you make a few advances now and then.

We met Mr. Paul Jones of Texas Monday and, as first impressions go, he's a fine man. He seemed sincere, and he emphasized the fact that he wanted us to mention him in our prayers. We don't know if our prayers are that influential or not, but we can't deny a man that. We feel this way about him: We do not always contend that first impressions should be taken lightly, many times the first is the last. We feel that if Mr. Jones was sincere he deserves our prayers, for what they are worth, and if he wasn't sincere, he needs them; so you see, we can't lose.

Yours very truly was not cut out to be a batchelor, thank goodness we're too dependent. Can we cook? Well. . . no, but due to necessity we are learning how to open a can and warm the contents. (we should have said burn).

You know, if we made our living cooking, we wouldn't live through breakfast. Why we can't even cook rice. . . you know the kind, where they tell you boiling the water, that's the hard part. And that old thing about a watched pot never boils, well, we can disprove that by the soup stains on the two front eyes; and further skinless coneys are no longer skinless when we finish with them.

And coffee's a cinch, just boli the water, put the coffee in the pot and then pour yourself a glass of milk. The above mentioned are just a few of the reasons why we're leaving town Thursday instead of Sunday (We're gettin' our cook back, boy and our wife, and our younguns and everybody.)

The woman over in France who figures on starting herself a new race, minus the male is in for a surprise; who's gonna pay the bills? N'why is everybody always gonna start a new race. what's the matter with the one we've got now. We thinks the trouble lies in the ones who want to start the new one.

Enjoyed a visit from a very nice little lady last Thursday. Mrs. Duke from down south of here dropped in to see us and ask us to come to their revival down at Verbena. She reminded us that our old acquaintance, Bro. Carlisle Miller was conducting the revival. And we reminded her that he probably wouldn't remember us anyhow. She assured us he would though. . . and well we just had a nice, friendly little chat and we enjoyed it, Mrs. Duke She's a nice little lady, and we enjoy talking to her.

USMC Offers Commissions To Eligible Grads

College graduates who qualify are now eligible to become either aviation or ground officers in the Marine Corps.

Marine Sergeant Robert L. Roland, local Recruiter, announced today that these graduates may receive direct assignment to the ten week Officer Candidate Course at the Marine Corps Schools, Quantico Virginia.

At the completion of this ten week training, the candidate is commissioned a Second Lieutenant If he has elected to become a ground officer, he will remain at Quantico for an additional six month military and leadership course. After completing this training, he will assume the duties of a company grade officer.

If the new officer chooses aviation as his field, he will be transferred upon commissioning to Pensacola, Florida, to earn the gold wings of a Marine aviator. While in flight training, he will receive the advantages and pay of his commissioned rank.

The minimum monthly base pay and substitence for a Second Lieut. is $270. Previous service in any branch of the Reserves, National Guard, or active military duty will increase this pay. If quarters are not furnished, an additional allowance is paid. Flight pay during training amounts to $100.

Graduates who desire information pertaining to qualifications for a Marine Corps commission should contact Sergeant Roland at the Post Office on Thursday of each week, or write to "Officer Procurement Officer, Suite 25, Post Office Building, Birmingham, Alabama."

CHILTON COUNTY, A Municipal Corporation,
Petitioner,
VS.
CARRIE C. TEEL, Et, Al,
Respondents

IN THE PROBATE COURT OF CHILTON COUNTY, ALABAMA.

TO: Luther J. Teel, Jr., a person over the age of 21 years, of sound mind, a resident of Chilton County, Alabama, but temporarily out of the State of Alabama and temporarily in the armed services of the United States Government, and whose last known post office address being A|C Luther J. Teel, Jr., A. F. 145633-48, 2713th., Stock Control Sqdn. A.P.O. 323, Box 403, C|O Postmaster, San Francisco, California, and is temporarily stationed in Japan; and ALL PERSONS who own, or claim to own any right, title, interest or claim in and to the lands hereinafter described.

You will take notice that on the 27th day of June, 1956, an application or petition was filed in the Probate Court of Chilton County, Alabama, by Chilton County, A Municipal Corporation, setting forth its desire to condemn an easement in and to the hereinafter described lands for the purpose of a right-of-way on which to build, construct, use, widen, extend or maintain a highway or road for the use of the public, said lands being situated in Chilton County, Alabama, and being described, as follows:

A right-of-way hereinafter described over and across the following described land in Chilton County, Alabama for a public road, which right-of-way shall be 40 feet in width on each side of the center line of said road, as it is now located and staked out by the State Highway Department, or as much of said land as is required to make an 80-foot right-of-way across said land said right-of-way being more particularly described, as follows, to-wit: As shown on Right-Of-Way Map for State Aid County Road Project Number S-781 (1) and S-781 (2), which said map is recorded in the office of the Judge of Probate of Chilton County, Alabama, in Map Book Number 3, at Page Number 74. A strip of land 40 feet in width on each side of survey center line beginning at Station 1 -|- 26 of Project S-781 (1), East prong, and extending to Station 3 -|- 31 of Project S-781 (1), East prong. Also beginning at a point 40 feet East of and at right angles to Survey Station 1 -|- 26 of Project S-781 (1) East prong, which point is on the North boundary of U. S. Highway Number 31; thence South 61 degrees 49 minutes East, and along said North boundary line of U. S. Highway Number 31 for a distance of 77 feet; thence North 41 minutes East for a distance of 165.5 feet to a point 40 feet East of and at right angles to Survey Station 2 -|- 72.7 of said Project; thence Southwesterly and parallel to survey center line of said project for a distance of 146.7 feet to the point of beginning.

And also beginning at a point 40 feet West of and at right angles to said Survey Station 1 -|- 26 of said project, which point is on the North boundary line of U. S. Highway Number 31; thence North 61 degrees 19 minutes West for a distance of 100 feet: thence Easterly for a distance of 141.5 feet to a point 40 feet West of and at right angles to Survey Station 2 -|- 26 of said project: thence South 28 degrees, 11 minutes West for a distance of 100 feet to the point of beginning. Said above described land lying in and being part of the Southwest quarter (SW ¼) of the Southeast quarter (SE¼) of Section 8, Township 22, Range 14 Chilton County, Alabama, and containing 0.62 acres, more or less. It being the intent hereby to describe all land owned by Carrie C. Teel and Luther J. Teel, Jr., which is embraced within the boundary lines of the right-of-way shown by said map. All of said real estate being situated in Chilton County, Alabama.

You will take notice that the Court has entered an order appointing the 26th day of July, 1956, at 10:00 o'clock, A. M., as the day and time for the hearing of said petition, at which time you may appear and contest the same if you so desire to do [illegible]

Witness my hand, this the 28th day of June, 1956.

M. D. TINGLE

Chevy beats own Pikes Peak record ... and tops all rivals including cars in every price range!

Last fall, Chevrolet broke the Pikes Peak record in a history-making pre-production test.

Chevrolet takes first, second and four of the top six places! Beats its own stock car record by a full minute and 16 seconds!

Running against the hottest competition in the land, Chevrolet won the Pikes Peak climb.

This is unquestionable proof of Chevrolet's supreme *roadability*—the accuracy of Ball-Race steering, the solidity of outrigger rear springs, the traction of balanced weight distribution.

There is no greater test of a car's road safety qualities than the Pikes Peak climb. Try it yourself, in the car that's won the "crown" twice in a row!

Tentative List Of Qualified Voters Of Clanton, Ala.

In this issue of the paper you will find a list of the voters, who are qualified to vote in the Municipal Election to be held in the Town of Clanton, Alabama.

We know this is not a correct list, and that some of the voters may have been left off this list, which was not intentionally done, if your name does not appear on this list and you are a qualified voter inside the corporate limits of the Town of Clanton, will you please call the Union-Banner, telephone no. 63 or the Chilton County News, Telephone no. 32 or call the office of G. C Walker, telephone no. 52, and let us have your name as it appears on the qualified list of voters for Beat 4, Chilton County, Alabama We will see to it that your name does appear on the corrected list which will be published during the week beginning August 6th, 1956.

Now, if your name does appear on this list and you are not a qualified voter in the Town of Clanton, Alabama, I wish you would call either of the telephone numbers mentioned above and tell them that you are not voting in the Town of Clanton, and your name will be stricken from the list, and will not appear on the list as published during the week beginning on August 6th, 1956.

The Town of Clanton is trying to get a correct list of the voters who vote in the Town, and it will not be able to get this list unless you, the voters cooperate with it

There will be a big election coming up on September 17th, 1956, and you will want to vote, so let the Town know if you vote in the Town of Clanton. Thank you.

JEMISON NEWS

(MRS. GEORGE NAISH)

Mrs. Guy Honored—

Mrs. Princeton Simmons was hostess Sunday afternoon when she entertained for Mrs. Floyd Guy, honoring her with a get-acquainted party and shower.

The guests were greeted by Mrs. A. A. Beaman who introduced them to the honoree. Mrs. M. E. Guy mother of Floyd Guy was dressed to represent a grandmother, wearing a pink checked bonnet, a blue shawl and carrying a walking cane.

The living room was attractive with arrangements of abele and baby's breath.

A lifesize doll, under a white umbrella was on a side table, flanked by pink and white candles.

The honoree was presented a corsage of pink carnations with twin dolls tied in the ribbons.

Mrs. Elvin Dawson conducted two contests appropriate for the occasion. Prizes were won by Mrs George Naish and the honoree.

Mrs. Beaman and Mrs. Simmons decorated the refreshment table, which featured a lace cloth, centered with an arrangement of pink carnations, fern and baby's breath Tall pink candles in crystal holders were on either side. Twin dolls in a blanket marked the pink and white streamers.

Mrs. Elvin Dawson and Mrs. Lee Shaw presided at the table, serving punch, party sandwiches, nuts and mints.

A bassinet, trimmed in white net over blue with pink ribbons filled with many gift wrapped packages was brought in by Patsy Shaw and Peggy Allen and presented the honoree.

Mrs. Guy expressed her sincere appreciation for the lovely party while the gifts were shown to each one.

SHOULTS NEWS

MRS. EZRA LEE LAWLEY

Mr. and Mrs. George Shoults and son, Jimmy spent last Sunday in Montgomery with Mrs. Shoults' sister, Mrs. Birdie Hall Atkerson.

The people of this community were deeply grieved by the death of Dr. H. M. Nix last wek, and wish to extend our heartfelt sympathy to the family.

Mrs. Howard Boie (Allie Walker) and son, Bruce of West Palm Beach Florida are here visiting with her sister, Mrs. Sam Shoults.

Mrs. Mossie Hess and two children are spending a few weeks here with her parents, Mr. and Mrs. Cleve Latham. Mrs. Hess is from Atlanta Her husband is now stationed in Alaska and she and the children plan to join him soon.

Miss Ruby Lee Latham of Montgomery recently visited here with her parents, Mr. and Mrs. Clev Latham.

Mrs. Edward Capitina and daughter of Montgomery spent the week end here with her mother, Mrs Padgett. Mrs. Capitina's husband M-Sgt. Edward Capitina has been stationed for several months in Iceland.

Mrs. Quinton Mitchell and son Timothy of Maplesville spent last Monday here with her mother, Mrs Willie Hathcock.

Mrs. Howard Boie, Mrs. Sam Shoults and Mrs. Willie Hathcock visited Mrs. Ludie Hicks Jones, who is in Perry County Hospital, last Saturday. Mrs. Jones has been critically ill for two weeks. It will be gratifying news to her many friends that she is improving and will be able to return to the home of her son, Mr. Si Jones of Centreville in a few days.

Mrs. Artie Hathcock Carter is visiting her sister, Carolyn in Utah We regret we failed to get Carolyn's husband's name.

Mr. and Mrs. Hendon Campbell of Birmingham have moved into their new home in this community on highway 82. Mrs. Campbell is remembered as Miss Cheryl Lee Shoults, daughter of Mr. and Mrs Croff Shoults.

Visiting Mr. and Mrs. Sam Shoults on Saturday afternoon were his son and family, T-Sgt. and Mrs Charles Shoults and two children of Selma.

We extend our sympathy to Mrs Shoults in the death of her father, Mr. Rube Guthrie of Selma who died recently.

Mrs. Rosa Williams of Clanton wrote relatives here that she and her husband, Mr. Wm. Williams are enjoying their visit with their daughter, in Seattle, Washington and will visit a son in Oregon and a daughter in New Mexico before returning home the first of September. Mrs. Williams is a former resident of this community. Her relatives and friends will be happy to learn that she is able to travel after having been ill for quite a while.

Prayer Meeting at 7:30 (Wed.)

We were happy to have such a good attendance both Sunday morning and Sunday evening. We hope you will continue to attend the services of our church each Sunday.

We had several visitors with us Sunday. We appreciate your presence and welcome you back at all times.

Our revival started yesterday. We are very happy to have Bro. Burke from Thorsby with us. Please attend each time you can and I am sure you will receive a blessing.

We still have a number from our community on the sick list. Our prayer for you is that you will soon be well again

Our attendance for Prayer Meeting Wednesday night was 25. We hope you will continue to support this function of our church and make this number ever higher. Your presence is needed in your church

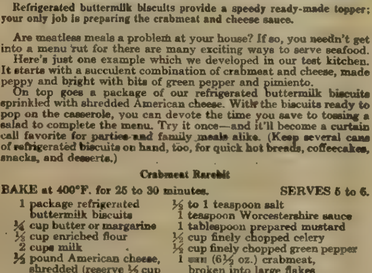
One-Step Seafood Dinner

by

Ann Pillsbury



Refrigerated buttermilk biscuits provide a speedy ready-made topper; your only job is preparing the crabmeat and cheese sauce.

Are meatless meals a problem at your house? If so, you needn't get into a menu rut for there are many exciting ways to serve seafood.

Here's just one example which we developed in our test kitchen. It starts with a succulent combination of crabmeat and cheese, made peppy and bright with bits of green pepper and pimiento.

On top goes a package of our refrigerated buttermilk biscuits sprinkled with shredded American cheese. With the biscuits ready to pop on the casserole, you can devote the time you save to tossing a salad to complete the menu. Try it once—and it'll become a curtain call favorite for parties and family meals alike. (Keep several cans of refrigerated biscuits on hand, too, for quick hot breads, coffeecakes, snacks, and desserts.)

Crabmeat Rarebit

BAKE at 400°F. for 25 to 30 minutes. SERVES 5 to 6.

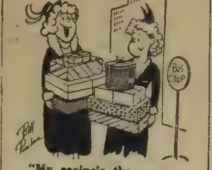
1 package refrigerated buttermilk biscuits
¼ cup butter or margarine
⅓ cup enriched flour
2 cups milk
½ pound American cheese, shredded (reserve ½ cup for topping)
½ to 1 teaspoon salt
1 teaspoon Worcestershire sauce
1 tablespoon prepared mustard
½ cup finely chopped celery
½ cup finely chopped green pepper
1 can (6½ oz.) crabmeat, broken into large flakes
3 tablespoons chopped pimiento

Melt butter in top of double boiler over boiling water. Blend in flour. Stir in milk slowly, blending well. Cook until thick and smooth, stirring frequently. Add cheese; continue cooking until melted. Remove from heat. Add salt, Worcestershire sauce and mustard.

Gently fold in celery, green pepper, crabmeat and pimiento. Pour into 2-quart casserole.

Place biscuits on hot crabmeat mixture in casserole. Sprinkle with reserved cheese.

Bake in moderately hot oven (400°F.) 25 to 30 minutes. Serve hot.



"My recipe's the same as with rhubarb pie—use all the sugar you can, then double it!"

UNCLE RILEY ROBINSON DIES AT 105 YEARS OLD

Church Notes From Samaria

Both services at Samaria were well attended last Sunday.

The services were worshipful and anyone can see that there is a tendency to draw closer to God.

A feeling I have longed to see and am just now seeing.

This spiritual fellowship has been developing since the Revival and praise the Lord for it.

In the next two weeks we plan a Primary Department for our Training Union. We ask the fathers and mothers to let us have your children, ages 6, 7 and 8 for this Department. We will train them for you if you will get them to Church

We plan two Study Courses in the near future. One, "Building A Standard Sunday School," the other will be three classes in methods for the Training Union.

By the time you read this we hope to have the ditches dug for the foundation of our new Church. We will be pouring concrete soon.

Brother Erskine Popwell was taken violently ill Sunday night at Church. We checked with him this morning (Monday) and he is better.

We are glad that Brother E. O Duke is able to be back at his shop

We were happy to see Mrs. Lonnie Richardson at Church Sunday after such a long illness.

We appreciated our visitors Sunday and always give you a hearty welcome.

We understand that Mr. Van Smith is still improving in the Hospital in Montgomery.

The children of Mrs. Frances Glenn are better but not well.

We are glad to report that Mrs Tom Foshee is up and about. We hope she will be fully recovered soon. She and her family are missed so much at Church.

Mrs. Stuckey's condition is unchanged.

Walnut Creek News

(Too late for last week)

The First Quarterly Conference for the Clanton Circuit was held at Walnut Creek last Sunday afternoon. At the morning service Dr. James E. Tate brought an inspiring message.

The attendance was off some Sunday due to sickness and the death of Mr. Dorcas Maddox, brother of Mrs. T. L. Mims. We extend our heartfelt sympathy to the family and friends

The W.S.C.S of Walnut Creek met Tuesday of this week at the Church. Mrs. Bill Coggins brought the devotional after which Mrs Geraldine Nelson presented an interesting program on "Scatter the Seeds in Brazil." Those taking part in the program were Miss Norma Lou Coggins, Mrs. Ruby Duke, and Mrs. Fanny Powell.

A beautiful message in song was rendered by Misses Norma Lou and Glenda Sue Coggins. We were glad to have our pastor, Norman Carr, as our guest.

Let's not forget our prayer meeting and choir practice tonight at 7 o'clock.

Next Sunday and Sunday night will be our regular preaching services. The Rev. Norman Carr will be bringing the message.

All the youth of our community are especially invited to attend Youth Night at the Church next Wednesday night.

How Not to Do-It-Yourself

A wise man profits by his mistakes. A *wiser* man learns from *someone else's.* If you drive a tractor, here are two "lessons" you might want to study.

"I was cutting high grass in a field I hadn't worked before," reports Red Fowler. "A hidden stump tipped us—put me in the hospital three months. *Never take a tractor onto unfamiliar land—if you can't see the ground!*"

"Hitch a tractor *low,*" advises Curley Lawson. "I used to make high hitches. One day an extra-heavy load made my tractor rear like a horse—would've crushed me if I hadn't rolled myself clear."

From where I sit, it pays to outsmart problems before they get a chance to throw you. Andy, who runs the Garden Inn would back me up. For years he's cooperated voluntarily in that Self-Regulation Program the Brewing Industry sponsors — by keeping his place neat and *trouble-free.* Andy's one of our most respected businessmen . . . and he didn't get that reputation by "accident."

Folks and Things ABOUT TOWN

—By Ben

At this writing only five men have offered for the office of City Councilmen in the coming City election. There are only five offices to be filled so that means very little choice doesn't it? Two have announced for Mayor, that is Raymond Duffey and J. Hollis Jackson. The five who have announced for the places on the City Council are: Ed Mullins, Mack Godwin, Leon Kemp, L. E. Diefenderfer and J. E. Easterling. J. E. was the first to announce we understand so we put him last—Ed Mullins was last so we put him first. This is an unhealthy condition within our civic obligations when we have only one man announce for each place on the Council. There should be ten or 12 men contesting for the offices who are capable. Now we don't want to scare anyone, but if things don't start to move and more good, sound businessmen offer for the council we are going to announce ourself—that ought to bring in a hundred or so don't you think?

On June 20th the inspection was made of the Chilton County Hospital. This inspection was for the purpose of completing the guarantee made by the contractors who constructed the building. Along with the contractor was the architect and representatives of the Chilton County Hospital Board. Forty-two different items were listed with the contractor as needing attention, but all were minor and are being taken care of as per the contract made between the Hospital Board and the contractors.

During Mark Twain's early days in the newspaper business in Missouri he received a letter from a subscriber stating that he had found a spider in his paper and asking if this was an omen of good or bad luck.

Twain replied: "Finding a spider in your paper is neither good luck nor bad. The spider was merely looking over our paper to see which merchant was not advertising so that he could go to that store, spin his web across the door and lead a life of undisturbed peace ever afterward."

More peach trees have been ordered to be set this year than were bearing fruit, in Chilton County, that is, it was stated this week by M. R. Glasscock, County Agent. Along with trees yet to be ordered and the trees now bearing we should have quite an increase in peaches in the County within the next few years. Glasscock stated that more then 345,000 trees had already been ordered this year.

The Keep Chilton County Green Committee will meet next Tuesday, July 31. Burton Mullins, County chairman of the committee, was telling us that when timberland was burned over it took ten years to even reclaim timber large enough for pulpwood. We had a good year last year so far as fire prevention in our woodlands was concerned but the committee is trying hard to make this year a better one.

Hugh Champion, one of our local Highway Patrolmen was after a fellow the other Sunday for driving while under the influence of moose milk and speeding, when the fellow turned off U. S. 31, and took to the dusty country roads. Hugh couldn't get a chance to "pull him over" or even get near him for the dust, so he called for help. He got the City Hall on his radio, but they couldn't locate the other police cars. Now Jimmy Martin, who plays a big part in the radio department at City Hall climbed up on top of the building and used a walkie-talkie. Pretty soon he had located the police car and they cornered their man near Log Cabin Beach. We'll tell you; your chances of evading the law in a car and by using the road system these days is pretty slim as many an offender will attest.

Clanton Gets Street Markers

The City of Clanton has received new markers for all streets and avenues within its corporate limits. These signs are the result of action taken after the City Council adopted a resolution to secure means of identification for the streets of Clanton.

Reports are that the new signs will soon be installed atop seven foot poles.

Babe Ruthers Send Team To State Tourney

The Chilton County Babe Ruth League will have a representative team in the State tournament which will be played in Montgomry's Patterson Field next Monday through Thursday. L. D. Easterling and Braxton Bates, managers of the two Clanton teams will confer with Theron Fisher and R. B. Johnson Managers of Montevallo and Jemison, and between them and "Red" Fulmer and other officers of the league, will choose the boys for the All-Star aggregation. Some of the boys that are most certain to get a lot of consideration are:

Johnny Cathey, Jimmy Fulmer Joseph Knight, David Cobb, David Puckett, Carl Baker, Jr., Junior Sansom, Larry Culpepper, Wayne Little, John Lewis, Don Avery, Ronald Smitherman, Edwin Fancher Barclay Fisher, Leslie Harrison and David Reach, as well as Billy Winslett, Forrest Brown and Kenneth Ray.

A notice received today from Allyn McKeen ,the Tournament Director and ex-coach at Mississippi State, advised us that our opponent will be the winner of the game between the Montgomery Grays and Demopolis. Our first game will be held at 8:30 P.M. on Monday night July 30.

We lost our first game last year in Union Springs, but we believe we will field a better team this year and frankly, are going down to win this time.

These boys play real baseball and are fully deserving of all the support we can give them. If you can attend the game in Montgomery—please contact either of the men named above and volunteer your services.

OES Meets 7:30

The regular meeting of Clanton O.E.S. will be held Thursday night at 7:30. All members are urged to be present at this regular meeting.

Record Crowd Sees Stars Win Double-Header

Clanton 4—Billingsley 1—

Pete McKee, Clanton's six foot, six inch first baseman batted the Stars to a double victory over the Billingsley and Enterprise teams at City Park Sunday afternoon. The Stars were trailing Billingsley 1 to 0 when McKee hit a towering home run far over the centerfield fence in the 3rd frame with two mates on base. The nineteen year old slugger drove in his 4th run with a 7th inning single. The final score was 4 to 1.

Manager Edwards slammed out a trio of hits and Ellison had two hits. Ellison played brilliantly afield and as far as yours truly is concerned this Ellison is the best third baseman ever to wear a Clanton uniform. Bobby Wyatt pitched all the way for the Stars and recorded his 8th win of the year against one loss. Each team got 8 hits and Jones was the losing pitcher.

Clanton 7—Enterprise 1—

Pete McKee's 4th inning home run broke a 1 all tie with Enterprise and sent the Stars winging on their way to a big victory over the Enterprise team 7 to 1. That 3rd inning home run was the 3rd of the year for Pete. Our Hero, also batted in his 6th run of the day with a 5th inning single. This was the inning in which the Stars Kayoed Carl Martin with a 5 run rally. The big blow was manager Edward's two-run triple which was his 4th hit of the day. Harry Ellison toed the mound for the Stars and pitched a whale of a ball game. He gave up only two hits to rack up his second win of the seaon

These two games were played before the largest and most enthusiatic crowd of fans seen at City Park this sason. You fans come on out to the Park next Sunday for the Selma Rebels game. Anything is liable to happen when the Stars and Rebels get together. Watch next week's paper for the batting averages of all the players.

Little Leaguers All-Star Roster

The managers and officers of Clanton Little League announced the All-Star roster at last Friday's regularly scheduled games. The team will be composed of the following boys: Lynn Easterling, Warren Edwards, Bobby Gilliland, Tommy Hubert, Norton Lecroy, Mickey Littlejohn, Harry Lowery, Bobby T Miller, Tommy Miller, Don Robinson, Tommy Shelton, Jerry Tippett Robert Traywick and Harold Wright. Four of these boys were on the team last year and will form the nucleus for this years representatives.

The four repeaters are Edwards Lecroy, Lowery and Shelton. Bing Lecroy and J. E. Easterling are serving as co-managers, and have a tentative line-up with Shelton on the mound; Littlejohn, catching Edwards at first; Lowery at second Wright, shortstop; Gilliland, third base; Bobby T. Miller in left field Lecroy in center; and Tippett in right. Traywick is running as number two catcher and working for an outfield job and Tommy Hubert is pushing near the top for a starting outfield position. Don Robinson is high on the list, as is Tommy Miller and Lynn Easterling. All these boys are good ball players—and there are lots of other good players that just couldn't be named in a limit of fourteen.

Plans are proceeding according to "Hoyle" for the tournament to be played here between Alex City, Clanton, Demopolis, and Tallassee. The catchers back-stop and the outfield fence have made tremendous differences in the diamond and in the play of the ball. And, there are others signs of progress being made

You will have one final chance to see them and the Little League games tomorrow (Friday-July 27th)

And, remember the Tournament on Tuesday and Wednesday of next week. Those games will begin at six o'clock P.M., and your support will be needed. Let's show these visitors a real Southern welcome and, at the same time, whoop it up big for our boys to win that ole' ball game

Our Babe Ruth All-Stars will be playing in Montgomery, Monday night, July 30th at 8:30.

Teen-Agers Are Urged To Take Polio Shots

You have responded so well by having your children protected against whooping cough, diphtheria lock jaw, and the terrible crippling disease of polio that your Health Department wants to say thank you over and over again, yet there are many hundreds of our children who have not been given this protection. We are so very anxious for you to have it and it is absolutely free at your Health Department and we furnish the material for the shots including polio vaccine to your family doctors who will be happy to give it for a nominal fee. Take your children to someone and give them this protection they so richly deserve.

Those young folks between the ages of 14 years and 20 years are the main ones who are being neglected. Encourage these to come in and get polio vaccine.

For your convenience a nurse will be in the Clanton office all day every day for a week beginning July 30th. If more convenient take your children to the regular clinic on Tuesday afternoons at Maplesville or to the Thorsby Clinic any Friday afternoon between the hours of 1:30 and 3:30.

On television, network trouble always manages to clear up in time for the commercial.

MISTREATED MIDDLE-MAN—

Is it possible that there is labor-management peace in sight?

The present steel strike has brought out strange new feelings among the nation's workers. So far, the strike has progressed without the usual ranting, raving and violence that accompanies the usual contract-signing period.

In most cases, according to the nation's publications, strikers and management are getting along fine. Pickets at some plants are being plied by management with electricity from the plant so they may cook and watch TV while on duty. Management is now offering long-scale plans to the union in an attempt to stop he annual srike at the end of the old contract. A large number of strikers are looking around for odd jobs for the first time. For most, the long strike took them by surprise and their nest egg wasn't very large.

While management is eating good and union management is eating good, the workers are suffering. It is just possible tha the hunger pains of their empty stomachs may wake them to the fact that they are in the middle of a squeeze; they are the rope in a giant tug-o-war.

Without a doubt the union has done more for the working man than any force in America, but now the point has become cloudy as to who the union is helping. The union is business and management itself, on a colossal scale. The poor worked now has two bosses to work for, each pulling in a different direction.

Even a good thing can grow so large that it chokes itself.

SPEAKING OF WASTE—

One of the practices which costs the American taxpayer hundreds of thousands of dollars is a little-known carelessness which the armed services have been guilty of in recent years.

This practice consists of continuing to send benefit payments, and unearned pay, to dependents or relatives of discharged service men. In one small community recently investigated. It was discovered that the Government had wasted at least $5,000 in this fashion in the last twelve months.

If his figure is multiplied by the thousands of communities affected, one can quickly see what the potential waste amounts to. In many of these cases, especially involving excess payments to unemployed, disabled or elderly relatives, the Government has no chance of ever getting the money back, and never sees much of it again.

When a service man is discharged, there is often a lag in the termination of payments he has directed to his wife, or relatives, or to friends back home. When the lag is finally detected, and the post-discharge checks are discovered, they have long been mailed and cashed, and the money spent.

Speaking of waste, we think this is one which warrants an investigation, and we suggest to some enterprising congressman that he demand that this dependents' payment system be p[illegible] on a sound basis.

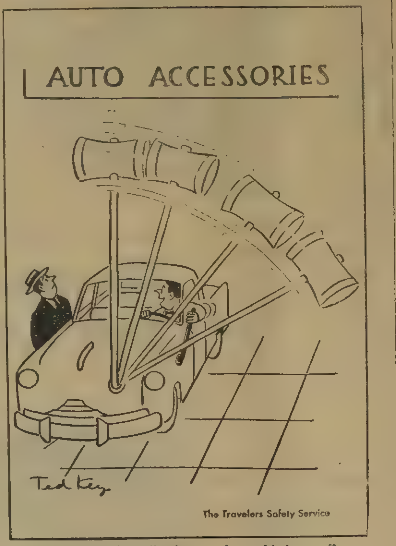
* * * *

A practice that should also be realized in this discussion is that which hinders a deserving service man or his dependents, their rightful allotment or other income. There are several loyal Americans being denied rightful privileges through the neglect of management.

In other words, perhaps this money that is being wasted, could be put to good use, where it is appreciated, needed and deserved.

Fatal Fallacies

by Ted Key



". . . and if he still refuses to lower his beams."

Report from Washington

BY

ARMISTEAD SELDEN

Congressman, Sixth District

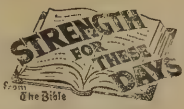
Last week the House of Representatives spent four days debating the so-called civil rights bill. Although the dangers of this loosely drawn and politically inspired legislation were thoroughly exposed during the debate, it was obvious the measure would ultimately receive House approval. However, the final vote was postponed by an agreement until Monday of this week.

Dangers Apparent—

"The so-called civil rights bill provides first for the creation of a Commission on Civil Rights with powers greatly exceeding those of any other federal commisson. This commission would be given the power of subpoena, one never before granted to any other federal bureau. Wiht this power, the commission could summon to Washington a citizen from any part of this great land on the mere suspicion of discrimination.

Other sections of the bill give sweeping authority to the Attorney General. For example, the Attorney General is allowed to institute civil proceedings under the terms of this legislation on behalf of persons allegedly denied civil rights. In other words, the Attorney General could provide free legal service for one party in a civil suit, with or without the person's consent. Also the bill gives jurisdiction to the district courts regardless of whether state remedies have been exhausted.

In my statement against the bill, I pointed out that the Attorney General is already authorized to institute criminal proceedings for violations of the civil rights acts and, if crimes are committed, the guilty can be punished. But I warned against the creation of a privileged class for whom the Attorney General could act as private attorney. I also emphasized that the exhaustion of state remedies before application to the federal courts is a tradition of our jurisprudence that should be continued.



And He said unto them, Where is your faith? . . .—(St. Luke 8, 25.)

As Jesus Christ inquired of His disciples, so does He inquire of each of us this very day: 'Where is your faith? Without that faith, nothing is possible to us except frustration, unhappiness; with it, all good things are possible—for truly Faith is the Answer

The Southern members of Congress also carefully pointed out the weaknesses of the so-called civil rights bill. Most emphasized that the bill would not actually safeguard civil rights. Rather it would undermine the authority of the states by transferring new and dangerous powers to the federal government.

Bill Will Die—

It was evident that the extensive debate on this measure, lead by Southerners, cast doubts in the minds of many members as to the wisdom of passing the bill. But despite its dangers, it was apparent there were more than enough votes to assure the measure's passage in the House of Representatives.

However, the delaying tactics so skillfully executed by Southern members of Congress left little chance for Senate consideration of this dangerous measure before adjournment. This simply means that the bill will die with the adjournment of the 84th Congress.

We enjoyed a visit last week from Mr. Billy Davis of Stanton.

GI LOANS REPAID—

The Veterans Administration recently reported that, as of April 25th, full payment had been made on 853,541 GI home loans. This represents about twenty per cent of the GI home loans made since the program began in 1944.

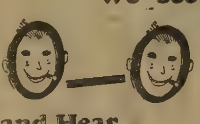
We think this is an excellent record, and speaks well for the GI home loan program. At the same time, the VA reported that the percentage of repayment of GI farm and business loans is much higher, because most of these loans were made on shorter terms.

More than half of these loans had been repaid as of this year, according to VA figures.

Interesting is the figure released by the VA showing that 18,500 GI home loans were repaid in full during the month of April, of this year. During the same month, about 43,000 new GI home loans were made.

Considering the fact that most of these GI home loans were for periods of twenty years, or more, the fact that twenty per cent have been paid up only twelve years after having been made, speaks well for the program. As a service to its veterans, this program seems to have justified itself, and extended opportunities to servicemen who otherwise might not have been considered good home loan risks.

things we See and Hear



By "TUCK'

We are measured in life, by what we do; not by what we say we can do.

We heard some mighty encouraging news the other day about Dr. Bennett's Coosa Nugget fish bait. It seems this fella was up in one of the Northern states and was fishing with a "Nugget" and his partner was fishing with some other bait. Well, as we heard it, this local gent pul'ed in scores of fish that day and his partner caught nary a morsel. The next day the Nugget" fisherman took his wife and she fished with a Coosa Nugget and he fished with something else and she was the only one in the vicinity who caught anything. Now if that doesn't prove that Chilton County Peaches are Tops, we'll eat our fish bait. (might be a good idea, since the fish ain't). We haven't been converted to "Nugget's" yet but the main reason is, we can't get our hooks on any of 'em.

We were up around the Lookout Mountain area the other day and though we didn't get to see any of the sights first hand, we had a mighty enjoyable sightseeing tour from the signs along the road. 'Time you get there, you feel like you've seen, all there is to see. Those folks certainly believe advertising pays Like the fella said, "they even put up signs down the road that tell you to turn around and go back three miles to such and such a place." Those mountaineers really know how to sell their product.

We hear over the grape vine that ye olde dog impounder is setting out in the near future to find out just who has and who hasn't had their mongrel "shot." If your dog is among those who haven't been "stuck" yet you'd better see to it. Just hope he doesn't make his survey the hard way.

Clanton has been plagued for some time now, off and on, with many so-called "peeping toms". Call them what you will, they are up to no good. It is our civic, moral and spiritual duty to do all that is possible to stop these unbalanced individuals, before they either hurt the public or get hurt themselves Should you ever have positive evidence against one of these marauders, you should by all means and in all haste go to your police department and let them know it. We cannot expect miracles from our police officers if we, as citizens withhold facts from them that will help to apprehend a criminal.

We are our brothers' keeper Therefore it is not only our civic and moral duty to help, but we have other obligations also. We can help our neighbors and ourselves by truthfully telling all we know Not hearsay, but facts. In this way we can put an end to this unpleasant and unnecessary affair without any bloodshed. If it is continued unmolested, then someone is going to get hurt; as we said, unnecessarily We sincerely hope it is not you or yours.

If anyone in Chilton County can help yours truly get rid of just a bunch of Kudzu, we would appreciate it no end. Our back yard is being consumed by this noble cow feed and we don't know what to do about it. We've already busted a hoe and dulled up an old ax on it and it just keeps a'coming. We've inquired around a bit and farmers tell us to get rid of it, we'll have to pasture it. That's all well and good but we can't do that. We can't burn it off and we can't cut it down. (It just grows back.) We'll bet if we wanted a good stand of the stuff, we couldn't grow it on a cow's back. Right now, it's growing on everything around the house. The house covered in Wysteria might look swell, but we ain't anxious to be wrapped up in no Kudzu vine.

If we go on a trip, we get caught for speeding; if we go fishing, the game warden catches us (and we don't catch fish); and by George we can even make a non-puncturable tire go mighty flat. . . what with our luck we could make the leaning tower of Pisa straighten up thereby ruining all the tourist trade What you gonna do?

CARD OF THANKS

We wish to thank our friends and neighbors for their kind sympathy shown up during the illness and death of our husband and father who passed away June 22nd. May the Lord bless each and every one is our prayer.

Mrs. J. R. Owens, Donald and Charles

LIFE'S LITTLE SHADOWS

VERNON P. PAYNE

I read yesterday of the sad plight of a four-year-old lad who never got to celebrate his birthday. The boy was born on Christmas day and, to his young mind, the presents he received were never birthday presents. Too, he never got to have a party as most other children do.

What a dilemna to solve After three years of unsatisfactory progress in convincing the lad that he did actually have a birthday his diplomatic mother came up with the most tactful solution possible She simply swapped birthdays with him.

Swapping is the first business transaction that a child makes and to his mind it is a fair and ethical way to get the things he wants most. Too, everyone knows that a mother doesn't miss not having a birthday.

Beginning with his birthday party last week he shall henceforth celebrate a birthday of his own in July until he deems it expedient to quietly lose the fact that he is a year older in the joys and excitement of Christmas.

This boy really has his cake and is eating it too—thanks to the loving mind of a kind mother.

Mulberry Bapt'st Church—

Summer Revival Services started at Mulberry Sunday and will continue through Friday night of this week. Morning Services are at 10:00 a.m., and Evening Services are at 7:30 p.m. At the time of the writing of the news, a good Revival seems to be in progress. The public is cordially invited to attend the remaining services. The Rev. J. O Hogan, pastor of the East Thomas Baptist Church, is the visiting preacher for the Revival. Bro. Hogan is staying with Mr. and Mrs. J. H Wells at night. He is having dinner and supper in different homes in the community.

The Youth Fellowship of the Mulberry Baptist Church was held following the Evening Worship Service Sunday night. The meeting was held at the home of the Lewis McGee's. Mary Nell Veazey read the devotional passage, and Mrs. McGee led in prayer. Refreshments were served by Mrs. McGee at the close of the meeting.

Deacons of the Mulberry Baptist Church will hold their monthly business meeting on Thursday night of next week. The place of the meeting will be announced at a later date.

Next Wednesday night will be Family Night in our church. All organizations of the Brotherhood and the W.M.U. will meet at the church. All members of the family are urged to attend.

Remember next Sunday is the Fifth Sunday and is our day for catching up on tithes and offerings to be placed in the building fund.

Gletty Reports On Pension Progress

By WES GLETTY

Our Politicians are wonderful animals, they stick together and work hard for anything that will benefit themselves. At the beginning of a session, or a new Congress, is when they always pass legislation for their own benefit, like raises in salaries and additional allowances for expenses, etc. By the close of the last session, and just before national elections, people have forgotten these things. This is the only time they consider legislation that might benefit the taxpaying public, and then they just pass some small act that they think is enough to get some votes. In 1954, just before the elections, the president signed into law, a bill that increased Social Security, old age benefits slightly, and probably got a great many votes for the Republicans. However, there are a great many who needed help which it did not benefit.

The bill which has just passed, in time for the next election and which the president will undoubtedly sign, lowering the eligible age of women from 65 to 62 and providing benefits for disability at age 50, is a great boon to many people. Still there are thousands of people who need it and deserve it just as much but whom it does not benefit. Why don't we insist on passage of an act which will benefit all citizens alike?

A bill, no. H-R 852, was introduced in the House of Representatives in January, 1955, by James E. Van Fondt, Republican of Pennsylvania which in my opinion is the best so far. It provides for everything our petitions are asking for, except medical and hospital care.

However, Representative Dingell Republican of Michigan has a bill pending which provides medical and hospital to every citizen at age 65. If this age were lowered to 60, the two bills combined would give us all we ask for.

Bill H-R 852, provides, "Sec. 303—Every citizen who is sixty years of age or over shall upon filing an application, under oath, as hereinafter provided, be entitled to receive an annuity, payable in monthly installments, during the remainder of the life of such person."

"Sec. 304, Every citizen between the age of 18 and 60 who is disabled for a period longer than six months. Every widow who is a citizen, and who has the care of one or more children under eighteen years of age shall upon filing an application under oath, receive an annuity payable in monthly installments, so long as their incapacity for employment exists, or as long as they have the care of one or more children under eighteen years of age."

If there is anything in this bill that is not right or just, or that could be interpreted as un-American I wish someone would point it out to me. Yet both of these bills have got exactly nowhere. If these bills were passed and made into law, the taxpaying public would get about what is coming to them, real old age security and the politicians would no longer be able to dribble a little bit along as bait for votes at each election. This is our greatest obstacle and it will take a concerted movement by the masses to overcome it. If we could keep thousands of letters and petitions pouring in to our Congressmen.

Bill no. H-R 852 really provides a pension as of right at age 60. The only requirements are citizenship and age, and it also provides for the Post Office ot furnish application blanks, to be filled out under oath or affirmation. These provisions automatically eliminate all of our thousands of social security offices all over the U.S., and the millions of dollars which go to maintain them and the army of employees now necessary could be used to directly apply on pensions. There would be practically no expense to administering this program, and two per cent of the national income would be sufficient to pay the benefits.

If every person who reads this would write their Representatives and Senators or write to me for a petition form and get it filled with 20 friends or relatives, either mail it to me or your Representative in Congress, it would go a long way toward influencing them. We do not have money to maintain a lobby in Washington as most other interests do.

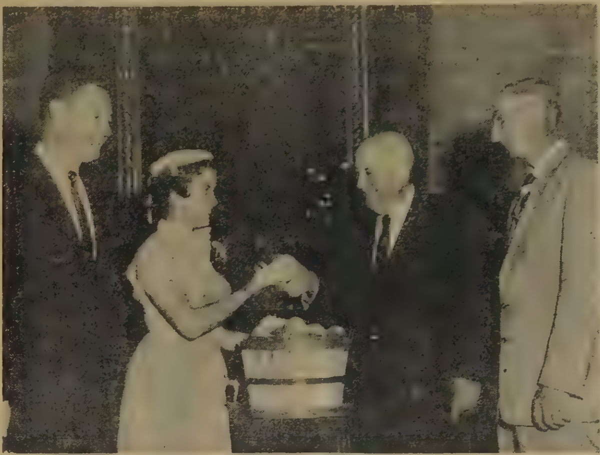
Peach Queen Presents Rayburn With Prize Peaches



THE CHILTON COUNTY PEACH QUEEN, Miss Martha Bell of Clanton, is shown above presenting to the Speaker of the House of Representatives, the Hon. Sam Rayburn of Texas, the basket of peaches that won first prize at the Peach estival. The prize peaches were grown by Mr. R. L. CULP of Jemison. Miss Bell and Mr. Culp were guests of Rep. Armistead I. Selden, Jr. during their visit to aWshington Thurs., July 5. The Congressman honored his guests at a luncheon in the Speaker's Private Dining Room which was attended by all the members of the Alabama Congressional Delegation. At the luncheon, the members of the Delegation were served some of the prize winning peaches.

Pictured above are, from left to right: Rep. Selden, Miss Bell, Speaker Rayburn, and Mr. Culp.

Chestnut Creek—

Sunday School at 10:00 a.m.

Worship services at 11 a.m. and 7:30 p.m.

Training Union at 6:30 p.m.

Our Sunday School began with a wonderful attendance this Sunday. We were so glad to see some of our members back with us who have been absent for quite a while. Let us all come back next Sunday and bring someone with us. Our Devotional was by Victor Davis and the opening prayer by Mrs. Calvin Jones. Our Song Leader was Mr. Lee J. Grant with Mrs. Elbert Glenn at the piano.

The ladies in Class No. 2 were happy to have Mr. Davis with us in our class. I am sure everyone enjoyed his talk on our lesson which was, "We Belong to A Great Company." This was taken from Hebrews 10:19-25.

Everyone enjoyed and received a blessing from the message brought by our pastor, Rev. Glidewell.

We welcome our visitors who were with us and you are welcome to join us at any time.

Revival at Chestnut Creek—

Our Summer Revival will begin at the Chestnut Creek Baptist Church next Sunday, July 29th.

We welcome everyone to come and visit with us and let us all pray for a great revival. Rev. Chesley Donahoo from Oak Grove Baptist Church of Chattanooga, Tenn. will be the evangelist. Rev. Donahoo will be here Monday, July 30th.

Remember prayer meeting Wednesday night. Also, Thursday night is Brotherhood night. We urge all of our members to attend these services.

See You

Miss Billie Sue Burgess, whose marriage to Harold Gene Parr will be an event of August, was honored with a miscellaneous shower, on Tuesday morning at the home of Mrs. W. C. Davidson, with Mrs. Clifford Jones and Mrs. Marcus Polk, Jr., co-hostesses.

The color scheme of pastel, with pink and green predominating, was carried out in the flower arrangements and in the party refreshments.

On the mantle and piano, there were lovely bowls of pastel zinnias, and the lace covered dining room table was centered with a beautiful arrangement of pink lillies.

The honoree dressed in an aqua cotton sheath, was seated at the bride's white covered gift box and as she opened each package she displayed them to the guests. She received many lovely gifts and cards of good wishes.

After all had been opened, Billie Sue graciously thanked everyone for the lovely gifts

Come On Down; The Water's Fine

Generally, fishing was slow during the past week. Old Sol and electrical storms worked hand in hand to hinder the few anglers who tried.

The seasons hottest weather is upon us, and fishermen seem reluctant to get away from their air conditioners to seek out the finny ones, which probably are enjoying the cool depths of inactivity. If you are one who thinks it is as hot on the lakes as it is at home, take another look. It just stands to reason that it's cooler on or near the water than it is on or near the city streets. Actually, if you troll along or fish the shady banks, you will find it refreshingly nice and cool.

Yesterday, down on Lake Jordan the willow flies were out thick and heavy. A little off shore breeze rustled the underbrush and thousand of flies drifted out over the water As they settled about the waters edge, bass and bluegills swung into action. Needless to say it's spots like this that make a days fishing worthwhile. Maybe you can't locate the willow flies. Sometimes they are hard to locate, especially if you are not too familiar with their habits As you know, they are found clinging to the underside of leaves and the shady side of large rocks along the shore line of the flats. If you will throw a rock, or shake the branches where they are, the breeze will carry them out over the water It doesn't take long for the bluegills to discover the willow flies when they begin flitting about the water

Marbury's Barney Parsons picked up nine nice bass this morning from the extreme upper reaches of Lake Jordan. Barney used top water bait and fished early in the morning to catch his string.

The cool, stained waters of Lake Yates gave up another lunker last week. Probably there were many others taken, but the one reported to the Alabama Power Company fishing contest was caught by Harvey Bishop, Tallassee. Gladys Harrison, of the H & W Grocery Store near Yates Dam, says that Harvey used a Hulapopper and boated a six pound 11 ounce largemouth bass

If you are tired of dodging pleasure boaters, water-skiers and swimmers, give Lake Yates a try. It's stumpy stained and uninviting to everyone but fishermen. Lake Yates is lunker headquarters, that's for sure

CHIEF ALAPOCO SAYS: Water can be a good friend. . . or a deadly enemy. . . whichever you make it Carelessness while swimming or boating can cost you your life. . one mistake can be your last. Don't take unnecessary chances. Never swim in unpoliced areas. . . and never swim alone. Everybody likes to make an impression. . . but the show-off in the water is likely to make a lasting, but unwanted impression. Don't add your name to the long list of those who have sacrificed themselves through carelessness.

POTS and PANS Stay Bright As CHINA PLATES

When You Cook *Electrically*

Because electric heat is as clean as sunshine, your pots and pans stay sparkling bright . . . *clean as china plates* . . . when Reddy does the cooking for you! There is no need to repaint your kitchen as often (electricity can't smudge the walls, ceiling and cabinets) and kitchen curtains remain fresh and new looking much longer.

But *cleanliness* was just ONE of *three leading reasons* why women prefer electric cooking. The other two are *coolness and safety.*

COOLER

An electric range is so cool you can place a flower on top of the oven while you bake a cake. Surface units impart the heat directly to cooking utensils, thus little or none escapes in your kitchen.

SAFE

No harm can result if a surface unit switch is accidentally left on, or turned on and forgotten. Automatic controls see to it that oven circuits are turned on and off at the proper times.

Other reasons for preferring electric ranges that ranked high in the Alabama survey were low operating cost, fast and uniform cooking results and attractive, modern styling to complement the beauty of present-day kitchens.

If you are modernizing your kitchen or merely planning to replace your old range with a new one, be sure to inspect the many new models of electric ranges at our store or your electrical appliance dealer's. You'll find that electric ranges give you the most for your money, and can be had on easy-to-pay terms.

TWO CHAMPIONS OF THE ROAD... both Chevrolets!

To the eye, the new Corvette and the new Chevrolet are far different. But these two champions have one superb quality in common—both were born to cling to the road as though they were part of it!

Chevrolet's astonishing roadability is a big reason why it's America's short track stock car racing champion. It can *and does* out-run and out-handle cars with 100 more horsepower. When you wed rock-solid stability to superb engines such as the 225-h.p. V8 that flashed the Corvette to a new American sports car record—then you get a real championship combination. Stop by for a sample!

MINUTES OF THE BOARD OF REVENUE AND CONTROL OF CHILTON COUNTY, ALABAMA

D. JULY 9, 1956
Board Meeting
July 9, 1956

The Board of Revenue and Control of Chilton County, Alabama met in regular session at the County courthouse at Clanton, Alabama on July 9, 1956, at 9:00 a.m. The following were present: M. D. Tingle, Judge of Probate and Chairman of said Board, and the following Associate Members of said Board: Lonnie L. Cost, A. H. Smith, Sherman Motley and J. M. Dunlap. Judge Tingle presided as Chairman of the meeting and a quorum being present, declared the meeting open for the transaction of business.

Whereupon, the Clerk of the Board read the minutes of the Board held on June 25, 1956, whereupon the Chairman of the Board asked for corrections or additions to said minutes, there being no corrections or additions to said minutes and the same being correct, Mr. Cost made a motion that said minutes stand adopted as read, whereupon Mr. Dunlap seconded said motion, which motion was unanimously carried, and all the members present of said Board affixed their signatures to the said minutes in the presence of the Board and the Clerk.

WHEREUPON, the Clerk of the Board presented to the Board a list of claims and accounts filed with her against the County. Whereupon the Board proceeded to audit all such claim, and it appearing to the Board that each of the following claims are itemized and sworn to, as provided by law, with evidence of delivery of each item to the County, as provided by law. That the materials, machinery, equipment, supplies and services purchased by the County for use on public roads, bridges and ferries were inspcted and approved by the County Engineer as provided by law. And it further appearing to the Board that all said claims are just, due, correct, and unpaid and that no part thereof has been previously paid. Whereupon Mr. Motley offered the following resolution for adoption; which was duly seconded by Mr. Dunlap; and unanimously adopted by the vote of the Chairman and all the members of the Board.

BE IT RESOLVED AND ORDERED: That said claims are hereby audited, allowed, passed and approved by the Board. And be it further ordered by the Board that each of the Claims, payable to the respective parties, as hereinafter set out, for the materials or services, as hereinafter set out, and in the amounts, as hereinafter set out, be allowed,

AND BE IT FURTHER RESOLVED AND ORDERED: That the Chairman of the Board is hereby directed and authorized to draw a proper County warrant on the County Treasurer for the correct amount in the payment of each of said claims, in favor of the person, firm or corporation to whom it is due, from the funds listed:

Red Cross Thanks Volunteer Workers And Blood Donors

The Chilton County Chapter of Red Cross takes this means of thanking each and everyone of you who assisted at the local blood center in Clanton at First Methodist Church, July 16th. specially we would like to again thank Mr. Roy Traywick of the Coca Cola Company for his usual liberal donation of five cases of Coca Colas Also we are very grateful to Bro. Lloyd Minister at the Church and Mrs Campbell White, Church secretary for their fine cooperation.

Due to the extreme hot weather and the fact that some of our good people are on vacation this month we fell short of our blood quota this time, which is the first time we have failed to meet the minimum of 130 pints for quite a while. We collected only 110 pints. Also this failure could be due to the fact we have announced on several occasions that we, the Chilton County Chapter, would be withdrawn from the blood program, if we could not raise extra funds to take care of same. In the past few weeks we have been able to raise sufficient funds to carry on this program for one-half year, which will end January 1st, 1957. In order that this vital program may be retained in our County for the entire year, July 1st, 1956 until July 1st, 1957, it will be necessary to raise more money.

We know that the blood program means a great deal to Chilton County and to our Chilton County Hospital. We feel that some of the people in our County will realize this too late. As has been published before, Birmingham Regional Blood Center carried this chapter last year due to our not raising sufficient funds on our Fund Campaign in 1955. They definitely will not carry us again or make a grant as heretofore. We hope that although most of you did contribute to our regular Fund Campaign in March, you will dig down deeper and assist now in saving the blood program. Please either mail your check to the Red Cross chapter or contact Mr. Campbell White at the Transcontinental Gas Pipe Line in Billingsley, Ala Do this right away, won't you? We can save this program with your help.

We would like to publicly recognize all of the young men who took part in the Road Blocks in the County recently. They did a wonderful job through the Civic Clubs in this way in an effort to assist in saving the blood program.

IRENE RIGGINS

First Peter 5, verse 7: Casting all your care upon Him, for He careth for you.

Rev. E. Deason delivered two wonderful sermons Sunday. We had good attendance and many visitors

We welcome them back at any time they can come.

Rev. L. Gray of Smith Center is our evangelist for this week. Our Revival is in progress and we ask you to pray for us.

The week-end guests of the D M. Oates' family were Mr. and Mrs Walter Traywick and children of Bay Minette, Alabama.

Week-end visitors of the Rev. and Mrs. Lawton Wilson and family were Mr. and Mrs. J. Green and Robert of Pennsylvania, Mr. and Mrs. Tommie Boles and family of Montgomery and Miss Green and a friend, also of Penn.

Mr. and Mrs. Clifford Wells of Ensley visited the F. M. Foshee family the past week-end.

Real evidence of true brotherhood was demonstrated by the young men of the church recently. Lt Ivan Smith, now stationed in Germany bought the tile for our auditorium. Carroll Johnson, who is experienced in laying tile and his helpers, James, Melton, Paul Johnson, Charlie Riggins, Ronnie Johnson, Mr. C. McGee and Raymond Johnson completed the job.

We wish to thank them for the fine job they did and for having contributed of their time and money.

Also, to the men responsible for the porch. I am sure the Lord's blessings will rest on each one.

Rev. E. Deason joined the James Harris family for dinner on Sunday

Mr. and Mrs. C. Riggins had Sunday dinner with the Lone Oaks family and Mrs. B. Price.

Miss Wynell Johnson visited relatives and friends in Sylacauga this past week.

Mrs. Clarence Oaks has gone to visit relatives and friends in Birmingham and Tennessee.

Come and visit with us these last two days of our revival. You are always welcome.

MT. PISGAH NEWS

We feel sure that our attendance could be better and will look forward to seeing you in your place next Sunday. Our attendance has been good, but we want to keep growing, so please make your plans to attend all the services of your church.

For the Wednesday Prayer service, Miss Jeanette Duren read passages from John 14.

Next Sunday night we are asking everyone to be on time for M.Y.F We plan to present our program outside. Miss Alma Chadwick will be in charge of the program which is entitled, "Let's Go Out-Of-Doors."

Mike Rollan is spending a few days with Ocie Larry DeVaughn

David Yeargan is spending a few days with Mr. and Mrs. Luther Yeargan.

Miss Joyce DeVuaghn is spending her vacation with her parents, Mr and Mrs. R. A. DeVaughn.

Folks and Things ABOUT TOWN

—By Ben

SIDELIGHTS: U. H. Abrams principal of Clanton Grammar School is building a beautiful new home in West End. Plans are for it to be finished by September 1st Wonder who will share it with him? . . . . It's nice to see Mayor C. Fenn Jones in town again shaking hands with old friends. The Mayor, who is 85, seems to be in exceptionally good condition for one of his years. We're very glad that he is able to be out again. . . . our favorite waitress is always so far behind that she thinks she's ahead . . . she says the hot weather doesn't help any either. . . . some big-shot says it isn't really hot, it's all in your mind; we got news for you we have the hottest mind this side of, oh yeah, these afternoon showers this week sure have helped, haven't they.

So many parents of Clanton owe so much to the men who have guided the Little League Baseball Club through the present season and too, there are so many busy businessmen who have given their time to help the boys it is impossible to name them all here. But a debt of gratitude is due the leaders of the boys and we think the parents should in some way let it be known that the work of the businessmen was not in vain—but deeply appreciated and supported by them.

Well, we hear the courthouse is tumbling down. The building inspectors again this week condemned the old building and said it would be extremely unsafe for meetings or even court sessions to be held in the old building. Something must be done about our courthouse, as we have said many times before, before someone is killed or badly hurt attending mass meetings there, when it is in such a bad state of repair.

Saw a good cartoon where two ittle birds were sitting in a tree watching a man being carried by on a stretcher. One little bird said o the other bird: "And he's the uy that said safety was for us."

Dean Moyer has been given a commendation ribbon from the Secretary of the Air Force for meritorious service at Arnold Engineering Development Center. He is the usband of Rosemary Pickens Moyer, formerly of Clanton. Mr. Moyer ecently retired from the Air Force ith the rank of Major after serving more than 21 years.

It seems that some out-of-state sitors were trying to find the ace, and they came to a cluster of bins at a crossroad. Stopping hir r, one of the strangers hailed a tive.

"I'm looking for the town of lton. Can you direct me to it?" "Stranger," said the native, "dos ove an inch."

Ralph Morrison went to Ashford t Saturday and bought himself couple of pigs. These weren't just linary pigs, these pigs have a nily tree. They ar Landrace hogs d were developed in Denmark in 18th century. They were brought the States in 1934 and since have own to be favorites because of large percentage of lean meat l little fat on them. Ralph has a ar now that is ten months old and ighs four-hundred pounds. Th he bought Saturday were gilts the sale Ralph said that 77 hogs ught $10,637.50. That's a lot o g skins for 77 pig skins.

Registration Of Women Job Applicants Set For 3rd, 4th

The location of a very desirable industry in Clanton depends principally on the registration of 1500 white women in Chilton and surrounding areas who are interested in good employment. Registration dates are this Friday, August 3, 8:00 a.m. to 5:30 p.m. and Saturday, August 4, 8:00 a.m. to 12:00 noon.

The places of registration are the schools at Clanton (Chilton County High), Jemison, Isabella, Maplesville, Verbena, Enterprise and Thorsby.

All white women, ages 18 through 45 are invited to register. Should the registration be sufficient to convince the executives of the industry that adequate help is available here the list of registrants will be used to select employees. Training and experience are not required.

Ladies are urged to register even if they have recently registered or applied for employment with another concern. This would serve to increase the chances of employment or those who have already registered elsewhere.

The concern considering locating here is a clothing manufacturing concern. The work would be clean pleasant, permanent and subject to federal wages and hour pay regula

Officer Williams Arrested---

Police Chief Writes In Regard To Saturday Whiskey Raid

On Saturday, July 28th at 12:00 o'clock noon, 1956 Marshall Williams was patroling on Highway 31 South and saw a man come out of James Thomas' house which is located just outside the police jurisdiction carrying a package. Knowing James Thomas to be a bootlegger he searched the man when he entered the city and he had five cans of ice cold beer. Williams brought the beer to police headquarters and gave it to me and I carried it to the sheriff's office and asked him to get a search warrant and lead a search of James Thomas' house

Marshall Williams, Clanton policeman who arrested Mrs. Flossie Thomas last Saturday, was served with a warrant of arrest Monday night by Chief of Police C. E. Tucker. The warrant charging assault and battery to the person of Flossie Thomas was obtained by Albert Thomas.

Williams was released upon making bond.

The Sheriff said he couldn't go because it was his lunch time, but maybe Mr. Porter would go. About that itme, Porter came into the Sheriff's office and the Sheriff told him that I wanted him to go with me to said James Thomas' house Porter said he would go, but would have to go to the jail to see about a negro first. When Porter left I gave Williams the keys to my private car and he went on ahead to see where the whiskey or beer was carried in case of a tip-off, as this had happened before.

I took the search warrant and went by the jail to pick up Mr. Porter, but he did not go to the jail but instead, went in his house. I asked a little girl, about 12 or 14 years of age what Mr. Porter was doing and she went in the house and returned. She said he was using the telephone.

I drove around the block for about 10 minutes, then picked up Porter and we went on to James Thomas' house. About 15 empty beer cases were burning in the back yard and in the house, a big Coca-Cola box empty, but still cold. I told Porter it was useless to search as someone had tipped Thomas off. Porter said he couldn't imagine who, and I said I couldn't because no one knew it except the Sheriff, Williams, Porter and myself.

At this time, I did not know where Williams had gone, as he was not at the Thomas house, so Porter and I came back to town and about 40 minutes later, Williams came back with 22 cases and 2 cans of beer 3½ gallons of moonshine whiskey and 12 pints of bonded whiskey Williams said when he got near the

Revised Voting List For Clanton In This Issue

Every effort has been made to obtain a correct list of the voters in the Town of Clanton, however some who are qualified voters in the City of Clanton may not be listed on the new list published in this week's paper, but there has been no intention to leave your name off this list by those who have tried to prepare it.

Several people have worked hard on this new list, Mr. Carlos Wyatt at the Union-Banner, Mr. Vernon Payne of the Chilton County News and Mr. G. C. Walker have made every effort to prepare a correct list of the voters, who are entitled to vote in our City election to be held on the 17th day of September 1956.

This will be the last list published in the newspapers and should your name not be on this list as published, get in touch with Mr. Carlo Wyatt at the Union-Banner, Mr Vernon Payne at the Chilton County News or Mr. G. C. Walker, and an additional list will be furnished to the managers at the polls, made on a typewriter, and you will be allowed to vote, if you are a qualified voter and living in the Town if Clanton. If you will do this, when the next election comes around, it will not be so difficult to get a correct list of the voters in the City of Clanton.

IS A DRAG TRACK THE ANSWER?—

In the past few months, since we first declared war on drag racing around the County, we've been asked to go to bat editorially in favor of a "Drag Track" for local racing fans. At first we were emphatically against it—fact of the matter is, we didn't even know what a drag track was.

We know for a fact that drag-racing on the highway is a very dangerous sport. In case you have never seen one, drive up to the straight stretch of Highway 31 just above Lomax any night around midnight and you can usually see one in progress. (by the way, spectators are asked to get their cars off the highway and sit on the railroad embankment.) There are other stretches of road being used around here, but this is the most popular at the moment.

Drag-racing necessitates having two cars abreast. Starting from a standstill it is merely an acceleration test for a given length of road. Some cars have been clocked on this stretch at close to a hundred miles per hour. On the open road the speed is governed only by the guts of the driver and the horsepower of the car.

On the other hand, a regulation drag-strip is one-quarter mile long. From a standstill to the finish line the distance is insufficient to atain top speeds. There is no oncoming traffic or side roads. It all boils down to a short race to see who can get started first and is usually won by a proficient driver

A drag track might be the answer to racing on the highway. Anything is worth a try to remove even a little of the dangers of driving. Too, if someone is hurt it'll be the guy that asked for it and not the innocent motorist.

YOU ARE NOT NEEDED—

We have never been able to understand the morbid curiosity that "ambulance chasers" must have. These people seem to get a kick out of seeing a suffering and torn human being.

Our object here, though, isn't to go into the whys and wherefores of the personality but to bring to light the fact that these people are law-breakers and are endangring many people.

An increasing number of our residents are following the local ambulances on emergency calls and then heading for the hospital in time for the unloading. It seems self-evident that this is a very dangerous habit, but folks continue to do it. The men driving those ambulances at break neck speed aren't doing it for enjoyment; they are bent on saving lives, which is their job

Your car in their way only makes their job more hazardous and difficult.

The congestion of cars at the emergency entrance of the hospital only causes confusion at a time when every second counts. Time is of the essence and you can't help anyone by getting in the way.

If you must see violence, why not sit home and watch the crime shows on TV instead of following ambulances like they were Pied Pipers.

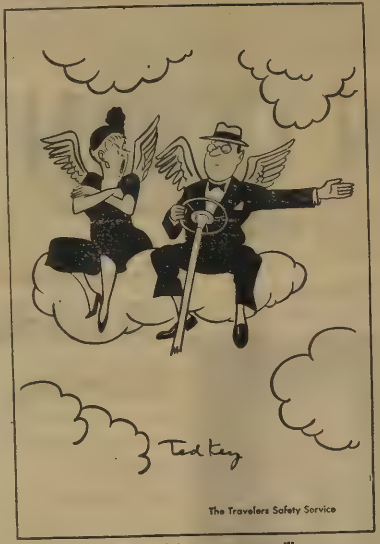
THERE MUST BE A REASON—

During the past decade there have been far too many accidents and near-accidents at the three railroad crossings in Thorsby. Off-hand we cannot give you the exact vital statistics, but we do know they run into dozens of hearts.

Why are these crossings the scene of so many accidents? Is the station too close to the tracks, blocking the view? Are the beautiful evergreen trees lining the tracks blocking the view? Is the grade too steep for a car to cross easily? We cannot answer any of these questions positively but we are sure that Thorsby residents who cross these tracks every day can give us some good answers.

One thing we are sure of—sturdy crossing gates will stop the flow of traffic when a train approaches and there is no reason for a pedestrian to walk in front of a train accidently. Whatever the cause, something should be done now before another person becomes a vital statistic at a railroad crossing.

Fatal Fallacies by Ted Key



"That won't be necessary now!"

Report from Washington

BY

ARMISTEAD SELDEN

Congressman, Sixth District

The end of the 84th Congress came in the final minutes of last Friday night as the House and Senate adjourned the current session after meeting continuously for 14 hours. House adjournment came at 11:56 p.m., and the Senate adjourned only four minutes later at midnight.

During the final week of the 84th Congress, the House completed action on many bills, resolutions, and conference reports. Major activity included House passage of the controversial civil rights measure, a compromise version of the social security bill, the foreign aid appropriation, a flood insurance measure and the housing bill. Both the highly publicized Fryingpan-Arkansas reclamation project and the measure providing for federal construction of atomic-electric plants were defeated.

Social Security Passes—

In the last hours of the session the House and Senate agreed on a compromise version of a liberalized social security measure. This legislation was approved by the House last year. As it was sent to the President, the bill permits women to draw reduced benefits at the age of 62, with widows being eligible for full benefits at that age The measure also provides disability payments for persons who have reached age 50 and extends coverage to an additional 210,000 persons.

Civil Rights Bill—

On Monday of last week, after four days of heated debate, the House passed the so-called civil rights bill on a 279 to 126 roll call vote. Only 24 Republicans voted against the Administration-backed measure, along with 102 Democrats For the bill were 111 Democrats and 168 Republicans.

When the bill reached the Senate, it was sent to the Judiciary Committee after an attempt to bring it to the Senate floor without committee referral failed. Since the measure was not considered in the Senate before adjournment, the bill is now dead unless a special session of Congress is called.

The failure of this measure to receive Senate consideration along with House defeat of the school construction bill which prohibited funds to segregated schools, were major victories for our Sate and the entire South.

Housing Approved—

The housing bill, which almost delayed the adjournment of Congress, received last-minute approval by both houses and was sent to the President. The most controversial provision of the bill dealt with public housing. A section in the House bill called for the construction of 35,000 new public housing units annually for two years, while the Senate proposed 135,000 additional units a year up to a total of 500,000. During conference, the Senate agreed to the House figure of 35,000 new units annually and the bill received speedy approval.

Other Legislation—

The proposed postal rate increase bill was killed when the Senate Post Office and Civil Service Committee decided to postpone action on it Members of the House had already passed the Administration-backed bill that would have increased the rate on first class mail from three to four cents and the rate on airmail from six to seven cents.

A compromise foreign aid appropriation of $3.7 billion was accepted by both the House and Senate and the bill was then sent to the President. The amount approved about $1.1 billion less than the Administration had requested, was approximately the sum originally authorized by the House Foreign Affairs Committee.

Returns to District—

For the fourth consecutive year it has been my privilege to report to you each week through the courtesy of the Chilton County News When Congress reconvenes in January, I plan to continue my weekly reports to you through the cooperation of this newspaper.

In the meantime, I expect to spend the greatest part of the congressional recess in the Sixth District. I will be in my Tuscaloosa office several days each week and the remainder of the time will be spent in the other seven conuties of our district. I hope I can see as many of you as possible while I am in Alabama, and I trust you will continue to call on me by letter or in person for any service I can render.

MT. PISGAH NEWS

We had a good attendance with several visitors. Our pastor, the Rev Cletice Ingram brought a wonderful sermon on "Prayer."

For M.Y.F. the program was to be held outside, but due to inclement weather conditions it was necessary to hold the program inside.

Following the program, a period of fellowship was enjoyed. Refreshments were served to those attending.

Mrs. Betty Yeargan will lead the program on "My Church" next Sunday night.

Mrs. R. A. DeVaughn led prayer meeting with selections from John 15.

Next Sunday is Building Fund Day. Everyone remember to have a donation ready for this.

We want to ask everyone to pray for our revival which will be soon.

Our sincere sympathy goes out to the Yeargan family in the loss of their aunt, Mrs. Williams.

Mr. and Mrs. Cecil Yeargan and family visited their relatives, Mr and Mrs. John Yeargan.

We were happy to have Mrs. Nellie Ingram, our pastor's mother visit with us.

LIFE'S LITTLE SHADOWS

VERNON P. PAYNE

The South has taken much kidding from its Yankee neighbors about the expression "Y'all". This quaint colloquialism has become a southern trademark second only to our famed Mint Julip. Television and movie actresses drawl it out unintelligibly in any part that calls for a southern accent.

To me the expression "Y'all" is the very core of our traditional southern hospitality. It is a way to address a group of people and make sure that everyone in the group feels that he is being spoken to personally. There is no comparison to the friendliness of this simple phrase and the harsh generality of the Yankee term "Youse Guys".

In the recent gubernatorial campaign the phrase "Y'all Come" was used throughout the state and was met with much northern derision yet everyone hearing it in a speech felt that he had just received a personal invitation to the state capitol

I am quite proud of my southern accent, having carried it through a hitch in the Navy and comparing it to the hysterical articulation of my northern mates.

I'm not trying to renew the Civil War, I just want to get the fact over that when I say "Y'all" I'm talking to you.

Your Church And Racial Segregation

By BEN B. GERALD

In the forming of our national government one of its basic principles became a distinct and definite separation of Church and State. The churches of America have always operated independent of the State. The relation of the State to the church is merely that of a protector. It is the duty of government to protect the church from any outside interference with its laws, beliefs, and practices which are effective within its own membership and property limits. It is the obligation of the State to protect the church from any obligation of the State to protect the church from any interference by opposing forces. Neither has the State reserved for itself any right to interfere in church government or church affairs.

As we view a crisis period in the history of our Southland we deeply regret that many churches are opposing and damning segregation Our hearts are grieved even more when we turn to the Bible and there find that segregation of races is constantly upheld and integration is soundly condemned. We wonder why these churches depart from the teachings of the Bible, which is supposed to be their basic guide, and turn to such fables and filth which could be bred only in utter darkness by the mind of the very Prince of demons. Racial integration is not a Bible doctrine. It is the doctrine of men who have turned from Christ and whose carnal lusts and passions now rule their lives and thinking. They are sewing to the flesh and shall therefore "of the flesh reap corruption."

The Israelites were exhorted not to intermarry with the surrounding nations. Racial purity and integrity were vital to their continued existence. Even among the Jews of today Intermarriage is not tolerated In the very beginning of history intermarriage of the races climaxed in almost total destruction of the world by the flood.

[illegible] church can uphold segregation. From the Bible standpoint segregation is right. From the governmental standpoint the church has the right to uphold segregation in its services, ceremonies, and activities. At the General Conference of the Methodist Protestant Church which convened in May of this year a resolution upholding segregation was passed. We as a denomination have taken our stand for segregation was passed. Your church can do the same. You do not have to follow modernism into the darkness and destruction where it is leading Break loose from it and demand a return to righteousness, truth and Bible standards While there is separation of Church and State the Church can make its own laws and the State must respect them.

(Editor's Note: Ben B. Gerald is pastor of the Antioch Methodist church).

STATE OF ALABAMA
A PROCLAMATION
BY THE GOVERNOR

WHEREAS, the Legislature of Alabama at the First Special Session 1956, ordered an election to be held by the qualified electors of the State of Alabama upon certain proposed amendments to the Constitution of Alabama, which said amendments are herein set out, and ordered that said election be held on the fourth Tuesday in August 1956; and

WHEREAS, the fourth Tuesday in August 1956, will be and occur on Tuesday, August 28, 1956; and

WHEREAS, notice of such election, together with the proposed amendments, is required by law and by the provisions of the act submitting the amendments, to be given by a proclamation of the Governor to be published in each county in the State of Alabama once a week for four successive weeks next preceding the day appointed for the election:

NOW, THEREFORE, I, James E Folsom, as Governor of the State of Alabama, do hereby give notice, direct and proclaim that on Tuesday the 28th day of August 1956, an election will be held at the several polling places within the State of Alabama, in the manner and form provided by law upon the following proposed amendments to the Constitution of the State of Alabama of 1901:

"Section 137. The attorney-general, state auditor, secretary of state, state treasurer, superintendent of education, and commissioner of agriculture and industries shall perform such duties as may be prescribed by law. The state treasurer and state auditor shall, every year, at a time fixed by the legislature, make a full and complete report to the governor, showing the receipts and disbursements of every character, all claims audited and paid out, by items, and all taxes and revenues collected and paid into the treasury, and the sources thereof. They shall make reports oftener upon any matters pertaining to their offices if required by the governor or the legislature. The attorney-general, state auditor, secretary of state, state treasurer, and commissioner of agriculture and industries shall not receive to their use any fees, costs, perquisites of office or other compensation than the salaries prescribed by law, and all fees that may be payable for any services performed by such officers shall be at once paid into the state treasury. The legislature may require the attorney-general to defend any or all suits brought against the state, or any subdivision thereof, or against any state school board or state board of education, or against any county or city school board or board of education, or against like boards or commissions by whatever name designated, or against any members, officers or employees of any such boards, or against any school official or employee throughout Alabama."

"Section 139. The judicial power of the state shall be vested in the senate sitting as a court of impeachment, a supreme court, circuit courts, chancery courts, courts of probate, such courts of law and equity inferior to the supreme court, and to consist of not more than five members, as the legislature from time to time may establish, and such persons as may be by law invested with powers of a judicial nature; but no court of general jurisdiction, at law or in equity, or both, shall hereafter be established in and for any one county having a population of less than twenty thousand, according to the next preceding federal census, and property assessed for taxation at a less valuation than three million five hundred thousand dollars. The legislature shall also have authority to constitute as judicial officers any or all of the members of state school boards, state boards of education, county school boards, city school boards, and like boards or commissions by whatever name designated, and all superintendents of schools and school officials and employees throughout Alabama, and to provide that all action taken by them, or any of them, requiring the exercise of discretion or judgment in connection with school matters be judicial action."

"Section 256. It is the policy of the State of Alabama to foster and promote the education of its citizens in a manner and extent consistent with its available resources, and the willingness and ability of the individual student, but nothing in this Constitution shall be construed as creating or recognizing any right to education or training at public expense, nor as limiting the authority and duty of the legislature, in furthering or providing for education, to require or impose conditions or procedures deemed necessary to the preservation of peace and order.

"The legislature may by law provide for or authorize the establishment and operation of schools by such persons, agencies or municipalities, at such places, and upon such conditions as it may prescribe, and for the grant or loan of public funds and the lease, sale or donation of real or personal property to or for the benefit of citizens of the State for educational purposes under such circumstances and upon such conditions as it shall prescribe. Real property owned by the State or any municipality shall not be donated for educational purposes except to nonprofit charitable or eleemosynary corporations or associations organized under the laws of the State.

"To avoid confusion and disorder and to promote effective and economical planning for education, the legislature may authorize the parents or guardians of minors, who desire that such minors shall attend schools provided for their own race, to make election to that end, such election to be effective for such period and to such extent as the legislature may provide."

"Section 258. All lands or other property given by individuals, or appropriated by the State for educational purposes, and all estates of deceased persons who die without leaving a will or heir, shall be used or applied to the futherance of education."

"Section 259. All poll taxes collected in this State shall be applied to the support and furtherance of education in the respective counties where collected."

"Section 260. The income arising from the sixteenth section trust fund, the surplus revenue fund, until it is called for by the United States government, and the funds enumerated in Sections 257 and 258 of this constitution, together with a special annual tax of thirty cents on each one hundred dollars of taxable property in this state which the legislature shall levy, shall be applied to the support and furtherance of education, and it shall be the duty of the legislature to increase the educational fund from time to time as the necessity therefor and the condition of the treasury and the resources of the state may justify; provided, that nothing herein contained shall be so construed as to authorize the legislature to levy in any one year a greater rate of state taxation for all purposes, including schools, than sixty-five cents on each one hundred dollars' worth of taxable property; and provided further, that nothing herein contained shall prevent the legislature from first providing for the payment of the bonded indebtedness of the state and interest thereon out of all the revenue of the state.

"Except as they may be specifically set aside in trust funds or otherwise applied to the payment of indebtedness, all proceeds of income or other taxes levied by the state, and of all special ad valorem or other taxes levied by counties and other municipalities, or school districts, pursuant to the constitution as heretofore amended, for public school purposes, shall be applied to the support and furtherance of education pursuant to Section 256 of the constitution, as amended."

"Section 269. The several counties in this state shall have power to levy and collect a special tax (a) not exceeding ten cents on each one hundred dollars of taxable property in such counties, for the support and furtherance of education in such manner as may be authorized by the legislature: provided, that the rate of such tax, the time it is to continue, and the purpose thereof, shall have been first submitted to a vote of the qualified electors of the county, and voted for by three-fifths of those voting at such election; but the rate of such special tax shall not increase the rate of taxation, state and county combined, in any one year, to more than one dollar and twenty-five cents on each one hundred dollars of taxable property; excluding, however, all special county taxes for public buildings, roads, bridges, and the payment of debts existing at the ratification of the constitution of eighteen hundred and seventy-five."

"Section 270. The provisions of this article and of any act of the legislature passed in pursuance thereof for educational purposes shall apply to Mobile county only so far as to authorize and require the authorities designated by law to draw the portions of the funds to which said county shall be entitled for school purposes and to make reports to the superintendent of education as may be prescribed by law; and all special incomes and powers of taxation as now authorized by law for the benefit of public schools in said county shall remain undisturbed until otherwise provided by the legislature."

I further direct and proclaim that notice of this election upon Tuesday the 28th day of August 1956 upon the above set forth amendment to the Constitution of the State of Alabama of 1901, be given by publishing the same once a week for four successive weeks next preceding Tuesday the 28th day of August 1956 in each county in the State of Alabama in a newspaper published in said county.

IN WITNESS WHEREOF, I have hereunto set my hand and have caused the Great Seal of the State of Alabama to be affixed by the Secretary of State, at the Capitol, in the City of Montgomery, on this the 2nd day of July 1956.

JAMES E. FOLSOM,
Governor.

STATE OF ALABAMA
A PROCLAMATION
BY THE
GOVERNOR

WHEREAS, the Legislature of Alabama at the Second Special Session 1956. ordered an election to be held by the qualified electors of the State of Alabama upon a certain proposed amendment to the Constitution of Alabama. which said amendment is herein set out, and ordered that the said election be held on the fourth Tuesday in August 1956; and

WHEREAS. the fourth Tuesday in August 1956. will be and occur on Tuesday. August 28, 1956; and

WHEREAS. notice of such election, together with the proposed amendment, is required by law and by the provisions of the act submitting the amendment, to be given by a proclamation of the Governor to be published in each county in the State of Alabama once a week for four successive weeks next preceding the day appointed for the election:

NOW. THEREFORE, I, James E. Folsom, as Governor of the State of Alabama. do hereby give notice, direct and proclaim that on Tuesday the 28th day of August 1956. an election will be held at the several polling places within the State of Alabama. in the manner and form provided by law upon the following proposed amendment to the Constitution of the State of Alabama of 1901:

"Any provision of the Constitution or laws of the State of Alabama to the contrary notwithstanding, Franklin County. or any municipality in Franklin County, shall have full and continuing power and authority, after an election held in accordance herewith, to do any one or more of the following:

"1. To purchase. construct, lease. or otherwise acquire real property, plants, buildings, factories, works, facilities, machinery and equipment of any kind.

"2. To lease, sell for cash or on credit, exchange, give and convey any such property described in subdivision 1 above, to any person, firm. association or corporation.

"3. To promote local industrial, commercial or agricultural development and the location of new industries or businesses therein.

"4. To become a stockholder in any corporation, association or company.

"5. To lend this credit or to grant public moneys and things of value in aid of, or to, any individual, firm, association, or corporation whatsoever.

"6. To become indebted and to issue and sell interest bearing bonds, warrants (which may be payable from funds to be realized in future years), notes or other obligations or evidences of indebtedness, to a principal amount not exceeding fifty percent of the assessed value of taxable property therein as determined for state taxation, in order to secure funds for the purchase, construction, lease or acquisition of any of the property described in subdivision 1 above or to be used in futherance of any of the other powers or authorities granted in this amendment. Such obligations or evidences of indebtedness may (in addition to any pledge or pledges authorized by subdivision 8 of this amendment) be issued upon the full faith and credit of Franklin County. or the municipality therein, as the case may be, or may be limited as to the source of their payment.

"7. To levy and collect annually, in addition to all other taxes now authorized or permitted, a special tax or taxes of not exceeding two percent on the value of all taxable property therein as determined for state taxation, in the same manner as other county or municipal taxes are levied and collected Such tax may be upon all property in Franklin County, or upon all property in the municipality, as the case may be, or upon all property in any district the boundaries of which the governing body of the county or the municipality, as the case may be, shall describe and which it shall determine to be specially improved and benefited by any proposed use or expenditure of the proceeds of such tax.

"8. To pledge to the payment of any bonds, warrants, notes or other obligations or evidences of indebtedness the annual proceeds from any such special tax or taxes and to obligate itself irrevocably to continue to levy and collect such taxes annually until such obligations or evidences of indebtedness are paid in full and to pledge thereto any rental or sales proceeds of property leased or sold by it.

"9. To create a public authority or corporation having such powers, managed and governed by such board or governing body, and subject to such limitations as the governing body of the county or the governing body of the municipality, as the case may be, may impose, by approving and filing a certificate to that effect in the office of the judge of probate or the Secretary of State, or their respective successors in function, and to delegate to such public authority or corporation and its board or governing body all powers and authority conferred in this amendment upon Franklin County or any municipality therein.

"The recital in any bonds, warrants, notes or other obligations or evidences of indebtedness that they were issued pursuant to this amendment or that they were issued to provide funds to be used in furtherance of any power or authority herein authorized or that any special tax herein authorized has been pledged to the payment thereof shall be conclusive; no purchaser or holder thereof need inquire further; and the levy and collection of such tax shall continue until the principal of and interest on such obligations or evidences of indebtedness shall have been paid in full. The bonds, warrants, notes or other obligations or evidences of indebtedness issued hereunder shall not be considered an indebtedness of Franklin County or any municipality therein for the purpose of determining the borrowing capacity of the county or any such municipality, as the case may be, under Sections 224 and 225 of the Constitution; and the taxes herein authorized shall be in addition to those provided for or permitted in Sections 215 and 216 of the Constitution and all amendments thereto.

"This amendment shall be self-executing; but the Legislature shall have the right and power by general, special or local act to adopt laws supplemental to this amendment or in furtherance of the purposes and objectives hereinabove set forth.

"10. Neither Franklin County, nor any municipality in Franklin County, shall make any engagement or commitment or undertake any project under the provisions hereof unless and until the proposition has been approved by a majority of the qualified electors of the county or of the municipality therein, as the case may be. The governing body of the county, or of the municipality, as the case may be, may provide for holding such election, but in no case shall an election be held until notice of the election and of the proposition to be voted on has been published for at least three successive weeks."

I further direct and proclaim that notice of this election upon Tuesday the 28th day of August 1956 upon the above set forth amendment to the Constitution of the State of Alabama of 1901. be given by publishing the same once a week for four successive weeks next preceding Tuesday the 28th day of August 1956 in each county in the State of Alabama in a newspaper published in said county.

IN WITNESS WHEREOF. I have hereunto set my hand and have caused the Great Seal of the State of Alabama to be affixed by the Secretary of State, at the Capitol, in the City of Montgomery, on this the 2nd day of July 1956.

JAMES E. FOLSOM,

Guard To Sponsor Wrestling At Armory Saturday Night, 8:00

Rowdy Red Roberts

Wrestling is returning to Clanton and promoter Gus Gulas has lined up one of the top cards to ever be seen in this section of the state. He feels that the fans deserve the best and intends to see that they get just that. The first card is headlined with the talents of Rowdy Red Roberts against Don Field with the first match between Miss Belle Starr and Cohrinne Cordero.

Roberts is know for the rough and tough style of fighting while Fields can get just as rough when the chips are down. Fields has been wanting this match for several weeks since Roberts won a disputed decision over him in Tennessee a few [illegible] is the first time [illegible] matched, so the [illegible] plenty of action between these two.

Miss Starr [illegible] on the list of contenders for the women's champ[illegible] hopes to use this match with Miss Cordero, Mexican Champion, to climb even higher. With Miss Beyers the champion, signed to appear in this section soon both wrestlers will be out to win. So look out.

Promoter Gulas and the local National Guard unit believe that this card should fill the Armory and have made arrangements with Morrison's Furniture in Clanton to sell advance tickets. So get your tickets early to avoid the rush at the door.

CIVIE TANN

JOB PRINTING
ICE CREAM

Sez:

Hon. No[illegible] son (F[illegible] Brookshire) got himself into a jam the other day and came out scratched.

Scratched, to say the least. He cut his face and head all up and demolished his automobile. That's a Civitan for you[illegible] you're going to do something[illegible] halfway.

Reports have it that our Club collected between 3[illegible] and 35 dollars in cash and several dollars worth of merchandise for the family that was burned out the other day. That's good neighbors, fellas.

The Korn Dawg Kings are a little less than royalty on the softball field. The Jaycees showed us how to play ball the other night. Their teaching techniques are a little unorthodox, however. We thought that when you were teaching a guy something you let him win the first time. Oh well, live and learn. Seriously though fellas, though you probably feel that a pitcher is what we need to win the game, although that is not its prime purpose; we feel that a good field job will take the place of a pitcher. In other words, we don't seem to have a pitcher, so let's make up for it on defense. The next time we play those guys, maybe we can teach them a few things.

Like to remind the team manager that when he lines up a game, to give us the date and necessary information and we'll try to scare us up some spectators. Can't get 'em there unless they know about it.

Meeting tonight fellas, 7:30. Be there.

Marbury FFA Held Second Summer Meet

On July 13, 1956 the Marbury F. F. A. held its second meeting and social of the summer. The next meeting and social, in the form of a watermelon cutting, will be held at the ag building on August 10th.

The meeting [illegible] 13th [illegible] with President [illegible] presiding. Some important matters were discussed at the meeting. The first business discussed was the selling of the FFA bus for a down payment on a better one. Next business was the matter of our FFA trying to help get some equipment for our department. Next business discussed was a statement from Mr. Manning that all boys taking voc. ag. would be members of the FFA. Since the FFA is the organization for boys taking vocational agriculture it is proper then for them to be members of the FFA, and the boys that have had voc. ag should be members of the FFA.

After the business meeting the FHA girls met with the FFA boys in the ag. class room for an evening of fun, fellowship and musical entertainment.

Refreshments were served in the Home Ec Dept. with Mrs. C. Manning and Miss Baker in charge.

Don't forget the next meeting and social on August 10th at 7:30 p.m.

All-Stars Beat Selma By Point In Tough Game

The Clanton Stars outlasted the Selma Rebels Sunday afternoon at City Park in a game that could have gone either way. Bobby Wyatt won the 7 to 6 decision for his 9th triumph of the year. Wyatt was not as effective as usual and errors by his team mates did not help matters any. His battery mate Jack Dennis lofted a home run over the right field fence in the second inning for his first round tripper of the year. Hewitt of Selma pitched well enough but it was not his day. The fielding gem of the game belongs to James Paul Easterling who showed the fans that he had wings on his feet when he raced from his center field position far to his left to rob R. Harris of an extra base hit. This 7th inning catch was a honey of a play. The Stars have added Roy Burnett as an infielder and Bobby Easterling an outfielder to the team. Although the Stars extended their winning streak to 4 straight the team did not play the game that they are capable of playing. The game next Sunday may be the time when all the players are right at one time and if so watch out Plantersville.

The batting averages for players with 30 or more times at bat are as follows: Seals .381, Edwards .345, Wyatt .339, Guin .333, McKee .329, Fulford .325, Easterling .319, Ellison .2[illegible] and Smith .198.

Tomorrow Night—

The Standard Pullman Team of Bessemer will play the Clanton Stars at the City Park here Friday night at 7:45.

Marines Organize "Johnny Reb" Co.

BIRMINGHAM. — The Marine Corps Recruiting Service in Alabama and Northwest Florida, with headquarters in this city, received an achievement award for outstanding service during the past three months.

Lt. Col. Robert H. Armstrong USMC, Deputy Director, Sixth Marine Corps Reserve and Recruitment District, Atlanta, Ga., presented a certificate to Captain Roy R. Van Cleve, Officer-in-charge of the recruiting area. The ceremony took place at the Birmingham headquarters on Thursday.

The achievement award honored the Marine Recruiting Service in this area for having the highest per cent of its assigned quota during April, May and June.

With two group enlistment programs, namely the "Dixie Company" and "Johnny Reb Company," carried out successfully during the three month period, Birmingham was able to forge ahead and top all Marine Recruiting Stations in the entire Southeast.

The award is made on a quarterly basis to the top recruiting station by the Director of the Sixth District.

Revival Begins—

Our Summer Revival will begin Sunday with Rev. Daniels doing the preaching.

We welcome all visitors to come and worship with us. We are praying for a good revival and that Christian hearts may be stirred and the sinners brought to God.

If ever we needed the help of the Lord it is now.

Easier Living For Hot Summer Days

When "Summer is busting out all over"—it's time to have fun and enjoy easy living in a really relaxed fashion. During this beautiful season use all the opportunities available to be outside as much as possible.

For a late afternoon treat, we suggest serving ice cream soda made with instant powdered cream. A soda is not only refreshing, but it is filling as well. It gives you a chance to extend the dinner hour until later in the evening, if you feel like resting quietly and enjoying a summer twilight.

Today we are giving you this easy to make ice cream soda using instant cream—it's really good!

Instant Cream Soda

Put 2 teaspoons instant cream in a tall glass. Add 1 tablespoon warm water and stir to dissolve instant cream. Add 2 or 3 ice cubes and fill glass with cola, cream soda, ginger ale, or other desired carbonated beverage. Stir. Makes 1 serving.

Engaged

Miss Wanda Traywick

Mr. and Mrs. J. E. Traywick of Clanton announce the engagement of their daughter, Wanda to Charlie Chancellor, son of Mr. and Mrs E. F. Chancellor also of Clanton.

The wedding will take place August 24th 1956 at the West End Baptist Church at 7:30 p.m.

Mrs. Cox Hostess To Friendship Home Demonstration Club

The Friendship Home Demonstration Club met with Mrs. Harvey Cox on Friday afternoon, July 27th at 2 p.m.

Presiding over the meeting was the president, Mrs. Cliff Giles.

The devotional was given by Mrs Mamie Bates, reading selections from Habakkuk, third chapter, verses 17-19.

The hymn of the month, "Have Thine Own Way, Lord," was sung by the group.

The demonstration on fruit drinks and sandwiches was given by Mrs Ben Simms assisted by the Assistant Home Demonstration Agent Miss Jean Porter.

Plans for the County Fair were discussed during the meeting since the Fair will be held the first week in September.

Several games of bingo were enjoyed.

The meeting was closed by the reading of the Club Creed.

Delicious watermelon was served to six members and Miss Porter by the hostess.

Church Notes From Samaria

The pastor preached on "H.ding Behind A Failure"—Isaiah 28:17-18 Read that text—it will do you good

The Sunday Between—Tuesday July 31st was the forty-seventh anniversary of the pastor's ministry Monday, August 6th is the pastor's 67th birthday. Sunday, August 5th is the Sunday between the two important dates in the pastor's life. On August 5th, Samaria plans several things. We want 100 in Sunday School. We want 60 in Training Union. We are going to re-dedicate our lives to God. We are going to expect someone to be saved. Will you be one of that 100, that 60, one to re-dedicate your life to God, one to be saved. Please come. If you cannot come, please pray for us.

Beginning August 6th we will have a Training Union Study Course. It will be for five nights We will study methods for three Unions. "Adult Manual" for Adults "Young Peoples Manual" for the Young People, and "Junior Manual", for the Juniors. If you are a leader in either of these three departments and would like to know your work better come over and study with us, We will be glad to give your Church credit for your award.

Our new Church Building is progressing nicely. In a few days we will have the foundation finished the gas, water and sewage pipes laid, and the concrete floor ready for the upper construction

The sons of Mr. and Mrs. Grady F. Harris are going to give our Church a complete Pulpit Set as a Memorial to their lamented father and mother.

Should others be interested in a Memorial for a lamented lover-one please contact the pastor

Mrs. Stuckey is about the same only we pray that she is a little stronger.

WANT THE TRUTH?

Up to 6,000 traffic-accident deaths this year won't be "accidents" at all!

Forty thousand Americans will die in traffic accidents this year, according to the present mounting rate. And nearly six thousand of those d..ths will be *crimes*—because of *driver negligence*—according to the FBI!

HERE'S HOW YOU CAN HELP STOP THESE TRAGEDIES

1. Drive safely and courteously yourself. Observe speed limits and warning-signs. **Where drivers are careful and obey the law, deaths go DOWN!**
2. Insist on strict enforcement of *all* traffic laws! **Wherever traffic laws are strictly enforced, deaths go DOWN!**

Textbooks For 1956-57 School Year Are Listed

Alabama state laws provide for free textbooks for elementary schools. Therefore, no elementary child is required to purchase books. Due to the fact that the amount of money appropriated for textbooks is greatly inadequate to take care of the big increase in the cost of books, the supply of elementary books is inadequate for a good teaching job. Every effort is made to distribute these books in such a way as to give every child as much benefit from them as possible. Parents wishing to buy additional elementary textbooks may place orders with the local textbook dealers.

Several new books have been adopted for junior and senior high grades. Since all Chilton County Schools use a uniform course for grades seven and eight (and largely grade nine) we are listing below entire lists for these three grades.

Complete Jr. High School Book Lists — 1956-57—

'Witnesses' Plan Montgomery Trip

The Clanton Congregation of Jehovah's Witnesses are making preliminary plans to attend a four-day training program in Montgomery Alabama, it was announced last nite.

Mr. William E. Robinson, presiding minister of the group, in discussing this announcement to the congregation pointed to the challenge to Christian thinking and Christian works in the rising tide of materialism.

"The object of the program," Mr Robinson said, "is to equip everyone of the preaching fellowship of Jehovah's Witnesses, in the practical use of the Bible as a help in fortifying the spiritual morale of people in our community."

The anouncement came as a climax to the weekly ministry-development program held at the local Kingdom Hall.

Mr. Robinson said that Jehovah's Witnesses are enrolled in Ministerial training of at least five classes weekly. "We maintain," he emphasized, "that if a religion is worth believing it is worth putting into practice."

"For that reason the Watchtower Bible & Tract Society, sponsors of the four-day Montgomery refresher assembly have designed a program to assist Jehovah's witnesses and their friends in advanced ministerial training."

"We sincerely hope that the training planned for us there will enable us to live closer to the Bible and its teachings." The program is scheduled for August 9-12 at the Alabama State Coliseum in Montgomery.

STATE OF ALABAMA
A PROCLAMATION
BY THE
GOVERNOR

WHEREAS, the Legislature of Alabama at the Second Special Session 1956, ordered an election to be held by the qualified electors of the State of Alabama upon a certain proposed amendment to the Constitution of Alabama, which said amendment is herein set out, and ordered that said election be held on Tuesday, August 28, 1956; and

WHEREAS, notice of such election, together with the proposed amendment is required by law, and by the provisions of the act submitting the amendment, to be given by a proclamation of the Governor to be published in each county in the State of Alabama once a week for four successive weeks next preceding the day appointed for the election.

NOW, THEREFORE, I, James E Folsom, as Governor of the State of Alabama, do hereby give notice direct and proclaim that on Tuesday, the 28th day of August 1956, an election will be held at the several polling places within the State of Alabama, in the manner and form provided by law, upon the following proposed amendment to the Constitution of the State of Alabama of 1901:

> "The Legislature shall have power to levy and impose a tax for State purposes on net income from whatever source derived within this State upon every corporation organized under the laws of Alabama, and upon every foreign corporation doing business in Alabama, and to designate and define the incomes to be taxed and to fix the rates of taxes provided that the rate shall not exceed five percentum of the amount of the entire net income. Such taxes shall be first assessed, collected, and paid upon and with respect to taxable income earned on and after January 1, 1956. The provisions of Amendment XXV as ratified August 2, 1933, which are inconsistent with this amendment are hereby expressly repealed."

I further direct and proclaim that notice of this election upon Tuesday the 28th day of August 1956 upon the above set forth amendment to the Constitution of the State of Alabama of 1901, be given by publishing the same once a week for four successive weeks next preceding Tuesday the 28th day of August 1956 in each county in the State of Alabama in a newspaper published in said county.

IN WITNESS WHEREOF, I have hereunto set my hand and have caused the Great Seal of the State of Alabama to be affixed by the Secretary of State, at the Capitol, in the City of Montgomery, on this the 2nd day of July 1956.

JAMES E. FOLSOM,
Governor.

Police Chief Writes In. . .

(Cont'd. from Front Page)

Thomas' house he hid his car and slipped down behind the house and could hear them loading the whiskey and beer. Then he heard someone say, "get the hell out of here and I will follow you." He then ran to his car and started chasing the whiskey car. After chasing it for about ten or 12 miles, the driver Mrs. Flossie Thomas, wife of James Thomas, lost control of the car and ran into a ditch. Williams then captured the whiskey and beer.

As we were unloading the car, Mr Porter came up to the car and I said, I told you someone tipped them off and Mr. Porter said, "If you say I tipped them off, you're a damn lie." I told him it was funny he had to go to a telephone as soon as I wanted him to go on the raid.

About one hour later, Sherif. Payton came to my office and asked me, in the presence of officer V. M Foshee, Jimmie Martin and M. J Bates, "what is this I hear you accusing Ab of. I told Sheriff Payton it was strange that Porter had to go to a telephone as soon as I wanted him to go with me on this raid and Sheriff Payton replied that if he heard anything else I had to say about this, he would give me a whipping, so I told him to do it when he felt like it and he told me to come out in the street and he would beat the hell out of me. I reminded him of his oath and mine, that we would not challenge anyone to a duel. Sheriff Payton then asked for my Deputy Commission.

About one hour later, Peg Thomas drove by where I was standing in front of the City Hall and told me, if he could have caught Williams before he caught Mrs. Thomas, he would have stopped him and that he had the thing to do it with and that if my men and I didn't stay out of his business, he would stop us one way or another. I told him I was glad to hear that, and I wouldn't take any chances when I came into contact with him.

Some 20 minutes later, Peg Thomas, who is the father of James Thomas, came to my office and said he didn't want me to get the wrong impression, that he was not threatening me. I told him that was the way I took it and then Mr. Foshee asked Peg Thomas "what about the Sheriff" and Thomas said the Sheriff was his friend.

Mulberry Baptist News—

Revival Services at the Mulberry Baptist Church ended with a baptismal service on Friday night of last week. A good Revival was enjoyed as Bro. J. O. Hogan, pastor of the East Thomas Baptist Church in Birmingham, served as evangelist.

Those who were baptized Friday were Tommie Lecroy, Michael Center, Carol Smith, and Mrs. Mary Fox. Mrs. Fox was formerly a member of the Cedar Grove Methodist Church.

The deacons of the church will meet Thursday night (tonite) at 7:30 at the church. The monthly business meeting of the church will follow the Mornisg Worship Service Sunday.

Bro. Jack Mayfield will preach at Mulberry at the Evening Worship Service Sunday, August 5th. The pastor will begin a Revival in the Concord Baptist Church Sunday night. We are happy to have Jack to preach in the church again.

Announcement—

Miss Sara Ethel Carter, daughter of Mr. and Mrs. E. P. Carter of Isabella and Mr. Hershell Wright of Mt. Carmel Community will be married at the home of the bride-to-be this Saturday evening at 6 o'clock.

Friends throughout the community are invited to attend.

The people of this community truly miss the Mac Lecroy family. They have moved to Brent where Mr. Lecroy is in the furniture business there with his brother, Homer. We wish for them the best of luck in their new home and church life.

Mrs. Emma Manning's last week guests were Mrs. Ava Tucker of Birmingham and Mrs. Dot Weeks of Tuscaloosa, Mr. and Mrs. Clifford Manning and Mickey of Marbury.

Mr. and Mrs. E. C. Lecroy carried Miss Catha Conway to her home at the Masonic Home in Montgomery on Sunday afternoon.

Mr. and Mrs. J. M. Bryant, Robert and Mrs. Ethel Cummings attended the funeral of Mr. Jim Howard at Hessop Baptist Church in Coosa County Sunday afternoon.

Mr. and Mrs. W. B. Williams attended church services at Bethany in Enterprise Community, Sunday.

We are glad to report that Steve, the little son of Mr. and Mrs. Jack Tucker is doing nicely at home after being in the Jackson Hospital in Montgomery for some time.

Mr. and Mrs. J. H. Wells and Mrs. Emma Manning visited the J. J Wells' in Montgomery on Sunday

Mrs. Madeline Evans and daughter, Kay of Fort McClellan visited Mrs. Julia Fox here and Mrs. Dessie Roebuck in Clanton last week

Folks and Things ABOUT TOWN

—By Ben

The bloom, the boll, and the bale. That's the story and this week, Wednesday morning to be exact, comes Mr. W. D. Smith, of Verbena, Rt. 1, with the first open boll of cotton. He says by the last of this week he will have plenty open bolls in his fields.

SIDELIGHTS: Many letters this week to make us feel good. And in the life of a newspaperman that's a switch. Comes one from Mrs. Henrietta Cobb who is now stationed at Tuscaloosa. She says she misses her friendly chats with friends who stopped by the telephone office between the banks. . . . Mrs. Russell Williams, who with the Mister, are living at Alexander City. She tells us of how she enjoyed living in Clanton and of the wonderful people here and how she misses them. . . . Just goes to show Chilton County isn't such a bad place after all, doesn't it?

Saw several familiar faces in the July issue of Powergrams. Service Anniversary Milestones were noted and we see that Ross Ellison has been with the Alabama Power Company for 30 years as has M. C. Jones. "Crit" is Superintendent at Lay Dam now, you know. J. T. Cobb has been with the company for 20 years. Saw Sam Powers picture in there too where they were receiving their twelfth consecutive safety certificate for Lay Dam.

She was having her first driving lesson and her husband was the teacher. Suddenly, finding herself faced with a difficult traffic problem, she lost her head. "Tell me quickly," she cried, "what do I do now?"

Hubby seized the chance. "Oh," he replied quietly, "just imagine that I'm driving and do what you'd say I should do."

Guess you wish to be brought up to date on the City Council race. Well, at this writing only two new names have been added to the list and they are old names. We believed our last list included the names of Mack Godwin, Leon Kemp, L. E. Diefenderfer, Ed Mullins and J. E. Easterling. Now we learn that Louie Smith and M. J. Bates, present members have qualified for another term. That brings the total to seven, not nearly as many as we had figured on, but maybe they'll come in late. Of course the mayor's race looks like it will remain between Raymond Duffey and Hollis Jackson.

When we hear Elvis Pressley sing it reminds us of the time we got our old tom cat's tail caught in the screen door.

Pensioners Made Victims---

2 Women Jailed In Swindle Here

Two women insurance agents were arrested in Chilton County after having posed as welfare workers in an effort to sell hospital policis to elderly persons who are receiving old-age assistance checks from the state. The women were licensed agents of Guarantee Trust Life Insurance Co. of Chicago.

Sheriff O'Dell Payton arrested Mrs. Mary Chambers of Maplesville and Mrs. Sedera Miller of Tuscaloosa on warrants issued by Circuit Solicitor Glen Curlee of Wetumpka. Curlee stated that a warrant on a third person involved in the swindle had been prepared but has not been served as yet.

The saleswomen were assuring pensioners that after the policies were issued their pension checks would be increased by an amount far more than the premium would run. In some cases they promised recipients an increase of sixty per cent in their monthly check.

All citizens of Chilton, Autauga and Elmore Counties who have been victimized by this racket are urged to contact Solicitor Curlee at his office in Wetumpka.

R. L. Duffey Enters Local Race For Mayor

Mr. Raymond [illegible] Duffey is this week announcing that he is a candidate for the office of Mayor of Clanton in the forthcoming city election of September 17th. Mr. Duffey has been living in Clanton since he retired as rural mail carrier at Mountain Creek some six or eight years ago. Before going with the post office department he taught school. In these two vocations he has had considerable contact with the public and it is largely upon these experiences that he bases his qualifications for the office he seeks.

Revival Begins At Methodist Next Sunday

Carlisle Miller

Revival Services will begin at the First Methodist Church on Sunday, August 12. These services will continue through Friday, August 17, with the Evening Services beginning at 7:30 and the week-day Morning Services beginning at 7 a.m.

The guest preacher during the Revival is a former pastor of the church, Rev. J. Carlisle Miller, who during the seven years since he was pastor at Clanton, has been pastor of the First Methodist Church, Panama City, Florida. Rev. Mr. Miller was reared in southeast Alabama, received his education at Birmingham Southern College and The School of Religion, Duke University. For more than two years he served as a Chaplain in the Armed Forces in the European Theater. Mrs. Miller, who, as a bride, came to Clanton with her husband in 1945, and their son, John Paul, will visit in Clanton during the week.

Mr. and Mrs. Ed Gray of Prattville will lead the singing during the Revival. Mr. Gray has studied under the late Dr. Homer Redeheaver and also for eight years under Mrs. Florence Bateman of Wetumpka. Mr. and Mrs. Gray have four sons and three daughters.

The week-day Morning Service will begin at 7 o'clock. Coffee and doughnuts will be served each morning at 6:45. The Evening Service will begin at 7:30. The boys and girls will gather at 6:30 for the children's song service. The Youth and Adult Choir will rehearse at 6:30.

Drag Racer Jailed In Death Of Auburn Man

An automobile race between Auburn and Opelika on U. S. Highway 29 ended yesterday with the death of a driver who was not participating and the jailing on a manslaughter charge of one who was.

Edwin F. Cottier, 44, of Auburn, was driving to Opelika when the two racing cars topped a hill behind him, Highway Patrolman Norris Payne Jr. said. Payne said a car driven by Benny Lee Liles, 33, of Rt. 2, West Point, Ga., struck the back of Cottier's car, knocking it into a deep fill near Pepperell and killing Cottier.

No one in either of the two racing cars was seriously injured, Payne said. Liles, formerly of Auburn was held in the Lee County jail in Opelika on manslaughter charge.

175 Gallons Rye Seized---

Officers Smash Operating Still

On Saturday, August 4, officer Clifton Parrish and Jack Benton, ABC Investigator, destroyed a still that was capable of 14 or more barrels (85 gallons) of moonshine whiskey at one making. The officers captured 17 five gallon jugs of Rye Whiskey and later on picked up another five or six gallons along the roadside that were, according to reports, "not even attempted to be hidden

Officer Parrish gave this account of the very successful raid: On Friday he mentioned to James Payton, Deputy Sheriff, the fact that he knew where he thought a still was located and wanted Payton to go along with him at noon on Saturday. Payton asked that he wait until 12:30 and Parrish agreed. Meanwhile he asked Jack Benton, ABC man to go with him and Benton said he'd surely go

Saturday at 12:30 Officer Parrish recalls that he went to the place he was to meet James Payton and Benton and Payton, due to duties beyond his control was unable to go along. This left only Parrish and Benton to do the job and they were both willing

The still was located about twelve miles from town in the vicinity of New Hope and Old Macedonia Churches. It seems that it was just a pig-trail of a road and on the way out Parrish kept wanting to get out and walk the remaining distance, however far. Benton however, talked him into staying with the car and just as they were going up a sharp incline a cut-down old 1928 Model A came over the rise going in the other direction, "They were on us before any of us knew it," Parrish said, and the three men in the truck hopped out and began running back in the direction from which they came. Officer Parrish gave immediate chase, and "I ran until I dropped to my knees" he explained. "When I did," he said, "the nearest one to me (about 60 yards) turned and just looked at me."

Parrish said he would not shoot at the men to hit them because, "I had an old 44 and if I'd hit them, it would have just broken their leg."

On returning to the car, Parrish and Benton drove on to the still and Parrish began breaking it up while Benton caught a ride back to town and got help. James Payton, Glenn Curlee and Bud Gerald returned to the scene with him and helped to clean up the job.

According to our report from Officer Parrish, there was approximately 400 pounds of sugar taken; the 85 gallons of whiskey on the truck and they destroyed another 14 barrels that would have made another 85 gallons in a few more hours. He stated that there was "enough rye around the place to feed a hog for a year." James Payton completed the breaking up of the still. Apparently the "moonshiners" were prepared to make up several more batches before moving on, because their equipment was fairly new.

The officer reported that he searched the woods in that vicinity and found four or five jugs all containing some whiskey and that they were in plain view. No apparent attempt at concealment had been made.

Several hours after the raid, officers picked up James J (Jimmy) Lowery, 25 of Weogufka and Officer Parrish positively identified him as driver of the truck carrying the illegal booze. Lowery, it is reported, has just been releasd from prison for making illegal whiskey.

Sunday of this week, it is reported that two stills were destroyed by local policemen and members of the Sheriff's force in the vicinity of Leigh's Camp out from Jemison. Nothing was taken in and no one was arrested on this raid. The stills are reported to have been large ones and were completely destroyed. They were within ten yards of each other.

The pastor, Rev R. E. Wilkins, will be preaching in a Revival at the Enon Baptist Church near Montevallo next week.

Growers Reminded To Dispose Of Excess Cotton

Any farmer in Chilton County whose cotton acreage is in excess of his farm's cotton allotment is reminded that he must dispose of the excess acreage within 20 days after the date of the County Committee's notice of such excess cotton acreage According to Eddie Owen, Chairman of the County Agricultural Stabilization and Conservation Committee, the number of such farmers is small.

If it was not possible to dispose of the excess cotton acreage within the time limit because of circumstances beyond the farmer's control it is suggested that he immediately get in touch with the County ASC Office. In such cases, the County Committee may allow an additional period of not more than 10 days for disposing of the excess acreage. The cost of rechecking any acreage disposed of must be paid by the producer.

If the planted cotton acreage is not adjusted to the farm allotment the "excess" cotton will be subject to a penalty, which must be paid even though no cotton is marketed from the farm, Mr. Owen further explains. The rate of the penalty will be 50 percent of cotton parity price as of Jun 15, 1956. Until the penalty is paid, the entire crop of cotton produced on the farm will be subject to a lien in favor of the United States.

Mr. Owen emphasizes that if a farmer remains overplanted after being notified, that producers on the farm will not be eligible to obtain Government Price Support on cotton produced on the farm.

Cotton growers who believe that their cotton acreage measurement was incorrect may obtain a remeasurement by depositing with the ASC County's Office an amount equal to the cost of the remeasurement

BIG GREENS GET THE LONG GREEN—

Chilton County first came into the limelight in Alabama agricultural circles as the place where farmers refused to stake their entire labor into making a living from cotton as a majority of the South was doing. This was back in the days before cotton allotments came into being, but our progressive farmers had seen too much of the struggle that cotton farmers were enduring. They turned to truck crops for cash, placing an emphasis on fruits.

Already being one of the best known peach-producing sections of the United States local growers are pushing into the limelight again in yet another field.

With the organization of the Chiltauga Melon Growers Association we are fast becoming a center known for its melons. Every melon which leaves the new shed at Billingsley bears a label to let the buyer know he is getting a Chiltauga Melon.

It is easily conceivable that with an outlet as handy as this, local farmers may add such melons as cantaloupe, honey dews, and others to their crop next year.

Let us be the first to suggest a slogan for our new melon industry: "Chiltauga Melons Are Better." That should cover it.

THE SAME GREAT CAUSE—

It is acceptable to us that in all endeavors there is always an element of discord between parties involved. However, some undertakings being more important than others, things should be worked out and a plan of unity should be evolved calling for more agreement and less bickering.

In the cause of saving human lives there seems to be many differences of opinion as to just how this should be undertaken. In our own Chilton County Hospital, for instance, there are many different definitions of just what is the right way to do a thing.

Let us again bring to mind that some endeavors are more needed and more important than others and should be dealt with carefully and with feeling. To save lives, we must be in the mood to want to save lives, and petty differences do not necessarily put us in this "work together" mood.

The Oath of Hipocrates, taken by doctors could very well extend, to some degree, into every branch and working order of a hospital or any place where saving lives is the primary concern. The Doctors and the Registered Nurses should not be responsible alone for the smooth running of such an organization. It is the duty of every employee of such a place that everything go along as smoothly as possible in order to fulfill their purpose to the utmost.

It is this solemn responsibility that should bring these people closer together in the bonds of friendship and understanding. . . they are all working together for one great cause, and that is saving lives. As in all endeavors, petty differences should be dealt with privately so as not to interfere with the smooth functioning of so vital a cause.

To keep in mind that your primary purpose is to help others should be enough to keep you going in the straight and narrow. . . just think of those whom you have helped when they were in need and think of their feelings toward you. . .

Theirs is a feeling of humble humility; is it too much to ask, that you feel it too.

"DOWN SECOND AVENUE TO THIRD STREET—

Ah, what a pleasure it is to give folks directions in a town which has street markers.

The City of Clanton has just installed very legible street signs atop seven ft. steel poles at every corner within the City limits. The new signs replace the old concrete markers which sat on the ground and were invariably lost amid a foot-high growth of weeds.

It surely is going to be a lot harder to dodge out-of-town bill collectors who heretofore couldn't even find where you lived. On the other hand, it will be a great boon to visitors who have wandered around for hours looking for a friend here, only to find him when its time to leave for home.

Just from riding around checking the signs we were delighted to learn the names of some of our streets that we had always considered unnamed.

The signs really are a great step in progressive municipal management and the powers that be at City Hall are to be commended for their action.

After all its always nice for a fellow to know where he lives.

Fatal Fallacies

Letters to the Editor

ON SOCIAL SECURITY—

Dear editor;

In the Union-Banner, dated Aug. 2nd, there was an article under the heading "Social Security Saturation," by Thurman Sensing. He writes, "The Social Security Act was fallacious in conseption, and is entirely faulty in execution, is gradually approaching the point of saturation. If the trend which has been followed since the law became effective is continued down through the years, there will come a time when the people of this country are all being "kept" by the government—and we all know what kind of a government we will have when that time comes."

Who does Mr. Sensing think the government is? And where does he think their money comes from? It comes from the same taxpaying public that is taxed by the usurious profit system, enabling the corporation with which he is associated, to pay their executives huge salaries and pensions. On retiring, Mr. Sensing will probably receive a pension from his corporation, amounting to three or four times what any person can receive from social security, and he will probably receive the limit from social security also. Watch him and see if he turns it down.

Is it so much greater a crime for the public to be taxed to provide security for their own old age, than it is for them to be taxed by the way of usurious profits to provide enormous pensions for such men as Mr. Sensing? I can agree with Mr. Sensing, in that our social security system is far from being perfect; but if we had not had social security, our country would have seen a depression long ago. Just take the buying power away from the beneficiaries of social security in Chilton County and see what happens. But in my opinion enough money is wasted in administering the present social security set up to retire everyone at age sixty, with $100 per month pension and free medical and hospital care. But getting our legislators to correct these deficiencies, is a horse of another color. They are too much under the control of these same powerful corporations.

SEGREGATION RESOLUTION—

" Inasmuch as God has separated the different races and has divided them into separate and distinct social groups, and inasmuch as throughout the Holy Scriptures separation of the races has been the standard for God's people.

BE IT RESOLVED that the General Conference of the Methodist Protestant Church, in its thirty-second quadrennial session at Collins, Mississippi, May 16-20, 1956, goes on record as opposed to the integragation of the races as has been set forth in the decision of the nine judges of the Supreme Court of the United States, inasmuch as racial integration cannot help but lead to the mongrelization of, and eventually to the destruction of both the races and the nation, and inasmuch as the Constitution of the United States of America provides for the separation of Church and State; we declare that the action of the Supreme Court, forcing integration upon a people unwilling to abide by this "political", unconstitutional and un-Christian ruling cannot be sanctioned by this General Conference of the Methodist Protestant Church, and we, the said Conference, refuse to be governed by the said ruling of the Supreme Court, and shall continue to abide by the principles of segregation of the races in public worship as well as in all of our institutions as has been the historic position and practice of the Methodist Protestant Church since its organization in 1828.

This action is not to be construed as an act of prejudice against any race but to preserve each race in its rightful place before God.

The above resolution was unanimously adopted by the above named general conference."

LIFE'S LITTLE SHADOWS

VERNON P. PAYNE

The small girl was trying to get a policeman to take her even smaller brother to jail while her mother was shopping in the grocery store. The six-foot plus officer hovered over the car door in indecision while the young boy rolled on the back seat laughing as only a young child can. I was called over by the policeman to help him pass a verdict. By this time both of the children were giggling at the huge joke they were playing on our local law enforcement officer.

The little boy was slightly disappointed when we decided not to cart him off to the pokey and left him to the wiles of his sister.

It is heartening to find a child who has been taught to fear only God. So many parents are guilty of planting unfound fears in the mind of children. It has always been an easy way out when you can't muster up the authority to make them mind otherwise.

A child is born fearless and if taught correctly will continue this healthy train of thought until the first time someone pokes him in the nose. At this point it becomes the child's own decision as to whether he'll slug it out or turn and run. If you fear the dark, the weather, or other things, go right ahead and fear them, but don't try to lose your fear by passing it on to someone else. It just won't work that way.

If you don't believe the two youngsters were fearless, let's see you go up to an officer and ask him to put you in jail.

things we See and Hear

By "TUCK'

Congratulations to Dave Wall and all those connected with the acquiring of the new street markers in the City of Clanton. A needed step for a long time now, it has finally been realized and they certainly dress up the street corners; not to mention the wear and tear on visitors patience. Now when someone tells you he lives on Whodathoughtit Street, you'll know just where to look.

We recall that some state, during one of the recent holiday week-ends made it their business to set up "take-a-break" booths along their highways and served free coffee to motorists. We haven't any report as to how effective this was, but we can vouch for the importance of a "break" of some kind on a long trip. While we were thinking on the subject we thought what a wonderful thing it would be to make some form of this particular idea, into a large scale affair and prove its usefulness. We think it's something that cannot fail in its purpose because it's so simple. Someone should try it. We would, if we knew how to go about it.

Notice that there are widespread opinions on the operations of our Board of Revenue and Probate Judge and their construction and care of our County roads. The overall opinion is good; the people appreciate the fact that more roads than ever before in the history of our County are paved and under good repair. We even heard one fella say that the present Board and its Chairman had done more for him than any other man in the County. He went on to say that if the road in front of his home hadn't been repaired he wouldn't be getting the mail at his front door now, and the schoolbus wouldn't be going by his place. Seems logical alright, that he should appreciate the good roads. We're glad to see the optimistic views of our citizens; it shows they're progressing and believe in progress.

Those who are always contending that the good ole days are gone, are not presenting a clear picture. What they should add to that remark is "for me." The good ole days are still here for those who are young enough to enjoy them. We were reminded of this fact Sunday afternoon when two small boys, about nine or ten years old went meandering off down a dusty road with blue jeans on and their shirts off and an old hound tagging along. We thought at the time, anyone who speaks of the good old days with such sad rememberance, as if they have disappeared, have simply lost the key that unlocks the door which leads down that old dusty road. They're just gettin' a mite older, and try to blame it on "the good ole days."

Remarking on the present "Poster Campaign" being instrumented by the Highway Patrol, one of the officers was heard to say, "what we need now is some tacks." It would be fine if he could trade those traffic tickets and those cartridges on his belt for a box of thumb tacks. For certain, in the next few weeks, the Alabama Highway Patrol will be noted by their bandaged thumbs. A good cause however, and one we hope succeeds with as much gusto as that which the men of the department are putting into it.

He who laffs last. . . is usually pretty slow catching on.

You've heard the old tune about the London Bridge that's falling down; well, we have a similar song around these parts, only we use, "Our County Courthouse. . . ." for the first line. And then too, they Bridge, because it's still falling. What they should have done, is built a new one.

ISABELLA NEWS

(MRS. J. H. WELLS)

Mulberry Baptist News—

The Mulberry Baptist Church held its monthly business meeting following the Morning Worship Service Sunday. The General Officers for the coming year were elected.

Those elected were as follows: Sunday School Supt. Lewis McGee; Training Union Director, R. C. Veazey; Brotherhood President, Gordon Conway; and Church Chorister, R. C. Veazey. The different organizations had good reports for the previous month.

The pastor, along with some of the Young People and Intermediates, in addition to some two or three adults from the Church, will leave Friday, August 17, for another series of Revival services among the South Alabama Indians. The Revival will run nightly from Friday night through the following Tuesday night. This year, as last year, contributions of food stuffs to be used while down there will be greatly appreciated by the group that will be going. Last year, the generosity of our people enabled the group to make the trip at a very little expense for food. Living quarters will be provided free in the Indian Assembly between Citronelle and Mount Vernon.

The church was happy to hear Brother Jack Mayfield at the Evening Worship Service Sunday night. This was the second time that Jack has preached in our Church. The pastor is preaching a Revival at the Concord Baptist Church this week. Jack will preach again at the Morning Worship Service on August 17 while the pastor and the Young People are in South Alabama.

The Monthly Family Night was at the Church on Wednesday night of last week. A fair crowd was on hand. Choir practice followed the Missionary Meeting. The Chorister R. C. Veazey urges others to come out every Wednesday night for choir practice.

Mrs. Nabors Hostess—

The Laura Williams Circle met with Mrs. R. D. Nabors on Tuesday afternoon of last week. Mrs. Buster Sexton Mrs. R. D. Nabors and Mrs. E. C. Grooms were appointed as nominating committee for the new officers. After the business meeting a program taken from the Alabama Baptist was given.

Delicious refreshments were served by the hostess and daughter, Bobbie Nell

Library Notice—

Have you read the book "Barrabas" from our Church library? If you haven't, you have missed a spiritual treat. Let one of the Librarians know if you would like any certain books in our library as we are planning to make an order soon.

Vacations—

Mr. and Mrs. Harold Smith spent the past few days vacationing in the Smokies. They reported a grand time.

Mr. and Mrs. J. W. McCraw and Mr. and Mrs. Murell Cosby of Selma are spending their vacation visiting Mr. and Mrs. Ed Willis and children in Maryland.

On Wednesday of this week, Mr. and Mrs. James Langston and Mr. and Mrs. C. P. Jones Jr., began a sight-seeing trip into New York and Canada. They plan to be gone for about ten days.

Mr. Melvin White has been visiting his mother, Mrs. Jeanette White asd brother Mitchell this past week-end. He attnded services at Mulberry on Sunday morning.

Mr. and Mrs. James Arnold Bryant and Mrs. W. R. Cortrell of Birmingham were Saturday night diner guests of the J. M. Bryants

Mr. and Mrs. H. W. Philips and children, Jenny and Jeffery of Pulaski, Va. are spending their vacation here with Mrs. Ethel Cummings and other relatives. They also attended services at Mulberry Sunday.

Mr. and Mrs. Jack Mayfield and children of Birmingham and Mr. and Mrs. O. F. Davenport of Montgomery were week-end and Sunday guests of the Oscar Davenports.

Mr. and Mrs. Lloyd Jones of Tuscaloosa, Mr. and Mrs. Andrew Jones and children of Birmingham were Sunday guests of the E. S. Jones and J. H. Wells families.

Mr. and Mrs. C. P. Jones and Judy, Mr. and Mrs. James Langston, Mr. and Mrs. E. C. Lecroy and Molly Webster attended the Miss Alabama Coronation in Birmingham

This community extends congratulations to Miss Sara Ethel Carter and Mr. Hershel Scott on their marriage Saturday evening at the home of the bride's parents, Mr. and Mrs. E. P. Carter. They are spending their honeymoon touring the West

Visiting Mrs. Emma Manning last week were Mrs. K. S. Week and Karl of Tuscaloosa and Mrs. C. T. Farmer and Clifford Truett of Titus.

Miss Mable Nabors of Montgomery was the week-end guest of the R. D. Nabors.

Dale Nabors is at home with his parents for the remainder of the summer. He has just completed a semester at Jacqsonville State Teachers College.

James Olin Conway is attending the F.F.A. Camp at Camp Grist near Selma this week

Mr. and Mrs. Milton Steven of near Alex City were Sunday gusts of Mrs. Ethel Cummings.

We are sorry to hear that both Mr. and Mrs. Walker DeShazo are ill. Let us remember them in our prayers.

Mr. and Mrs. Emmett Conway and children of Birmingham were Sunday guests of the J. M. Bryants and J. D. Conways.

Mr. and Mrs. C. P. Jones and Judy of Pensacola Florida spent a portion of their vacation here with relatives. They attended church services in Mulberry Sunday morning.

Mr. Sterling Sexton was admitted to the Selma Baptist Hospital in a serious condition Sunday night. Mrs. Sexton is staying with her daughter, Mrs. Roy Davis in Autaugaville while she is not at the hospital.

Miss Ophelia An Conway has completed another semester at Jacksonville State Teachers College and she is at home with her parents for the remainder of the summer. She will continue her studies at Jacksonville this Winter.

STATE OF ALABAMA
A PROCLAMATION
BY THE
GOVERNOR

WHEREAS, the Legislature of Alabama at the First Special Session 1956, ordered an election to be held by the qualified electors of the State of Alabama upon certain proposed amendments to the Constitution of Alabama, which said amendments are herein set out, and ordered that said election be held on the fourth Tuesday in August 1956 and

WHEREAS, the fourth Tuesday in August 1956, will be and occur on Tuesday, August 28, 1956; and

WHEREAS, notice of such election, together with the proposed amendments, is required by law and by the provisions of the act submitting the amendments, to be given by a proclamation of the Governor to be published in each county in the State of Alabama once a week for four successive weeks next preceding the day appointed for the election:

NOW, THEREFORE, I, James E. Folsom, as Governor of the State of Alabama, do hereby give notice, direct and proclaim that on Tuesday the 28th day of August 1956, an election will be held at the several polling places within the State of Alabama, in the manner and form provided by law upon the following proposed amendments to the Constitution of the State of Alabama of 1901:

"Section 137. The attorney-general, state auditor, secretary of state, state treasurer, superintendent of education, and commissioner of agriculture and industries shall perform such duties as may be prescribed by law. The state treasurer and state auditor shall, every year, at a time fixed by the legislature, make a full and complete report to the governor, showing the receipts and disbursements of every character, all claims audited and paid out, by items, and all taxes and revenues collected and paid into the treasury, and the sources thereof. They shall make reports oftener upon any matters pertaining to their offices if required by the governor or the legislature. The attorney-general, state auditor, secretary of state, state treasurer, and commissioner of agriculture and industries shall not receive to their use any fees, costs, perquisites of office or other compensation than the salaries prescribed by law, and all fees that may be payable for any services performed by such officers shall be at once paid into the state treasury. The legislature may require the attorney-general to defend any or all suits brought against the state, or any subdivision thereof, or against any state school board or state board of education, or against any county or city school board or board of education, or against like boards or commissions by whatever name designated, or against any members, officers or employees of any such boards, or against any school official or employee throughout Alabama."

"Section 139. The judicial power of the state shall be vested in the senate sitting as a court of impeachment, a supreme court, circuit courts, chancery courts, courts of probate, such courts of law and equity inferior to the supreme court, and to consist of not more than five members, as the legislature from time to time may establish, and such persons as may be by law invested with powers of a judicial nature; but no court of general jurisdiction, at law or in equity, or both, shall hereafter be established in and for any one county having a population of less than twenty thousand, according to the next preceding federal census, and property assessed for taxation at a less valuation than three million five hundred thousand dollars. The legislature shall also have authority to constitute as judicial officers any or all of the members of state school boards, state boards of education, county school boards, city school boards, and like boards or commissions by whatever name designated, and all superintendents of schools and school officials and employees throughout Alabama, and to provide that all action taken by them, or any of them, requiring the exercise of discretion or judgment in connection with school matters be judicial action."

"Section 256. It is the policy of the State of Alabama to foster and promote the education of its citizens in a manner and extent consistent with its available resources, and the willingness and ability of the individual student, but nothing in this Constitution shall be construed as creating or recognizing any right to education or training at public expense, nor as limiting the authority and duty of the legislature, in furthering or providing for education, to require or impose conditions or procedures deemed necessary to the preservation of peace and order.

"The legislature may by law provide for or authorize the establishment and operation of schools by such persons, agencies or municipalities, at such places, and upon such conditions as it may prescribe, and for the grant or loan of public funds and the lease, sale or donation of real or personal property to or for the benefit of citizens of the State for educational purposes under such circumstances and upon such conditions as it shall prescribe. Real property owned by the State or any municipality shall not be donated for educational purposes except to nonprofit charitable or eleemosynary corporations or associations organized under the laws of the State.

"To avoid confusion and disorder and to promote effective and economical planning for education, the legislature may authorize the parents or guardians of minors, who desire that such minors shall attend schools provided for their own race, to make election to that end, such election to be effective for such period and to such extent as the legislature may provide."

"Section 258. All lands or other property given by individuals, or appropriated by the State for educational purposes, and all estates of deceased persons who die without leaving a will or heir, shall be used or applied to the futherance of education."

"Section 259. All poll taxes collected in this State shall be applied to the support and furtherance of education in the respective counties where collected."

"Section 260. The income arising from the sixteenth section trust fund, the surplus revenue fund, until it is called for by the United States government, and the funds enumerated in Sections 257 and 258 of this constitution, together with a special annual tax of thirty cents on each one hundred dollars of taxable property in this state which the legislature shall levy, shall be applied to the support and furtherance of education, and it shall be the duty of the legislature to increase the educational fund from time to time as the necessity therefor and the condition of the treasury and the resources of the state may justify provided, that nothing herein contained shall be so construed as to authorize the legislature to levy in any one year a greater rate of state taxation for all purposes, including schools than sixty-five cents on each one hundred dollars' worth of taxable property; and provided further, that nothing herein contained shall prevent the legislature from first providing for the payment of the bonded indebtedness of the state and interest thereon out of all the revenue of the state

"Except as they may be specifically set aside in trust funds or otherwise applied to the payment of indebtedness, all proceeds of income or other taxes levied by the state, and of all special ad valorem or other taxes levied by counties and other municipalities, or school districts, pursuant to the constitution as heretofore amended, for public school purposes shall be applied to the support and furtherance of education pursuant to Section 256 of the constitution, as amended."

"Section 269. The several counties in this state shall have power to levy and collect a special tax (a) not exceeding ten cents on each one hundred dollars of taxable property in such counties, for the support and furtherance of education in such manner as may be authorized by the legislature; provided that the rate of such tax, the time it is to continue, and the purpose thereof, shall have been first submitted to a vote of the qualified electors of the county, and voted for by three-fifths of those voting at such election; but the rate of such special tax shall not increase the rate of taxation, state and county combined, in any one year, to more than one dollar and twenty-five cents on each one hundred dollars of taxable property; excluding, however, all special county taxes for public buildings, roads, bridges, and the payment of debts existing at the ratification of the constitution of eighteen hundred and seventy-five."

"Section 270. The provisions of this article and of any act of the legislature passed in pursuance thereof for educational purposes shall apply to Mobile county only so far as to authorize and require the authorities designated by law to draw the portions of the funds to which said county shall be entitled for school purposes and to make reports to the superintendent of education as may be prescribed by law; and all special incomes and powers of taxation as now authorized by law for the benefit of public schools in said county shall remain undisturbed until otherwise provided by the legislature."

I further direct and proclaim that notice of this election upon Tuesday the 28th day of August 1956 upon the above set forth amendment to the Constitution of the State of Alabama of 1901, be given by publishing the same once a week for four successive weeks next preceding Tuesday the 28th day of August 1956 in each county in the State of Alabama in a newspaper published in said county.

IN WITNESS WHEREOF, I have hereunto set my hand and have caused the Great Seal of the State of Alabama to be affixed by the Secretary of State, at the Capitol, in the City of Montgomery, on this the 2nd day of July 1956.

JAMES E. FOLSOM,
Governor.

Patrol Welcomes State Visitors

Using every possible means to keep down the highway accident and fatality rate in Alabama, Public Safety Director Bill Lyerly has launched a special poster campaign

In addition, the energetic young executive of our fine State Highway Patrol has swung into high gear a special welcome and educational program for out-of-state tourists who enter the State.

Taking his cue from political candidates who nail campaign posters of themselves along the highways, on trees and telegraph posts, etc., the Highway Patrol will similarly exhibit posters urging "Slow Down and Live" to all highway users.

Several weeks ago, Lyerly experimented with a special type courtesy check of visitors to Alabama, advising them in a smiling and friendly way of the State highway laws, handing them a copy of Alabama's official State Highway Map, and pointing out places of particular interest along the route.

State Director of Publicity Geoffrey Birt has also signified his intention to take part in some of these welcoming and advisory checks, since he is responsible for Alabama's tourist trade promotion and public relations.

Well gentlemen, ole Joe Smith and his 100 percent attendance record was nipped in the bud last week. He made it down, but the meeting had been adjourned. Missed his first meeting and his name was drawn from the pot. If you see Joe a little bruised up this week, it'll probably be because lady luck pulled a good one on him.

Important news fellas. . . . Saturday night, August 18th the Civitan Club will have an outing and supper at the Clanton City Park. Wives and sweethearts (and kiddies) are invited. The ladies will be in charge of the eats. The details will be worked out tonight (Thurs.) so be present in order to get filled in on plans already made and those that will be made at the meeting tonight.

'Nother important note. . . . meeting will be held this week at 6:30 instead of the usual 7:30 because of a Revival at Concord Church involving several of our members. Those who will are to attend these services after the meeting.

Two new committees were appointed last week; one, the Objectives Committee with Fonzie Coe at its head; and the other the Membership Committee with M. [illegible] Godwin as chairman. These are two important committees and there is much business to be attended to by the both of them.

Bro. L. D. Brookshire and Bob Tucker will attend a meeting at Holiday Inn in Birmingham this coming Saturday. They will report on this meeting at the first convenient date. Hope they're not like the guy we were told about who went to a meeting of this sort in the State of Florida and came back in a state of shock. He lost his wife, his way and wound up in the hoosegow. He couldn't have been a Civitan, could he fellas?

Remember fellas, meeting tonight is at 6:30 because of facts mentioned above. . . . hope we see you there

We leave you with this bit of logic. . . . a word to the wise is unnecessary; they know everything anyhow. How about that "wise" guys?

Prove Wisdom In Managing Money

By Mrs. H. H. Crane, Chilton-Unity Stewardship Chairman

If you spend your money well for things of true value, instead of wasting it, if you save a part of your income or use it to provide for the future; and if you place your savings so that they are secure and will bring a sure return, you will be considered wise in your management of money.

It is easy to misuse money. See Isaiah 55:2. Are you spending your money and time and strength for that which brings real satisfaction? Wise spending is usually planned or budgeted spending. Does your budget set aside first, what is due to God and then proportion amounts for other uses?

The good budget bears savings in mind. If you lend of your savings, you will want to be sure of repayment. Read Proverbs 19:17.

Probably most of you put a part of your savings into insurance, to provide for old age and for the future of those you love. The value of your insurance depends upon the company or the one who insures you Insuranc with God is safest and surest.

Righteousness is the best insurance policy, righteousness as it is defined in God's word, "Seek ye first the Kingdom of God and His Righteousness, and all these things shall be added unto you." (Matt 6:33) David said, "I have been young and now am old: yet have I not seen the righteousness forsaken, nor his seed begging bread." (Psalm 37 25) Yet it is said of the foolish man, "His children are far from safety." (Job 5:4).

You will of course, take care for the safe storing of valuables. Jesus advised, "Lay not up for yourselves treasures upon the earth, where moth and rust consume. and where thieves break through and steal; but lay up for yourselves treasures in Heaven, where neither moth or rust doth consume and where thieves do not break through and steal." (Matt. 6:19-20.)

He advised the inquiring young man, "Go sell. . . . and give to the poor, and thou shall have treasures in heaven." The way to lay up in store is indicated also by Paul in First Tim. 6:18-19.

The time to come, Judgement Day will be a very happy time for many Christians, but how will it be for those who stand before the Lord empty handed? Think now, how much you have laid up against that time. How much treasure are you storing in Heaven?

Your investment of money is wise you can count on sure and worthwhile returns. Or what can you be as sure as the money you put to God's use? What better investment is there than that you make in Christian Education, in Christian Hospitals and Orphan Homes, in training preachers of the gospel and making desciples of all nations? (Prov. 11:30) Who can measure the worth of one soul that your investment aids in bringing to Christ? That one may win others and multiply your returns.

Your gift to missions may be used of God to win and help train a Japanese boy like Toyakipo Kogawa who in turn would preach the gospel to thousands of his people.

With God as your advisor and director in the management of your money, you can be wise in your spending, lending, saving and investing.

STATE OF ALABAMA
A PROCLAMATION
BY THE
GOVERNOR

WHEREAS, the Legislature of Alabama at the Second Special Session 1956, ordered an election to be held by the qualified electors of the State of Alabama upon a certain proposed amendment to the Constitution of Alabama, which said amendment is herein set out, and ordered that said election be held on Tuesday, August 28, 1956, and

WHEREAS, notice of such election, together with the proposed amendment is required by law, and by the provisions of the act submitting the amendment, to be given by a proclamation of the Governor to be published in each county in the State of Alabama once a week for four successive weeks next preceding the day appointed for the election:

NOW, THEREFORE, I, James E Folsom, as Governor of the State of Alabama, do hereby give notice direct and proclaim that on Tuesday, the 28th day of August 1956, an election will be held at the several polling places within the State of Alabama, in the manner and form provided by law, upon the following proposed amendment to the Constitution of the State of Alabama of 1901:

> "The Legislature shall have power to levy and impose a tax for State purposes on net income from whatever source derived within this State upon every corporation organized under the laws of Alabama, and upon every foreign corporation doing business in Alabama, and to designate and define the incomes to be taxed and to fix the rates of taxes provided that the rate shall not exceed five percentum of the amount of the entire net income Such taxes shall be first assessed, collected, and paid upon and with respect to taxable income earned on and after January 1, 1953. The provisions of Amendment XXV as ratified August 2 1933, which are inconsistent with this amendment are hereby expressly repealed."

I further direct and proclaim that notice of this election upon Tuesday the 28th day of August 1956 upon the above set forth amendment to the Constitution of the State of Alabama of 1901, be given by publishing the same once a week for four successive weeks next preceding Tuesday the 28th day of August 1956 in each county in the State of Alabama in a newspaper published in said county.

IN WITNESS WHEREOF, I have hereunto set my hand and have caused the Great Seal of the State of Alabama to be affixed by the Secretary of State, at the Capitol, in the City of Montgomery, on this the 2nd day of July 1956.

JAMES E. FOLSOM,
Governor.

Nothing takes to the road like a Chevy!
Once in a blue moon a car like this comes along—a design so advanced in performance, so beautifully balanced that it stands out above every other car on the highway.
It has a solid, sure-footed way of going that makes driving safer and more pleasant on any road. And you feel a very special sense of security in its rapid-fire responsiveness to your touch on the wheel, brakes and accelerator.
You can see that the '56 Chevy is a standout for style. But until you have driven one you're missing the best part of the news—the fact that Chevrolet is the smoothest, solidest, most wedded-to-the-road automobile you ever bossed. Try it and see.

America's largest selling car—2 million more owners than any other make!

STRENGTH FOR THESE DAYS
from The Bible

But I have prayed for thee, that thy faith fail not: and when thou art converted, strengthen thy brethren.—(St. Luke 23, 32.)

Upon each one of us who, through Jesus the Redeemer, has been blessed by God, there rests the great responsibility of extending a helping hand to those who falter in darkness and in weakness in their quest for His grace, His love.

New Salem Baptist

We had a wonderful service Sunday, this being Bro. Lowery's last Sunday as our pastor.

The ladies surprised Bro. Lowery by bringing baskets and spreading lunch after the service.

The ladies presented Mrs. Ada Baker with gifts and the Brethren gave her a cash love offering in appreciation of her services as pianist

The church has enjoyed one of its best eras of fellowship under Bro. Lowery's pastorate.

Bro. Lowery has worked hard and our church has prospered under his leadership, but he feels that God is directing him to a new field We pray God's richest blessings on him as he goes into this new field and we feel sure with the cooperation of the church, he will be able to do a wonderful work.

We want to take this opportunity to invite him and his family to come back and be with us anytime they can.

First Methodist Revival Will Begin August 12th

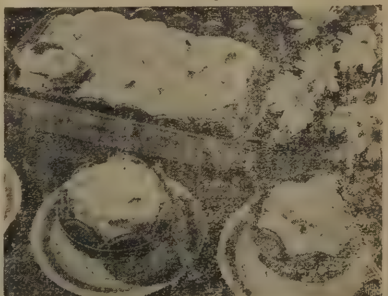
Revival Services will begin at the Clanton First Methodist Church on Sunday, August 12th and last through Friday, August 17th with services both morning and night.

The visiting minister for this Revival will be the Rev. J. Carlisle Miller of Panama City, Florida, former minister of the First Church and the visiting song leader will be Mr. Ed Gray of Prattville, Alabama.

The time for the services will be 7:00 a.m. and 7:30 p.m. You have a cordial invitation to attend this Revival.

Watch for further announcements on this revival in later issues of the paper. Griffin Lloyd is pastor of First Methodist.

Bananas Go Fancy In Pudding



To be good, a pudding should be full of surprises, and here's a luscious-tasting one that everybody will love. "Vanilla Wafer Banana Pudding" combines sliced bananas, custard and meringue with a surprise ingredient, sunny vanilla wafers, that add real home-baked flavor and a rich, crunchy texture. It's a sweet and satisfying dessert after a light summer meal. Dress it up as a party treat by serving in individual wafer-lined cups. Here's how to make it:

Vanilla Wafer Banana Pudding

- 2 cups milk
- 2 eggs, seperated
- ⅔ cup sugar
- ⅛ teaspoon salt
- 2 tablespoons cornstarch
- 1 teaspoon vanilla extract
- 48 Sunshine Vanilla Wafers
- 4 bananas (well ripened)
- ¼ cup sugar

Scald milk in top of a double boiler over direct heat. Meanwhile, in a small bowl, combine the beaten egg yolks, ⅔ cup of sugar, salt and cornstarch. Pour about ½ cup of scalded milk over egg mixture, stirring to blend. Return egg mixture to remaining milk in top of double boiler and set top in place over boiling water. Cook, stirring until mixture is smooth and thickened (about 6 minutes). Remove from heat and add vanilla. Arrange alternate layers of Vanilla Wafers and sliced bananas in a 9-inch square cake pan or in a 1½ quart casserole. Pour hot custard over the top and allow to cool. Heat oven to 425°F. (moderately hot oven). Beat whites until stiff but not dry. Add remaining ¼ cup sugar gradually, continuing to beat until meringue is very stiff and glossy. Spread over pudding and brown in pre-heated oven for 15 minutes. Makes 6 to 8 servings.

From France — With Love

"Bastille Day on the Champs Elysées"

Hurry over and you'll arrive just in time to take part in all the frolic and festivities commemorating one of France's oldest and most historic dates — July 14th, Bastille Day. You'll feel right at home, because just like in the States on the 4th of July—there are big parades with troops, veteran and civic organizations taking part, and thousands of people lining the streets or watching from reviewing stands. In the evening, Street Balls are held all over France and, as it gets a little darker there is a new touch—torchlight parades!

Finally, the whole happy day is topped-off with a bang, when, at eleven the skies, as far as the eye can see, light up with the magical color of fireworks!

Speaking of "lighting up"—I already can see your eyes lighting up as we visit some of the world's most famous restaurants over here! Pressed Duck in the Tour d'Argent, here in Paris, is simply out of this world! And another delightful dish is the delicious fish chowder, Bouillabaisse, found in its most excellent state in Marseilles. We'll find it, too, because that's where we're going right after Bastille Day. I've already made all the arrangements for renting a little car, which is just wonderful for traveling on our limited budget.

I thought we'd motor right down to Marseilles for some of the Mediterranean air and sun and then leisurely roll along the coast on the Riviera for awhile before going inland a bit to Nimes, a city in Provence you'll just have to see. It is the oldest of all the Roman cities in France, and its ancient monuments compare in number as well as beauty with those of Arles, or even Rome itself!

One thing we won't have to worry about is sleeping accommodations, because France has a system of Logis which is a boon to the auto traveler. The Logis are small hotels (over 1,000 of them) scattered over every highway and byway of France. They've been modernized recently and are really a welcome addition to the larger hotels. The prices are a lot lower than you'd think, too!

Well, I'll be writing again soon, but meanwhile, you go right ahead with your passport application and plans. I'll be waiting for you.

A bientôt,
Yvette

First Methodist WSCS Had Regular Meeting

On Monday, August 6th, the WSCS met in the Methodist Youth Fellowship room of the First Methodist Church at 3:00 p.m. for their regular monthly meeting.

Mrs. Joe Edgar was in charge of the devotion and for her Call to Worship, she asked Mrs. Gordon Robertson to play "Jesus Stand Among Us". After which Mrs. Edgar offered prayer.

The group then sang "The Church Is One Foundation." Mrs. Edgar had services for meditation on the quadriennial goals titled "The Spirit of Christ for All of Life" by Maud White Hardie.

Mrs. G. H. Tucker was in charge of the program in which she used posters for illustrations. After reading the quadriennial goals for 1956-60 she gave a very interesting talk and symbol on the Picture of Chris.

The theme which was the Spirit of Christ gave the call, voiced through the seven goals to an individual and also to a group as a whole.

A quarterly report on "The World Federation of Women" was given by Mrs. H. S. Day, program chairman and vice-president.

The report on the School of Missions which was held in Montgomery was given by Mrs. R. M. Tucker.

A business session was led by Mrs. Joe Mullins during which officers training day and the two district seminars which will be held at the Alabama Avenue Church in Selma on Thursday, August 30, at 9 a.m. were discussed.

It was requested that the ladies bring sandwiches and have lunch at the church.

The next meeting will be held the First Monday in October. The meeting was adjourned with Mizpah.

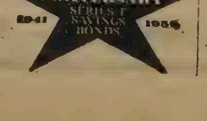
We were glad to have Mr. and Mrs. Ross Mims and Joyce in our Sunday School Sunday.

Carolyn, Patsy and Jeanette Brown are spending a few days with the DeVaughn family.



Basic Peach Conserve Recipe

The secret to the versatility of this basic peach conserve recipe is the change in flavor by adding different ingredients. Secret to doing it the easy way is the new way of sealing.

For now you can seal jams, jellies, conserves, etc., without paraffin—and do a better job too! This is made possible by a new shoulderless half pint jar, just the right size for preserves and relishes. It has a screw top and seals with a regular two-piece home canning cap. The metal lid gives excellent protection against dust and vermin, and is easier to use.

The jar is versatile. Besides functioning as a screw top jelly glass, it is a home canning and freezing jar. The size is ideal for relishes and canning for two.

For something extra special, try this Peach Conserve:

Peach Conserve

7 cups chopped peaches
1 orange
5 cups sugar
¼ teaspoon salt
½ cup blanched almonds or walnuts

Wash, drain, scald, peel, chop and measure peaches. Finely chop peel and pulp of orange and add to peaches. Boil 20 minutes. Add sugar and salt. Boil until thick. Add nuts about 5 minutes before removing from heat. Pour, boiling hot, into Half Pint Jars; seal at once with regular home canning caps.

Peach and Maraschino Cherry Conserve

Follow above receipe except use ½ cup Maraschino cherries instead of nuts. Chop cherries before measuring.

Peach, Nut and Raisin Conserve

Add ½ cup seedless raisins to the recipe for Peach Conserve.

Peach and Plum Conserve

Follow recipe for Peach Conserve except use 5 cups peaches and 2 cups of any variety of tart plums.

AT DRIVE-IN THEATRE, AUGUST 16-17

"STRANGER AT MY DOOR" will show at the Clanton Drive-In Theatre on Thursday and Friday, August 16-17. It is a thrilling movie starring McDonald Carey.

Neapolitan Cupcakes

Tuck three-flavored Neapolitan Cupcakes into September lunchboxes for dessert treats. They'll top off a lunch of tuna salad sandwiches, cold milk and crisp carrot sticks in fine style.

Pack a lunchbox surprise for your back-to-school youngsters. Wrap a Neapolitan Cupcake for each lunch. As a noontime dessert these cupcakes will ring the bell.

Three colors and three flavors distinguish Neapolitan Cupcakes. Marbled together in each cupcake are snowy vanilla, pink peppermint and dark cocoa batters.

Sounds like a job, but it's really simple to make these cupcakes. First, you can make them quick as a breeze using enriched self-rising flour. Right in the flour to save you extra sifting and measuring are correct amounts of salt and baking powder.

Secondly, these cupcakes are work-savers because the recipe follows the quick-mix method. That means you eliminate time-consuming creaming of shortening and separate beating of egg whites. If you have an electric mixer, use it to cut preparation time even further.

NEAPOLITAN CUPCAKES

(Quick-Mix Method)

2-⅓ cups sifted enriched self-rising flour
1-⅓ cups sugar
½ cup hydrogenated shortening
1 cup milk
4 egg whites
3 tablespoons sifted cocoa
¼ teaspoon vanilla extract
¼ teaspoon peppermint extract
5 or 6 drops red food coloring
½ teaspoon vanilla extract
½ teaspoon almond extract

Sift together flour and sugar. Add shortening and 2/3 cup milk. Mix to blend. Beat 2 minutes at medium speed on electric mixer or 300 strokes by hand. Add remaining milk and egg whites. Mix to blend. Beat 2 minutes or 300 strokes longer. Divide batter into 3 equal portions. Into first part, fold cocoa and the ¼ teaspoon vanilla extract. Into second part, blend peppermint extract and red food coloring. Into third part, blend the ½ teaspoon vanilla and almond extracts. Spoon one tablespoon of each batter into each paper-lined cupcake pan. Bake in moderate oven (350°F.) 25 to 30 minutes. Makes about 2 dozen cupcakes.

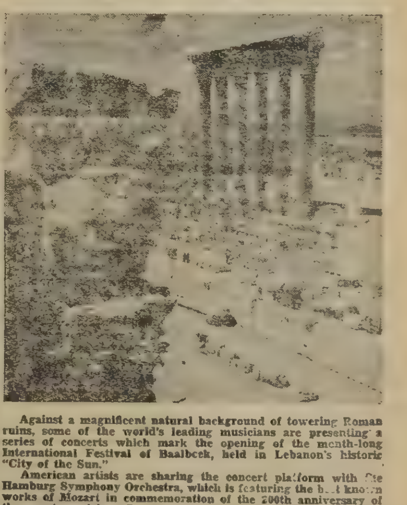
Festival At Baalbeck



Against a magnificent natural background of towering Roman ruins, some of the world's leading musicians are presenting a series of concerts which mark the opening of the month-long International Festival of Baalbeck, held in Lebanon's historic "City of the Sun."

American artists are sharing the concert platform with the Hamburg Symphony Orchestra, which is featuring the best known works of Mozart in commemoration of the 200th anniversary of the great musician. Guest conductor for two of the orchestra's performances is Leon Barzin, from the United States. Another American, pianist Aldo Mancinelli, is performing a special composition entitled "Concerto No. 2" by Anis Fuleihan, former instructor of music at the University of Indiana and present director of the National Conservatory of Music in Beirut.

In addition to the musical concerts, which will continue through August 5, the Baalbeck Festival will include four plays presented by the Comedie Francaise during the week of August 11: Racine's "Mithridates" and "Phedre," Shakespeare's "Julius Caesar" and Jean Cocteau's "Infernal Machine." Starting on August 25, the festival will play host to England's Regent Park Players, who will present Shakespeare's "Hamlet" and "Twelfth Night."

During all these performances Baalbeck's historic ruins, including the 2,000-year-old temples of Jupiter and Bacchus, are floodlit by a huge new electric plant which was installed after the tremendous popular success of last year's initial festival in the ancient town. This year's festival, sponsored by Lebanese President Camille Chamoun and Madame Chamoun, is part of a national program to develop greater appreciation of the Arts in Lebanon and to provide cultural events of universal appeal for the thousands of tourists who flock each year to the ancient land of the Phoenicians.

J. G. Dopson, pastor

Our attendance was very good here last week-end.

We surely were happy to see everyone come out to the House of the Lord.

We were happy to have the Rev Otis Davis with us from Birmingham. He brought a wonderful message Saturday night and Sunday night. Everyone who heard him, we are sure, received a blessing.

We are happ to have visitors from Montgomery. We give them a special invitaton to come back again.

Everyone remember our Revival which will begin Saturday night, Aug. 11.

Rev. Otis Davis will be the evangelist. Everyone has a special invitation to come be with us.

Rev. Otis Davis and family were the Sunday dinner guests of Mr. and Mrs. Kelly Hughes.

STATE OF ALABAMA
A PROCLAMATION
BY THE
GOVERNOR

WHEREAS, the Legislature of Alabama at the Second Special Session 1956, ordered an election to be held by the qualified electors of the State of Alabama upon a certain proposed amendment to the Constitution of Alabama, which said amendment is herein set out, and ordered that the said election be held on the fourth Tuesday in August 1956 and

WHEREAS the fourth Tuesday in August 1956, will be and occur on Tuesday, August 28, 1956; and

WHEREAS, notice of such election, together with the proposed amendment, is required by law and by the provisions of the act submitting the amendment, to be given by a proclamation of the Governor to be published in each county in the State of Alabama once a week for four successive weeks next preceding the day appointed for the election:

NOW, THEREFORE, I, James E. Folsom, as Governor of the State of Alabama, do hereby give notice direct and proclaim that on Tuesday the 28th day of August 1956 an election will be held at the several polling places within the State of Alabama, in the manner and form provided by law upon the following proposed amendment to the Constitution of the State of Alabama of 1901:

"Any provision of the Constitution or laws of the State of Alabama to the contrary notwithstanding, Franklin County, or any municipality in Franklin County, shall have full and continuing power and authority, after an election held in accordance herewith, to do any one or more of the following:

"1. To purchase, construct, lease or otherwise acquire real property, plants, buildings, factories, works, facilities, machinery and equipment of any kind.

"2. To lease, sell for cash or on credit, exchange, give and convey any such property described in subdivision 1 above, to any person, firm, association or corporation.

"3. To promote local industrial, commercial or agricultural development and the location of new industries or businesses therein.

"4. To become a stockholder in any corporation, association or company.

"5 To lend this credit or to grant public moneys and things of value in aid of, or to, any individual, firm, association, or corporation whatsoever.

"6 To become indebted and to issue and sell interest bearing bonds warrants (which may be payable from funds to be realized in future years), notes or other obligations or evidences of indebtedness, to a principal amount not exceeding fifty percent of the assessed value of taxable property therein as determined for state taxation, in order to secure funds for the purchase, construction, lease or acquisition of any of the property described in subdivision 1 above or to be used in furtherance of any of the other powers or authorities granted in this amendment. Such obligations or evidences of indebtedness may (in addition to any pledge or pledges authorized by subdivision 8 of this amendment) be issued upon the full faith and credit of Franklin County, or the municipality therein, as the case may be, or may be limited as to the source of their payment.

"7. To levy and collect annually, in addition to all other taxes now authorized or permitted, a special tax or taxes of not exceeding two percent on the value of all taxable property therein as determined for state taxation, in the same manner as other county or municipal taxes are levied and collected. Such tax may be upon all property in Franklin County, or upon all property in the municipality, as the case may be, or upon all property in any district the boundaries of which the governing body of the county or the municipality, as the case may be, shall describe and which it shall determine to be specially improved and benefited by any proposed use or expenditure of the proceeds of such tax.

"8. To pledge to the payment of any bonds, warrants, notes or other obligations or evidences of indebtedness the annual proceeds from any such special tax or taxes and to obligate itself irrevocably to continue to levy and collect such taxes annually until such obligations or evidences of indebtedness are paid in full and to pledge thereto any rental or sales proceeds of property leased or sold by it.

"9. To create a public authority or corporation having such powers, managed and governed by such board or governing body, and subject to such limitations as the governing body of the county or the governing body of the municipality, as the case may be, may impose, by approving and filing a certificate to that effect in the office of the judge of probate or the Secretary of State, or their respective successors in function, and to delegate to such public authority or corporation and its board or governing body all powers and authority conferred in this amendment upon Franklin County or any municipality therein.

"The recital in any bonds, warrants, notes or other obligations or evidences of indebtedness that they were issued pursuant to this amendment or that they were issued to provide funds to be used in furtherance of any power or authority herein authorized or that any special tax herein authorized has been pledged to the payment thereof shall be conclusive; no purchaser or holder thereof need inquire further; and the levy and collection of such tax shall continue until the principal of and interest on such obligations or evidences of indebtedness shall have been paid in full. The bonds, warrants, notes or other obligations or evidences of indebtedness issued hereunder shall not be considered an indebtedness of Franklin County or any municipality therein for the purpose of determining the borrowing capacity of the county or any such municipality, as the case may be, under Sections 224 and 225 of the Constitution; and the taxes herein authorized shall be in addition to those provided for or permitted in Sections 215 and 216 of the Constitution and all amendments thereto.

"This amendment shall be self-executing; but the Legislature shall have the right and power by general, special or local act to adopt laws supplemental to this amendment or in furtherance of the purposes and objectives hereinabove set forth.

"10. Neither Franklin County, nor any municipality in Franklin County, shall make any engagement or commitment or undertake any project under the provisions hereof unless and until the proposition has been approved by a majority of the qualified electors of the county or of the municipality therein, as the case may be. The governing body of the county, or of the municipality, as the case may be, may provide for holding such election, but in no case shall an election be held until notice of the election and of the proposition to be voted on has been published for at least three successive weeks."

I further direct and proclaim that notice of this election upon Tuesday the 28th day of August 1956 upon the above set forth amendment to the Constitution of the State of Alabama of 1901, be given by publishing the same once a week for four successive weeks next preceding Tuesday the 28th day of August 1956 in each county in the State of Alabama in a newspaper published in said county.

IN WITNESS WHEREOF, I have hereunto set my hand and have caused the Great Seal of the State of Alabama to be affixed by the Secretary of State, at the Capitol, in the City of Montgomery, on this the 2nd day of July 1956.

JAMES E. FOLSOM,
Governor.

Increasing Number Of Fans Spur All-Stars To Victories

By **Braxton B. Bates**

CLANTON 17 - PULLMAN 6—

The Clanton Stars inspired by a large turn out of fans despite threatening weather turned on the steam and walloped their visitors from Bessemer 17 ot 6.

L. D. Easterling showed the fans that he still had something on the ball by pitching the first 7 innings and getting credit for the win. The cagey southpaw aided his own cause with a single and double and executed a neat pickof, play that caught the fancy of the crowd.

The Stars were led in hitting by Johnny Smith who pounded out 2 singles, a double and a triple. Royce Seales hit for 2 triples and a single. Ellison and B. Easterling also had ? hits. Our fielding heroes were Smith, Seales, Ellison and McKee. J. P. Easterling is so fast that he makes the hard ones look easy. His speed on the bases is a real crowd pleaser. The Bessemer team will return to City Park Sunday, Sept. 2.

CLANTON 5 - LAWLEY 4—

Wayne Guin went to the mound and turned in a sterling performance to win a game for the Stars over Lawley 5 to 4. The Stars had to come from behind and tally 2 ninth inning runs to gain the verdict. This Saturday afternoon game was a big day for J. P. Easterling who had 3 singles and 2 walks. Royce Seales who is the triples king for the Stars slammed out a pair of these three-basers. Ellison also had 2 hits.

CLANTON 11 - PLANTERS. 2—

The Stars ran their victory string to seven straight as they crushed the Plantersville team Sunday afternoon at City Park 11 to 2. Bobby Wyatt, ace pitcher was struck down by a high curve ball thrown by Ousley while batting in the 5th inning and had to leave the game. The Stars were leading 7 to 2 at the time and Bobby got credit for his 10th win of the year. During the past two years Bobby has a total of 24 wins against only 3 losses. Alright you old timers do you remember any former Clanton pitcher who has come close to this amazing record.

Marion Grant finished the game for Bobby and held the visitors at bay the remainder of the game.

Seales and B. Easterling came through with 2 hits each. Improving Jerry Fulford played a fine game at second base and had 2 hits and three runs batted in. Jerry and Wyatt received their high school diplomas just this year at C.C.H.S. and should have many years of good baseball ahead of them. There are ten former C.C.H.S. athletes on this years team.

We are trying to schedule a game for Friday night. Saturday afternoon the Enterprise team will be our visitors and the Stars will have to go to Plantersville for next Sundays game. Our record is now 15 wins and 7 losses. We have tied 1 game

Near Capacity Crowd Tarns Out For Wrestling Here

A near capacity crowd turned out at the National Guard Armory in Clanton last Saturday night to witness two rip-roaring wrestling matches staged there. The match, under the auspices of the Guard unit, was the first of a series to be put on by promoter Gus Gulas.

Next match in the series will be held on the night of August 25th, beginning at 8:15. On this night electric fans will be used to be used to assure a comfortable air for the spectators. Due to a mechanical failure the fans were not used Saturday night.

In the first match on Saturday night's card Belle Starr won over Carol Kawalski. First fall went to Carol after eleven minutes; second fall was awarded to Belle in only two minutes and sixteen seconds. Carol was disqualified for the third fall after she threw Bell Starr out of the ring and would not permit her to re-enter.

In the main event Don Fields was named victor after referee Charlie Keene reversed his first decision in favor of "Rowdy Red" Roberts. Roberts took the first fall in thirteen minutes and Fields the second in two minutes and ten seconds. The third fall was awarded to Rowdy Red Roberts and then reversed to Fields on a technicality.

Advance tickets for the next bout will go on Sale at Morrison Furniture Co. on August 18th. Fans are advised to get advance tickets early while they can still choose their location. A capacity crowd is anticipated for this second bout for which a top card is being planned. Watch your Chilton County News for further details on coming matches.

County Governing Body Votes To Build New Courthouse Here

Folks and Things ABOUT TOWN

—By Ben

SIDELIGHTS — Grace Golden, wife of Dr. W. C. Golden, forgets doctor's appointments. . . . Minnie Wade drives off in other peoples trucks. . . . Looks like the Board of Revenue & Control are planning to build Chilton County a new Courthouse. Don't be confused by the vote when it was taken at the Board's called meeting. More wanted the new Courthouse than voted that way. . . . Gertie Taylor is selling floor wax for the benefit of the Cooper Community House. Slide up to her and get a couple of cans. The good deed will make you shine all over. . . .congratulations to the two Miss Thorntons (twins) who have recently joined the WAF. . . .

Clanton Motors, Inc, has a 1914 model Ford touring car in their display window. Much attention has been shown in the old car, not only out of respect for its age, but for the well-preserved condition of the upholstery and other equipment. While looking the old "Lizzy" over we wondered where the owner had kept it for it to be in such good condition and Dyer Shackelford suggested he must have kept it in the living room. It was driven down from Bessemer Tuesday.

Madison Taylor killed one of the biggest worms we ever saw Tuesday. The funny thing about this worm is that it had ten rattles and was four and a half feet long. If we were given to going measuring around rattlesnakes, which we ain't, we would say that this little fellow was about four or five inches around at the largest wiggle. Madison killed it between Providence Church and Higgins Ferry Road. Rather a tartling sight to walk up on, stretched out on the floor as you enter the News office.

If your telephone service at the Chilton County News is slow this week and information is not forthcoming promptly it will be because Mrs. Johnnie Vines, who looks after the office chores, etc., is flying to Richmond, Va., to get her daugh- r, Sharron, who has been visiting here this summer. Mrs. Vines will be back at her desk next Monday.

Looks like our candidates for ity Council will grow to a respectable number after all. Dewey rew and Callen Alred have quali- d for place on the City Council o increase the number of candidates o nine. Still another will qualify be- re the deadline Saturday we are ure, even though his name does ot appear on the list at press time Vednesday. The candidates should umber at least fifteen for a City f this size so let's hope more civic inded citizens take action before is too late to qualify.

Welcome back home to Harold nd Doris Smyer. You have been issed in Chilton County and we 're glad that you thought enough our fair City to "come home." arold is office manager at the ulf Gas & Oil Distributor—re- b. Studdard & Company— and we e sure Doris will take up where e left of. in her beauty shop ork. Chilton County needs fine ung people like the Smyers.

$75,000 Health Clinic Is Slated For Chilton

Chilton County now has her name at the top of a list of counties who will be building new health clinics soon.

A committee comprised of Probate Judge M. D. Tingle, Dr. G. M. Taylor, Carden Astin, and J. M. Dunlap met with the State Hospital Board in Montgomery on August 8th and told them of Chilton County's need of a new health clinic to replace the present frame construction in Clanton

The new structure, to be built under the Hill-Burton Act, will cost approximately seventy-five thousand dollars. Of this amount the Federal Government will supply $50,000 and Chilton County will make appropriation for the remaining $25,000.

Location of the new clinic has not been decided as yet.

SCHOOLS OPEN AUGUST 31st

Chilton County boys and girls are reminded that the school doors will swing open in just two weeks, Friday, August 31, to be exact. Schools will be dismissed at noon on that day. Labor Day will be a holiday and regular scheduled classes will begin on Tuesday, September 4. This will give ample time for students to buy books and supplies.

The general calendar for the rest of the year is as follows:

November 22 & 23, Thanksgiving.

December 21, Dismiss for Christmas.

January 2, Back to school after Christmas.

March 28 & 29, A.E.A. Holidays.

Mt. Creek To Hold Revival

The Revival begins here Sunday August 19th. The evangelist will be the Rev. R. E. Wilkins, pastor of Wst End Baptist Church of Clanton.

Everyone invited. Services will be each night at 7:30.

Six Local Lions Receive Awards

Six members of the Clanton Lions Club were awarded perfect attendance pins for the 1955-56 year last Friday, August 10th.

Gordon Robertson, president, presented the pins to Lions C. E. Tucker, Ralph Johnston, Luther Kendrick, R. L. Scott, Ralph Morrison, and Glen Bashore.

Daughter Of Thorsby's First Settler Visits

Mr. Louis Pearson was the first settler in Thorsby, Alabama and his daughter was the first baby girl to be born in the town. She is Mrs. Thomas Audre, who along with her sisters, Mrs. Alma Falstone of Flint, Mich. and Mrs. Therresa Jensen of St. Paul, Minn. visited Thorsby this past week. Mrs. Audre's name, "Thora" was taken from the town's name of Thorsby.

The sisters stayed with Mrs. A. A. Conway and were supper guests of Miss Naomi Turnquist, Mr. and Mrs. Carl Turnquist and Mrs. Marie Reagan. Miss Naomi Turnquist carried them to Birmingham on Monday.

CCHS Band To Begin Practice Tuesday, 28th

Band practice will begin Tuesday morning, August 28th at 9:00 o'clock. Due to the absence of summer practice, all band members are expected to report to the first rehearsal.

The first public performance will be during the first football game on September 14th. With only three weeks to practice, I urge all parents to have their children at the High School to begin the school term of band.

River Water Now Serving Clanton

The Citizens of Clanton are now assured of a steady and sufficient water supply. The water line to the Coosa River has been completed as well as pumping facilities necessary to bring the water to town.

According to Lewis Culver the City Water Plant started pumping and filtering water from the Coosa last Friday. Previously all water used in Clanton was drawn from Yellowleaf Creek.

Cox Revival Begins 27th

Revival Services will begin August 27th at the Cox Chapel Church. Rev. Norman Carr will be the guest speaker. Services will be evenings only, bginning at 7:00.

Everyone is invited to attend.

Little Leaguers Complete Best Season On Record

OTT MILLER

Without doubt this year has been the most outstanding in Clanton's history of Little League ball clubbing. The four teams finished their regularly scheduled season of play with three of them in a practical tie for First place. The Lions Club team held First over the Kiwanis only as a result of having played 2 games that ended scores tied while the Kiwanis had only one such game. The Methodist Braves took third place with a record of eight wins against seven losses and knocked the Kiwanis team out of first place by winning the last game of the season with them.

In the tournament the All-Stars of Clanton, under the direction of "Bing" Lecroy drew the Tallassee team, the best in the League and lost to them. Tallassee won the championship and went on to the State Tournament in Leeds. Auburn, for the second consecutive year was victorious in the State finals.

This year's activties should not be completely closed without thanking Charlie aPtterson for serving as president. To managers J. E. Easterling, George Smith, Bing Lecroy, Bruce Barze and Johnny Vines go our deepest appreciation.

Thanks to Leland Hudson, who called the games and the Clanton Drive-In for making the broadcasts possible, and especially to all the merchants who contributed so much financially and physically. Thanks to Bob Powers who worked so diligently to provide the fence and in keeping the field in playing condition.

And so, to them and to all YOU good people who supported these kids, a great big thank you, as we close this 1956 season of Little League Baseball. We'll be looking for you with enthusiasm next year.

Rural Carriers To Run Earlier

Beginning Monday, August 20, 1956, rural carrier schedules of this office will be one hour earlier than in the past. The moving up of carrier schedules is to enable mail received from rural routes to be dispatched on first outgoing mail which has been changed from 5:40 to 5:09 p.m.

Clanton Building Park For Negroes

The City of Clanton announced this week that work is well underway for negroes of Clanton and the surrounding territory. A committee composed of R. C. Williams, Lewis Culver and Howard Boockholdt has been working on the project for some time.

To date, a ball diamond has been laid, a back stop erected and bleachers with a seating capacity of three hundred have been built. Construction is to begin this week on a wire fence to enclose the ball park. Plans have been laid for the ultimate lighting of the field but funds for this purpose are not yet available.

Clanton's City Council voted to begin the project with an appropriation of two thousand dollars. This first grant was met with an appropriation by the Chilton County Board of Revenue and Control with another $2000.

Lewis Culver stated that any help available on the lighting program would be greatly appreciated by the committee.

The new park is located in the vicinity of the Clanton Colored Elementary School.

Commissioned In Army Reserve

Phillip Moses Lawrence, Clanton, a candidate for graduation at the Alabama Polytechnic Institute, will be commissioned second Lieutenant in the U. S. Army Reserve at 9:30 a.m. August 24.

Col. W. W. Whelchel will serve as commissioning officer.

Lawrence is the son of Mrs. J. M. Molliston of Clanton.

Adventist Gets New Teachers

Mr. and Mrs. Alton King have been selected for teachers in the Seventh-Day Adventist School. Registration will take place August 27th. Tuition for the Kindegarten will be $12.50 per month for one-half day and $20.00 per month for all day.

For further information, call Mrs. J. J. Pickens at 178-W.

Adventist Church Gets New Pastor

O. O. Graham

Mr. M. J. Crowson, Elder of the Seventh-Day Adventist Church, announced today that their newly selected pastor, O. O. Graham, will deliver his first message to their congregation Saturday morning, August 18 at 11 o'clock; which is their regular church time.

Crowson stated that the new pastor is a graduate of Southern Missionary College and has been engaged in various types of evangelism during the past year.

Snoddy Taking Steps To Protect Ala. Pensioners

Continuing his efforts to protect from abuse all persons receiving pensions and security checks, Commissioner J. S. Snoddy revealed today that the following letter will be mailed with each August check for old age pensions, aid to blind, aid to dependent children, aid to permanently and totally disabled, temporary aid, and aid to children in foster care:

"Dear Friend:

> **WARNING: Read Carefully!**
>
> Beware of any person who says he can increase your check if you give him money. No one can change your check except the Department of Pensions and Security.
>
> You **do not have to join any organization** to get a check. You **do not have to pay any dues** to get a check. You **do not have to carry insurance** to get a check. The Department has not hired anyone to sell you insurance.
>
> Please report to your county department if people ask you for money saying it will get your check increased."

Snoddy's letter followed the recent investigation in Chilton County where numbers of old age pensioners had inquired of the County Department because their checks had not been increased. It was found, the Commissioner said, "that certain insurance agents apparently had left the impression with the pensioners that they were from the Department of Pensions and Security and that if the old people purchased policies from them, their checks would be increased to more than off-set the premium.

"While individual statements were different in different instances," Snoddy explained, "it appeared plain that many pensioners expected reimbursement for their initial premium payment as well as substantial increases in future checks."

"We are working closely with Circuit Solicitor Glenn Curlee of Wetumpka to help stop any activities that hurt the old people," Snoddy concluded.

To Follow Original Construction Plans

Chilton County's Board of Revenue & Control passed a resolution last Monday morning to begin construction on a new Courthouse for the County. The plan adopted was to proced with the original plans which were adopted by the Board in 1953.

Several weeks ago the Board adopted a resolution to remodel the present building after the State Fire Marshal had declared it unsafe for occupancy. Upon inspection by engineering consultants the Board was advised as follows:

1. The second floor, north east corner, is carrying about 2 times its design load. These books should be removed and stored on the ground floor.

2. The ceiling in the Court Room (second floor) is liable to give away at any minute. To correct this the ceiling joist should be renewed and correctly braced.

More About Courthouse Inspection on Inside Pages

3. There seems to be a displacement of the walls in the outward direction at the second floor. This could mean that proper bearing of the floor joists is no longer obtainable. The second floor should be taken up so that a more extensive investigation of the condition at the walls could be made.

4. The east wall has several large cracks above the second floor. Needless to say that a wall failure in a building of this type (load bearing walls) means the roof comes down.

5. Failure of the walls could be brought about by any one of the following:
   1. High winds as in a tornado.
   2. Blasting in the near vicinity.

6. After much thought as to the feasibility of remodeling the building, the conclusion was reached that remodeling is out of the question and that one of rebuilding is the actual case. This means that the walls would have to be replaced from the ground up. The problem then becomes one of new construction.

7. In short, it is not economically feasible to rebuild this building.

These seven factors were taken into consideration by the Board, who then voted to renew their plans to construct a Courthouse on the County's land adjoining the County Jail.

LOCAL POLICE AID STRANDED PLANE TO LAND

The long arm of the law reached up into the black sky over Clanton last Wednesday night and safely brought down a pilot in distress.

Clifton Parrish, driving the local police car, noticed a plane making a frantic effort to find our unlighted field at about 9:00 p.m. Parrish headed toward the airport to light the runway with his car lights but the plane turned southward and disappeared

After returning to town officer Parrish noticed the plane returning to renew its search after a lapse of about twenty minutes. This time its engine was sputtering as it passed over town. Parrish again headed for Gregg Field, this time with his red blinker going atop the police car. He was followed by Highway Patrolman Hugh Champion and several other automobiles. Parrish drove onto the strip and had gone only a short distance when the plane landed in front of him.

The pilot, E. B. McCune, Jr. missed the runway with one wheel which traveled on the shoulder until he brought the plane to a safe halt.

The single engine plane was a crop-duster belonging to a Wetumpka firm.

The pilot, offered gas to finish the flight home, declined saying he preferred to finish the trip by car.

Vote On Nov. 6

One of the more progressive businessmen is going to make a fortune from this hot weather. He has decided to bottle it and sell it next January and February when it will be appreciated. Of course we suppose he will then be bottling "cool" to sell the following July and August.

* * * *

So far as the South is concerned, never in history has so many had so few to look to for a square deal as we do in Chicago this week.

* * * *

Funny how the big man used to stop by our office so often to chat with us, but now that he drives the big Caddilac with the number (1) tag, he just doesn't have time anymore.

* * * *

The test of a man is whether or not he can take friendly criticism and put it to good use.

* * * *

We don't know of anyone who has been shot, run over by a car or drowned in church recently. It's safe; trv going.

* * * *

A good excuse doesn't necessarily get the job done, but it may save your hide occasionally.

* * * *

Never worry about a competitor. Attend to your business and let him do the worrying.

* * * *

Now that we are in the second half of 1956, what can you sav of vour use of the first half?

THE SOUTH—AND THE LESSER OF TWO EVILS—

The South has but one choice in the Democratic Convention now in progress at Chicago—the lesser of two evils.

Ex-President Harry Truman having chosen Harriman as his choice should automatically have given Stevenson the solid South vote. Truman's stand on segregation is well-known and repulsive to any intelligent Southerner so we must assume that Harriman will continue the fight to either bring integration to the South or as his sponsor (Truman) puts it: "stop all federal aid to schools, highways, etc.," until integration is accomplished. This, of course, is the heighth of discrimination.

Stevenson, on the other hand, has stated that he would not even try to bring integration to the South by force. However, he is far from what the South would choose given the opportunity.

It looks from here that the South delegation from our sister states, who are now in Chicago will just have to choose the lesser of the two evils.

WHY NO INTEREST?—

There isn't enough interest in our City election.

Clanton has grown from a small business to a very large business with many headaches within the past few years and public spirited citizens should be interested enough in our City to see that men of high character and with the City interest at heart, offer for membership on the City Council and for the office of Mayor.

We hasten to say that we have the highest respect for each and evervone of the businessmen who have offered themselves to serve their City. It is mostly a thankless job and requires a lot of a man's time and energy, but there should be many more who are willing to serve. The citizens of Clanton should have an opportunity to make a choice and when only barely enough offer for office to fill the public offices to be vacant then we are not allowed a choice of what in our minds, would make the best City official.

As stated before, the coming four years will not be a picnic to the citizen who serves as Mayor or on the City Council—but he will derive a lot of self satisfaction out of having done the best he can for his fellow citizens.

If you blow your own horn, you may find that you have to shift your own gears also.

It gets us the way folks talk about the way things cost these days, when we buy so many things we don't really need.

This coffee is a wonderful thing. Upholders of this fine brew contend that drinking it in the summer tends to drive the heat from your body, making you cooler. However, these same indulgers say that in cold weather it warms you up. Now we ask you, how can it do both. We'll have to admit that it's a versatile liquid, but it's powers surely must be limited. It drives the heat out in summer and keeps it in in winter. Now there's a miracle drug, if we ever saw one.

After hearing Gov. Frank Clements speech Monday night, we're sure that mnay other Democrats who heard it have renewed faith in their party. As they said, it was a hard-hitting, fact revealing verbal attack on the mamby-pamby ways of the present administration and the Republican party. But, most of all, it was to bring the American people closer together in a common cause; that of defending the Constitution of the United States and preserving our rights and liberties. In other words, "wake up, oh America."

Little girls are so neat. From their pretty little heads right down to the soles of their. . . and that's where it stops. They can undoubtedly wear some of the sloppiest, most unattractive excuses for footwear that it has ever been our dubious privilege to encounter: It isn't enough that they're sloppy from the beginning; no, they have to walk on the sides of them, so they look like old rags. It's strange, but they'll do practically anything and wear practically anything to look nice, even though it's uncomfortable. When it comes to their little tootsies however, anything goes. Tell us girls, how come your feet have to be so darned comfortable.

Joe Smith certainly helped the looks of his station when he added the Sinclair signs around the building. Personality, you know. We're surprised he hasn't thought of it before, with the personality he has himself. Now all he needs to rake in the businss is a sign that says "Gas, 25c Gal." No, we ain't crazy just dreamin'. That's what we call a sweet dream.

A testimonial—Exactly eight days, six hours and four minutes ago, I quit smoking. Nothing to it, I just. . . just. . . gotta have another cigarette. That my friends is the lament of one, Paul Connell, a co-worker of ours. He has calculated that smoking is no good for him. He has also calculated that he stands to save millions of dollars if he quits smoking. And, he's quit. Frankly we're kidding him, but we're proud for him. We're glad he's quit smoking. It's a good test of will power and he's surprised us by sticking to his guns. Sure he'll go back to smoking, but the fact remains that he can quit.

What we want to find out is where ole Paul keeps all that money he's saving. Must be a fortune by now.

If you'll just listen long enough to a conversation, you'll hear someone speak up for the Lord. We think that's a very good indication of the effect Religion is having on us these days. No, we're not going to the dogs!

SLOW DOWN and Live

LIFE'S LITTLE SHADOWS

VERNON P. PAYNE

We bow in true gratitude to the noble Congressman who recently had the intestinal fortitude to tell automobile manufacturers to make cars safer or else be subjected to laws that would compel them to do so. This man is hitting at the roots of today's highway slaughter

True, the American public (or a portion thereof) has the speed craze and horsepower is making jackasses out of a lot of us, but the proper steps can curb animal tendencies. If a car is ever built that will run two hundred miles an hour, somebody will attempt to drive it at that rate. Even with governed engines in private automobiles, the highway patrols will be kept busy picking up drivers with hopped-up engines

At present the manufacturers are giving the public exactly what they want, but the truth is the public wants all they can get. It's the same old story of out-doing one's neighbor. Manufacturers could easily compete on the basis of style and safety rather than speed and horsepower.

If the conversion comes, as seems certain, the motorist will be surprised at how much his folly for power and velocity has been costing him. His mileage per gallon will be astounding, initial cost of the auto should be lower, and best all, trips will be less hazardous.

In my opinion, if a conversion such as the proposed one can be accomplished and is responsible for saving even one life it will have easily paid for itself and any inconvenience it might cause.

County Textbook List Given For Coming School Year

Alabama state laws provide for free textbooks for elementary schools. Therefore, no elementary child is required to purchase books. Due to the fact that the amount of money appropriated for textbooks is greatly inadequate to take care of the big increase in the cost of books, the supply of elementary books is inadequate for a good teaching job. Every effort is made to distribute these books in such a way as to give every child as much benefit from them as possible. Parents wishing to buy additional elementary textbooks may place orders with the local textbook dealers.

Several new books have been adopted for junior and senior high grades. Since all Chilton County Schools use a uniform course for grades seven and eight (and larger grade nine) we are listing below entire lists for these three grades

Fire Marshal Again Condemns Courthouse

States Repairing Would Be Waste Of Funds

Honorable M. D. Tingle
Chairman
Board of Revenue and Control
Chilton County, Clanton, Alabama

Dear Sir;

In reply to requests received by this office, which were made by citizens of your County, I have again re-examined the Chilton County Court House located in Clanton, Alabama asd I am sending you this report so that the Board might be fully aware of these findings.

Included is a copy of an inspection dated October 14, 1954 and also the recommendations made at that time by Mr. H. H. Houk, Director, Technical Staff, State Building Commissioner:

"Dear Sir:

As requested an inspection was made of the Chilton County Court House, October 13, 1954, in company with J. W. Ktichens, State Fire Marshal.

In the light of the State Fire Marshal's report and my inspection the following findings and recommendations are submitted:

FINDINGS:

1. The Court House has served the better part of a century which is beyond the economic and efficient life of such a building in a growing and progressive County.
2. Continuance of it's use will require repairs to the chimney, roof, stairs and other deteriorated parts; replacement of certain ceilings, certain plumbing lines and fixtures; almost the entire electric wiring system; and the removal of existing fire hazards to the extent possible in a building of it's type and condition.
3. If replacements, such as wiring, are made their full cost will not be obtained since construction of a new Court House in the near future cannot be avoided because it is impracticable, and would be wasteful to attempt to prolong its service life by remodeling and|or adding additions or annexes.
4. Irreplacable records in the Court House are subject to the hazard of loss or damage, which should it occur, could in the future cost the people and the County more than a new Court House.
5. There is not enough space in the Court House for the units of County government which now occupy it and private buildings are being leased by the County to house other units, which for proper functioning of the units and efficient, convenient service to the people, should be located in the same building. Working conditons in the building cannot be brought up to recognized health standards for all the people working in the County government units which now occupy the building due to lack of space.

RECOMMENDATIONS:

1. In view of the above findings, the excellent financial condition of the County, the present low interest rate, the current favorable construction costs, a now well-planned, well-sited Court House that will provide space for all the necessary services of County government should be built, as soon as practicable.
2. The site should be large enough to permit ample, convenient off-street parking, of sufficient area to permit the construction of any forseeable necessary or desirable County buildings considered properly near a Court House.
3. That the new Court House be built on a well-drained site five to ten acres in area, not too far from the center of the City, conveniently accessible from highways, streets and to water, sewer, power and gas lines.
4. That neither the site of the old Court House or the present jail be used for a new Courthouse because neither are large enough for building. Either would increase an already serious parking problem, and would tend to retard rather than contribute to the development of the business district."

Please do not hesitate to call on us if you feel that we can be of service on this or any other county building problem.

Yours very truly,
H. H. Houk (Signed) Director Technical Staff
State Bldg. Commission

On my re-examination I was accompanied by Mr. Richard A. Payne, Special Agent National Board of Underwriters. This inspection was made Tuesday, July 17, 1956. The general condition of the Court House was the same as the 1954 inspection with respect to the electric wiring, chimneys and the walls have deteriorated some during this period.

Mr. Payne jumped up and down on the roof inside the wall of the Northeast corner and the East wall would vibrate. I stopped him immediately as I would not wish to witness an accident. I found that the chimney from the boiler room in a very dangerous condition, being separated from the wall and the mortar has dried out and can be slipped out from the brick in sections as much as six inches long.

This mortar is not holding the brick together, but is merely holding them apart. This chimney should be torn down or completely reworked immedaitely. I suggest that the Sheriff of Chilton County secure suitable signs to be placed near this East wall prohibiting the parking of vehicles and prohibiting anyone walking in this area as I consider it the most dangerous hazard of any public building that I have ever inspected.

It appears to the writer that the walls are bucking a little more on this inspection than on the previous inspection. Also the walls inside the Circuit Clerk's office was in much worse condition than previously.

I find that recommendations as to wiring, removing the stalls from the room formerly used as a rest room, discontinue use of the closets underneath the stairs and, in general, my recommendations have been disregarded entirely.

I did find that the rails going to the second floor have been strengthened but the stairs are not too solid and with each passing month will increase the danger of using them. I also find that the locks in the County Jail are not in too good working order and something should be done in this matter.

I noted that the ceiling in the Court Room has been refinished since 1954, but I also noted where it had been wet and had apparently fallen and was replaced with the same material. There has been a new roof put on this building which is an excellent roof and good workmanship in applying it but due to the roof's sagging and the lack of supports I cannot help but feel that this was wasted money. The capping on the chimney on the Southwest corner is loose and a good strong wing could blow this capping off in the street and would kill anyone if it should strike them. I recommend that this capping be removed as soon as possible.

I believe in local government as much as anyone, but in all fairness to my Office and all personnel, I feel that it is my duty to inform you as to my findings and again want to go on record stating that if these recommendations are not carried out, the Fire Marshal's Office feels no responsibility should a catastrophe occur.

Re: Our Case No. 9981
Inspection—Chilton County Court House, Clanton

Dear Sir:

After the writer and Mr. H. H. Houk, director, State Building Commission, conducted the inspection at Chilton County Court House, Annex, Jail, and jailer's home, I hereby submit my findings and recommendations.

I find that the Court House heating plant is in a very bad state of repairs and I am reliably informed that this boiler leaks water to such an extent that it is dangerous to leave the boiler without being attended for any length of time. I find that the boiler room does not have the necessary one-hour fire resistant plate above the boiler. It is surprising to me that the wooden joists which have dried out completely have not ignited causing a fire before now. In the boiler room, I found a considerable amount of rubbish consisting of old boxes, broken pieces of furniture, etc. I recommend that this rubbish be removed immediately. I also find an approximate two-horse wagon load of finely spilt kindling in the room adjoining the boiler room which creates a definite fire hazard since the eaves of this shed are open and a cigarette can be flipped into this room even though it is securely locked. I recommend that this opening be closed immediately and the boiler room be re-arranged so that combustible material will not be close to the boiler.

I find that the wiring in the entire Court House is entirely too small and find that the light circuits have 30-amp fuses when they should not carry over 15 amp. I am reliably informed that even with 30 amps these fuses often blow. This is a clear indication that the line is extremely overloaded. I find that the offices do not hav base plugs for fans, adding machines, etc. and offices that do have one base plug have as many as four outlets from this one plug, which is a direct violation of the National Safety Code. I also find where extension cords are being used running a great distance, some of these being over nails or iron pipes, which is another violation. I find that in one office two air condition units have been installed and after talking to the person who made the installation, I was informed that a separate circuit has been run from the back part of the Court House to these outlets, but it occasionally blows the fuses. This is caused by the small size of wire coming into the building which in my opinion would necessitate a complete new wiring system.

In going from office to office, almost wihtout exception, I find that fire hazards exist to records being stacked in wooden racks. (I find that a definite improvement has been made since the inspection which was conducted on April 18, 1952 but the racks holding these books being of wooden construction would merely add fuel to the fire should fire occur.) I highly recommend that space be provided or a vault type building where these valuable and irreplaceable records might be safely stored in metal racks.

In examining the ceiling in the Court Room, I find that the plastering and laths have been removed and narrow wooden strips have been replaced on the joists where Celotex has been applied. Should fire occur anywhere in the attic or ceiling of this Court Room, there is nothing to prevent the rapid spread of flames. Since this building has a slate roof and is of brick construction, it is practically impossible to fight a fire in this building from the outside. Due to the fact that it has suffered a fire which gutted the entire interior of this building, in my opinion it would be extremely dangerous for firemen to proceed into the building to fight a fire if it gained much headway. Should fire occur in the second story and any amount of smoke be discharged, it would naturally necessitate a person feeling his way from this floor to the ground floor. On examination of the railings leading from the second floor to the first floor, I find them to be in extremely dangerous condition. A small amount of pressure on these railings would cause them to fall to the ground floor. It is my recommendation that thees railings be replaced immediately with iron railings if it is determined that this building is to be used for any period of time, and even on a temporary basis, I recommend that these railings be reinforced immediately with wooden structure.

I find that underneath these two wooden stairs that there have been built in closets in which I am told Coca-Cola is stored in one and in the other I find brooms, mops, etc. It is a strict violation to have a builtin closet for the storage of any material whatsoever under wooden stairs. I recommend that these two closets be emptied immediately and the doors secured so that nothing can be placed in them.

I find in the room which was formerly used as the men's rest room considerable rubbish consisting of boxes, papers, etc., and I find that the old wooden stalls are still attached to the walls which definitely creates a fire hazard. It is my recommendation that these partitions, or stalls, be torn out immediately and the rubbish be removed and carried to a safe place and burned. This room can then be re-arranged and used for safe storage.

In making this inspection, I find numerous bits of evidence which indicate that termites have done considerable damage to the building and I would not make recommendations as to the condition of the joists and sills. It is suggested that a person well qualified in termite extermination be consulted.

In noting the condition of the outside walls, there are numerous cracks which, in my opinion, have been caused by deterioration due to age and water being spilled on the side of the building causing the mortar to wash away. The smokestack or chimney from the boiler room is spearating from the wall and for approximately 15 feet from the top it is spreading apart. This smokestack should be corrected as soon as feasible as it is possible that portions of this stack might fall causing serious damage to property or persons should any be in that vicinity.

In making the examination of the Court House Annex, I find this building to be of a temporary nature and do not feel that specific recommendations be made concerning this building as it appears that it will not stand but for a few short years at best. I suggest that the entire building be either demolished or completely overhauled. There was also some evidence of rubbish around this building.

The inspection of the jail revealed it to be in excellent condition as to fire hazards with the exception of the boiler room. Next to the boiler room, I found numerous cot mattresses, pasteboard boxes, and other rubbish which should be removed at once. The jail as a whole is in excellent condition from the standpoint of fire.

We next inspected the jailer's home which is adjacent to the jail and find it in bad state of repairs. It is my firm opinion that this home is not worth the repairs that would be necessary to make it fire safe. The sills, flooring, walls, and porches are dilapidated to such an extent that in my opinion, it is a definite fire hazard to all buildings in this block. As a temporary precaution, it is suggested that the grounds be cleared of all weeds, grass, vines, and other rubbish and that extreme caution be exercised at this home to prevent fire.

This report is being submitted to you to be made public should you so desire, with the express purpose of this office that the people of Chilton County realize the condition of these buildings and, unless these recommendations are carried out, the Fire Marshal's Office feels no responsibility should a catastrophe occur as a result of said condition.

Respectfully submitted,
J. V. Kitchens

STATE OF ALABAMA
A PROCLAMATION
BY THE
GOVERNOR

WHEREAS, the Legislature of Alabama at the Second Special Session 1956, ordered an election to be held by the qualified electors of the State of Alabama upon a certain proposed amendment to the Constitution of Alabama, which said amendment is herein set out and ordered that the said election be held on the fourth Tuesday in August 1956; and

WHEREAS, the fourth Tuesday in August 1956, will be and occur on Tuesday, August 28, 1956; and

WHEREAS, notice of such election, together with the proposed amendment, is required by law and by the provisions of the act submitting the amendment, to be given by a proclamation of the Governor to be published in each county in the State of Alabama once a week for four successive weeks next preceding the day appointed for the election:

NOW, THEREFORE, I, James F Folsom, as Governor of the State of Alabama, do hereby give notice, direct and proclaim that on Tuesday the 28th day of August 1956, an election will be held at the several polling places within the State of Alabama, in the manner and form provided by law upon the following proposed amendment to the Constitution of the State of Alabama of 1901:

"Any provision of the Constitution or laws of the State of Alabama to the contrary notwithstanding, Franklin County, or any municipality in Franklin County, shall have full and continuing power and authority, after an election held in accordance herewith, to do any one or more of the following:

"1. To purchase, construct, lease, or otherwise acquire real property, plants, buildings, factories, works, facilities, machinery and equipment of any kind

"2. To lease, sell for cash or on credit, exchange, give and convey any such property described in subdivision 1 above, to any person, firm, association or corporation

"3. To promote local industrial, commercial or agricultural development and the location of new industries or businesses therein.

"4. To become a stockholder in any corporation, association or company.

"5. To lend this credit or to grant public moneys and things of value in aid of, or to, any individual, firm, association, or corporation whatsoever.

"6. To become indebted and to issue and sell interest bearing bonds, warrants (which may be payable from funds to be realized in future years), notes or other obligations or evidences of indebtedness, to a principal amount not exceeding fifty percent of the assessed value of taxable property therein as determined for state taxation, in order to secure funds for the purchase, construction, lease or acquisition of any of the property described in subdivision 1 above or to be used in futherance of any of the other powers or authorities granted in this amendment. Such obligations or evidences of indebtedness may (in addition to any pledge or pledges authorized by subdivision 8 of this amendment) be issued upon the full faith and credit of Franklin County, or the municipality therein, as the case may be, or may be limited as to the source of their payment.

"7. To levy and collect annually, in addition to all other taxes now authorized or permitted, a special tax or taxes of not exceeding two percent on the value of all taxable property therein as determined for state taxation, in the same manner as other county or municipal taxes are levied and collected. Such tax may be upon all property in Franklin County, or upon all property in the municipality, as the case may be, or upon all property in any district the boundaries of which the governing body of the county or the municipality, as the case may be, shall describe and which it shall determine to be specially improved and benefited by any proposed use or expenditure of the proceeds of such tax.

"8. To pledge to the payment of any bonds, warrants, notes or other obligations or evidences of indebtedness the annual proceeds from any such special tax or taxes and to obligate itself irrevocably to continue to levy and collect such taxes annually until such obligations or evidences of indebtedness are paid in full and to pledge thereto any rental or sales proceeds of property leased or sold by it.

"9 To create a public authority or corporation having such powers, managed and governed by such board or governing body and subject to such limitations as the governing body of the county or the governing body of the municipality, as the case may be, may impose, by approving and filing a certificate to that effect in the office of the judge of probate or the Secretary of State, or their respective successors in function, and to delegate to such public authority or corporation and its board or governing body all powers and authority conferred in this amendment upon Franklin County or any municipality therein

"The recital in any bonds, warrants, notes or other obligations or evidences of indebtedness that they were issued pursuant to this amendment or that they were issued to provide funds to be used in furtherance of any power or authority herein authorized or that any special tax herein authorized has been pledged to the payment thereof shall be conclusive; no purchaser or holder thereof need inquire further; and the levy and collection of such tax shall continue until the principal of and interest on such obligations or evidences of indebtedness shall have been paid in full. The bonds, warrants, notes or other obligations or evidences of indebtedness issued hereunder shall not be considered an indebtedness of Franklin County or any municipality therein for the purpose of determining the borrowing capacity of the county or any such municipality, as the case may be, under Sections 224 and 225 of the Constitution; and the taxes herein authorized shall be in addition to those provided for or permitted in Sections 215 and 216 of the Constitution and all amendments thereto.

"This amendment shall be self-executing; but the Legislature shall have the right and power by general, special or local act to adopt laws supplemental to this amendment or in furtherance of the purposes and objectives hereinabove set forth.

"10. Neither Franklin County, nor any municipality in Franklin County, shall make any engagement or commitment or undertake any project under the provisions hereof unless and until the proposition has been approved by a majority of the qualified electors of the county or of the municipality therein, as the case may be. The governing body of the county, or of the municipality, as the case may be, may provide for holding such election, but in no case shall an election be held until notice of the election and of the proposition to be voted on has been published for at least three successive weeks."

I further direct and proclaim that notice of this election upon Tuesday the 28th day of August 1956 upon the above set forth amendment to the Constitution of the State of Alabama of 1901, be given by publishing the same once a week for four successive weeks next preceding Tuesday the 28th day of August 1956 in each county in the State of Alabama in a newspaper published in said county.

IN WITNESS WHEREOF, I have hereunto set my hand and have caused the Great Seal of the State of Alabama to be affixed by the Secretary of State, at the Capitol, in the City of Montgomery, on this the 2nd day of July 1956.

JAMES E. FOLSOM,
Governor.

Do We Expect Too Much From Our Public Servants?

By Bob Tucker

An election was held and it was voted overwhelmingly not to build a new Court House for Chilton County. Did you then, and do you now realize the scope of the outcome of that "public opinion."

It was with somewhat of an "I'm not interested" attitude that the people went to the polls that day. They had heard rumors about additional taxation and high costs and big money until, confused, they just said "I don't know what it's all about, so I'd better vote against it." That's a wise attitude, but. . .

We'll tell you what it's all about. Read the report of the State Fire Marshall in this issue of the paper and see for yourself just "what it's all about." After reading the report, we'd like to get your reaction personally.

Would you work in a place so run down and delapidated that it made you nervous just to go to work? Our present Court House is in just that condition.

Figuratively speaking, we ask scores of public servants to risk their lives daily, in order to serve our needs. Isn't it ironic? They are serving us, the public in the first place, and we have little enough consideration for their well-being to ask them to risk their lives for the privilege to serve. It isn't only ironic is it?

A financial statement was published a few weeks ago giving the condition of Chilton County as very favorable, financially speaking. In the report from the Fire Marshall, he states that building costs are satisfyingly low and interest rates are very reasonable at present.

What other grounds do we need to build a new Court House than the fact that it is a hazard to scores of our people?

Why should a ton of bricks literally have to fall down around our heads for us to realize the situation? Must we say later on, "That didn't have to happen, we should have built a new Court House."

Do we want to lose all those valuable records by fire? Records that could very well benefit each of us in days to come.

Progress is leaving us far behind, when it comes to this situation. Just how far behind do we want to be left?

We cannot sleep well at night can we, knowing that we are asking scores of people to work under conditions that are unhealthy and under a roof that may crumble in upon them at any moment. Conditions that we might hesitate to work under. Until we have a new Court House in Chilton County, we can very well wear this responsibility, heavy though it is, on our own shoulders. It does not feel good. It is a heavy load. It is an unnecessary load.

We are burdening ourselves needlessly because we are able financially and capable in other ways to do better. What is keeping us from overcoming this burden?

WILLIAM T. HOUSE BURIED AT PLEASANT HILL

William Tandy House, age 82 of Phenix City, died at his home August 5th, 1956.

He was a native of Chilton County, born January 3, 1874.

Report of District Meeting—

L. D. Brookshire and Bob Tucker were delegates to the First Quarterly Council Meeting at Holiday Inn Hotel near Birmingham, and report a fine meeting.

79 Clubs out of 94 (?) were represented and approximately 250 delegates were present. Some with their wives (and that is not a pun).

The Mayor of the City of Bessemer, Jess Lanier graciously welcomed Civitan to their City and spoke shortly on what Civitan was accomplishing.

During this morning session all notables were introduced, including President-Elect of Civitan International, Frank F. Lindsey of Texas.

*Roll call was at this session and Preston Langston had all his Clubs represented with the exception of the Billingsley Club. If they came in late Lieut. Gov. Langston had 100 percent of his clubs represented. Six of the Lieut. Governors did have 100 percent representation.

Cooper M. Horton, District Secretary-Treasurer gave a financial report. An over-all financial and budget plan was presented to the meeting and on being presented was votd on and passed unanimously by the members as our budget for the coming year.

The wives also had a meeting during this morning business session.

The Jonesboro Club was the host Club for this District Meeting and did a very fine job of handling the entire affair.

During the Luncheon that followed the business session, Rev. W. W. Scott, pastor of the First Methodist Church, Huntsville gave one of the most interesting talks it has ever been our privilege to hear. The basis of his talk was learning to live in the First Person Plural. In other words learning to live together.

Bro. Brookshire and I left at the close of the luncheon. We did not attend the afternoon business session, the banquet or the dance that followed.

A more lengthy report can be made upon request of the Club.

MT. PISGAH NEWS

The M.Y.F. program Sunday nite was very good and reports from Helen Edwards, Jeanette Tucker and David Edwards who attended the Youth Assembly at Huntingdon College were given.

Next Sunday night, David Edwards will lead the program on "My Church And Education."

Mrs. Agnes Yeargan led prayer meeting Wednesday night with readings from the 17th Chapter of John. Choir practice followed the Wednesday night service and was well attended.

Our attendance for services on Sunday were good for the Sunday School.

Several visitors were with us and we welcome them to join us whenever possible.

Mr. and Mrs. Billy Yeargan and son visited Mr. and Mrs. Luther Yeargan Sunday.

Mr. and Mrs. Brady Brown and son Ricky Joe visited Mrs. Eula Brown Sunday afternoon.

Eddie Morris and his mother and cousin visited Mr. and Mrs. R. A. DeVaughn and family Sunday afternoon. They attended church services at Mt. Pisgah Sunday night.

SERVICES HELD FOR MRS. SARAH WILLIAMSON

Mrs. Sarah Elizabeth Shellgrove Williamson, age 86 of 500 3rd Ave. So., Clanton died at the home on August 13, at 1:10 p.m. She was a native of Butler County, born February 10, 1870.

Funeral Services were conducted from the Cane Creek Church August 15th at 10:00 a.m. with the Rev. Oscar Deavers, J. B. Dobson and Elbie Deason officiating. Interment in the Cane Creek Cemetery with Spigener Funeral Home in charge.

Surviving are five daughters, Mrs. Noma Robinson, Mrs. May Ellison, Mrs. Arthur Giles, Mrs. Essie Kilgore all of Clanton and Mrs. Nell Kilgore of Montgomery; six sons, A. C., Paul, Oscar, P. C. Williamson all of Clanton, A. W. of Selma and Guy of Alexander City; one brother, Mr. J. B. Shellgrove of Montgomery; 38 grandchildren, 51 great grandchildren and three great great grandchildren.

Mr. and Mrs. Hershel Scott

One of the lovliest home garden weddings of the season, was on Saturday evening, at 6:30 o'clock, August 4th, when Miss Sarah Ethel Carter became the bride of Hershel Scott, son of Mr. and Mrs. J. C. Scott of Thorsby.

The twilight ceremony took place at the home of the bride's parents, Mr. and Mrs. Edd Pettus Carter, with the Rev. Evan Johnson, officiating at the double-ring ceremony.

An improvised altar was arranged at the entrance of the lovely home in the Isabella Community. The semi-circle entrance stoop was decorated with Southern smilax, gracefully extending down, and out on each side, where tall white floor standards filled with white gladioli and fern were placed. The altar was flanked by tiered wrought-iron candelabra holding tall illuminated white tapers. Each candelabra was adorned with smilax and a large bow of white satin ribbon. The floor of the altar was covered with a white bridal cloth.

A program of pre-nuptial piano music was presented by Mrs. W. R. Cobb, aunt of the bride.

Candles were lighted by Miss Barbara Scott, sister of the groom and David Cobb, cousin of the bride. Miss Scott wore a frock of pink nylon organdy, styled with a sleeveless torso bodice with low neckline and full waltz length skirt.

Miss Nancy Carter, sister of the bride, accompanied by Mrs. Cobb at the piano, sang "Because." Her dress was identical to that of Miss Scott's.

The maid of honor, Miss Emogene Cummings of Isabella was attired in a dress of pale orchid embroidered nylon over matching taffeta, featuring a fitted sleeveless bodice, with a scooped neckline, and full waltz length skirt.

Given in marriage by her father, the bride was a portrait of loveliness in a frock of white embroidered nylon over palest blue nylon, styled with a ballerina length skirt with under-hooped skirt. The fitted bodice featured a sweetheart neckline which was trimmed with a wide draped piece of white nylon, forming tiny cap sleeves.

She wore a single strand of pearls, a gift of the groom. Her minute hat was of pale blue velvet, trimmed with rhinestones and a nose veil. She carried a white Bible marked with a white orchid, showered with white satin streamers tied in bridal knots.

Osmond Robinson of Thorsby, served as best man.

Ushers were: Brooks Carter, brother of the bride and Cecil Franklin, brother-in-law of the groom.

The bride's mother chose for her daughter's wedding, a dress of nile green lace. Mrs. Scott wore a light blue veil. Each wore a shoulder corsage of white carnations.

Immediately following the wedding ceremony, the bride's parents entertained at a reception in th home

The living room mantle was banked with Southern smilax, sprinkled with white astors. Garden flowers in pastel tones were artistically placed throughout reception rooms.

Mrs. James Langston presided at the bride's book.

The gift room was presided over by Mrs. Roy Davis of Autaugaville, aunt of the bride.

In the dining room, the bride's table was covered with a cloth of exquisite lace and marked with the two tiered wedding cake, surrounded at the base with a ruffle of white molive green fern and white glads.

The white cake was decorated with hand molded roses in palest pink and white wedding bells. It was topped with a miniature bride and groom and flanked by two silver branched candelabra holding burning white candles.

On the bufiet an arrangement of Dahlia in pastel hues were arranged before a background of smilax.

Punch was served by Mrs. Cecil Franklin, sister of the groom. The crystal bowl was garlanded at the base with smilax and white gladioli.

After the traditional cutting of the cake by the bride and groom, it was served by Mrs. Cobb and Mrs. E. L. Lecroy.

After a two weeks wedding trip into California, the new Mr. and Mrs. Scott will make their home on Rt. 1, Thorsby.

Sardis News

"The best Revival that we have had in years came to a close Friday night. Bro. Daniels delivered some wonderful sermons. The Spirit of God was with us in a mighty way. Christians were revived and we had nine new members, eight of these for Baptism and one by letter. It thrills our hearts to see people accept our Lord. Seven persons rededicated their lives to God's service.

We appreciate all the visitors who came to worship with us and welcome them whenever they can worship with us.

Sunday and Sunday night is our regular preaching day and we wish to invite all who can to come out and hear the wonderful message our pastor has in store for us.

Attendance for the services during the week-end was good. Let's be encouraged to work and pray together and let the love of God abide in our hearts.

Our Baptizing will be Sunday evening. Bro. Jones will announce the time and place Sunday morning.

Thorsby Institute News—

Miss Leila Andersson is the country's only woman Circuit Rider on the National scale. After a solo trip around the world she started a three year trip around the back-woods of the Country. She has ridden 63,000 miles and visited many churches. The Board of Home Missions of Congregational Church, is behind here in her rural work. She has spoken before in the Congregational Church here in Thorsby.

Rex Robinson of the Class of '5? was a visitor at the school. He is now working for the gas company in Clanton.

We are very grateful to Mr. and Mrs. Herman Robinson for the peaches that they have given the school recently. Several of the Guild Ladies kindly helped us can the peaches.

School begins September 4 at 10:30. It will be in session on Saturday, September 8th. Everyone is invited to the opening exercises. If you have not registered, you should do so as soon as possible.

More Taxes Are NOT Needed in Alabama Now!
Vote "NO" on Amendment No. 1
August 28th

Voters of our State have been proved right in their rejection of the tax-raising Goodwyn Amendment last December 6th, in spite of threats that our schools would close if it failed to pass. Our schools did NOT close and they won't. Meanwhile teachers' salary raises have been put into force.

School Taxes Show Sensational Gains

Tax collections from key levies which support Alabama schools are almost $19 million ahead of collections during the first ten months of the 1954-55 fiscal year.

Commenting on soaring school revenues, widely-read columnist Hugh Sparrow wrote August 2nd in The Birmingham News:

"What this means to the general public is that sufficient funds will be collected this year to pay the educational appropriations in full. Furthermore it probably means there will be a surplus on hand when the State's fiscal year ends Sept. 30, 1956. For parents and school teachers it should be an assurance that teachers will keep their $600 a year pay boost indefinitely and that schools should get a good start at the beginning of the next school term."

In brief, there is *far less reason* now to raise taxes than eight months ago when the Goodwyn Amendment was overwhelmingly defeated.

And remember this—Amendment No. 1 is NOT an added tax on "corporations only." It's a pass-it-on Tax Amendment that all the people of Alabama would finally pay.

Vote August 28th as you did last December 6th AGAINST MORE TAXES that are *not* needed now in Alabama.

You get more car when you buy it . . . more dollars when you sell it! Chevy has the highest resale value of the leading low-priced models.

Why people who used to buy higher priced cars are changing to Chevrolet

More and more buyers are deciding that they prefer a sweet handling Chevrolet to a big, unwieldy high-priced car!

When you consider Chevy's reputation for performance and roadability, you wonder why anyone would pay hundreds of dollars more for a higher priced car. Well, a lot of people have been wondering the same thing, and the result has been a big switch from high-priced cars to Chevrolet. Of course you save plenty, too. Come in and sample the fun and get the facts!

Other low-price cars can't possibly give you these 7 big Plymouth extras!

Do you own a '53, '54 or '55 model of one of the low-price 3? Then here's what you're missing—look how much more the all-new Plymouth offers:

1 Tomorrow's styling today: You can easily see Plymouth is all new, while other low-price cars haven't changed much in the last two years.

2 Biggest, inside and outside: Plymouth's the biggest, longest, roomiest car of the low-price three. A smoother ride and more room to enjoy it!

3 Exclusive Push-Button Driving: With a mere finger touch, you select your driving range—as you'd ring a doorbell. On left, out of children's reach. Positive, mechanical linkage.

4 Choice of two superb engines: Pick either Plymouth's sensational Hy-Fire V-8 (up to 200 hp —240 hp in the Fury) or the PowerFlow 6.

5 Top take-off and passing power across the board: Plymouth's 90-90 Turbo-Torque provides the greatest breakaway and passing power in *all* models of any low-price car.

6 Greatest attention to safety: Plymouth gives you many more standard equipment safety features—Safety-Rim wheels, electric windshield wipers, SafeGuard door latches, dozens more.

7 Far more extra-value features: Plymouth's low price includes many *exclusive* luxury features. Compare at your Plymouth dealer's today!

Plantersville Halted 'Star's' Winning Streak Sunday

Braxton B. Bates

Clanton 6 - Enterprise 5—

The Enterprise ball club made an all out effort to break the Clanton winning streak and their hustle left the game in doubt until the 9th inning when the Stars pushed over the winning run to edge their visitors 6 to 5. L. D. Easterling toed the mound for the Stars until he tired after going 5 innings. Jimmy Fulford pitched one inning and Harry Ellison finished the game to get credit for the win. The Stars led 4 to 0 after 3 innings but Enterprise got one each in the 4th and 5th and tied the count in the 6th with 2 more. The Stars went ahead on J. P. Easterling's home-run over the right field fence in 7th, but the visitors came back with one inning tally and the Stars finally won out by getting one in their half of the 9th.

J. P. Easterling, L. D. Easterling, and Harry Ellison had 2 hits each. Dock Knight led Enterprise with 3 safe hits. The Enterprise Club will get their 4th and final chance of the year to beat the Stars next Saturday afternoon at City Park.

Plantersville 8 - Clanton 5—

The Stars got careless and their defense faltered in the 5th inning of Sunday's game and Plantersville poured across 6 big runs that were enough to snap Clanton's eight-game winning streak. Johnny Smith pitched his heart out, but the Clantonians got to John O. Moore for only 6 hits and 5 runs while Plantersville had 10 hits and eight runs. With a tight defense Smith could have had a shut out. Pete McKee got the Stars off to an early lead with the longest home run of his baseball career with two of his mates on base in the first inning.

Clanton led 4 to 1 until the 5th inning nightmare. Edwards got 2 of the Stars base hits.

Our season's record now stands at 16 wins and 8 losses.

The Autaugaville team will be at City Park next Sunday and the Stars expect to have Royce Seales, Bobby Wyatt and Wayne Guin back in the line-up. These boys were sorely missed over the week-end.

With Jack Dennis going great behind the plate Guin may be shifted to another position. The Stars need his hitting.

If you baseball fans appreciate the efforts that our players have been making this year and if you want us to continue baseball on an even bigger scale in 1957 please be at the ball park Sunday and bring your families and friends. Let's make it a big day.

STATE OF ALABAMA
A PROCLAMATION
BY THE
GOVERNOR

WHEREAS, the Legislature of Alabama at the First Special Session 1956, ordered an election to be held by the qualified electors of the State of Alabama upon certain proposed amendments to the Constitution of Alabama, which said amendments are herein set out, and ordered that said election be held on the fourth Tuesday in August 1956 and

WHEREAS, the fourth Tuesday in August 1956, will be and occur on Tuesday, August 28, 1956; and

WHEREAS, notice of such election, together with the proposed amendments, is required by law and by the provisions of the act submitting the amendments, to be given by a proclamation of the Governor to be published in each county in the State of Alabama once a week for four successive weeks next preceding the day appointed for the election:

NOW, THEREFORE, I, James E Folsom, as Governor of the State of Alabama, do hereby give notice, direct and proclaim that on Tuesday the 28th day of August 1956, an election will be held at the several polling places within the State of Alabama, in the manner and form provided by law upon the following proposed amendments to the Constitution of the State of Alabama of 1901:

"Section 137. The attorney-general, state auditor, secretary of state, state treasurer, superintendent of education, and commissioner of agriculture and industries shall perform such duties as may be prescribed by law. The state treasurer and state auditor shall, every year, at a time fixed by the legislature, make a full and complete report to the governor, showing the receipts and disbursements of every character, all claims audited and paid out, by items, and all taxes and revenues collected and paid into the treasury, and the sources thereof. They shall make reports oftener upon any matters pertaining to their offices if required by the governor or the legislature. The attorney-general, state auditor, secretary of state, state treasurer, and commissioner of agriculture and industries shall not receive to their use any fees, costs, perquisites of office or other compensation than the salaries prescribed by law, and all fees that may be payable for any services performed by such officers shall be at once paid into the state treasury. The legislature may require the attorney-general to defend any or all suits brought against the state, or any subdivision thereof, or against any state school board or state board of education, or against any county or city school board or board of education, or against like boards or commissions by whatever name designated, or against any members, officers or employees of any such boards, or against any school official or employee throughout Alabama."

"Section 139. The judicial power of the state shall be vested in the senate sitting as a court of impeachment, a supreme court, circuit courts, chancery courts, courts of probate, such courts of law and equity inferior to the supreme court, and to consist of not more than five members, as the legislature from time to time may establish, and such persons as may be by law invested with powers of a judicial nature; but no court of general jurisdiction, at law or in equity, or both, shall hereafter be established in and for any one county having a population of less than twenty thousand, according to the next preceding federal census, and property assessed for taxation at a less valuation than three million five hundred thousand dollars. The legislature shall also have authority to constitute as judicial officers any or all of the members of state school boards, state boards of education, county school boards, city school boards, and like boards or commissions by whatever name designated, and all superintendents of schools and school officials and employees throughout Alabama, and to provide that all action taken by them, or any of them, requiring the exercise of discretion or judgment in connection with school matters be judicial action."

"Section 256. It is the policy of the State of Alabama to foster and promote the education of its citizens in a manner and extent consistent with its available resources, and the willingness and ability of the individual student, but nothing in this Constitution shall be construed as creating or recognizing any right to education or training at public expense, nor as limiting the authority and duty of the legislature, in furthering or providing for education, to require or impose conditions or procedures deemed necessary to the preservation of peace and order.

"The legislature may by law provide for or authorize the establishment and operation of schools by such persons, agencies or municipalities, at such places, and upon such conditions as it may prescribe, and for the grant or loan of public funds and the lease, sale or donation of real or personal property to or for the benefit of citizens of the State for educational purposes under such circumstances and upon such conditions as it shall prescribe. Real property owned by the State or any municipality shall not be donated for educational purposes except to nonprofit charitable or eleemosynary corporations or associations organized under the laws of the State.

"To avoid confusion and disorder and to promote effective and economical planning for education, the legislature may authorize the parents or guardians of minors, who desire that such minors shall attend schools provided for their own race, to make election to that end, such election to be effective for such period and to such extent as the legislature may provide."

"Section 258. All lands or other property given by individuals, or appropriated by the State for educational purposes, and all estates of deceased persons who die without leaving a will or heir, shall be used or applied to the futherance of education."

"Section 259. All poll taxes collected in this State shall be applied to the support and furtherance of education in the respective counties where collected."

"Section 260. The income arising from the sixteenth section trust fund, the surplus revenue fund, until it is called for by the United States government, and the funds enumerated in Sections 257 and 258 of this constitution, together with a special annual tax of thirty cents on each one hundred dollars of taxable property in this state which the legislature shall levy, shall be applied to the support and furtherance of education, and it shall be the duty of the legislature to increase the educational fund from time to time as the necessity therefor and the condition of the treasury and the resources of the state may justify provided, that nothing herein contained shall be so construed as to authorize the legislature to levy in any one year a greater rate of state taxation for all purposes, including schools than sixty-five cents on each one hundred dollars' worth of taxable property; and provided further, that nothing herein contained shall prevent the legislature from first providing for the payment of the bonded indebtedness of the state and interest thereon out of all the revenue of the state

"Except as they may be specifically set aside in trust funds or otherwise applied to the payment of indebtedness, all proceeds of income or other taxes levied by the state, and of all special ad valorem or other taxes levied by counties and other municipalities, or school districts, pursuant to the constitution as heretofore amended, for public school purposes, shall be applied to the support and furtherance of education pursuant to Section 256 of the constitution, as amended."

"Section 269. The several counties in this state shall have power to levy and collect a special tax (a) not exceeding ten cents on each one hundred dollars of taxable property in such counties, for the support and furtherance of education in such manner as may be authorized by the legislature; provided that the rate of such tax, the time it is to continue, and the purpose thereof, shall have been first submitted to a vote of the qualified electors of the county, and voted for by three-fifths of those voting at such election; but the rate of such special tax shall not increase the rate of taxation, state and county combined, in any one year, to more than one dollar and twenty-five cents on each one hundred dollars of taxable property; excluding, however, all special county taxes for public buildings, roads, bridges and the payment of debts existing at the ratification of the constitution of eighteen hundred and seventy-five."

"Section 270. The provisions of this article and of any act of the legislature passed in pursuance thereof for educational purposes shall apply to Mobile county only so far as to authorize and require the authorities designated by law to draw the portions of the funds to which said county shall be entitled for school purposes and to make reports to the superintendent of education as may be prescribed by law; and all special incomes and powers of taxation as now authorized by law for the benefit of public schools in said county shall remain undisturbed until otherwise provided by the legislature."

I further direct and proclaim that notice of this election upon Tuesday the 28th day of August 1956 upon the above set forth amendment to the Constitution of the State of Alabama of 1901, be given by publishing the same once a week for four successive weeks next preceding Tuesday the 28th day of August 1956 in each county in the State of Alabama in a newspaper published in said county.

IN WITNESS WHEREOF, I have hereunto set my hand and have caused the Great Seal of the State of Alabama to be affixed by the Secretary of State, at the Capitol, in the City of Montgomery, on this the 2nd day of July 1956.

JAMES E. FOLSOM,
Governor.

Proclamation No. 2

STATE OF ALABAMA
A PROCLAMATION
BY THE
GOVERNOR

WHEREAS, the Legislature of Alabama at the Second Special Session 1956, ordered an election to be held by the qualified electors of the State of Alabama upon a certain proposed amendment to the Constitution of Alabama, which said amendment is herein set out, and ordered that said election be held on Tuesday, August 28, 1956; and

WHEREAS, notice of such election, together with the proposed amendment is required by law, and by the provisions of the act submitting the amendment, to be given by a proclamation of the Governor to be published in each county in the State of Alabama once a week for four successive weeks next preceding the day appointed for the election:

NOW, THEREFORE, I, James E. Folsom, as Governor of the State of Alabama, do hereby give notice, direct and proclaim that on Tuesday, the 28th day of August 1956, an election will be held at the several polling places within the State of Alabama, in the manner and form provided by law, upon the following proposed amendment to the Constitution of the State of Alabama of 1901:

"The Legislature shall have power to levy and impose a tax for State purposes on net income from whatever source derived within this State upon every corporation organized under the laws of Alabama, and upon every foreign corporation doing business in Alabama, and to designate and define the incomes to be taxed and to fix the rates of taxes provided that the rate shall not exceed five percentum of the amount of the entire net income. Such taxes shall be first assessed, collected, and paid upon and with respect to taxable income earned on and after January 1, 1956. The provisions of Amendment XXV as ratified August 2, 1933, which are inconsistent with this amendment are hereby expressly repealed."

I further direct and proclaim that notice of this election upon Tuesday the 28th day of August 1956 upon the above set forth amendment to the Constitution of the State of Alabama of 1901, be given by publishing the same once a week for four successive weeks next preceding Tuesday the 28th day of August 1956 in each county in the State of Alabama in a newspaper published in said county.

IN WITNESS WHEREOF, I have hereunto set my hand and have caused the Great Seal of the State of Alabama to be affixed by the Secretary of State, at the Capitol, in the City of Montgomery, on this the 2nd day of July 1956.

JAMES E. FOLSOM,
Governor.

Clantonians Are Making More Calls

Clanton folks this year are talking more than ever before if data released this week by Southern Bell Telephone Company is used as basis for judging a trend.

Mr. O. W. Norton, manager of the company's Clanton office, reported that the number of long distance calls made daily from Clanton has increased 2.4 per cent during the past twelve months.

In July 1955, the daily average of out-of-town calls was 458; this month the daily average is 578.

The number of local calls made daily by Clanton telephone users has jumped 15.5 during the same period. In July of last year, the average daily calling rate was 11,715. The average this July was 13,857 daily.

The increased calling activity, both local and long distance, is indicative of a healthy local economy, the telephone company manager said.

Take a Ford Test Drive . . .
and you may save hundreds!
FORD

Would you trade 20 minutes of your time for a saving of hundreds?

August is Saving Season at your Ford Dealer's. Bag a deal while he clears his decks for the '57 models.

Why put off the fun of a Ford Test Drive for a single day? As you know, it puts you under absolutely no obligation. And it may save you literally hundreds of dollars—we'll get to that a little further on.

By a Test Drive we mean more than a once-around-the-block "spin."

We want you to test the power that rocketed Ford to a 500-mile stock car record at Indianapolis . . . the GO that won the grand prize at NASCAR's Daytona Championships. We want you to feel how this Ford *scat* pays off in *your* kind of driving: in traffic, passing on the highway, getting going at traffic lights. We'll put either a Ford Six or a mighty V-8 with up to 225 h.p. at your disposal.

We want you to drive and *listen*—drive and *feel*.

That fine-car quiet results from sound insulation under the hood, under the roof, in door and body panels—the most insulation in any car at anywhere near Ford's low price.

Some other things that contribute to that smooth, silent, luxury-car ride are things which Ford's leading competitor certainly can't boast: Ball-Joint suspension with wide base control arms for better steering, more stabilized wheel alignment . . . shock absorbers that are mounted to the frame rather than the body.

"Sure," you'll say as you drive along the road. "Feels pretty good—but after all, this car is *new*."

Well sir, when you come in from your drive we'll show you why Ford will stay like new for a long, long time.

We'll show you how Ford has five cross-members (including a "K" member) in its frame. Ford's leading competitor only has two. We'll show you the deep-block Y-like engine design which enables Ford engines to take it.

Now—what you've been waiting for. How can you save hundreds of dollars by taking a Ford Test Drive?

Simply by proving to yourself that there really *is* a fine car in the low-price field.

You see, the reason a Ford does not cost hundreds of dollars more than it does, is Ford's huge production and the huge volume which we Ford Dealers sell.

But enough of this talk. Come in. And *you* do the driving *and* the talking. Bring the family, too.

NOW! *A FORD with AIR CONDITIONING costs less than many medium-priced cars without it. TRY ONE TODAY!* *Based on a comparison of suggested list prices.*

FORD *goes first*

ASC Committee Announces New Boundaries

Eddie Owen, Chairman of the Chilton County Agricultural Stabilization and Conservation Committee announced today the designation and boundaries fo 9 agricultural communities within the County. The communities are composed of civil subdivision as follows:

Community I—Beats 1, 11 and 12; Community II—Beats 2 and 13; Community III—Beats 3 and 14; Community IV—Beat 4; Community V—Beats 5 and 16; Community VI—Beats 6 and 10; Community VII—Beats 7 and 8; Community VIII—Beat 15 and Community IX—Beat 9.

Mr. Owen stated that the County has been divided into local administrative areas for election purposes. The election of Community Committeemen will be held on September 11, 1956. Each Community will elect a Committee consisting of three regular members and two alternate members to assist the County ASC Committee in carrying out farm programs in the County.

The persons elected as Community Committee Chairman and Vice-Chairman will also serve as delegate and alternate delegate, respectively, to the County Convention. Delegates from the nine communities will assemble in a County Convention during the week following the community election for the purpose of electing a County Committee of three members and two alternate members.

The County Committee is generally responsible for carrying out in the County the Agricultural Conservation Program, the Price Support Programs, the Acreage Allotments and Marketing Quota Programs and other programs assigned to it by the Secretary of Agriculture or the Congress.

Parents Reminded To Have First Graders Ready

With the opening date of Chilton County Schools just around the corner, pupils, parents and teachers are making some very definite plans. To the parents of children just starting school for the first time this year, it is very important to remember two items:

(1 Be sure to bring or send the child's birth certificate showing that he is old enough to begin school. The State law regarding entrance age definitely specifies that a child must be six years old on or before October 1 in order to be old enough to enter this year. It is necessary that this law be strictly observed and first grade teachers are instructed accordingly. No exceptions will be made. If a child does not have a birth certificate, it is important that parents take immediate steps toward acquiring one. Such steps should begin with the Health Department.

(2 Also, be sure that the child has a certificate showing that he has had the required shots for admission to school. These shots are for diphtheria, whooping cough, typhoid fever and smallpox. These shots are given by the Health Department. If parents prefer, they can be given by the family physician, but a statement must be obtained from the doctor showing that the shots have been given.

This regulation is for the protection of our children. These shots can prevent serious epidemics that can be harmful to the child's health as well as his educational progress.

Hollis Jackson Writes In Regard To Mayor's Race

Because of my keen and sincere desire to serve the people of Clanton as their Mayor for the next four years, I have qualified as a candidate for that position and submit for your careful study and consideration some of my qualifications.

I am forty five years of age, the son of the late Dr. and Mrs. J. A. Jackson, was born in Sulligent, Ala. I finished High School there and attended the University of Alabama for one and one-half years. I transferred to Auburn, where I received my degree and did graduate work. After graduation I taught Vocational Agriculture for nine years, seven years of this here at Chilton County High School. In July, 1944, I left the teaching profession and have operated the Chilco Quick Freeze Plant since that time.

Operating the Quick Freeze business has given me a wide range of valuable experience in the business field.

My family and I have been very fond of Clanton and Chilton County and the good people here from the time we moved to Clanton. We own our home here and have settled on Clanton being our permanent home. Besides my wife, Erma, we have two sons, John Hollis and Alex. I have always been interested in Community problems and have always associated myself with numerous worthwhile Civic Activities. In offering myself to serve you as Mayor of Clanton, I feel I can expand my field of rendering Community Service in a way that will make for a much better and more progressive City.

I have been very active in many civic organizations and projects and list some in which I have served:

1. Member of First Methodist Church. Served on Board of Stewards for sixteen (16) years. Now Chairman of Official Board of local Church.

2 Past President of Sunday School Class for a period of (2) two years.

3. Member if Clanton Kiwanis Club for 19 years with a 14 year perfect attendance record. Past President and director for a number of years.

4. Member of Chilton County Chamber of Commerce. Past President and present Board of Directors.

5. Served on Chamber of Commerce Industrial Development Committee also as Chairman.

6. Member of Clanton Industrial Development Board. Present Chairman of Board.

7. Member of Alabama Frozen Food Locker Association. Served as President for two (2) years.

8. Member of Parent Teachers Association and served as President this past year at Chilton County High School.

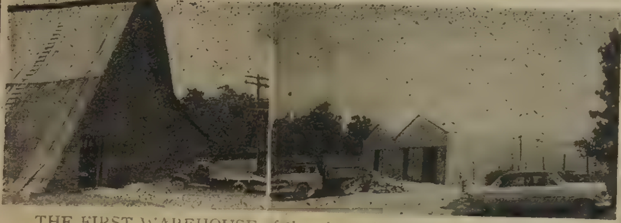
9. Member of County Council of Parent Teachers Association and at present am Vice-President of same.

10. Have been on local and district Boy Scout Committee for a number of years.

Let me again assure you of my desire to serve you as Mayor and solicit your vote and influence. In a later edition of the local papers, I will give you a report on my ideas of the problems facing the operation of our City, together with some of the things I would like to see our City accomplish.

Thanking you very much, I am
J. HOLLIS JACKSON

FMX Completes New Warehouse At Plant Here



THE FIRST WAREHOUSE of the Farmer's Market & Exchange fertilizer plant was finished here this week. The new steel building shown at the right above contains fourteen thousand square feet of floor space and, according to the local office, is already half-filled. At the left of the picture is the South entrance of the vast fertilizer plant, where a new sacking elevator has just been installed which has doubled the output of the plant. Guard Sponsors Second Match At Armory, 25th

Promoter Gus Gulas has booked another first for Clanton. It will be on Saturday, August 25 at 8:15 p.m.

He feels that this is one of the top cards of the state and is expecting a large turnout.

On this card will be the only husband and wife team in wrestling, Karl and Carol Kawalski.

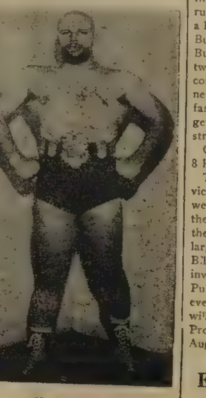
The Kawalski's will be one team of the big mixed tag teams which headlines the card. Opposing Karl and Carol will be Miss Rusty Ryan and Chris Belkas, both very popular nationwide.

Miss Ryan has been seen on TV on several occasions and has met and defeated several of the top women wrestlers. She wants a shot at the Women's Champion, Miss Byers.

Chris Belkas, a very popular and well-built wrestler is noted among the top in his weight class and is still climbing.

These facts combined should make the tag match full of action.

The opening bout will be "King



Karl Kowrlski

Karl' Kowalski against Chris Belkas. There will be plenty of rough and tough action.

Promoter Gulas and sponsors, the National Guard Control Board wish to remind you that advance tickets are now on sale at the Morrison Furniture Company in Clanton. Avoid the rush by getting your ticket early.

All-Stars Add Two Wins To Previous 16

Clanton 10 - Enterprise 2—

Pete McKee led the Stars to a 10 to 2 triumph over the Enterprise team at City Park Saturday afternoon. Pete's five hits consisted of two singles, two triples and his fifth home-run of the year. The tall first baseman batted in 4 runs. Ellison played a fine defensive game at third base and garnered three hits to bring his batting average above the 300 mark for the first time this year. J. P. Easterling got two hits and Roy Burnett made two outstanding plays in left field.

Bobby Wyatt pitched all the way for his 11th triumph of the year.

Clanton 7 - Autaugaville 4—

After getting off to a shaky start Wayne Guin settled down to pitch the Stars to a 7 to 4 victory over Autaugaville Sunday at City Park.

The visitors tallied a trio of runs in the first inning but the Stars bounced back to tie the count in the same frame and added two more runs in the second to give the Stars a lead that they did not give up. Roy Burnetts home-run did the trick. Burnett with 3 hits and Guin with two lead the hitters. The infield combination of Ellison, Seales, Burnett and McKee turned in three fast double plays to aid Guin in getting the win. Guin had eight strike-outs for the day.

Our seasons record is 18 wins and 8 losses.

The Clanton Stars will be seeking victories in enemy territory all next week-end. Friday night will find the team at Autaugavill. Saturday the Stars will be playing before a large crowd of barbecue eaters at Billingsley. Sunday the Stars will invade the lair of the Standard Pullman team at Bessemer's Roosevelt Park. Our next home game will be with the Montgomery Dairy Producers at City Park Friday Nite August 31.

Educational TV In Ala. Leads Entire Nation

Alabama was highly praised recently by leading industrialists, national communications directors, and educators, for originating the first Television-for-Education state system in the nation.

An inaugural lunch was held in Birmingham to mark the opening of the system's third channel at Andalusia which, it is expected, will make the services of the TV-for Education Commission available to more than 90 per cent of all Alabamians.

Andalusia will operate on Channel 2 through its Station WAIQ. It's transmitter is at Dozier, Ala. with a 100 thousand watts visual and 60.3 thousand watts aural. The system also operated on Channels 7 at Munford (Station WTIQ) and 10 at Birmingham. Transmitters are located on Mount Cheaha. near Talladega. and Red Mountain, Jefferson County, respectively.

Among speakers at the meeting, which was attended by Gov. James E. Folsom, who also spoke, were Dr W. R. Baker, a Vive-President of General Electric, and Drs. O. C. Carmichael and Ralph B. Draughon, Presidents of the University of Alabama and API, Auburn; Robert Button, Director of the Voice of America which beams programs behind the Iron Curtain, and Dr. H. K. Newburn, former President of Oregon State University and currently president of the national Educational TV and Radio Center at Ann Arbor, Mich.

Milton Cummins, president of Alabama TV-for-Education, presided and Raymond D. Hurlbert, General Manager of the State agency, introduced the speakers.

Local MYF To Sponsor Ice Cream Supper

The M.Y.F. of First Methodist Church, Clanton will sponsor an ice cream supper tomorrow night (Friday) on the lawn of the Church. Serving will begin at 7:00 and there will be home-made ice cream, sandwiches, cold drinks, a Pretty Girl Cake, an Ugly Man Cake and they'll also have a record player available for you to play your favorite records while you eat.

At 8:00 the public is asked to adjourn to the basement of the Church for a Talent Show. All young people or adults who would like to participate in the show are asked to contact the MYF Counselor, Miss Helen Parrish.

Proceeds from the evening's entertainment will go to the Mission Program of the Methodist Youth Fellowship.

Revival At West End Baptist

Rev. Harper Shannon will be the evangelist in a Revival beginning at the West End Baptist Church, Clanton, Saturday night, August 25th, at 7:30 p.m. Brother Shannon, formerly of Birmingham, is presently studying at the Southern Seminary in Louisville, Ky. He was at this church in a previous Revival in the year, 1950, and we are very fortunate for the return of this very able messenger of the Lord.

Rev. Charles Carter, a recent graduate of Howard College and pastor of Providence Church, is the song leader for this Revival.

Services are to begin each morning at 10:30 a.m. and each evening at 7:30 p.m. Friday night, August 31st is the closing night.

West End Church extends to all a most cordial invitation to come and join us in this meeting. Pray with us that there will be a great Revival among our people and that many souls will be won to Christ.

Blood Program Continues Here Through October

Your local Red Cross wishes to announce that the Birmingham Regional Blod Center has commended our County for raising funds to maintain the Blood Program for a half-year, which will end January 1, 1957. However, we are very anxious to retain this vital program for the entire fiscal year which is from July 1956 until July 1957. As yet we have not raised sufficient funds for the entire year. We know that the people in our County will ralize, perhaps too late, how important this blood program is to the County Hospital as well as to the entire County. We do not want this to happen, however, if we are not successful in raising sufficient funds to carry this program for the entire year, same will be withdrawn.

We would like to announce further that the deadline for raising the necessary funds for this program has been extended to **November 1st.**

We would like to finish the special drive sooner, if possible—so as not to wait until the last minute to take care of our financial responsibilities in regard to the blood program

We will gladly accept contributions, large or small from anyone in the County who feel the blood program is important to Chilton County. Please contact either the Red Cross office, Telephone 216; Mrs. Esco at home telephone 70j or contact Mr. Campbell White, at the Transcontinental Gas Pipe Line in Billingsley, Alabama, who is Chairman of the special Fund drive known as "Help Save The Blood Program" campaign

Unity Exec. Comm. To Meet Sunday

The Chilton-Unity Associational Executive Committee will have its regular monthly meeting at the First Baptist Church of Clanton, Sunday afternoon, August 26th at 2:15 p.m

Progress Being Made On New Negro Park

Four hundred and thirty-four feet —that's the long shot from home plate to the far point in the fence at the baseball diamond of the new Clanton Negro Park. Closest point to the fence is 386 feet which will still require a stiff jolt to put a ball over it

The new baseball diamond is still being scraped, rolled and leveled and there's much more to be done before it's finished. To date dug-outs have been built, bleachers and backdrop are finished, and the fencing is over half-finished. A shower room for the players has been built and next on the agenda is lighting the entire field.

Adjacent to the diamond is a playground for the children where the City of Clanton has installed swings, a sliding board, and other playground equipment.

The committee planning this work is composed of Lewis Culver, Howard Boockholdt and R. C. Williams.

They have also planned a football field which will be laid-off in the same fencing which holds the ball diamond.

According to Lewis Culver, the big problem at this time is the lighting. The limited budget which has been appropriated for the park will not cover the cost of installing lighting equipment.

It is interesting to note that out of all expenses paid, not one cent has been spent for labor. The negroes of Clanton have contributed all the labor with the exception of the work which the committee has put into the project.

ANOTHER STABLE DOOR TO LOCK—

Near tragedy hung over Canton last week as the pilot of a light plane searched for the unlighted airfield. Luckily he was given assistance in landing before his rapidly diminishing fuel supply expired. Since that time several planes have made night landings and take-offs here with only the aid of moonlight.

Our fine new air strip was dedicated here only a short while ago. An air strip which can mean a great deal to our County as well as meaning a great deal to a distressed pilot who needs a place to land. As yet, this runway has not been lighted, virtually closing it to any night traffic.

Even on a moonlight night it is a dangerous task to land here since, at some point in the plane's descension, the pilot will be momentarily blinded by the field's revolving beacon light.

Our landing strip must be lighted if it is to be useful and safe. Wiring, owned by the County, is already buried around the entire perimeter of the field where lighting was installed once before. If this wiring were taken up and restrung around the strip we would have a safe night landing field at little additional cost.

Let's do it now instead of waiting for another warning from a stranded plane.

ON SCRATCHING IN THE PARK—

One of the teen-agers' favorite pastimes today is "scratching-off". A seemingly harmless (though annoying) process of racing your engine so fast that when you let out on the clutch the back wheels spin before you start moving.

Now there's a lot of places you can "scratch" and a lot of places you shouldn't "scratch." The place we have in mind where "scratching-off should be avoided is around the City Park in Clanton.

It is indeed unfortunate that the City of Clanton is unable to pave the small drive that meanders through the park, but, for the lack of something, they aren't able to cover it with anything but dust. Please, when you're driving around this circle try to keep your tires on the ground. The swimming pool gets full of dirty water from the falling dust; the picnicers have to eat the stuff; and by closing time, there is literally a cloud of dust shrouding the entire park.

If these reasons fail to daunt your scratching spirit then bring your civic pride to the forefront and remember that this same dust belongs to the City of Clanton. It was laid here at the taxpayers' expense and is not to be wildly strewn in the air for visitors to inhale and take away from us.

If you can't resist from stirring up the dust the City may just have to hide it under asphalt so that you can't get to it with your slick little tires; then where'll you "scratch"?

POLIO ON THE RUN—

The most tragic aspect of Chicago's polio outbreak is that it came at a time when the long fight against the crippling disease was almost won. The scientific genius of Dr. Jonas Salk and other researchers, coupled with the tremendous production effort of the nation's pharmaceutical manufacturers, have at long last given mankind an inexpensive, plentiful vaccine that promises to end for all-time the ravages of paralytic poliomyelitis.

Whether mankind will take advantage of this golden opportunity remains to be seen. The Chicago Board of Health reports that no one who received the full three-shot series of Salk inoculations contracted paralytic polio during the outbreak. Yet at the same time it deplored the fact that "lethargic and indifferent parents" were not seeing to it that their children received their second and third shots of the vaccine. National Foundation for Infantile Paralysis also has expressed concern over the drop-off in inoculations. Of the 31 million American children most susceptible to polio, it reported, less than half have sought Salk protection.

The lesson to be drawn from this seems clear: the noble labors of Dr. Salk, plus the dedicated effort behind the production of over 80 million doses of vaccine by the nation's pharmaceutical houses in the last 16 months, as reported by the Health News Institute, will have gone for naught unless all those who need the vaccine's protection get it. In the Salk vaccine, mankind has a powerful weapon that may insure final victory over paralytic polio. But the weapon must be used if the battle is to be won.

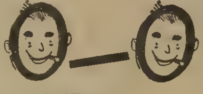
things we See and Hear



By "TUCK'

Sure was a lot of "bull" out at the Cow Palace in San Francisco this past week. And to save the Republicans the trouble, there was a good bit of wind in Chicago.

We are inter-dependent on each other to the extent that we should be able to get along with each other, no matter what the situation demands. For instance; have you ever realized how many of your "neighbors" it requires for you to buy a loaf of bread? Well, first there's you, then there's the grocer, then there's the delivery man, and the baker and the grower of the wheat. . . but just think of the hundreds of people that it took to enable these few to serve you with your loaf of bread. . . . the builder of the store . . the gas station attendant who passed the truck which brought the bread. . . . You see, if you branch out in all the directions literally, your loaf of bread becomes a product of hundreds of hands working together, knowingly or unknowingly for the same purpose, a loaf of bread. You know, when you look at it that way, it's hard to understand why folks can't get along. Guess we don't look at it "that way" enough.

It's sure hard to keep things progressive when there are so darned many conservatives around.

Glad to see Richard Moatts doing so well at his Sinclair Station over near the Willingham Hotel. He used to be an able assistant up at Joe Smith's Station and decided to go it on his own. He's enthusiastic enough about it, and we feel safe in saying he's doing all right. Next time you feel the urge to say "fill 'er up" see if old Richard won't satisfy the urge.

Our mother-in-law looked in the well the other day and lo and behold there was a red snapper (fish). Now this is her version of the story, and unlike some folks, we like our mother-in-law, so we'll believe her. It sure is hard to believe though, mother-in-law. Next time we feel fish hungry we're going fishing in that well. There ain't nothing like that in the Coosa River. (As a matter of keeping the record straight, we wouldn't swear that there's anything in the Coosa River. We sure haven't found any proof otherwise.

A tractor has the pulling power of 20 or more horses, but it also has the destructive force of that many raging beasts. Handle your machinery safely.

LIFE'S LITTLE SHADOWS

VERNON P. PAYNE

"Has-Been Harry" Truman made a statement during the recent Democratic Convention that has set me digging into the shadows of my mind for an answer. Truman states that "a statesman is a dead politician."

I do not disagree with his statement, but I think it is mis-stated. More truthfully could he have stated that "all statesmen are dead, only politicians are alive." Statesmen have ceased being only because we lack politicians with guts and brains enough to be classed with the Statesmen of America's past.

For some time now I have been wondering why we don't have any real statesmen left. They seem to have disappeared from the American scene and there are no signs of new ones taking their places. You still hear of great orators; political bosses; child prodigies; brilliant scholars; suave diplomats; and two-fisted of ice holders; but these are all separate men we speak of. A statesman is composed of these things plus a myriad others. Basically (and here is where we seem to be lacking the most) a true statesman must have a feeling of compunction, pride and loyalty to his constituents as well as the entire nation. His own personal pleasure must be put last on the list instead of first as is self-evident in the nation's capitol today. True statesmanship is based on love for others and not one's self.

As the old saying goes "You can't make a silk purse out of a sow's ear" and neither can you make a statesman out of a run-down ward-heeler. When we elect statesmen material to offices then, and only then, can we expect a true return for our money and a foreign policy that will again allow us to rear our chins as the greatest nation on the face of the earth.

Crimson clover is one of the best legumes for planting in pecan groves, and it's time now to get ready to seed this crop.

STRENGTH FOR THESE DAYS

From the Bible

He which soweth sparingly shall reap also sparingly; and he which soweth bountifully shall reap also bountifully.—(II Corinthians 9, 6.)

There is no one so poor that he cannot give of brotherly love—of kindness, tolerance, consideration, and a helping hand to someone less fortunate. The more we give, the more gladly we give in His name, the more we shall receive

Letters to the Editor

ON BUILDING A NEW COURTHOUSE

Editor,
Chilton County News:

It is interesting to note from reading the reports in the papers that Chilton County is free of debt. This speaks well for those who are in charge of the administration of the County's business. It, at least, shows that they are not taking all of the cash home in their pockets at night and forgetting to bring it back the next morning.

There has been quite a prolonged discussion and much debating about building a new Court House. As a citizen and tax payer of the County, I would like to express my opinion of the matter.

First, let me say that I am an ardent believer in progress. I like to drive through the country and the cities and see the new homes and factories and the vast amount of new buildings of every type that marks this century as a century of progress. I like to see the old worn out buildings that have served their days and purposes torn away, and new and modern structures that fit into the looks of our modern day and more efficiently fill the needs of the day and the purpose for which they serve.

It appears to me to be false economy to spend a lot of money trying to repair or remodel an old out-dated and worn out building that perhaps will be giving trouble on and on and eventually have to be torn down and rebuilt anyway. As a builder, I have had experience along these lines and I do not think too much of the idea of trying to repair and remodel old buildings that are of much importance, therefore I disagree with those who suggest this idea.

In regard to the cost of building a new court house, we can never have one without we are willing to pay for it. All of these new homes and churches and factories and all other buildings are having to be paid for, and most of them are bought or built on credit. No one has denied that we badly need something done, and the inspectors have, time and again, condemned the present court house as being unsafe and dangerous, so in the light of all of this, and the fact our County is now out of debt and the tax money is going to keep coming in regardless of whether we get a new court house or not, let me ask whether it is better to go ahead and build a new court house with these taxes that we are going to have to pay anyway, or let the money pile up in the County treasury until along comes an administration of County officers that may not be able to keep it separated from their own money and get all mixed up and confused and just wind up by building them a new house or buying a new car or something?

It appears to me that our present County officers have made commendable progress in building roads and bridges and along other noteworthy projects in the County as well as to free the County from indebtedness and why not we, the taxpayers give them the green light in going ahead with this worthy and badly needed project, the building of a new court house? It will be an asset to our city and County and will speak for the growth and progress of our progressive County.

This letter has not been solicited, and the writer certainly has no personal interest in this matter beyond those stated above. I am just speaking as an individual taxpayer who is interested in the growth and development and progress of our County while our tax dollar is being spent wisely and economically.

Yours for a new Courthouse, A Chilton County Taxpayer
-s- M. C. HENLEY

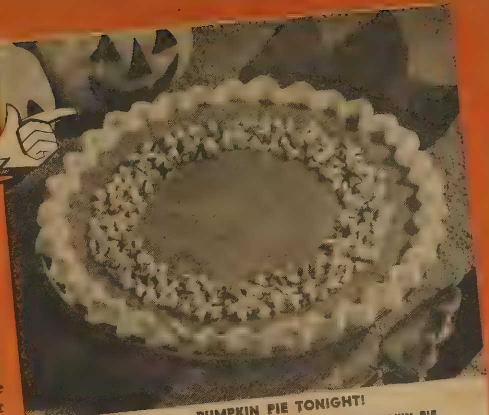
It's harvest time at Libby's! From field and orchard the bountiful crops have been gathered and quick-canned at the peak of flavor-freshness. Look for Libby's "Harvest of Values" display of famous quality fruits, vegetables, meats and juices in your favorite grocery store. Then get ready for kitchen fun (and good eating!) with Libby's on *your* canned food shelf.

Mary Hale Martin



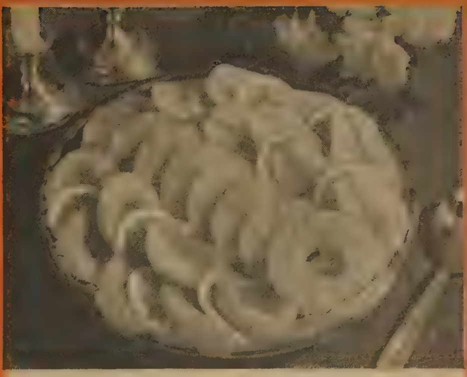
AH . . . PUMPKIN PIE TONIGHT!

Libby's is prize pumpkin from a very special strain of seeds cultivated just to "grow" perfect pies! Packed by a unique process that makes it custard-smooth, Libby's gives you just-right consistency every time! It makes a smooth, rich tasting pumpkin pie that's old-fashioned in flavor but modern in ease of preparation. Be sure to make a high fluted shell for our recipe makes a nice full pie. As for garnish ideas, try a border of fluffy whipped cream, plain or toasted coconut, whole or chopped pecans, or slivered candied ginger. Bake this same custard in tart shells for individual servings. Here's the easy recipe. For convenience, you'll also find it printed on both the 1-pie and 2-pie cans of Libby's Pumpkin.

CUSTARD PUMPKIN PIE

- 2 eggs, slightly beaten
- 1¾ cups Libby's Custard Pumpkin
- ¾ cup sugar
- ½ teaspoon salt
- 1 teaspoon cinnamon
- ½ teaspoon ginger
- ¼ teaspoon cloves
- 1⅔ cups evaporated milk, top milk, or light cream
- 1 9-inch unbaked pastry shell

Combine eggs and pumpkin. Mix sugar with salt and spices, and add to pumpkin mixture. Blend in milk. Pour into pastry shell. Bake in hot oven (425°F.) 15 minutes. Reduce temperature to moderate (350°F.) and continue baking 45 minutes or until knife inserted in center comes out clean.



FOR DESSERT GLAMOUR . . . USE CANNED FRUIT

Bring springtime to your table in any season with a lovely serving of Libby's canned fruit! This elegant fruit compote is fancy enough for your finest party and you'll be happily surprised at the speed and ease of arranging it!

Luscious Libby's Hawaiian Pineapple Slices, Peach and Pear Halves are the "makings" for this colorful dish and there's no muss or fuss. Just chill and open the convenient containers and the fruit is all ready to arrange, serve and enjoy.

FRUIT COMPOTE

- 1 No. 2½ can Libby's Sliced Hawaiian Pineapple, chilled
- 1 No. 2½ can Libby's Peach Halves, chilled
- 1 No. 2½ can Libby's Pear Halves, chilled
- Orange slices
- Lemon slices
- Mint or watercress

Overlap slices of pineapple across center of a large shallow serving dish. Arrange peach and pear halves on either side of pineapple. Garnish with half slices of orange and lemon and sprigs of mint or watercress.

"DEEP BROWN BEANS"— FOR SUPPER TONIGHT!

Here's a menu plan that's sure to satisfy, no matter what style of beans you buy. Start off with big steaming mugs of Libby's Tomato Juice. It's a grand appetite tempter, and so good for everyone. Then, bring on a big dish of Libby's Deep Brown Beans, straight from the oven to the table in your prettiest casserole or bean pot. (Just heat in a hot oven (400°F.) about 20 minutes. Or, heat slowly on top of your range in a skillet or saucepan.) For a hot bread accompaniment, you'll like our favorite Pineapple Bran Muffins. Pop them into the oven along with the casserole. Tiny bits of Libby's Hawaiian Crushed Pineapple along with chewy bran makes mighty good eating.

PINEAPPLE BRAN MUFFINS

- 2 tablespoons shortening
- 4 tablespoons sugar
- 1 egg
- 1 cup whole bran cereal
- ¾ cup milk
- ½ cup drained Libby's Crushed Pineapple
- 1 cup sifted flour
- 2½ teaspoons baking powder
- ½ teaspoon salt

Cream shortening and sugar. Add egg and blend well. Stir in bran, milk, and pineapple. Stir in sifted dry ingredients, mixing just until dry ingredients are moistened. Fill greased muffin pans ¾ full. Bake in a hot oven (400°F.) 20-25 minutes. Makes 12 2¼-inch muffins.

QUICK DELICIOUS STEW FROM THE KITCHEN SHELF

Among favorite foods for men, a good rich Libby's Beef Stew always takes top honors. Plenty of fine quality beef combined with carrots, potatoes, onions, and smooth brown gravy . . . a complete main dish in itself. Today the wise modern homemaker buys her beef stew in convenient 1 lb., or the new 1½ lb. cans all ready to heat and serve. She has learned to rely on a well-stocked canned meat shelf for economical, nutritious, and time-saving meals.

Menu Planning With Canned Beef Stew

Not only is beef stew a delicious meal just "as is," you'll soon discover several ways to vary it. Enjoy it as shown above, with creamy coleslaw and cornbread squares. Or, top a casserole of Libby's Beef Stew with mashed potatoes or baking powder biscuits and bake until potatoes or biscuits are nicely browned. For a beef pie, empty the contents of a can of beef stew into a shallow baking dish, top with pastry, and bake. Or, serve heated beef stew over biscuits, shortcake style. To prepare Libby's Beef Stew or other canned meat combinations on top of the range, heat slowly over low heat, stirring frequently. Use your favorite saucepan, skillet, or double boiler.

COOL 'N TEMPTING — A CRUSHED PINEAPPLE SALAD

With a soup and sandwich lunch, or a hearty fall dinner, nothing tastes as good as a cool fruit salad. We like a Crushed Pineapple 'N Cucumber Mold for its tangy Hawaiian pineapple flavor and elegant appearance. This is just the kind of recipe you approve, for it's easy to make, has glamour enough for any occasion, and is kind to the budget. Libby's Hawaiian Crushed Pineapple is an economy buy at all food stores right now, and the supply is ample.

PINEAPPLE CUCUMBER SALAD MOLD

Pineapple Layer

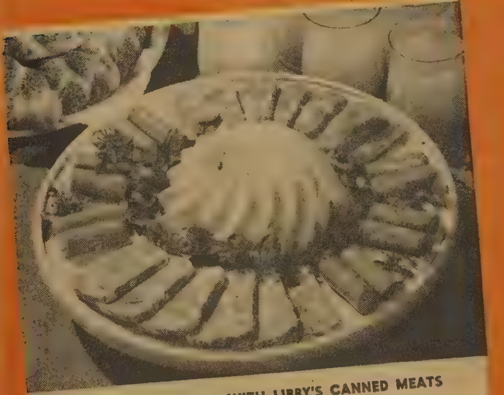
- 1 cup Libby's Hawaiian Crushed Pineapple
- 1 pkg. lemon-flavored gelatin
- ½ teaspoon salt
- ½ cup finely grated carrots

Cucumber Layer

- 1 envelope unflavored gelatin
- ¼ cup cold water
- 1 cup mayonnaise
- ½ cup light cream
- ½ teaspoon salt
- 1 tablespoon grated onion
- ½ cup finely chopped celery
- ½ cup grated cucumber, drained

Pineapple Layer: Drain pineapple. Add enough water to sirup to make 1¾ cups liquid. Heat to boiling; dissolve gelatin in it. Chill until slightly thickened. Add salt, carrots, and crushed pineapple. Turn into a 1½ qt. ring or fancy mold. Chill until firm.

Cucumber Layer: Soften gelatin in cold water; dissolve over hot water. Combine remaining ingredients. Add gelatin and blend. If desired, tint a pale green. Pour over pineapple layer. Chill until firm. Unmold and garnish with salad greens. 8 to 10 servings.



CAREFREE COOKING WITH LIBBY'S CANNED MEATS

Canned meats certainly come to the rescue when there are special menus to be planned. Thinking ahead to buffet suppers and late-evening snacks, we're sure you'll like this suggestion for a really "special" Canned Meat Supper Platter. The rich and spicy Libby's Deviled Ham Mousse is the feature attraction, along with chilled Libby's Vienna sausages and slices of Libby's Corned Beef. All in all, it's about the easiest main dish you can fix, for Libby's have done all the work for you. Once your kitchen is well-stocked with an assortment of these fine canned meats, meat spreads, and meat combinations, you're set for carefree cooking.

DEVILED HAM MOUSSE

- 1 envelope unflavored gelatin
- ¼ cup cold water
- ¾ cup mayonnaise
- 2 3-oz. cans Libby's genuine Deviled Ham
- 1½ teaspoons grated onion
- ½ cup chopped celery
- ¼ cup chopped green pepper
- ¼ cup chopped sweet pickles

Soften gelatin in cold water; dissolve over hot water. Blend mayonnaise with deviled ham, onion, celery, green pepper, and pickles. Stir in dissolved gelatin. Pour mixture into a pint mold; chill until firm. Unmold and garnish with salad greens. Surround with chilled Libby's Vienna Sausages and slices of Libby's Corned Beef.

Canned Vegetable tips-

STORE CANNED VEGETABLES THIS WAY

It's important to remember these facts about the storage of canned foods. Unopened cans should be kept in a cool, dry place—never near damp walls or floors, steam pipes or radiators. Once canned foods are opened they may be kept right in the can, provided you keep the can covered and in the refrigerator.

HEAT CANNED VEGETABLES THIS WAY

1. Pour off vegetable liquid into a saucepan. Boil it down rapidly until it has reduced approximately one-half.
2. Add vegetable; heat quickly. (Remember canned foods are ready cooked!) Add salt, pepper, and butter or margarine.
3. Serve at once. If liquid is not served, save and add to soups, sauces, or gravies. It contains essential food values.

Vote "YES"

On Amendment No. 5

August 28

Amendment No. 5 is of a purely local nature applying ONLY TO MARION COUNTY . . . . it does NOT involve any other county in Alabama.

The adoption of Amendment No. 5 will be a step forward in the potential industrial development of Marion County . . . . a vote YES is a vote for this industrial development and a VOTE FOR PROGRESS IN MARION COUNTY!

THIS AMENDMENT IS ENDORSED AND SUPPORTED BY VARIOUS MUNICIPAL GOVERNING BODIES, CIVIC ORGANIZATIONS, CLUBS, HAMILTON CHAMBER OF COMMERCE, AND COUNTY BOARD OF REVENUE OF MARION COUNTY. WE EARNESTLY SOLICIT YOUR SUPPORT. PLEASE VOTE "YES."

A VOTE FOR AMENDMENT NO. 1 IS A VOTE FOR THE FUTURE OF OUR CHILDREN!

WHAT IT IS . . . An amendment to the constitution authorizing a net income tax not exceeding 5% on all corporations doing business in Alabama.

WHY IT IS NEEDED . . . To insure that the children of Alabama will have an adequate school program in the future. The figures:

State appropriations for education 1956-57	$111,742,435.50
Estimated net receipts earmarked for education	102,917,000.00
(Estimate by Alabama Commissioner of Revenue)	
Deficit in Special Education Trust Fund	$ 8,825,435.50

WHERE WILL THE MONEY GO? The proceeds from the tax are specifically marked, "to be used for payment of public school teachers salaries only."

IT EQUALIZES THE INCOME TAX BURDEN . . . All individuals and non-corporate businesses in Alabama NOW pay 5% on net income of $5000 or more. Amendment No. 1 proposes that as of January 1, 1956, corporation net income tax be raised from 3% to not to exceed 5%; the same rate that individuals and non-corporate businesses are presently paying.

It's Time to Stop Alabama's Tax Spending Spree

Vote "NO" on Amendment No. 1

August 28th

Since pre-war 1940 State of Alabama tax collections have increased from about $50 million to $190 million—or nearly fourfold.

In the past 18 months of "Folsomism," more new and increased taxes have been added than in any like period in Alabama's history.

Now it is proposed through Amendment No. 1 to "increase the tax on corporations" from 3% to 5% and milk about $5,500,000 more from the pockets of the people.

A Tax on All the People

Amendment No. 1 is another thinly disguised tax on all the people. Just as the gasoline tax is passed on to the man who drives a car . . . the cigarette tax to the man who smokes . . . taxes on utilities to those who use electricity and gas—so would this so-called "corporation tax" increase filter down to those who buy what Alabama industries and businesses produce or sell.

You can depend on it—you will find this tax increase hidden in the price of coal and other fuels that you buy to heat your home, in the cost of your fire insurance, in many food products on your grocers' shelves—and many more commodities that make the cost of living so high today.

The time has come again when we, the people, must say a positive "No" to Alabama's tax raising—tax spending program, as we did last December on the Goodwyn Amendment. We don't need any more taxes in Alabama now. We can't afford to pay more taxes to support a State Government that has gone on a hog-wild tax spending spree and padded the pockets of political friends with our hard earned dollars.

Vote against any more increased taxes in Alabama now!

Substantial Breakfasts Bring Up Inadequate Summer Diets

Hot weather or cold, energy is needed to start the day right and to avoid that eleven o'clock slump in efficiency that besets so many housewives and working people. In hot weather eating less than usual may become a vicious cycle, for a light supper and a restless night are often followed by an inadequate breakfast. The result is a feeling of exhaustion and no appetite by lunchtime.

Breakfast is a good point in the twenty-four hours to break the cycle for it is usually a little cooler then. It is easier to get up in time to spend enough time at the breakfast table to eat a good meal.

A cool, refreshing, basic breakfast of fruit, cereal, milk, bread and butter makes an adequate breakfast that will supply energy to keep the nerves and head steady, and help to overcome some of the worst effects of "a hot spell."

Each summer day should begin with a good breakfast. You will feel better, you will work and play better according to scientific studies at a prominent medical school if you start the day with an adequate breakfast.

A basic cereal and milk breakfast is so easy to prepare. In less time than it takes to brew a cup of coffee, fruit or fruit juice, a choice of ready-to-eat cereals—either the pre-sweetened or regular types, bread for toast, butter, and milk can be assembled on the kitchen counter. Each family member can select the combination that appeals to him most.

Straw place mats and garden flowers help to create a pleasant atmosphere for the most important meal of the day—breakfast.

Raspberries And Lemon Soda Team Up In A Drink

Casual living is the keynote for summer and that, of course, includes casual entertaining. When folks drop in on a hot afternoon, there is nothing quicker or easier to serve than those good companions, cookies and long, cooling drinks. With a supply of cookies on hand, homemade or the packaged varieties, and bottles of fruit-flavored carbonated beverages chilling in the refrigerator, it's no trouble to serve refreshments to callers in double-quick time, or to provide a between-meal snack for the family.

There are so many ways to use fruit-flavored beverages that you will find it a great convenience to keep an assortment on hand. For different flavor, try mixing two—grape and orange, for instance. A scoop of vanilla or strawberry ice cream added to a glass of root beer is a delicious drink. And the flavors mix well with summer drinks.

Try this one with fresh raspberries and lemon soda. Frozen raspberries may be used, but omit the sugar syrup.

Rosy Glow

1 cup sieved fresh raspberries
1 tablespoon sugar syrup
1—28-oz. bottle lemon soda

Combine raspberries and sugar syrup. Divide among 8 tall glasses. Fill glasses with ice cold lemon soda. Stir gently to mix.

Summertime Is Iced Tea Time

Summertime and iced tea time are synonymous with the pleasure and fun of outdoor dining. Easy-to-fix meals that satisfy ravenous appetites and a refreshing beverage that appeases an unquenchable thirst are summertime necessities. To quench the thirst, there's nothing like iced tea . . . and for a quick and easy meal, you might like to try this Baked Bean and Canadian Bacon Casserole which can be prepared out-of-the-oven.

To make iced tea the new, easy way, pre-measure ⅓ cup loose tea. Bring 1 quart of water to a full rolling boil in a saucepan. Remove from heat and while the *water is still bubbling, add all the tea at one time*. Brew five minutes. Stir and strain into a pitcher or container holding 1 quart of cold water. Serve in ice-filled glasses with lemon and sugar to taste. This method requires less boiling water, less preparation time and less ice cubes.

To prepare the Baked Bean and Canadian Bacon Casserole, sauté cup diced onion in 2 tablespoons of salad oil. Empty 6 cups of canned baked beans (without tomato sauce) in a 2-quart casserole. Add sauted onions, 1 tablespoon prepared mustard, 1 teaspoon salt, a dash of tabasco, 1 tablespoon brown sugar and ¼ cup molasses. Blend. Heat on top of stove in casserole. Sprinkle 1-2 tablespoons of brown sugar over 1 orange cut in thin slices and halved, and 8-10 slices of Canadian bacon.

Sauté in separate skillets until bacon is crisp and rims of orange and are lightly browned. To serve, arrange a circle around the inside edge of the casserole alternating with orange and bacon slices. A crisp, crunchy cole slaw salad goes well with this dish.

Lemon Pie For Springtime Entertaining

Springtime calls for frivolity, fun and fascinating foods, and that means this party-pretty Lemon Chiffon Pie. Seldom do you see such a good-looking pie, and when garnished as directed below, the tangy, fresh lemon flavor becomes part of the gorgeous appearance. Imagine the fashionable lemon yellow of the decorative topping against creamy white chiffon filling . . . then try it for a bridal shower, the girl graduate party, or your own bridge club dessert. You'll find it looks and tastes perfect—just the thing for the happy mood you create when planning parties like these.

Lemon Chiffon Pie

1 9-inch pastry shell, baked
7 tablespoons cornstarch
1½ cups sugar
¼ teaspoon salt
1½ cups hot water
3 egg yolks, beaten
½ cup fresh lemon juice
1 teaspoon grated lemon peel
2 tablespoons butter or margarine
3 egg whites
¼ cup sugar

Mix cornstarch, sugar and salt in saucepan. Add hot water gradually; place over direct heat, bring to boil, then cook, stirring constantly, from 6 to 8 minutes or until thick and clear. Remove from heat and stir about ¼ cup hot mixture gradually into beaten egg yolks. Pour back into pan. Cook at low heat, stirring constantly, for 6 minutes. Take off range; gently stir in lemon juice, peel and butter. Cool. Take out ½ cup filling and set aside. Beat three egg whites until they hold in soft peaks; add ¼ cup sugar gradually, beating until whites stand in firm, glossy peaks. Fold into filling in saucepan and pour into pie shell. Stir the ½ cup filling to soften. With a spoon or paper cornucopia spread softened filling in decorative pattern over top of pie. Chill. Serves 6 to 8.

For a *special treat* freeze the pie and serve right from the freezer—tastes like creamy lemon custard in crisp, flaky crust.

Minced Chicken Roundabouts

Clever meal-planners take their cue from the season, and now that spring is in the air, lighter meals are welcome on the table. "Minced Chicken Roundabouts" are a quick, new and nourishing treat for warmer weather luncheons and in-between-meals snacks. The ingredients are simple—alternate layers of round, buttery crackers and a tasty spread of minced chicken blended with chili sauce, onion and seasonings.

Served oven-hot, they're sure to make a hit with all the family. Here's how:

Minced Chicken Roundabouts

1 6½-oz. can boned chicken
1 teaspoon grated onion
¼ teaspoon grated lemon rind
¼ cup minced celery
⅛ teaspoon salt
¼ cup chili sauce
36 Sunshine Hi Ho Crackers
2 tablespoons mayonnaise
2 tablespoons thick sour cream

Mince chicken. Combine with grated onion, lemon rind, celery, salt and chili sauce. Blend well, mashing and blending until mixture is smooth and holds together. Arrange 12 of the round, buttery crackers in the bottom of a 9-inch by 9-inch by 2-inch baking dish. Spread these crackers with chicken mixture. Top each spread cracker with another spread cracker. Repeat until "roundabout" stacks are 3 crackers high with 2 layers of filling. Combine mayonnaise and sour cream. Top each stack with a small mound of mayonnaise mixture. Place in hot broiler, 5 inches from heat, until mayonnaise is lightly browned (about 3 to 4 minutes). Sprinkle with paprika and serve at once. Makes 4 servings of 3 "roundabouts" each.

Autobiography Of A Voter

By Vernon P. Payne

I suppose I was first introduced into politics at the tender age of two when I was honored by Gov. Bibb Graves who took me on his knee and held me in the Governor's office of Alabama's state capitol.

At the age of four I was first allowed to use my voting privilege by a kindly election clerk in the Homewood, Ala., City Hall who was considerate enough to let me drop my vote (an X on a scrap of paper) into the ballot box. This vote, cast for Franklin D. Roosevelt, really put me on the bandwagon in helping to elect a winning presidential nominee.

I spent the Spring of 1934 stumping the State along with my grandmother and Uncle, in support of Gov. Graves. In every town and hamlet of Alabama we left literature on the Little Colonel and his platform. In January of 1935 I was invited to attend the inauguration of my candidate in Montgomery. I was allowed to skip school in order to attend the inauguration and the Governor's Ball at Maxwell Field.

In 1936 the election clerk in Montgomery (probably a Whig) could not see the necessity of me voting in a presidential election and promptly chasd me away from the polls. This time FDR was elected without my X.

January of 1939 found me again standing on the Capitol lawn at inauguration time. This time I was observing the oath-taking by Frank Dixon who had won over my candidate.

The election of 1940 was well-managed without my help and FDR was again returned to office.

The year 1942 found me again taking part in a gubernatorial campaign, that of Gov. Bibb Graves. At the death of Gov. Graves in 1942 I followed my grandfather to the campaign headquarters of James E. Folsom and was presnet the night he was defeated by Chauncey Sparks.

By this time I had learned to steer clear of the polls during a presidential election so I skipped the election of 1944.

By 1946 I was again at "Big Jim" Folsom's headquarters as much as school would allow. This time Folsom was victorious but I was unable to attend the inaugeration, being on the other side of the globe at the time.

In the elections to follow my return I was allowed to vote by all the clerks I came in contact with and usually ended up in an all night session at our County Courthouse taking down tabulations of the boxes as they came in.

The point I am working up to in this life story is this; Since first crawling up on a Democratic Governor's lap twenty-six years ago, I still consider the Democratic party and its principles as the finest in the land.

Stick with me the rest of the way and you'll read why.

The New Deal—

When Franklin Delano Roosevelt was elected President in 1932 he was literally the head of a bankrupt nation. America, still kicking in the throes of a depression was at the point of susceptibility to anything. Had Hitler or any other monarch grabbed that opportunity for attack we would have ultimately been a defeated nation.

Roosevelt instituted the New Deal, the NRA, and closed the banks instantly and started to build a new America from economical scratch. Applying the basic principles of the Democratic Party to take care of the little man he gave him work, returned his pride and at the same time protcted him from the huge corporations who could have virtually gained control of our entire nation.

As George Washingten was Father of our Country so was Roosevelt the Father of our present prosperity. His New Deal was literally a Fair Deal, where the impoverished little man was given a chance at beginning a new future; one which was to prosper greatly during the ensuing twenty years of Democratic presidents.

While I feel sure that the Republicans did not cause the depression during their rule, neither did they have sufficient foresight to head off the impending doom. They were so busy helping the corporations to squeeze the citizens that they did not realize that a sound economy cannot stand without a public to support it.

Today, thre are still rich, prosperous Republicans who wedged a stronghold into the purses of the small man prior to and during the depression.

Peace And War—

If, as our isolationist Republicans demanded, we had overlooked the infamous blow of the Japanese at Pearl Harbor and had pulled our troops out of Hawaii where would we be today? A Democratic administration declared war which was ultimately won, without a single shot being fired on our soil.

Had our troops been returned to America as the Republicans proposed, no doubt they would have been sunk in mid-ocean by the Japanese fleet. No country is as easy to lick as one that does not have the guts to stand up and fight.

Roosevelt, still at the helm, took the only sensible course possible when he chose to fight for our liberty. There were no politcis in the war—we were defending our own Country against aggressor nations as our forefathers have always done.

The Korean conflict which occurred during the Truman administration was again a question of whether we were to protect our own (South Korea was put under our protection when World War II peace treaties were signed) or to run back to our Country and wait for the aggressors to attack a seemingly chicken-livered nation. We stayed and fought to victory. Many livs were lost during the campaign while thousands of our soldiers attacked and retreated at the orders of a baggy pants (corn cob) smoking Republican general. Once the Democratic president replaced him with a hard-hitting combat general victory was immenient.

Republican Isolationism will never save America from war but if it's ever allowed to be used in war time the battle will be fought right here in America.

Farm Policy—

America's former cotton farmers probably prospered more than anyone in America under Democratic administrations. The farmer of 1952 was a respected and well-to-do man. A Democratic farm policy aimed at helping the little farmer had taken the sow belly from his table and replaced it with lean meat while it built him a nice bank account. Share cropping, common in the twenties virtually disappeared while the Democrats gave farmers a helping hand.

Our present Republican administration has proposed to idle the farmer's land in a "land-bank"—to take his very livelihood and tell him he won't be allowed to use it. Working under veil of cutting down on surpluses, the Republicans are actually paving the way for large corporation farms to have the cut allotments of the small farmers. There corporation farmers have been offered thousands of acres being reclaimed at the taxpayers expense in the Colorado River Basin. To get this project the administration warned of a coming food shortage—exactly the opposite of the cry for stopping surplus stocking.

Today the Southern farmer is having uncertainty replace the growing prosperity which was his such a very short time ago.

Segregation—

Federal Courts under the present administration are making a mockery of States Rights just as they have a man's personal rights. The South has become a playground for Republican injustices aimed at breaking the "Solid South's" Democratic voting power.

When you take away State's Rights you are removing one of the basic pillars of our Democracy. Each state in the nation is a separate body merged with the others to form a unified Democracy. What is good for one state's progress doesn' ntecessarily aj.psj efxo?cfR doesn't necessarily hold true for the neighboring state.

Southern segregation is a way of living not to be lightly taken or tampered with as our present administration is doing. A "Solid South" can easily put General Eisenhower out of the White House and dependent on the high retirement pay he's costing us anyway.

The Little Man—

Here we have the cornerstone of the Democratic party's platform during every election. The Democrats depend upon the little man's personal vote to put their candidate in and they are obligated solely to the public when they enter office. Big corporations shy away from the Democratic party because they are unable to drive their wedges into the candidates running on this ticket.

They seek the greener pastures of the Republican party where they stand to make more personal gain.

Adlai Stevenson's trade-mark, a shoe with a hole in the bottom, is expressive of all the concepts of the Democratic Party, to work for the little man and give him a part in governing his own Country.

I'll Vote Democratic—

Election Day this November I'll be proud to let you watch me mark an X right square under the Democratic Rooster of the South if you desire to watch me execute this privilege.

The many "Eisenhower Democrats" who voted for "the man" in 1952 found that they had to take the party instead of the man. They asked for it and they got it.

George Washington was probably one of the greatest, if not the greatest, American who ever lived but if he were running for president now on the Republican Ticket I would not vote for him. You cannot elect a man without a party and its principles. Never let anyone mislead you on this vital point.

Yessir, I'll vote Democratic this year and every year, and I still feel highly honored to do so.

SHOULTS NEWS

Mrs. E. H. Crane

The Revival at Pleasant Grove Baptist Church last week was very successful. Bro. Dean of Selma did the preaching.

Members of Shoults Home Demonstration Club met at the Club House last Thursday and enjoyed a picnic, a very nice lunch was enjoyed with ice cream, cake, hot dogs, drinks and all that goes with a picnic.

Present were: Mesdames Allie Foshee, Gladys Latham, Sam Shoults, Willie Hathcock, Hazel Hamrick, Fannie Lawley, Zula Smith, Bessie Garner, Rena McAlfee, Annie Sewell, and George Shoults, Misses Barbara Sewell, Irma Jean Smith and the assistant Home Demonstration Agent, Miss Jean Porter.

Mr. and Mrs. Robert Latham and two sons, Bobby and Donald of Los Angeles, California returned home last week after spending two weeks here with friends and relatives and with parents, Mr. and Mrs. Jim McFarland at Stanton.

Visiting with Mr. and Mrs. Sam Shoults last Saturday was their son and family, T-Sgt. and Mrs. Charles Shoults and son Randy. Their daughter Vicki is visiting relatives in West Palm Beach, Florida.

After spending several weeks here with relatives, Mr. and Mrs. Howard Boie and son Bruce returned to West Palm Beach last Monday. Mrs. Boie was Miss Allie Walker before her marriage. While here they visited with Mr. and Mrs. Sam Shoults, Mrs. Willie Hathcock and Mr. and Mrs. Quinton Mitchell and son Tim. Freddie Shoults and Mr. Walter Lawley enjoyed a week end fishing and camping trip on the Cahaba river at Langford's cabin above Centreville. They reported a pleasant trip but not many fish.

Mr. and Mrs. Ezra Lee Lawley recently spent their vacation at Miami, Florida. Also, Mr. and Mrs. I. D. Wilson spent several days in Pensacola. Both families reported a very pleasant trip.

Mrs. "Mossie" Hess and two children returned to their home in Atlanta last week after spending several weeks here with her parents, Mr. and Mrs. Cleve Latham. Mrs. Hess and children will be leaving soon for Alaska.

Mrs. Rena McAlfee will honor Miss Maudine Maddox next Saturday afternoon with a bridal shower at the home of Mrs. McAlfee. Miss Maddox will be married to Mr Sherwood Grover on August 31st Miss Maddox is a graduate of Maplesville High School and the daughter of Mr. and Mrs. Dan Maddox of this community. Mr. Grover is the son of Mr. and Mrs. Harvey Grover also of this community and is in service with the Air Force.

We wish for this couple, many years of happiness.

Mr. Elbert Mitchell has recently moved into one of the vacant houses on the old Shoults Farm. Mr Mitchell's two sons, Leon and Kenneth are working in North Carolina. Kenneth will return home next week to finish high school this year.

Mrs. Ollie Shoults Foshee was called to Selma last Friday due to the serious illness of her mother, Mrs. Reba Mott. Mrs. Foshee returned home Sunday and stated that her mother was much better.

We are sorry to report that Mrs Dan Maddox is ill in the Baptist Hospital in Selma.

Pvt. Ottis Smith who has been in the Air Force for a few months is home on leave with his parents, Mr. and Mrs. Messer Smith.

Miss Joyce McAlfee, daughter of Mr. and Mrs. Robert McAlfee and a graduate of Maplesville High School is working in Selma and living with her sister, Mrs. Juanita Smith.

Judy and Terry Mitchell of Maplesville spent a few days last week here with their uncle and aunt, Mr. and Mrs. Robert McAlfee while their mother, Mrs. Sara Mitchell was undergoing treatment in a Selma Hospital. We are happy to report Mrs. Mitchell was able to return to her home last Friday

The little friends of Perry Hicks who lived at Maplesville and attended the school there will be interested to learn that since he has been in England he has won several medals and silver cups for winning the high jumps, flat races, wheel barrow races and others. He is the son of T-Sgt. and Mrs. Layden Hicks of this community and Maplesville, now stationed in England for two more years.

CIVIE TANN

Sez:

(A weekly report on local Civitan affairs and its members.)

We'd like to express our appreciation to Bob Windham, our host each Thursday night, for his very kind offer of assistance on our coming big night. Bob even went so fat as to say, that if it came to the point where we had someone else serve the meal, he'd help in any way he could. If that's not bending over backward, we don't know what you'd call it. The Club thanks you Bob, for your interest and your offer has been most appreciated. Now, how about that steak?

The following is no reflection on any individual or any organization; it is simply, a reminder.

Gentlemen, there comes a time when we all have to make decisions. Such a time comes to all persons connected with any type of service organization. If you are not prepared to accept a responsibility and are afraid of the consequences of making a decision, then a service organization is not the place for you.

Passing the buck, as it is known, is a prime example of backsliding and nothing can be accomplished in any endeavor if the entire procedure is hampered by the timidity and sheltered actions of all concerned.

If you cannot stand up and take the responsibility, do not accept the position because your convictions on the matter evidently lack something. There is somone who will accept the responsibility and the consequences that go with it.

We are all responsible in some way or another; some of us take it in hand, some of us try to shake it loose. Challenges are to be met; therefore, if you feel unjustified in acting as you feel, stand aside and let another, who feels differently take the reins.

This is not to say that we should strive for anything but working together. We should, however, make careful choices for the leaders of the project, in order that it will run smoothly and not have any point-killing delays.

We have a fine president in our Club and we think he has chosen his committees carefully and well. When given a task, try to develop yourself to be able to enter into it with your eyes open and your mind alert, and when given authority, take it and use it to the best of your knowledge and belief. A person who does his best at a thing in which he believes has no time to fear the consequences of his failing.

A club is only as good as its weakest member. We don't want any weak members. We want our Club to be tops. We can make it this by accepting responsibility, striving for agreement and speaking up for what we believe. Learn from your own and others' mistakes. Don't lag behind because you fear someone will disagree with your opinion. Let 'em; and then stand up for your own convictions until it is proven that you are wrong or in the minority. "Do the things you fear, and the death of fear is certain."

War Orphans Are Entitled To GI Bill Education

According to R. L. (Bob) Fullen, Veterans Service Officer, the 84th Congress under Public Law 634, has provided educational assistance for children of servicemen who died as a result of combat or a disability or disease incurred in line of duty during World War I, World War II, or the Korean Conflict. The effective date is October 1, 1956.

The educational program stablished by this Act is for the purpose of providing opportunities for education to children whose education would otherwise be impeded or interrupted by reason of the death of a parent from a disease or injury incurred or aggrivated in the Armed Forces during the three wars mentioned above, and for the purpose of aiding such children in attaining the educational status which they might normally have aapired to and obtained but for the death of such parent.

According to Fullen, the monthly allowance provided for by the act will be $110 for full-time training, $80 for three-quarters time training, and $50 for half time training. For further information concerning these benefits, you should contact your Veterans Service Officer, Alabama Department of Veterans Affairs, Clanton, Wade Bldg.

STATE OF ALABAMA
A PROCLAMATION
BY THE
GOVERNOR

WHEREAS, the Legislature of Alabama at the First Special Session 1956, ordered an election to be held by the qualified electors of the State of Alabama upon certain proposed amendments to the Constitution of Alabama, which said amendments are herein set out, and ordered that said election be held on the fourth Tuesday in August 1956; and

WHEREAS, the fourth Tuesday in August 1956, will be and occur on Tuesday, August 28, 1956; and

WHEREAS, notice of such election, together with the proposed amendments, is required by law and by the provisions of the act submitting the amendments, to be given by a proclamation of the Governor to be published in each county in the State of Alabama once a week for four successive weeks next preceding the day appointed for the election:

NOW, THEREFORE, I, James E. Folsom, as Governor of the State of Alabama, do hereby give notice, direct and proclaim that on Tuesday the 28th day of August 1956, an election will be held at the several polling places within the State of Alabama, in the manner and form provided by law upon the following proposed amendments to the Constitution of the State of Alabama of 1901:

"Section 137. The attorney-general, state auditor, secretary of state, state treasurer, superintendent of education, and commissioner of agriculture and industries shall perform such duties as may be prescribed by law. The state treasurer and state auditor shall, every year, at a time fixed by the legislature, make a full and complete report to the governor, showing the receipts and disbursements of every character, all claims audited and paid out, by items, and all taxes and revenues collected and paid into the treasury, and the sources thereof. They shall make reports oftener upon any matters pertaining to their offices if required by the governor or the legislature. The attorney-general, state auditor, secretary of state, state treasurer, and commissioner of agriculture and industries shall not receive to their use any fees, costs, perquisites of office or other compensation than the salaries prescribed by law, and all fees that may be payable for any services performed by such officers shall be at once paid into the state treasury. The legislature may require the attorney-general to defend any or all suits brought against the state, or any subdivision thereof, or against any state school board or state board of education, or against any county or city school board or board of education, or against like boards or commissions by whatever name designated, or against any members, officers or employees of any such boards, or against any school official or employee throughout Alabama."

"Section 139. The judicial power of the state shall be vested in the senate sitting as a court of impeachment, a supreme court, circuit courts, chancery courts, courts of probate, such courts of law and equity inferior to the supreme court, and to consist of not more than five members, as the legislature from time to time may establish, and such persons as may be by law invested with powers of a judicial nature; but no court of general jurisdiction, at law or in equity, or both, shall hereafter be established in and for any one county having a population of less than twenty thousand, according to the next preceding federal census, and property assessed for taxation at a less valuation than three million five hundred thousand dollars. The legislature shall also have authority to constitute as judicial officers any or all of the members of state school boards, state boards of education, county school boards, city school boards, and like boards or commissions by whatever name designated, and all superintendents of schools and school officials and employees throughout Alabama, and to provide that all action taken by them, or any of them, requiring the exercise of discretion or judgment in connection with school matters be judicial action."

"Section 256. It is the policy of the State of Alabama to foster and promote the education of its citizens in a manner and extent consistent with its available resources, and the willingness and ability of the individual student, but nothing in this Constitution shall be construed as creating or recognizing any right to education or training at public expense, nor as limiting the authority and duty of the legislature, in furthering or providing for education, to require or impose conditions or procedures deemed necessary to the preservation of peace and order.

"The legislature may by law provide for or authorize the establishment and operation of schools by such persons, agencies or municipalities, at such places, and upon such conditions as it may prescribe, and for the grant or loan of public funds and the lease, sale or donation of real or personal property to or for the benefit of citizens of the State for educational purposes under such circumstances and upon such conditions as it shall prescribe. Real property owned by the State or any municipality shall not be donated for educational purposes except to nonprofit charitable or eleemosynary corporations or associations organized under the laws of the State.

"To avoid confusion and disorder and to promote effective and economical planning for education, the legislature may authorize the parents or guardians of minors, who desire that such minors shall attend schools provided for their own race, to make election to that end, such election to be effective for such period and to such extent as the legislature may provide."

"Section 258. All lands or other property given by individuals, or appropriated by the State for educational purposes, and all estates of deceased persons who die without leaving a will or heir, shall be used or applied to the futherance of education."

"Section 259. All poll taxes collected in this State shall be applied to the support and furtherance of education in the respective counties where collected."

"Section 260. The income arising from the sixteenth section trust fund, the surplus revenue fund, until it is called for by the United States government, and the funds enumerated in Sections 257 and 258 of this constitution, together with a special annual tax of thirty cents on each one hundred dollars of taxable property in this state, which the legislature shall levy, shall be applied to the support and furtherance of education, and it shall be the duty of the legislature to increase the educational fund from time to time as the necessity therefor and the condition of the treasury and the resources of the state may justify; provided, that nothing herein contained shall be so construed as to authorize the legislature to levy in any one year a greater rate of state taxation for all purposes, including schools than sixty-five cents on each one hundred dollars' worth of taxable property; and provided further, that nothing herein contained shall prevent the legislature from first providing for the payment of the bonded indebtedness of the state and interest thereon out of all the revenue of the state

"Except as they may be specifically set aside in trust funds or otherwise applied to the payment of indebtedness, all proceeds of income or other taxes levied by the state, and of all special ad valorem or other taxes levied by counties and other municipalities, or school districts, pursuant to the constitution as heretofore amended, for public school purposes, shall be applied to the support and furtherance of education pursuant to Section 256 of the constitution, as amended."

"Section 269. The several counties in this state shall have power to levy and collect a special tax (a) not exceeding ten cents on each one hundred dollars of taxable property in such counties, for the support and furtherance of education in such manner as may be authorized by the legislature; provided, that the rate of such tax, the time it is to continue, and the purpose thereof, shall have been first submitted to a vote of the qualified electors of the county, and voted for by three-fifths of those voting at such election; but the rate of such special tax shall not increase the rate of taxation, state and county combined, in any one year, to more than one dollar and twenty-five cents on each one hundred dollars of taxable property; excluding, however, all special county taxes for public buildings, roads, bridges, and the payment of debts existing at the ratification of the constitution of eighteen hundred and seventy-five."

"Section 270. The provisions of this article and of any act of the legislature passed in pursuance thereof for educational purposes shall apply to Mobile county only so far as to authorize and require the authorities designated by law to draw the portions of the funds to which said county shall be entitled for school purposes and to make reports to the superintendent of education as may be prescribed by law; and all special incomes and powers of taxation as now authorized by law for the benefit of public schools in said county shall remain undisturbed until otherwise provided by the legislature."

I further direct and proclaim that notice of this election upon Tuesday the 28th day of August 1956 upon the above set forth amendment to the Constitution of the State of Alabama of 1901, be given by publishing the same once a week for four successive weeks next preceding Tuesday the 28th day of August 1956 in each county in the State of Alabama in a newspaper published in said county.

IN WITNESS WHEREOF, I have hereunto set my hand and have caused the Great Seal of the State of Alabama to be affixed by the Secretary of State, at the Capitol, in the City of Montgomery, on this the 2nd day of July 1956.

JAMES E. FOLSOM,
Governor.

Sardis News

Our attendance is growing and we are proud of the record we are making. We were glad to see the people from Mt. Carmel and invite them to worship with us at anytime. Bro. Jones preached a wonderful sermon at the eleven o'clock hour. We are thankful for such young preachers as Bro. Jones. He means much to our community, our church and has been an inspiration to each of us.

For the Baptizing service the attendance was good. We received eight new members and we ask your prayers for these members, that God may use their lives in a mighty way for His service.

Remember the Prayer Meeting Service each Wednesday night.

Remember also, the Sunday School and B.T.U. and bring someone with you. If you do not attend services elsewhere, come and worship with us.

STATE OF ALABAMA
A PROCLAMATION
BY THE
GOVERNOR

WHEREAS, the Legislature of Alabama at the Second Special Session 1956, ordered an election to be held by the qualified electors of the State of Alabama upon a certain proposed amendment to the Constitution of Alabama, which said amendment is herein set out, and ordered that said election be held on Tuesday, August 28, 1956, and

WHEREAS, notice of such election, together with the proposed amendment is required by law, and by the provisions of the act submitting the amendment, to be given by a proclamation of the Governor to be published in each county in the State of Alabama once a week for four successive weeks next preceding the day appointed for the election:

NOW, THEREFORE, I, James E Folsom, as Governor of the State of Alabama, do hereby give notice direct and proclaim that on Tuesday, the 28th day of August 1956, an election will be held at the several polling places within the State of Alabama, in the manner and form provided by law, upon the following proposed amendment to the Constitution of the State of Alabama of 1901:

"The Legislature shall have power to levy and impose a tax for State purposes on net income from whatever source derived within this State upon every corporation organized under the laws of Alabama, and upon every foreign corporation doing business in Alabama, and to designate and define the incomes to be taxed and to fix the rates of taxes provided that the rate shall not exceed five peccentum of the amount of the entire net income. Such taxes shall be first assessed, collected, and paid upon and with respect to taxable income earned on and after January 1, 1956. The provisions of Amendment XXV as ratified August 2, 1933, which are inconsistent with this amendment are hereby expressly repealed."

I further direct and proclaim that notice of this election upon Tuesday the 28th day of August 1955 upon the above set forth amendment to the Constitution of the State of Alabama of 1901, be given by publishing the same once a week for four successive weeks next preceding Tuesday the 28th day of August 1956 in each county in the State of Alabama in a newspaper published in said county.

IN WITNESS WHEREOF, I have hereunto set my hand and have caused the Great Seal of the State of Alabama to be affixed by the Secretary of State, at the Capitol, in the City of Montgomery, on this the 2nd day of July 1956.

JAMES E. FOLSOM,
Governor.

Mary Texas Hurt,
Secretary of State

YOUR Health

"Your Health" is presented by your physician as a health service of The Medical Association of the State of Alabama.

HOW TO KEEP COOL

The normal body temperature has been standardized at about 98.6 degrees Fahrenheit. The normal may be a degree below or above this figure. When changing weather conditions cause the temperature to rise or fall, a little center in the brain, acting like a thermostat, turns loose the mechanisms that help the body maintain its normal temperature.

To keep cool in hot weather, you must help your body lose heat When the body temperature is high, the heat control center starts the sweat glands to work harder, causing a person to perspire more profusely. As the perspiration evaporates from the skin, heat is taken away from the body. When the air is humid, less evaporation takes place; and the body is slow to cool.

Air conditioning is the modern way to keep cool. This engineering advance is becoming uniformly used in offices, industrial plants, stores and homes. Aside from keeping the body temperature comfortable, air conditioning also filters out such irritants as dust, dirt and pollen which cause misery to allergic persons.

Loose clothing, such as porous or mesh materials, permit perspiration to evaporate more easily; frequent baths or sponge baths help to keep the body cool, as well as free from odor; drinking water frequently replaces the fluid lost through perspiration; rest, even though eight hours sleep is not always possible, will keep the body free of physical and mental stress.

Special attention should be paid to diet. Heat is produced in the body by the burning of various foodstuffs. The process is called metabolism. Because our body tissues and muscles need just as much building materials in summer, it is much better to eat a well-balanced meal rather than cut down on intake. This can be achieved by eating less heat-producing foods rather than eating an inadequately balanced meal. If you don't eat properly, you are apt to feel run down and fatigued. Here the heat and humidity cannot be blamed. Your body is tired because it is not receiving proper fuel to carry on a normal pace.

Failures on the part of machine operators cause fully nine times as many accidents as does failure of the machines themselves.

Clanton Lions Club Bulletin

(A weekly report on local Lions Club affairs and its members).

Last Friday night was the Ladies night outing. Seems that all who were present had a good time. The shuffleboard went well and several took advantage of the cool, clear water for a little swimming. The food was choice—for a fella who loves to eat, it sure was hard to push the old calories away.

Pig Headley and B. L. Adams looked like the shuffleboard champs; however they had competition from Handy Hand, Tom Tom Hayes, Luke Kendricks and others. Looks like Charlie Tucker's leg will be as good as new in no time. Chester Miller says the only reason he wasn't the shuffleboard champ was that he had an infected eye. Pres. Bashore had his new law partner with him—Mr. Walter C. Hayden, Jr.

This will be the last regular meeting before the "ducking" booth goes into operation at the County Fair. There will not be a meeting on August 31st which will be a 5th Friday. Chet Miller will be calling on all of us for some help on getting this booth set up—a lot of work will have to be done prior to Sept. 3rd at which time business opens at the Airport. As soon as a schedule is worked out for who is due up at what time on the stool, we'll get out a special issue to pass this information along to all concerned.

Bob LaFave is open for business at his new location next door to Willie Crowson's Realty Co. Sure got things looking mighty good Doc.

Willie Crowson has the program this week He advises that he is working on what he hopes will be a very good one.

FHA Funds Available Locally

According to Isaac C. Byrd, County Supervisor, the local office of the Farmers Home Administration received notice last Friday that funds are available for loans to construct, improve, alter, replace, or repair a house or other building essential to operating the farm.

To be eligible an applicant must own a farm which will produce a substantial part of the operator's annual cash income and the farm must be large enough to be considered a farm. The applicant must have sufficient farm and other income to pay farm operating and family living expenses, and meet payments on existing debts, including the proposed farm housing loan. He must be unable to obtain locally the credit needed to finance the construction, rpairs or improvements desired.

Farm Housing loans can be repaid within a period of 1 year to 33 years. The interest rate is 4 percent per year on the unpaid principal Additional information may be obtained and applications made at the local Farmers Home Administration Office, Higgins Building, Clanton, Alabama.

"Keep The Change"

If you've seen "Mac" Johnson this week, chances are he's told you his waitress story. For those who haven't heard:

"Mac" recently stopped at an out-of-town diner. He ordered the chef's special—and his waitress (brand new on the job) made every possible mistake. She confused the order, spilled the soup, dropped the rolls, brought him a wrong dessert.

Despite it all, "Mac" left a substantial tip. But she smiled and handed the money back. "Keep it, Mister — you've sure earned it more than I have," she said.

From where I sit, that girl deserves credit for admitting her shortcomings — something not everyone is big enough to do. For instance, I'm convinced lots of folks know they're wrong when they deny me the right to a glass of beer with my supper . . . just because they happen to prefer some other beverage. They wouldn't like me ordering them to accept my choice.

STATE OF ALABAMA

A PROCLAMATION BY THE GOVERNOR

WHEREAS, the Legislature of Alabama at the Second Special Session 1956, ordered an election to be held by the qualified electors of the State of Alabama upon a certain proposed amendment to the Constitution of Alabama, which said amendment is herein set out, and ordered that the said election be held on the fourth Tuesday in August 1956; and

WHEREAS, the fourth Tuesday in August 1956, will be and occur on Tuesday, August 28, 1956; and

WHEREAS, notice of such election, together with the proposed amendment, is required by law and by the provisions of the act submitting the amendment to be given by a proclamation of the Governor to be published in each county in the State of Alabama once a week for four successive weeks next preceding the day appointed for the election:

NOW, THEREFORE, I, James E. Folsom, as Governor of the State of Alabama, do hereby give notice direct and proclaim that on Tuesday the 28th day of August 1956, an election will be held at the several polling places within the State of Alabama, in the manner and form provided by law upon the following proposed amendment to the Constitution of the State of Alabama of 1901:

"Any provision of the Constitution or laws of the State of Alabama to the contrary notwithstanding, Franklin County, or any municipality in Franklin County, shall have full and continuing power and authority, after an election held in accordance herewith, to do any one or more of the following:

"1. To purchase, construct, lease or otherwise acquire real property, plants, buildings, factories, works, facilities, machinery and equipment of any kind.

"2. To lease, sell for cash or on credit, exchange, give and convey any such property described in subdivision 1 above, to any person, firm, association or corporation.

"3. To promote local industrial, commercial or agricultural development and the location of new industries or businesses therein.

"4. To become a stockholder in any corporation, association or company

"5. To lend this credit or to grant public moneys and things of value in aid of, or to, any individual, firm, association, or corporation whatsoever.

"6. To become indebted and to issue and sell interest bearing bonds, warrants (which may be payable from funds to be realized in future years), notes or other obligations or evidences of indebtedness, to a principal amount not exceeding fifty percent of the assessed value of taxable property therein as determined for state taxation, in order to secure funds for the purchase, construction, lease or acquisition of any of the property described in subdivision 1 above or to be used in futherance of any of the other powers or authorities granted in this amendment. Such obligations or evidences of indebtedness may (in addition to any pledge or pledges authorized by subdivision 8 of this amendment) be issued upon the full faith and credit of Franklin County, or the municipality therein, as the case may be, or may be limited as to the source of their payment

"7. To levy and collect annually, in addition to all other taxes now authorized or permitted, a special tax or taxes of not exceeding two percent on the value of all taxable property therein as determined for state taxation, in the same manner as other county or municipal taxes are levied and collected. Such tax may be upon all property in Franklin County, or upon all property in the municipality, as the case may be, or upon all property in any district the boundaries of which the governing body of the county or the municipality, as the case may be, shall describe and which it shall determine to be specially improved and benefited by any proposed use or expenditure of the proceeds of such tax.

"8. To pledge to the payment of any bonds, warrants, notes or other obligations or evidences of indebtedness the annual proceeds from any such special tax or taxes and to obligate itself irrevocably to continue to levy and collect such taxes annually until such obligations or evidences of indebtedness are paid in full and to pledge thereto any rental or sales proceeds of property leased or sold by it.

"9 To create a public authority or corporation having such powers, managed and governed by such board or governing body and subject to such limitations as the governing body of the county or the governing body of the municipality, as the case may be, may impose, by approving and filing a certificate to that effect in the office of the judge of probate or the Secretary of State, or their respective successors in function and to delegate to such public authority or corporation and its board or governing body all powers and authority conferred in this amendment upon Franklin County or any municipality therein

"The recital in any bonds, warrants, notes or other obligations or evidences of indebtedness that they were issued pursuant to this amendment or that they were issued to provide funds to be used in furtherance of any power or authority herein authorized or that any special tax herein authorized has been pledged to the payment thereof shall be conclusive; no purchaser or holder thereof need inquire further; and the levy and collection of such tax shall continue until the principal of and interest on such obligations or evidences of indebtedness shall have been paid in full. The bonds, warrants, notes or other obligations or evidences of indebtedness issued hereunder shall not be considered an indebtedness of Franklin County or any municipality therein for the purpose of determining the borrowing capacity of the county or any such municipality, as the case may be, under Sections 224 and 225 of the Constitution; and the taxes herein authorized shall be in addition to those provided for or permitted in Sections 215 and 216 of the Constitution and all amendments thereto.

"This amendment shall be self-executing; but the Legislature shall have the right and power by general, special or local act to adopt laws supplemental to this amendment or in furtherance of the purposes and objectives hereinabove set forth.

"10. Neither Franklin County, nor any municipality in Franklin County, shall make any engagement or commitment or undertake any project under the provisions hereof unless and until the proposition has been approved by a majority of the qualified electors of the county or of the municipality therein, as the case may be. The governing body of the county, or of the municipality, as the case may be, may provide for holding such election, but in no case shall an election be held until notice of the election and of the proposition to be voted on has been published for at least three successive weeks."

I further direct and proclaim that notice of this election upon Tuesday the 28th day of August 1956 upon the above set forth amendment to the Constitution of the State of Alabama of 1901, be given by publishing the same once a week for four successive weeks next preceding Tuesday the 28th day of August 1956 in each county in the State of Alabama in a newspaper published in said county.

IN WITNESS WHEREOF, I have hereunto set my hand and have caused the Great Seal of the State of Alabama to be affixed by the Secretary of State, at the Capitol, in the City of Montgomery, on this the 2nd day of July 1956.

JAMES E. FOLSOM,
Governor.

A Problem For All America

B. Dr. Alfred P. Haake

(Ed. note: Alfred P. Haake, Ph. D., is a noted economist, public relations consultant, author and lecturer.)

The 1955 Supreme Court decision ordering integration in public schools, has raised one of the most vital issues in the history of our nation. Those for or against the decision have, for the most part, not contributed to clarification of the issue. The federal governmnt, conscious of an election in November, has tried to steer a middle course. And no one has really done anything to correct the rapacity of the Supreme Court in reaching for power taken from the States and assumed by the federal government.

Segregation is not the real issue, However desirable it may seem to some people, this writer believes that integration should and can come only as rapidly as all parties concerned become ready and qualified for integration. That is a matter of development an devolution, not of legal or physical force. A government might force me to live in close proximity to someone with whom I preferred not to live in in close proximity, but it could not make me like it, or do my utmost to change the situation and spare myself the indignity, whether I be white, black or any other color.

Let us not deceive ourselves. There never will be real integration, in any part of this country, so long as men differ significantly in capacity, character or level of development. We may drink water from the same mains, go to the same churches and schools, buy our goods in the same shops, and vote in the same polling booths, but there will always be preferences for the company we keep. No law or government can change that.

There are biological taboos as to the crossing of blood lines. Most of the world is colored and there is virtue and justice in struggling against the further dilution and possible disappearance of the Caucasian race. Sentimentalism is a poor answer to that possibility.

As human beings and as children of a common God, we must recognize the laws He laid down for us, rules by which man should live together in mutual respect and peace.

But the determination of social relations is not the business of government. In any case, the recognitions and considerations we owe each other should be voluntary and not induced by governmental force. That is one of the important reasons we have schools and churches.

But, the real issue involves the very foundations of our country the basic freedoms on which we built. It involves especially the precious document through which those freedoms are guarded from the rapacities of power-hungry officials Even the negro, perhaps especially the negro, should be more concerned with respect for the Constitution of the United States than with temporary benefits which may seem to come from its violation.

The Constitution of the United States gives education and control of schools to our several States and the people, and very definitely not to the federal government. It was so provided in the 9th and 10th articles of the Bill of Rights.

The 14th amendment, invoked to force integration of schools, is itself of somewhat dubious origin and moral validity. It was written in haste, and forced in hatred on "captive" states. It was not approved by free men.

The federal government, in its head-long quest of the welfare-state, whether Democratic or Republican, seeking votes to gain power from a deluded public, has already gone a long way in assuming powers that belong to the States, and toward the destruction of the Constitution itself.

Every public official who compromises the Constitutional Rights of States or people is false to the very Constitution which he swore to defend when he took office. The Supreme Court is in the unhappy position of disregarding the very Constitution which it was created to protect. Someone should help the justices to understand that their functions and duties are JUDICIAL not SOCIALOGICAL.

The answer to segregation is to work through the States, the schools and churches and other media in molding public opinion and in qualifying all those who seek equal recognition to make themselves fit for its possession.

It is far more important for the federal government, and especially for the Supreme Court, to recognize, obey and respect the Constitution of the United States, than it is to build up power in Wash. for the alleged benefit of suppressed members of the body politico.

Let there be no more compromise in insisting that the government itself respect th Constitution which it has sworn to protect and defend.

Folks and Things ABOUT TOWN

—By Ben

You know, we're getting real smart. Last week we prepared a paragraph all about the fellows who would be in the race for Mayor and Councilmen for the City of Clanton next month. And you know what again? We left it in our typewriter and went merrily to press without it. Tell you something else. If you happen to be interested in who is running for what in our City election the paragraph is in this column somewhere.

We find very few who disagree on our need for a Courthouse. So far as going in debt for the new building is concerned we dare say 99 percent of the people in Chilton County would have no farms, no cars, nor any of our modern conveniences if we hadn't gone in debt for what we needed and then worked it out. We can never hope to get new modern industry to come to our County if we haven't enough pride to house our own public of icials and records in a decent building instead of an old fire-trap.

Get ready, get set, go — For Mayor: Raymond L. Duffey and J. Hollis Jackson; For member City Council: Callen Alred, M. J. Bates, Dewey Crew, L. E. Diefenderfer, J. E. Easterling, Marion Easterling, M. C. Godwin, S. A Jones, Leon Kemp, Ed Mullins, Louie Smith and Bob Sewell. Now there's a healthy group to choose from, let's pick the best five men on the list for our next Councilmen.

Seems an auctioneer had just been handed a piece of paper on which was penciled a note. He stopped the bidding and said: "I have been notified that someone in the crowd has lost a wallet containing $200. He is prepared to offer $50 for it's return." A voice: "51 dollars."

What did those first cool days of last week remind YOU of: Crackling leaves underfoot? Golden Rod along the highway? Soon time to take those winter clothes from storage? Kids soon calling "Mom, where are my books:" and "Dad, don't forget to leave my lunch money?"

It reminds ME of all that and of "BAZAAR TIME"—the hustle and bustle of busy days beforehand, the happy gleam in the eyes of those planning for it, which truly ushers in the Yuletide season; for Christmas isn't a date on the calendar. It is a feeling in the heart, when smiles come quicker, greetings cheerier and a contagious happiness pervades the air. Look for it.—As you meet others while marketing—as a friend passes and waves—the answering of the phone at the other end—the happier faces at church—LOOK FOR IT! You will find it even now like the first crocus in Spring and the first robin's song. LOOK FOR IT as you would a golden nugget, and let it's dust rub off on you for it isn't a thing to be spurned, contemptuous of, or even a thing to be postponed, planned for later, or even be indifferent toward. It IS a wonderful, marvelous thing, this Spirit of Christmas—ushered into Clanton each year with The Bazaar. Wonder what they're cooking up this year? The little woman has that gleam in her eye, so I've a feeling she's in on it. I'll try to wrangle something out of her for your information soon.

The C.C.H.S. Seniors got off to a good start Tuesday night with a Chicken Barbecue at the City Park. They barbecued 200 chicken halves. We say they, but we mean Hughey Carroll and Donald Jones and Joey Morris. We'd better explain here, that Hughey is no senior, he was just helping the kids. Mrs. Carroll deserves an orchid for her hard work also. And by the way, the Baptist Youth Rally will have a barbecue at the City Park Saturday night of this week. The Youth of our County are benefitted greatly in these meetings and are deserving of our every support.

Methodist Church Calls For Dolls

All girls who have entered the Overseas Doll Contest are asked to have their dolls at the First Methodist Church in Clanton by 4:00 Saturday afternoon, September 1st. The Methodist Youth Fellowship, which sponsors the local doll contest each year, will forward the dolls to Birmingham for the Regional Contest on September 7th. At Christmastime the dolls will then be distributed to needy children overseas.

Local Legion Post To Hold Barbecue, 3rd

The American Legion, Post No. 6, of Clanton will have a barbecue at the Veterans Club on September 3, Labor Day. The barbecue will be served from 11:30 until 6:00. Chairs and tables will be available for those who wish to sit and eat a while. Tickets are $1.00.

Who Will Be Chosen Chilton's 1956 Dairy Maid?

Each year in connection with the County and District Dairy Show, we have a Dairy Maid program. Who will be Chilton County's 1956 Dairy Maid?

The Dairy Maid will be selected September 5th at the Dairy Show in connection with the County Fair. The contestants will meet the judges at 5:00 p.m., September 5th and will be presented that night to the public at the Dairy Maid program. The County winner will have to be 14 years old—if there are enough younger girls entering the contest we will have a Junior and Senior Contest.

Girls will select an escort who is an active 4-H Club Boy. The Dairy Maid will be selected by the following scorecard—project, leadership, appearance, personality and poise.

The record or Project Work should be as complete as possible. A record of all the projects the girl is now carrying, as well as any records of projects carried in previous years, should be included. Girls are asked to write a story including as much information as possible about herself and 4-H Club activities, birthday, age, parents, address, community, school, grade, school activities you participate in, number of years in 4-H Club, projetcs, offices held, County contests entered, awards won, trips, camps, picnics, summer activities and anything else you may add. A glossy print, head and shoulders picture of the contestant, is to be included. A school picture will be satisfactory if a larger one is available. Records should be in the Home Agent's office by August 31st.

The 4-H girls will wear the offical green and white striped uniforms and the boys will wear white trousers, white shirt and green tie.

The girl who is selected Chilton County Dairy Maid will represent the County at the District Dairy Show in Bessemer, September 12th.

Gospel Meetings At Jemison Church

Calvin E. Campbell, minister of Amory, Miss., will begin a series of meetings at the Jemison Church of Christ beginning September 10th at 7:30 p.m The Gospel Meeting will continue through September 16. The public is invited to attend these meetings.

FHA Office Closed For Three Days

The local office of the Farmers Home Administration will be closed three days next week. Monday, September 3rd, is a National Holiday and the FHA personnel will be attending an area meeting in Birmingham on Tuesday and Wednesday, September 4th and 5th.

Loan services of the Farmers Home Administration have been expanded and the new program will be explained to the personnel in the meeting to be held next week.

Annual Junior Golf Tournament Here Monday

The Clanton Country Club will hold it's Anual Junior Golf Tournament Labor Day, September 3rd at 3 p.m.

All Junior members under 16 are invited to participate.

Prizes will be awarded to both boys and girls.

Twelve out of every 100 drivers involved in all reported automobile accidents were under the influence of alcohol to some degree.

Amendments 2 And 3 Passed; Others Swamped

As Chilton County goes, so goes the State as far as the Amendment election was concerned Tuesday. According to reports from over the State it looks now like, only amendments 2 and 3 will be ratified by the voters. The Black Belt Counties voted heavy for the Freedom of Choice amendment and the amendment giving the authority to the powers that be to put public parks, swimming pools, etc., under private authority.

In Chilton the vote on the six amendments was:

Amendment	Yes	No
No. 1	605	1258
No. 2	1172	780
No. 3	957	768
No. 4	604	896
No. 5	396	868
No. 6	482	760

Clanton Voters To Decide Question Of Pool Halls

At the general election in the City of Clanton, Alabama, to be held September 17, 1956, the people are asked to cast their vote according to their wishes as to the permitting of the operation of Pool Halls or Billiard Halls within the City of Clanton.

This is not a referendum, but a guide to the City officers as to the wishes of the citizens of Clanton.

Acting Mayor

Date Set For ASC Community Elections Here

The State ASC Committee has set September 11 as the date for community elections.

Elections will be held by mail.

Ballots for each of the nine communities will be prepared containing the names of all nominees and will be mailed to all known voters in their respective communities on August 31.

Eligible farmers failing to receive a ballot by mail may obtain a ballot at the office of the County ASC Committee located at 101 8th St. North, Clanton, Alabama, upon request.

Each community ballot will contain spaces for writing in the names of candidates of the voter's own choice and each voter will vote for five persons to be Community Committeemen.

The person who receives the most votes will be declared chairman, second high will be vice-chairman and so on through the second alternate.

The persons elected as Community Committee Chairman and Vice-Chairman shall be declared elected as delegate and alternate delegate respectively to the County Convention.

Ballots must be returned to the County ASC Office not later than 10:00 a.m. on September 11, 1956. Ballots may be delivered by mail or in person, but they must be in the County office before the deadline.

Ballots will be tabulated on September 11 and results of the election determined by the Election Tabulation Board. Members of the Election Tabulation Board are W. A. Williams, Rt. 4, Clanton; Arthur W. Headley, Rt. 5, Clanton and Bernice Vance, Rt. 3, Clanton.

Delegates elected in the Community Elections will attend the County Convention which will be convened on September 17 at the County ASC Office for the purpose of electing the County Committee.

The term of office of committeemen and alternates shall begin on October 1, 1956, and shall continue for 12 months, or until their respective successors have been elected and qualified.

Drinking drivers were involved in 19.7% of all rural traffic accidents investigated by the Alabama Highway Patrol in 1955.

Forty-four percent of fatal traffic accidents investigated between 10 p.m. and midnight involved drinking drivers.

Larger, Better Than Ever Before---

September 3-8 Designated As "Fair Week" In Chilton County

Lions Offer You Chance To Duck Their Members

The Clanton Lions Club will again thrill the spectators at the Chilton County Fair next week with their popular ducking booth.

Members are requested to meet at the Fair Grounds on Friday evening to assemble the booth and get things in readiness for the Fair.

Last year the Lions proved to be the most popular attraction at the Fair.

Members who are to get ducked and the nights on which they are scheduled to appear are:

MONDAY—Adams, Barze, Bashore, Crowson, Davis, Easterling, Fort, and Foshee.

TUESDAY—Gowan, Hamilton Hayes, Headley, Johnston, Kendrick, LaFave, and Lecroy.

WEDNESDAY—Miller, C, Miller, J., Morrison, Salter, Scott, Stokes, Sumrall and Williams, J.

THURSDAY—Adams, Lecroy Bashore, Davis, Easterling, Foshee, Hand and Gowan.

FRIDAY—Hamilon, Hayes, Hand, Johnston, Kendrick, LaFave, Barze, and Miller, C.

SATURDAY—Salter, Scott, Williams, J., Sumrall, Headley Stokes, Miller, J., Morrison.

Southern Bell Shows Unique Display At Fair

A device that answers your telephone, gives callers a message and lets them talk back, will be featured next week in the Southern Bell Exhibit at the Chilton County Fair.

The theme of the display is "Telephone Conveniences to Make Life Easier and More Pleasant." The automatic answering device is just one of many new telephone innovations designed for your comfort and convenience.

For instance, the display also features a telephone which doesn't require the receiver to be lifted off the cradle. It is the Speakerphone, which allows you to talk or listen by just pressing a button when the bell rings, or when you are making a call. If you wish, the Speakerphone may be used like a conventional telephone.

An attractive, lighted display featuring the technical skills that lie behind your telephone service has been arranged, also.

Mr. O. W. Norton, Manager for Southern Bell said the exhibits make it possible for visitors to get a clear picture of the many kinds of telephone equipment available here.

The telephone company also has made it possible for you to hear what your voice sounds like when you call someone. The "Voice Mirror" repeats to you the exact words spoken in a telephone especially set-up for this purpose. Additional telephones are hooked into the system so that other spectators can listen to the recordings.

Mt. Bethel Church Near Completion

The new Mt. Bethel Church, located one-quarter mile off the Lay Dam Road on the old Shelby Road, is near completion.

Announcement was made today that the building will be finished within the next two weeks.

Services are being held in the unfinished building at present and a cordial invitation is extended to all to attend the services at this new church.

Registrars Meet Tuesday, Next Week

The Chilton County Board of Registrars will meet next Tuesday, September 4, instead of their scheduled meeting day Monday. The day postponment was necessary because the Courthouse will be closed on Monday, Sept. 3, for Labor Day.

Civitans Sponsor "Corn Dawg" Booth Again At Fair

The "Korn Dawg" booth was so popular lt the Fair alst year, the Civitan Club of Clanton has decided to again present the public with this unique bit of eating.

It's what we call a "crazy hot dog" man. You haven't had anything until you've had a "Korn Dawg."

They're guaranteed by the Civitan Club and you can eat as many as you like. (Providin' you pay for them.- But, the price is right. In fact, it's downright ridiculous That's what you'll say after your first mouthful. The price will seem unimportant after that. Come on out to the County Fair next week and let them show you what a real "Korn Dawg" tastes like.

Chilton-Unity To Hold Rally And Barbecue, 1st

The Chilton-Unity Youth Rally Barbecue will be Saturday night beginning at 6 p.m. at the City Park.

Everyone selling tickets should have them turned in to the Willingham Hotel by 12:00 noon Thursday.

Following the Barbecue, the Youth Rally will be held in the Ball Park at 7:30 p.m. Rev. L. I. Hereford, pastor of the Tenth Avenue Baptist Church in Birmingham will be the speaker. Bro. Hereford is an inspirational speaker, and you will miss a blessing if you miss this rally.

Plan now to attend.

Legion Post 6 Meets Monday

Post No. 6 American Legion will meet Monday night at the Veterans Club in their regular meeting. Hugh M. Bates, adjutant asks that all members be present.

Wyatt's Pitching, Seales' Batting, Top Stars' Roster

By B. B. BATES

Clanton 9 - Autaugaville 5—

Bobby Wyatt won his 12th game of the year as he pitched his club to a 9 to 5 win over Autaugaville Friday night. Bobby gave up 9 hits but matched this with 9 strikeouts. Jerry Fulford and Johnny Smith were the leading hitters with 3 each. This win was number 19 of the year for the Stars.

Clanton 4 - Billingsley 9—

The Clanton baseball machine sputtered and refused to get started as a pepped up Billingsley Club had itself a big day and licked the Stars 9 to 4. Billingsley's largest crowd of the year s w Charles (Lefty) Jones whip the Stars for the 2nd time this year. Errors and loose play at short stop proved to be the downfall of starting pitcher Wayne Guin who caught the loss. Pacing the Clanton batsmen was Jerry Fulford with 3 singles. Joe Turner led the winners with a single, double and a triple.

Scheduled Games—

The game with Standard-Pullman was cancelled Sunday. The field had been worked on late in the week and was not in playing condition. Friday night the Dairy Producers are slated to be our guests at City Park. Saturday will find the team at Prattville. Sunday the Standard-Pullman Club will come to City Park.

Stars Leading Batters—

Leading the Club in hitting are Seales with .354, Easterling .345, Edwards .328, and McKee .313. Runs scored: Easterling 31, Ellison 23, and Smith 22. Hits: Easterling 38 and McKee 37. Walks: Easterling 15, and Dennis 13. Doubles: McKee 10 and Seales 6. Triples: Seales 5 and McKee 3. Home runs: McKee 5. RBI's: McKee 34 and Seales 28.

Gragg Field To Be Scene Of Extravaganza

Six full days of County Fair entertainment—that's what has been planned for Chiltonians by the County Chamber of Commerce. September 3rd through 8th has been designated as County Fair week and many, many new forms of entertainment are in store for local folks.

On Wednesday evening spectators at the Fair will release one thousand balloons from the ground while members of the Clanton Aero Club chase them down and burst them in mid-air by catching them in the propellers of their planes

Also on Wednesday 4-H Club members and dairymen from over the County will compete for prizes which total approximately $650.00. Top award being offered is a purebred Jersey Heifer. Only Junior Dairymen will be elgible to compete for this coveted prize. A registred Jersey heifer will b awarded to the 4-H Club member that is judged as "best fitting and showmanship" winner. In this class the work of the member will have more bearing on the judges than the fact that he has a prize-winning animal. A well-groomed and well-trained animal will win it's owner the merit. Competition will begin at 1:00 p.m.

On Thursday of Fair Week ten Chilton County Jersey cattle breeders are to offer fifty-one Jersey cattle for sale at public auction beginning at 12:31 p.m. Tom McCord will act as auctioneer. The cattle to be auctioned will be on display at the fairgrounds beginning Monday. These cattle are being offered at auction in an attempt to improve the strain of dairy cattle in Chilton County.

BEEF CATTLE EXHIBITS—

Beef cattle exhibits to be presented throughout Fair Week will visually portray progress and activities in this increasingly important farm production program.

Hereford cattle, Aberdeen Angus cattle, Santa Gertrudis cattle, 4-H Club project animals, and possibly some of the oddities of "Beef-dom" will be presented under the show bards during the County Fair.

Representative animals from some of Chilton County's most progressive purebred herds are to be on exhibit. Sleek black animals from Angus breeders, attractive red and white steak producers from Hereford breeders, and rugged heavy solid reds from a Santa Gertrudis breeder will be among the purebred cattle breeders' beef exhibits.

A group of Chilton County produced steer calves that are to be fed by 4-H Club members will be on exhibit at the Fair. This group of calves are to be re-entered in show in "Chilton County Fat Stock Show" during Spring of 1957. I should prove quite interesting to observe the 400 lb. calves that Club members are starting projects with, and to again have an opportunity to see the same group of calves as 800 to 500 lb. fat steers that 4-H Clubbers present in the Spring Beef Show.

A Chilton County beef production progress report with interesting variations will be presented for young and old cattlemen and County Fair spectators.

POULTRY EXHIBIT—

Leaders of all Chilton's F.F.A departments are pooling their efforts to present—based on Chilton County's egg production program—a very interesting and educational poultry exhibit at the County Fair.

Live birds and management program information for cage-egg and conventional methods of egg production will be among the interesting features of the F.F.A. Poultry Exhibit.

COMMERCIAL EXHIBITS—

Approximately 30 of Chilton County's commercial andlor industrial establishments are to present in attractive fashion a few of the items that they make or sell.

By visiting the County Fair, you will have an opportunity to observe many of the latest gadgets of household convenience, or if you are a farmer, rancher, or orchard-tender, you will have an opportunity to s and study many of the latest fiel and orchard labor-saving farm implements.

Commercial exhibitors are no competing for premiums in the exhibits, Just the opposite. Th pay a rental fee for their spac The commercial exhibitors in a large measure make the cattle show premiums, the hog exhibit monies, the community exhibit premiums and many other parts of the County Fair program possible.

Lee Amusement Company Back At Fair Grounds

The Lee Amusement Company, which has been with each and every Chilton County Fair since it was re-organized will be back again this year to entertain the kids and grown-ups.

Wednesday, September 5, will be Children's Day with reduced prices on all rides. There will be fireworks displays on Tuesday and Thursday nights

New attractions have been added this year to give more enjoyment to young and old. Admissions to the grounds is free at all times.

Farm Bureau To Hold Annual Meet, Bar-B-Q Wednesday

The Annual Business Meeting of the Chilton County Farm Bureau and the Farm Bureau Annual Fish Fry for members is scheduled, for members' convenience, along with the Chilton County Fair.

Farm Bureau members will have an opportunity to attend their own business meeting and some of the more interesting portions of the County Fair with a single trip to Clanton.

Farm families from all sections of the County look forward to their Anual Farm Bureau meeting. I offers farm families of varied interests an opportunity to meet and visit. Farmers discuss their mutual programs and plan ways to make further improvements. The entire family has an opportunity to hear state and/or national leaders report on progress of farm connected activities. If it is true that you can't buy friendship, why does America spend so much each year on foreign aid?

REPUBLICAN INCONSISTENCY—

How can the Republican Party hope to win in November considering the way they have let the American people down the past four years?

As we recall, in the keynote speech of Gov. Arthur Langley at the Republican Convention last week he said: the Party had promised to "reverse the trend toward bigger and bigger government" and that the promise had been kept. This is untrue. The trend has been in the other direction.

He described the Roosevelt-Truman administrations in the same keynote address as: "20 demoralizing years of discord and defeatism in our public affairs. This is not true. Even a school child knows the depth of despair that was over the land when the late Franklin D. Roosevelt took the oath of office and the drastic steps that were needed to pull the Country out of the worst depression in history. And as for our "public affairs." At no time in the History of America have we stood so low in the eyes of the world as today, because of the lack of leadership in our foreign affairs.

The small businessman has been forgotten. Many are closing their doors because of the pressure of "big business" which is the heart of the Republican Party.

The laborer has been left by the wayside. He gets a few cents raise in his pay envelope and living costs skyrocket.

The farmer is the forgotten man. Since the foundation of the Republican party "big business" has been it's watchword. Big business will continue to control, America. Eisenhower, Nixo n and all the rest. Don't let them fool you.

ANOTHER SCHOOL TERM—

School doors will open tomorrow as is usual every year about this time and thousands of children will forsake the swimming hole and other activities for higher education.

The doors of our first grades will open to another class of the new generation of children who have always lived with TV. Soon we will be able to determine what effect this new medium of education and information is having on our civilization. Will children of this age become progressively more intelligent from the preschool age viewing of world affairs or will they become more lethargic and less intelligent from spending long hours in front of the TV screen instead of playing.

Better or worse, as the case may be, it's too late now.

All we can do is relax and wait for the verdict and proof.

One thing we're sure of, whatever the cause, kids are smarter these days than they used to be.

A MOMENT OF LIBERTY—

Every member of the Republican Party owes a vote of thanks to Mr. Carpenter, Delegate to the National Convention from Nebraska. This audacious little man seems to have been the only man in the 1323 delegate convention who remembered that he was an American with a freedom of choice. When he stood up and nominated a probably fictitious Joe Smith as candidate for the vice-presidency of the United States he caused a crack to form in the iron curtain of a cut and dried show of unity.

What type of unity is it when each member has been pledged by an iron-clad statement for months in advance to stand up and cast his vote for a candidate he may not favor. Is this Democracy, when the voters themselves are not even allowed to choose the delegates who will represent them or the candidates to serve their party.

In keeping with the whipped-dog air of the farce Mr. Carpenter was willed into submission by the powers that staged this theatrical extravaganza. Mr. Carpenter originally planned to nominate a flesh and blood creature, but he was disappointed when the recipient of his favor declined the honor of serving his country in this manner. Disgruntled, Carpenter momentarily bolted from the dramatic training he had received upon being named a delegate.

Mr. Carpenter, you turned yellow at the most important moment, but we thank you for believing in freedom for even the split-second when you strained against the chains that bound you.

LIFE'S LITTLE SHADOWS

VERNON P. PAYNE

Last week's two-day preview of winter served at least one purpose—it sure reminded me that I'm no cold weather fan.

I wonder just how many folks that had been wishing for cold weather really enjoyed it. If they got the sniffles, as I did, they may have paused to think of the coming day when they cannot dare leave home without a couple of handkerchiefs for protection. Or, while digging in the closet for a blanket they may have run across the heavy coat which will soon be their constant companion. Too, they were probably reminded that the open house would soon be closed against the violent blasts of old man winter's ice machine.

Gone soon, will be the pleasures of basking and working in the sun. These moments of comfort will be replaced by sitting next to the heater trying to thaw out your chilled marrow.

The beautiful flowers, lawns and shrubs will soon lose their colorful trimmings and go into hibernation for the rough season. True, there will be no lawns to mow, but you can't enjoy sitting on them either. Idle hours will be spent in the warm comfort of the home; hours of comfort that you are paying dearly for at the end of each month when the fuel bill comes in.

If I must make a choice in seasons I'll take summer and those of you who choose winter will probably regret it when the mercury gets down below freezing. To me the act of sweating is a lot more comfortable than the act of shaking and shivering. Either way, I'll soon be saying I sure wish it were summer again.

Retiring Highway Dept. Employee Commended By County Board

EXCERPTS FROM THE MINUTES OF THE BOARD OF REVENUE AND CONTROL OF CHILTON COUNTY, ALABAMA OF It's Regular Meeting of August 13, 1956.

"Mr. Smith offered the following resolution for adoption; which was duly seconded by Mr. Motley:

WHEREAS, Mr. I. B Rutledge has retired from the State Highway Department of the State of Alabama and,

WHEREAS, the aid, assistance and counsel rendered by Mr. Rutledge to the people of Chilton County through its Governing body and its Engineering Office has been of great value to our County and is appreciated by the Officials as well as the people of Chilton County.

NOW. TREREFORE, BE IT RESOLVED: That the Board of Revenue and Control of Chilton County. Alabama through the medium of this resolution does hereby express its thanks and gratitude to Hon. I. B. Rutledge, retired Chief of the Bureau of County Aid, for the innumerable acts of kindness and consideration extended to it in connection with its efforts to secure an adequate Farm to Market System of Public Roads for the people of Chilton County, and

BE IT FURTHER RESOLVED: That a copy of this resolution be forthwith mailed to the Hon. I. B. Rutledge and released to the press.

The above stated resolution was adopted by a unanimous vote of all the members present and the Chairman declared said resolution duly adopted.'

Lutheran Church News—

The service next Sunday afternoon will be conducted by the Rev. Dermon A. Sox of Birmingham. You are cordially invited to attend.

The Alabama Conference of the Georgia-Alabama Synod will meet in Aniston, Alabama on Monday September 10th, with the Trinity Lutheran Church as its host. A letter from our former Pastor William R. Morgan invites all who can to attend from Concordia Church. We hope that a good many will be able to go.

Mrs. N. C. Peterson, Mrs. A. E. Reagan and Miss Naemi Turnquist spent Wednesday in Birmingham shopping and visiting. In the evening they had dinner with Mrs. Irene Peterson and mother, Mrs. Carrie Matthews in their home in Berney Points. All had a most delightful time.

Mr. and Mrs. Carl Johnson and two daughters of Gary, Ind. spent Thursday here visiting with old friends. Carl once lived in Thorsby with his family, the Andrew Johnson's, who lived on what is known as the Leary Farm. Carl was just a young boy when he left Thorsby and he saw many old friends and familiar places, though he thought Thorsby had changed so much (for the better) that he could hardly find his way around, so Ernie Hanson took charge of him and showed him around. There must be something about this little town that really draws people back, once they get this sand in their shoes and it is certainly good to have old friends come back.

Mr. and Mrs. John Brothers of Birmingham spent Sunday here with relatives.

Mr. Leonard Bosworth of Birmingham spent most of last week here due to his wife's illness and being somewhat indisposed himself. He returned to Birmingham Monday. We trust that both he and his wife will soon be fully recovered.

Thorsby Institute News—

School will open Tuesday, September 4th at 10:00 a.m. Everyone is invited to the opening exercises. There will be a reception given by the Ladies Guild for the teachers and the pupils ,and everyone interested in the school on Friday night, September 7th, at 7:30 p.m. If you wish to attend Thorsby Institute, you may register for the coming year now. Quite a number have already registered. The Freshmen may rent books, which makes the tuition less.

We hope that others will take sewing with Mrs. Heida. If someone wishes to take sewing, who is not a member of the school, probably it can be arranged for her to attend classes. Of course, a small charge will be made to outsiders taking sewing.

The library is still well-liked and is a help to pupils studying English. All classes are required to take English.

The Thorsby Institute officers of the Alumni Association are: Pres.-Hudson Williams; Vice-President-Mrs. H. E. McFarland; Secretary-B. L. Adams; Treasurer-Mrs. Arden Folk.

Thank You—

Dr. and Mrs. Gerald W. Everett wish to express their gratitude to the people of the Thorsby Community for the heartwarming welcome extended August 9. This sincere expression of friendship was an experience which will long be remembered. In humble appreciation we thank you.

During peak traffic accident frequency hours (4-8 p.m.) 36% resulted in death to one or more persons. One-third of these involved drinking drivers.

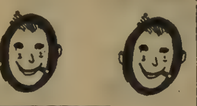
things we See and Hear



By "TUCK"

Since elections and voting is so thickly spread over the minds of the populous at this time, what say we give a look see at who's who in the election in the Town of Maplesville. The Mayor's race, it appears, will be a close match between the present Mayor, V. B. McCain and Henry Clay Nix; Those citizens up for Town Council are: B. T. Adams, J. E. Bearden, F. M. (Moody) Chambers, E. T Clapp, J W. Graham, W. L. Hampton, J. C. Rucker, J. P. Thomas. Want a prediction? Well let's see, McCain will win; Graham will win, Clapp will win, Rucker will win, and Chambers will win. We won't speculate further, but if you disagree with us, go to the polls and prove how wrong we can be.

We wish them all luck, may the BEST men win.

Did you know we were about to enter into the festivities of the most elaborate and (since we're predicting) most successful Fair that Chilton County has ever staged. Interest this year is excellent, among participants and spectators alike. Leaders of the event are working hard to give us different entertainment. It's an old, worn-out phrase, but still holds true, and even more so,this year: There's Fun for young and old at the Chilton County Fair. We'll be looking at you. (You're always on the rough end aren't you?).

After learning of his resignation as City Manager, we were certainly relieved to hear that our very good friend, Dave Wall was going to remain in Clanton and go into business. We feel that Dave is an asset to any community, so we naturally want him in ours if possible. We wish him luck in his new venture, but we sure hate to see him leaving a job which he handled so capably, efficiently and in the best interests of our citizens. He's the type fella who makes a good citizen too, so we're glad to have him in the common herd with us. You'll be hearing from him.

HeLLLo MaMmo WiLkins. (that's a note from son Ben to his Grandma. He's practically as good on the old keyboard as is his old man.) Did we say practically?

Anyone who's against building the new Courthouse is certainly entitled to his opinion. . . we'd like to know their reasons, though. We haven't heard any yet.

We can understand anyone, being a good citizen, who'd hesitate to risk the County's money. But, it's not a risk, it's a sure thing. Why is it that when there's anything to be done, and someone takes the initiative and does it, everybody jumps on their backs. If you'll get off their backs, you'll see they're just as honest as any citizen and have the best interests of all concerned in their minds. Mountains, made from mole hills are so easy to build, yet so darned hard to cut down to size.

You know, it's hard to find anyone who can "sit back" and do anything, except maybe go to sleep and get left behind.

Friend of ours, Orville Wood by name, has notified us that the new Edwards & Daniels Jewelry Store is now complete and ready to serve you. It has been "cut-off" from their furniture department so as to better serve your needs. aLst Saturday at 4 p.m. two Helbrose watches, valued at $71.50 each were given away. Winners were Mrs. Martha Ellison (Ladies watch) and Mrs. B. V. Miller (Gents watch.)

WHEREUPON, the Chairman of the Board read a report of Strickland and Associates with reference to the Courthouse,

BE IT RESOLVED: That the report of Strickland and Associates dated August 9, 1956 to the Chilton County Board of Revenue and Control be spread upon the minutes of the meeting immediately following this resolution:

Chilton County Board of
Revenue and Control
Box 270
Clanton, Alabama
Attention: M. D. Tingle, Chrm.

Dear sirs:

The inspection trip as suggested by your telephone conversation of August 5 was made and the following is a summary of our beliefs:

1. The second floor, northeast corner, is carrying about 2 times its design load. These books should be removed and stored on the ground floor.
2. The ceiling in the Courtroom (second floor) is liable to give away at any minute. To correct this the ceiling joist should be renewed and correctly braced.
3. There seems to be a displacement of the walls in the outward direction at the second floor. This could mean that proper bearing of the floor joists is no longer obtainable. The second floor should be taken up so that a more extensive investigation of the condition at the walls could be made.
4. The east wall has several large cracks above the second floor. Needless to say that a wall failure in a building of this type (load bearing walls) means the roof comes down.
5. Failure of the walls could be brought about by any one of the following:
    1. High winds as in a tornado.
    2. Blasting in the near vicinity.
6. After much thought as to the feasibility of remodeling the building, the conclusion was reached that remodeling is out of the question and that oneof rebuilding is the actual case. This means that the walls would have to be replaced from the ground up. The problem then becomes one of new construction.
7. In short, it is not economically feasible to rebuild this building.

very truly yours,
Strickland & Associates
Robert N. Estes

The above stated resolution was adopted by a unanimous vote of all the members present and the Chairman declared said resolution duly adopted.

Mr. Motley offered the following resolution for adoption; which was duly seconded by Mr. Cost:

BE IT RESOLVED: That the Board of Revenue and Control of Chilton County, Alabama bill the State of Alabama, Department of Aeronautics for $214.35 for sweeping the runway at the Airport.

The above stated resolution was adopted by a unanimous vote of all the members present and the Chairman declared said resolution duly adopted.

WHEREUPON, the County Engineer, H. J. Lewis informed the Board that he had employed, subject to the approval of the Board, H. C. Smith as a truck driver effective June 25, 1956 and requested the Board to approve such employment,

WHEREUPON, Mr. Smith and Mr. Motley, members of the Board, called attention to the fact that H. C. Smith was related to them, whereupon, the Chairman excused Mr. Smith and Mr. Motley from the room and during their absence Mr. Dunlap offered the following resolution; which was duly seconded by Mr. Cost:

BE IT RESOLVED AND ORDERED: By the Board of Revenue and Control of Chilton County Alabama that said Board does hereby approve the employment of H. C. Smith as a truck driver, effective June 25 through July 9, 1956, and his rate of pay is hereby fixed at $155.00 per month.

The above stated resolution was adopted by a unanimous vote of all the members present of the Board and the Chairman declared said resolution duly adopted. Whereupon Mr. Smith and Mr. Motley returned to the room.

Mr. Smith offered the following resolution for adoption; which was duly seconded by Mr. Motley:

WHEREAS, Mr. I. B. Rutledge has retired from the State Highway Department of the State of Alabama and,

WHEREAS, the aid, assistance and counsel rendered by Mr. Rutledge to the people of Chilton County through it's Governing body and it's Engineering Office has been of great value to our County and is appreciated by the officials as well as the people of Chilton County,

NOW, THEREFORE BE IT RESOLVED: That the Board of Revenue and Control of Chilton County, Alabama through the medium of this resolution does hereby express it's thanks and gratitude to Hon. I. B. Rutledge, retired Chief of the Bureau of County Aid, for the innumerable acts of kindness and consideration extended to it in connection with it's efforts to secure an adequate Farm to Market system of Public Roads for the people of Chilton County, Alabama, and

BE IT FURTHER RESOLVED: That a copy of this resolution be forthwith mailed to the Hon. I. B. Rutledge and released to the press.

The above stated resolution was adopted by a unanimous vote of all the members present and the Chairman declared said resolution duly adopted.

Mr. Dunlap offered the following preamble and resolution for adoption; which was duly seconded by Mr. Smith:

WHEREAS, the Grand Jury of Chilton County, Alabama has heretofore on three occasions expressed the view that the present courthouse, in Chilton County, Alabama, is for many reasons inadequate to serve the people of Chilton County, and

WHEREAS, the said courthouse has been inspected by the fire marshall of the State of Alabama, and it is in the opinion of said Fire Marshall for many reasons, no longer fit and suitable to serve the people of Chilton County and the public at large, and

WHEREAS, the Building Inspector of the State of Alabama has made two inspections of said courthouse and in his opinion said courthouse is for many reasons no longer fit and suitable, and cannot be repaired so as to reasonably be safe, fit and suitable for the use of the people of Chilton County and the public at large, and

WHEREAS, said Building has recently been inspected by Strickland and Associates, Consulting Engineers, and said Consulting Engineers has reported to this Board that, as appears from the reports of said Associates heretofore spread upon the minutes of this meeting and for reasons stated therein that it is not economically feasible to rebuild or repair said courthouse, and

WHEREAS, the Board of Revenue and Control of Chilton County, Alabama is of the opinion that the present courthouse is not a safe, suitable and adequate building in which to conduct the public affairs of the people of Chilton County, and

WHEREAS, the Board of Revenue and Control of Chilton County, Alabama deems it to be to the best interest of the people of Chilton County and the public at large that a new Courthouse be constructed in said County forthwith and as soon as possible in order that the people of Chilton County and the public at large may have a safe, suitable, and adequate courthouse in which to conduct public affairs for the people of the County,

NOW, THEREFORE, BE IT RESOLVED: That a new Courthouse be constructed in Clanton, Chilton County, Alabama as soon as possible.

The above stated preamble and resolution was adopted with Messrs. Dunlap, Smith and Tingle voting yes and Messrs. Cost and Motley voting No and the Chairman declared said resolution duly adopted.

Mr. Smith offered the following preamble and resolution for adoption; which was duly seconded by Mr. Dunlap:

WHEREAS, it has been determined by the Board of Revenue and Control of Chilton County, Alabama, to build a new courthouse in said County, and

WHEREAS, it is necessary that said Building be Financed,

NOW, THEREFORE, BE IT RESOLVED: By the Board of Revenue and Control of Chilton County, Alabama that said Board does hereby employ William Alfred Rose, Bonding Attorney of Birmingham, Alabama, to advise with, aid and assist this Board in taking the necessary steps to cause to validate sufficient warrants to be sold for the purpose of financing the construction of said courthouse, and

BE IT FURTHER RESOLVED: Said Attorney be and he is hereby authorized, empowered and directed to take such action as may be necessary on behalf and in the name of Chilton County, Alabama, to effect said purpose, and

BE IT FURTHER RESOLVED: That said Attorney be paid a reasonable fee for said service, and

BE IT FURTHER RESOLVED: That the Architects, Tittle, Pearson and Narrows be and they are hereby authorized an directed to proceed immediately to do all Acts and things necessary to be done by said Architects to cause to be built, a new courthouse in Clanton, Chilton County, Alabama, as provided in the plans and specifications heretofore made by said architects for Chilton County, and

BE IT FURTHER RESOLVED: That the Chairman of this Board be and he is hereby authorized and directed to forthwith contact said Architects and said Attorney and do any and all acts in the name and on behalf of Chilton County to cause said courthouse to be constructed.

Messers. Smith, Dunlap and Tingle voted Yes for said resolution. Messers. Motley and Cost did not vote, whereupon the Chairman declared the motion legally and duly adopted.
